

**SELF ASSESSMENT REPORT  
(SAR)**

**FOR FIRST TIME ACCREDITATION OF UNDERGRADUATE  
ENGINEERING PROGRAM**

**(TIER-II)**

**DEPARTMENT OF INFORMATION TECHNOLOGY**

**VIGNAN'S INSTITUTE OF ENGINEERING FOR WOMEN**

Approved by AICTE & Affiliated to JNTUK

Kapujaggarajupeta, Vadlapudi Post, Backside of VSEZ,

Visakhapatnam -530046

<b>Criterion 1</b>	<b>Vision, Mission and Program Educational Objectives</b>	<b>60M</b>
1.1	State the Vision and Mission of the Department and Institute	5M
1.2	State the Program Educational Objectives(PEOs)	5M
1.3	Indicate where and how the Vision, Mission and PEOs are published and disseminated among stakeholders	10M
1.4	State the process of defining the Vision and Mission of the Department and PEOs of the program	25M
1.5	Establish consistency of PEOs with mission of the Department	15M

<b>CRITERION 1</b>	<b>Vision, Mission and Program Educational Objectives</b>	<b>60</b>
--------------------	---	-----------

**1. Vision, Mission and Program Educational Objectives (60)****1.1. State the Vision and Mission of the Department and Institute (5)****Vision of the Institute**

To be a leading institution of women empowerment, producing internationally accepted professionals with psychological strength, emotional balance and ethical values

**Mission of the Institute**

**M1:** To empower women engineers through innovative teaching learning practices.

**M2:** To encourage for higher education and research with well-equipped laboratories.

**M3:** To promote entrepreneurship through creativity and innovation.

**M4:** To promote environmental sustainability and inculcate ethical, emotional and social consciousness.

**Vision of the department**

To evolve into a center of excellence and produce competent women IT professionals with ethics and values towards research, higher education and entrepreneurship.

**Mission of the department**

**M1:** To empower women engineers with latest skills and technical competency by adopting best practices.

**M2:** To inspire students towards self-learning, higher education and research with ethics.

**M3:** To encourage innovation, leadership, communication skills, and motivate them towards entrepreneurs.

**1.2. State the Program Educational Objectives (PEOs) (5)**

PEOs are broad statements that describe the career and professional accomplishments a graduate should achieve within three to five years after the year of graduation. Program Educational Objectives (PEOs) are established through feedbacks taken from various stakeholders.

**Graduates are able to**

**PEO 1:** Identify, formulate and develop efficient problem solving skills to meet the needs of current and future industry.

**PEO 2:** Inculcate a passion towards higher education, research, lifelong learning and provide cost effective technological solutions to society.

**PEO 3:** Develop team spirit, logical skills and leadership qualities to become successful engineers and entrepreneurs.

**1.3. Indicate where the Vision, Mission and PEOs are published and disseminated among stakeholders (10)**

Vision, Mission and PEOs are published in various places using different media and means enabling clear dissemination and display among the internal stakeholders (Management, Governing Body, Faculty members and Students) and external stakeholders (Parents, Employers, Industries, Alumni). Vision, Mission and PEO statements are communicated to the industry/employer through presentation during industrial visits and other industry institute interactions.

Some of the means are listed below:

The **Vision and Mission of the Institute** are **published** at

- Institute Website
- Institute Level Newsletter
- Institution Brochure
- Placement Brochure
- Assignment Books
- Lab Manuals
- Course Files
- Student Mentoring Books

The **Vision and Mission of the Institute** are **disseminated** through

- FDPs
- Workshops
- Seminars
- Guest lectures
- First-Year Orientation Program
- Parent-Teacher Meetings
- Alumni Meetings

The **Vision and Mission of the Institute** are **displayed** at

- Principal chamber

- HoD chamber
- Administration office
- InstitutionLibrary
- Seminar hall
- Canteen
- Hostel
- Classrooms
- Laboratories
- Training and Placement Cell
- Notice Boards

The **Vision, Mission of the Department** and **PEOs of the program** are **published** at

