#### Placement Facilities:

Globalization has brought in a clear shift from education as transmission of expert knowledge to education as building learner competencies. Keeping in pace, *Vignan's Institute of Engineering for Women (VIEW)* too have set their priorities as being a prime aide in employment generation for their students.

Pre-placement training at institute was developed to enhance the student's skills such as communication skills, soft skills, personality development skills and technical skills through outcome based education. A coordinating team with faculty representatives from each department was constituted to execute the process at the micro-level. The Coordinating Team was earmarked to report to the Campus T&P cell in-charge and maintain a close liaison with the students on the other hand.

The campus T&P team had refurbished the complete training process making a few vital changes with three distinct components Aptitude, Technical and Verbal training & Soft Skills training.

The recommendations or the suggestions given by the employers and program coordinator will be taken in to the consideration while designing the Pre-Placement Training Calendar and it will be circulated among all the departments.

#### Implementation of Pre-Placement Training:

Post designing the Pre-Placement Training Calendar, a defined procedure will be implemented for executing the Pre-Placement Training.

- From 2<sup>nd</sup> year onwards two non-credit courses to be implemented such as:
  1. Aptitude Training – Through Reference globe LMS (Life Time Access)
  2. Technical Training (Core & Programming Skills) – Through Reference globe & HackerRank
- Before IV B.Tech, undertaking forms will be issued to all the students for their consent towards training.
- Students reporting those who are not willing will be forwarded to Careers Guidance Cell through TPO.

- Students who accepted the undertaking, training will be processed through the following modules;
  1. Campus Recruitment Training (Eligibility: above 60% aggregate in academics / special cases recommended by program coordinator through principal if any)
    - i. Product Base Training.
    - ii. Service Base Training.
  2. Company Specific Training (as per the eligibility & JD)
  3. Professional Internships (Through Campus hiring / Internshala)
  4. Specialized Training (If any concerns from Principal/Careers Guidance Cell/Program Coordinator)

A special target based strategy was further introduced for the T & P team to ensure a steady inflow of opportunities for all the years round for all the branches; as a result The placement seasons for MBA 2022 too saw a diverse mix of companies spread across various domains and functions, offering niche roles to them, recording an all-time high placement.
