Report on Disabled-Friendly Environment

Vignan's Institute of Engineering for Women aims at an inclusive atmosphere of education for all to pursue their goals. In this direction at the institution, a barrier free and disabled friendly environment is sought to be created.

Various facilities have been created to help the disabled to move freely in the campus without hindrance. Ample support is offered to them to carry out their academic assignments without much hassle.

The following are the facilities and support offered by the institute to aid the disabled.

Lift facility: Lift is provided to the disabled students and staff to move freely from one floor to another.

Ramp: At the entrance to the building ramp is provided for smooth access into the building.

Steel railings in the wash rooms: In all the wash rooms steel railings are fixed to the walls as support.

Non visual desktop access: Persons with disabilities are given enough support in the form of non-visual desktop to access information and conduct their academic work.

Wheel chair: Wheel chairs are provided to the disabled persons to move in the corridors.

Signage boards: Direction boards are displayed at the campus and at every floor for easy movement between floors and in the floors.

Scribe support in the examinations: Scribe support at the time of examinations is offered to the students with disabilities.