- Institute Website
- Department Newsletter
- Department Placement Brochure
- Lab Manuals
- Assignment Books
- Course Files
- Student Mentoring Books

The **Vision, Mission of the Department** and **PEOs of the program** are **disseminated** through

- FDPs
- Department faculty meetings
- Parent-Teacher Meetings
- Workshops
- Seminars
- Department Association Activities
- First Year Orientation Program
- Meeting with HR's during placement drive
- Alumni meetings

The **Vision, Mission of the Department** and **PEOs of the program** are **displayed** at

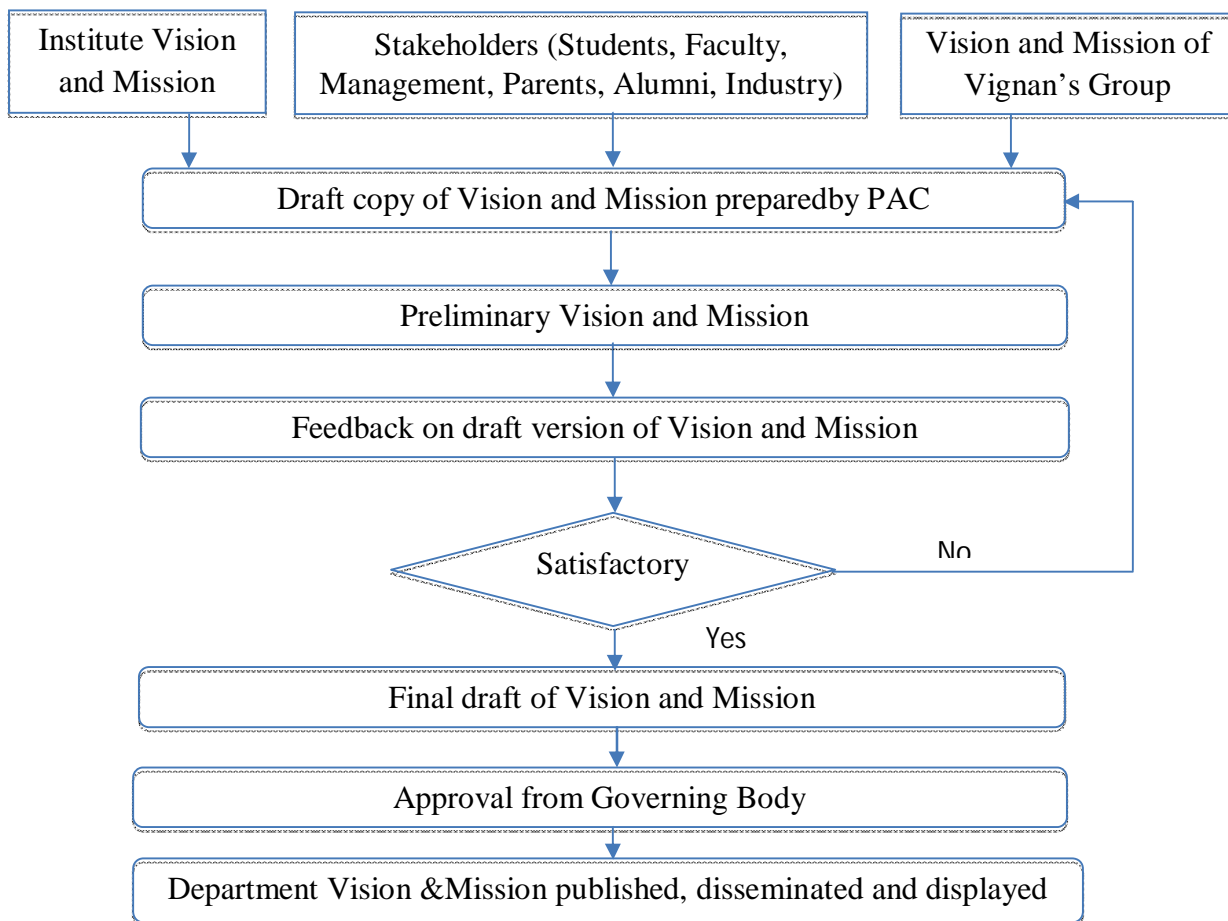

- HoD chamber

- Classrooms
- Staff rooms
- Notice boards
- Department library
- Seminar hall
- Hostel
- Laboratories

**1.4. State the process for defining the Vision and Mission of the Department, and PEOs of the program (25)**

**Process for defining the Vision and Mission of the Department**

Vision and Mission of the department is drafted, formulated and finalized by active involvement of all the stakeholders in accordance with the Vision and Mission of the institute.

