Respected Sir,

**Sub: Approval to conduct "Awareness Programme on NIRF for HEI's"**  
organized by IQAC at VIEW-req-reg.

As per the suggestions made by Honourable Chairman Dr L. Rathaiah Sir in the GBM, that it is more advantageous to conduct Awareness Program for all faculty members of our institution to enhance their skills.

In order to conduct this Awareness Program, our institute has to take care of the following expenditure as per the norms specified by them. Hence kindly extend your support and accord approval for the expenditure to conduct this Awareness Program during 24.06.2019 to 29.06.2019.

Thanking You Sir.

Yours Faithfully,

### Reports on

### A One Week Awareness Program on NIRF for HEI's

A One week Awareness Program was Organized by the IQAC at Vignan's Institute of Engineering For Women, Visakhapatnam on 24.06.2019-29.06.2019.

The title of the Programme is "Challenges in NIRF for Affiliated Institution". The aim and scope of this program is to provide for ranking of institutions in five broad generic groups of parameters, namely: i) Teaching, Learning and Resources; ii) Research and Professional Practice; iii) Graduation Outcome; iv) Outreach and Inclusivity; and v) Perception. to train and provide Knowledge on NIRF. By and large, India Rankings continues to give a lot of emphasis to collection, verification and use of reliable data, unlike global rankings that gives dis-proportionate weightage to perception and internationalization (in terms of international students and international faculty), NIRF relies on ranking based on data, which is more objective, especially in a large higher education system like India, where perception data alone can be misleading and amenable to manipulation. Although, the task of collection, verification, and authentication of data from a large number of institutions, is challenging.

#### Program Team:

**Resource Person:** Dr. Y. Jyothi, Associate Dean,

IQAC and Assistant Professor in Mechanical Engg

**Chief Patron:** Dr J. Sudhakar, Principal

**Number of Participants:** 48

#### Resource Person Overview:

Dr. Y. Jyothi, Associate Dean, IQAC and Assistant Professor in Mechanical Engg. The focus of governments for the past few years has been to achieve three important goals – “access, equality and excellence”. Although substantial progress has been made over the years a lot more needs to be done to achieve all the three goals, particularly on the excellence front. The Ministry of HRD and regulatory bodies have initiated a series of reforms and have also introduced several schemes to bring ‘quality’ to the top agenda of Indian Higher Education.

## About the Program:

Indian Higher Education is in need of radical reforms. A focus on enforcing higher standards of transparency, strengthening of the vocational and doctoral educational pipeline and professionalization of the sector through stronger institutional responsibility would help in re-prioritizing efforts towards excellence. To achieve this aim MHRD has taken an initiative to establish a ranking agency for quality assessment.

The National Institutional Ranking Framework (NIRF) was launched on 29th September 2015 by MHRD to rank Higher Educational Institutions in the Country based on objective, verifiable criteria to promote competitive excellence in the higher educational institutions. For the use of the participating institutions (institutes accredited/affiliated to the AICTE/UGC) a web based platform has been set up, in which the institutions are invited to register themselves.

Ranking promotes competition among the Universities and drives them to strive for excellence. The rankings assume significance as performance of institutions has been linked with "Institutions of Eminence" scheme. Only Higher Educational Institutions currently placed in the top 500 of Global Rankings or top 50 of the National Institutional Ranking Framework (NIRF) are eligible to apply for the eminence tag. Institutions with the eminence tag would be allowed greater autonomy without having to report to the University Grants Commission (UGC). They would be able to admit foreign students and recruit faculty from abroad, and follow a flexible course and fee structure to enable them to vault to the ranks of the top Global Institution. The private Institutions of Eminence can also come up as 'greenfield ventures' - provided the sponsoring organization submits a convincing perspective plan for 15 years.

### TECHNICAL SESSION – I:

NIRF Quality parameters Technical Session – I began after the inaugural session. The session is focused on the preparatory work related to NIRF and the design of internal organization system in HEIs and NIRF quality parameters. Prof. B. Rajasekhar, Pro-Chancellor, University of Hyderabad was the key resource person. He explained the importance and methodology of NIRF. He pointed out the gaps in preparatory works and the difficulties being faced by the colleges and universities in collecting and collating the data and information. He also pointed out that there are no separate wing in colleges/Universities for preparing documents and data for rankings. Even most of the colleges are very reluctant to upload their college details in website. Most of the data available in websites are not consistent and not properly updated. He insisted that prime responsibility of colleges is to update their websites. In future ranking agencies are going to directly extract the data rather than asking to submit application. He also explained how to achieve more marks from the 'perceptions' sub component. He told that unfortunately most of the south institutions are not known to public and stakeholders, hence they are getting less marks in perception category. The institutions in Tamilnadu are getting good marks in this category by promoting the brand image of their institutions.

All the faculty members who are publishing research papers should be asked to submit their papers in open access agencies like Research Gate, Google scholar etc. Such measure will ensure the institution identity on the research front. Also by conducting international conferences, seminars, by inviting eminent persons across the country and also from abroad, institutions name will be known to stakeholders across the country and it helps in scoring high under the head 'perceptions'.

## **TECHNICAL SESSION – II:**

Ranking Process and Data Uploading: Technical Session-II started after lunch break. Prof. K. SubbaRao, NITTTR, Kolkata was the key resource person. He explained all the parameters and functions used in NIRF ranking. He also elaborated how to calculate the functions according to the respective colleges' data. He interacted with all the participants and clarified the doubts.

Many participants shared their experiences and problems faced in uploading the data for NIRF. They also shared opinions on the workshop. Some of the doubts expressed by the participants in filling various forms were clarified. A user friendly App was developed by APSCHE to give online support for ranking process. Queries posted on App will be answered by renowned resource persons immediately, so that the doubts can easily be clarified.

## **Schedule of Activities:**

Day and Date: 24<sup>th</sup> -29<sup>th</sup> June, 2019

Venue: VIEW Seminar Hall

## **Objectives of Program:**

- To bring awareness about the parameters with relative weights.
- To bring awareness on innovative and best teaching learning practices for enhancing knowledge and employable skills of the students.
- To bring awareness about the quality research publications and patents.
- Deliberations on inclusivity and diversity in ranking process.
- Discussing different outreach programs with national priority for better ranking.
