#### Resource Person Overview:

Dr. Umashanker Sahu, NITTTR "NBA" stands for the National Board of Accreditation which is an accreditation agency representing India in the **Washington Accord (WA)**. The Washington Accord is an agreement between bodies that accredit or recognize higher-level engineering qualifications. NBA is one such autonomous accrediting body in India, which deals with the accreditation of engineering and various technical institutions based on the quality of education being offered. The guidelines outlined by the NBA act as parameters to certify institutions.

Any higher education institution (HEI) willing to apply and successfully get accredited from the NBA needs to ensure that all guidelines are followed strictly and every document or information that needs to be submitted is free from any errors and is 100% authentic.

#### About the Program:

National Board of Accreditation is an autonomous government body that is responsible for the accreditation of various technical and professional programs of institutions across the country. They also monitor and suggest necessary progressive changes both in and around the curriculum. The NBA is responsible for assuring the quality of education especially for the professional programmes like engineering and technology, management, architecture, pharmacy and hospitality.