**Figure 1.4.1: Flow chart for process of defining Department Vision and Mission**

The process for defining the Vision and Mission of the department follows thesequence of steps.

**Step 1:** Vision and Mission of the institute is considered as the reference point.

**Step 2:** A meeting is conducted by the Program Advisory Committee (PAC) consisting of the program coordinator and two senior members of the faculty. This is the starting point where suggestions are taken from faculty, internal and external stakeholders.

**Step 3:** Formulation of preliminary draft of Vision and Mission which is to be in line with the Institutes' Vision and Mission.

**Step 4:** Feedback from different stakeholders is taken on the preliminary draft version.

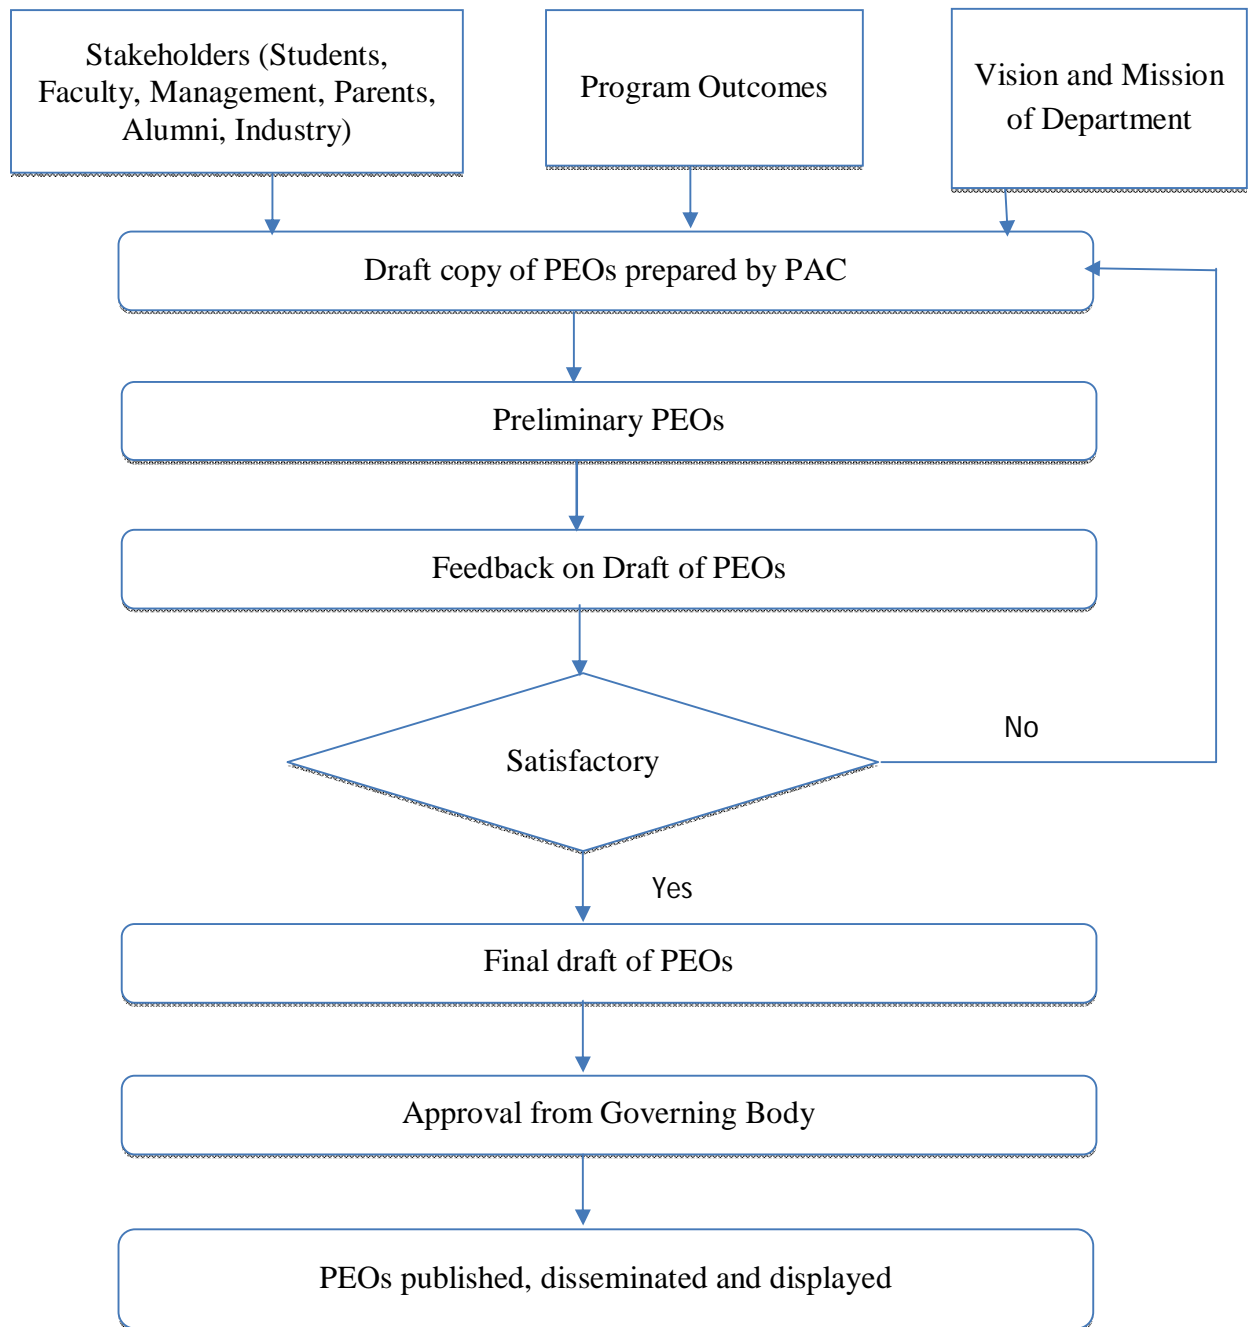

**Step 5:** Program Advisory Committee (PAC) prepares the final Vision and Mission draft copy by collecting views from different stakeholders and consolidates them. It is further improvised by incorporating suggestions taken from the stakeholders.

**Step 6:** The final draft of Vision and Mission is ready for the approval by the Governing Body.

**Step 7:** The approved draft of Vision and Mission statements is published, disseminated and displayed.

### **Process for defining the PEOs of the Program**

PEOs of the department of Information Technology are drafted, formulated and finalized by active involvement of all the stakeholders (parents, faculty, students, employers, industry, alumni, funding agencies, etc.) in accordance with the Vision and Mission of the department and POs prescribed by the NBA.

**Figure 1.4.2: Flow chart for process of defining PEOs of the program**

The process for defining the Program Educational Objectives follows thesequence of steps.

**Step 1:**PEOs are established in line with the Vision and Mission of the department.

**Step 2:**A meeting is conducted by the Program Advisory Committee (PAC) consisting of the program coordinator and two senior members of the faculty. This is the starting point where suggestions are taken from faculty, internal and external stakeholders.

**Step 3:**Feedback from different stakeholders is taken on the draft version.

**Step 4:** The updated draft is discussed among the program advisory committee and revisions are incorporated.

**Step 5:**Program advisory committee prepares the final PEOs draft copy by collecting views from different stakeholders and consolidates them. It is further improvised by incorporating suggestions taken from the stakeholders.

