Reports on

A One Week Program on Awareness Programme on NAAC Proceedings

A One week Awareness Programme was Organized by the IQAC at Vignan's Institute of Engineering For Women, Visakhapatnam on 20.09.2021-25.09.2021.

The title of the Programme is "NAAC Proceedings". The aim and scope of this program is to train and provide Knowledge on NAAC. The purpose of the accreditation by NAAC is to promote and recognize excellence in technical education in colleges and universities - at both the undergraduate and post graduate levels.

Program Team:

Resource Person: Prof. Podili Appa Rao, Professor, School of Life Sciences,

Central University of Hyderabad

Chief Patron: Dr J. Sudhakar, Principal

Convener: Dr Akansha Misra, Co-ordinator, IQAC

Number of Participants:38

Resource Person Overview:

Prof. Podili Appa Rao, Professor, School of Life Sciences, Central University of Hyderabad NAAC is one such autonomous accrediting body in India, which deals with the accreditation of engineering and various technical institutions based on the quality of education being offered. The guidelines outlined by the NAAC act as parameters to certify institutions. Any higher education institution (HEI) willing to apply and successfully get accredited from the NAAC needs to ensure that all guidelines are followed strictly and every document or information that needs to be submitted is free from any errors and is 100% authentic.

About the Program:

National Assessment and Accreditation Council (NAAC) has brought in new spirit into its process of Assessment and Accreditation (A&A). This has been attempted as a continuance of the NAAC's concern for ensuring that its processes are in tune with local, regional and global changes in higher education scenario. The current process of A&A is being adopted from July 2017. The main focus of the revision process has been to enhance the redeeming features of the accreditation process and make them more robust, objective, transparent and

scalable as well as make it ICT enabled. The Revised Accreditation Framework is completely online. This current benchmarked methodology has Qualitative metrics which is assessed by the Peer Team and quantitative metrics validated by third party. To bring in distinctiveness and professional elements of the disciplines of Higher Education into the accreditation manuals, NAAC has appropriately diversified its A&A process so as to adequately capture the unique features of the discipline in Higher Education. Apart from general Manuals for Universities, Autonomous Colleges, and Affiliated Colleges, separate Manuals and QIFs have been developed for Teacher Education, Sanskrit Universities, Medical and Health Sciences, Open and Distance Education and Dual mode Universities. To make the HEIs familiarise with the current methodology, NAAC has been organising awareness programmes. In tune with this an Awareness Programme for Teacher Education Institutions was organized.

Six DaysAwareness Program on NAAC Proceedings on Accreditation Framework (RAF), jointly organised by Mizoram University and Higher & Technical Education.In technical sessions, Dr.Sujata P Shanbhag, Deputy Adviser, NAAC has described about the overview of NAAC Online Accreditation and Assessment Process in general and Dr. S. SrikantaSwamy, Academic Consultant, NAAC explained about the manual of Teacher Education Institutions and the process to prepare for accreditation.

In the afternoon session, the participants were divided into five groups and each group worked on different criteria. They also discussed on each metric of the assigned criteria, the documents, data required for each metric. Each group presented their observation and feedback which was followed by open discussion and concluding remarks.

Technical Session - I

The resource person Prof. Podili Appa Rao presented on 'Relevance of Assessment and Accreditation.' In course of his dynamic presentation, he flagged certain important points which the institutions should focus upon. Those points may be summarised as follows:

- NAAC framework for assessment and accreditation is unique to any other country and the assessment is based on Global Good Practices and Norms.
- Quality Assurance is a must and therefore quality assessment is to be accepted as a pleasant and productive challenge.
- NAAC is instituted to help institutions to help and achieve quality assurance and face the challenge.
- Students, the main stakeholders should not lose maximum benefit simply because the authorities of the college do not dare to face the challenge of NAAC Assessment. It is an opportunity denied to the students to venture to different Universities and institutions for further studies within and outside the country.
- Relevance and need for SWOT and documentation.
- IQAC should be empowered to take necessary action and bring a change for the better.
- Since Best Practice can significantly contribute to the development of the institution, identifying Best Practice is the need of institution.

Technical Session II

The resource person Prof. Podili Appa Rao presented on 'An Overview of Revised Accreditation Framework' with well sequential and structured Power Point Presentation and highlighted changes that have been introduced in revised assessment and accreditation framework. Some of the important points were highlighted as follows:

- •Importance of strict adherence to timeline.
- Need to read relevant documents.
- Frequent visit of NAAC website, dashboard, Standard Operating Procedure.
- Need to give importance in preparing SSR, once it is submitted it cannot be edited.
- Provision of optional metrics.
- •Timeline for DVV queries.
- As Students Satisfaction Survey has been introduced in the revised framework, details and awareness of the students should also be addressed.

Panel Discussion & Interaction Session

At the discussion and interaction sessions participants from various colleges raised their questions and sought clarification on issues relating to logistic fee, Peer team visit, IIQA submission and others. Since most of the procedures and proceedings are based on ICT enabled, therefore, NAAC may consider upon the practical problem faced by the institutions so that solution may also be worked out.

Schedule of Activities:

Day and Date: 20th-25th September, 2021

Venue: VIEW Seminar Hall

Objectives of Program:

- NAAC's role is to improve the quality of higher education in India continuously.
- It provide authoritative and reliable feedback on the quality of an institution's teaching and learning, research, knowledge transfer, and institutional management.

To use various innovative Teaching Learning Methods.