**Step 6:**The final draft copy of PEOs is ready for approval by the Governing Body.

**Step 7:**The approved PEO statements are published, disseminated and displayed.

**1.5. Establish consistency of PEOs with Mission of the Department (15)**

**Mission of the Department- PEO Matrix**

<p align="center"><b>PEOs</b> Graduates are able to</p>	<p align="center"><b>M1 Skill &amp;Technical Competency</b></p>	<p align="center"><b>M2 Self-Learning, Higher Education &amp; Ethics</b></p>	<p align="center"><b>M3 Innovation &amp;Leadershi p</b></p>
<p><b>PEO 1:</b>Identify, formulate and develop efficient problem solving skills to meet the needs of current and future industry.</p>	<p><b>3</b></p>	<p><b>2</b></p>	<p><b>2</b></p>
<p><b>PEO 2:</b>Inculcate a passion towards higher education, research, lifelong learning and provide cost effective technological solutions to society.</p>	<p><b>2</b></p>	<p><b>3</b></p>	<p><b>2</b></p>
<p><b>PEO 3:</b>Develop team spirit, logical skills and leadership qualities to become successful engineers and entrepreneurs.</p>	<p><b>2</b></p>	<p><b>2</b></p>	<p><b>3</b></p>

**Table B.1.5: Mission of the Department- PEO Matrix**

**M1:**To empower women engineers with latest skills and technical competency by adopting best practices.

**M2:** To inspire students towards self-learning, higher education and research with ethics.

**M3:**To encourage innovation, leadership, communication skills, and motivate them towards entrepreneurs.

**Justification and rationale – mapping**

**PEO1** has high correlation with **M1** as it focuses on best practices in content delivery.

**PEO1** has moderate correlations with **M2** as it focuses towards higher education.

**PEO1** has moderate correlation with **M3** as it focuses on leadership capabilities through various activities.

**PEO2** has moderately correlated with **M1** as it focuses on cost effective technological solutions.

**PEO2** has high correlation with **M2** as it focuses on higher education and research.

**PEO2** has moderate correlation with **M3** as it focuses on providing solutions innovatively.

**PEO3** has moderate correlation with **M1** as it focuses on developing Technical skills.

**PEO3** has moderate correlation with **M2** as it focuses on producing successful engineers.

**PEO3** has high correlation with **M3** as it focuses on leadership qualities and entrepreneurship.

**CRITERION 2****Program Curriculum and Teaching- Learning Processes**

---

<b>Criterion 2</b>	<b>Program curriculum and Teaching- Learning Process</b>	<b>120M</b>
2.1	Program Curriculam	20M
2.2	Teaching Learning Process	100M

Criterion 2	Program Curriculum and Teaching- Learning Processes	120
-------------	---	-----

## 2.1 Program Curriculum (20)

### 2.1.1. State the Process used to Identify Extent of Compliance of the University Curriculum for Attaining the Program Outcomes (POs) and Program Specific Outcomes (PSOs), Mention the Identified Curricular Gaps, if any (10)

*(State the process details; also mention identified curricular gaps).*

Vignan's Institute of Engineering for Women (VIEW) is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK, East Godavari) and hence the syllabus/curriculum given by the university is followed. An organized methodology is followed by JNTUK in preparing the curriculum not only by taking the feedback from the Board of Studies (BoS) but also from various stakeholders. JNTUK obtains the guidelines from AICTE and revises the curriculum once in every three years to meet the needs of the industry. The courses of IT program are categorized as Basic Sciences and Humanities, Management courses, Engineering Sciences, Professional core and Elective courses, Seminar and Project work.

The curriculum follows R13 regulations for 2013, 2014 and 2015 admitted batches. Similarly, R16 regulations for 2016, 2017 and 2018 admitted batches. However, details are shown in below table.

Year	I	II	III	IV
2019-20	R19	R16	R16	R16
2018-19	R16	R16	R16	R13
2017-18	R16	R16	R13	R13

**Table B.2.1.1.a: Academic year wise regulations for each year**

The above categorized courses in R13 and R16 regulations are tabulated in Table: B.2.1.1.b

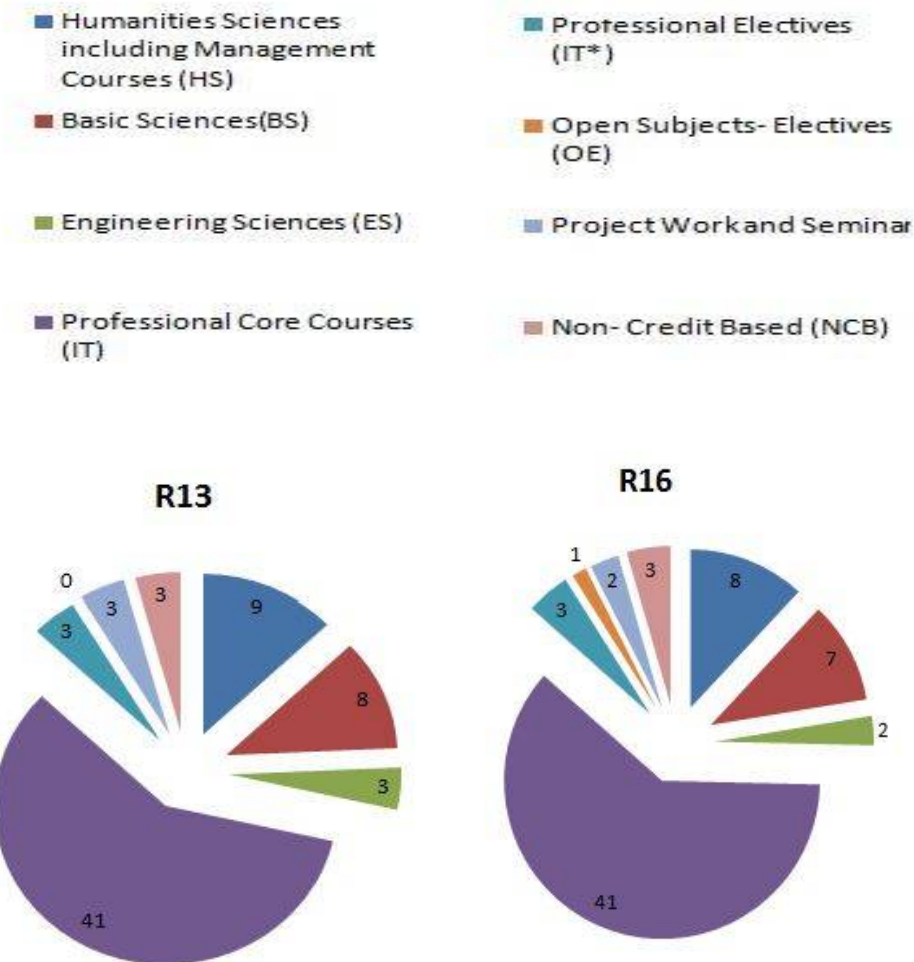

Sl.No.	Types of Courses	No. of Courses (R13)	No. of Courses (R16)
1	Humanities Sciences including Management Courses (HS)	9	8
2	Basic Sciences (BS)	8	7
3	Engineering Sciences (ES)	3	2
4	Professional Core Courses (IT)	41	41
5	Professional Electives (IT*)	3	3
6	Open Subjects- Electives (OE)	0	1

**CRITERION 2**

**Program Curriculum and Teaching- Learning Processes**

7	Project Work and Seminar	3	2
8	Non- Credit Based (NCB)	3	3
	<b>Total</b>	<b>70</b>	<b>67</b>

**Table B.2.1.1.b: list of courses in R13 and R16 Regulations**

**Figure B.2.1.1.a: Comparison of R13 and R16 Regulations Courses**

**CRITERION 2****Program Curriculum and Teaching- Learning Processes**

The university designs program curriculum for every three years as per the guidelines given by AICTE and constructs the scheme as follows in Table B.2.1.1.c.

Sl.No.	Course Work - Subject Area	Credits/Semester								Credits-Total
		I	II	III	IV	V	VI	VII	VIII	
1	Humanities Sciences including Management Courses (HS)	6	8	-	-	-	-	-	-	14
2	Basic Sciences(BS)	7	6	5	7	4	2	-	-	31
3	Engineering Sciences (ES)	9	8	6	1	-	-	-	-	24
4	Professional Core Courses (IT)	-	-	11	14	15	14	6	-	60
5	Professional Electives (IT*)	-	-	-	-	3	6	6	3	18
6	Open Subjects- Electives (OE)	-	-	-	-	-	-	6	3	9
7	Project Work, Seminar and/or Internship	-	-	-	-	-	-	4	16	20
<b>TOTAL</b>		<b>22</b>	<b>22</b>	<b>22</b>	<b>22</b>	<b>22</b>	<b>22</b>	<b>22</b>	<b>22</b>	<b>176</b>

**Table B.2.1.1.c: AICTE Scheme of Instruction-Summary**

The university curriculum with semester wise credits for R16 regulations is shown in Table B.2.1.1.d.

Sl.No.	Course Work - Subject Area	Credits/Semester								Credits-Total
		I	II	III	IV	V	VI	VII	VIII	
1	Humanities Sciences including Management Courses (HS)	5	8	3	-	-	-	3	3	22
2	Basic Sciences(BS)	11	8	-	-	-	-	-	-	19
3	Engineering Sciences (ES)	3	3	-	-	-	-	-	-	6
4	Professional Core Courses (IT)	5	5	19	22	21	18	13	6	109
5	Professional Electives (IT*)	-	-	-	-	-	-	6	3	9
6	Open Subjects- Electives (OE)	-	-	-	-	-	3	-	-	3
7	Project Work, Seminar and/or Internship	-	-	-	-	-	-	-	12	12
<b>TOTAL</b>		<b>24</b>	<b>24</b>	<b>22</b>	<b>22</b>	<b>21</b>	<b>21</b>	<b>22</b>	<b>24</b>	<b>180</b>

**Table B.2.1.1.d: JNTUK Scheme of Instruction-Summary (R16 Regulations)**

The university curriculum with semester wise credits for R13 regulations is shown in Table B.2.1.1.e.

Sl.No.	Course Work - Subject Area	Credits/Semester								Credits-Total
		I	II	III	IV	V	VI	VII	VIII	
1	Humanities Sciences including Management Courses (HS)	8	8	3	-	-	-	-	-	19
2	Basic Sciences(BS)	8	11	-	-	-	-	-	3	22
3	Engineering Sciences (ES)	3	5	-	-	-	-	-	-	8
4	Professional Core Courses (IT)	5	-	18	18	23	21	17	3	105
5	Professional Electives (IT*)	-	-	-	-	-	-	6	6	12
6	Open Subjects- Electives (OE)	-	-	-	-	-	-	-	-	0
7	Project Work, Seminar and/or Internship	-	-	1	-	1	-	-	9	11
	<b>TOTAL</b>	<b>24</b>	<b>24</b>	<b>22</b>	<b>21</b>	<b>24</b>	<b>21</b>	<b>23</b>	<b>21</b>	<b>180</b>

**Table B.2.1.1.e: JNTUK Scheme of Instruction-Summary (R13 Regulations)**

The AICTE curriculum scheme is compared with university curriculum for R13 and R16 regulations in Table B 2.2.1. f

Sl.No.	Course Modules	Credits recommended by AICTE	Credits as per University Curriculum	
			R16	R13
1	Humanities Sciences including Management Courses (HS)	14	22	22
2	Basic Sciences(BS)	31	19	22
3	Engineering Sciences(ES)	24	6	8
4	Professional Core Courses (IT)	60	109	105
5	Professional Electives(IT*)	18	9	12
6	Open Subjects- Electives (OE)	9	3	0
7	Project Work, Seminar and/or Internship	20	12	11
	<b>TOTAL</b>	<b>176</b>	<b>180</b>	<b>180</b>

**Table B.2.1.1.f: Comparison of JNTUK Courses with AICTE based on Credits**

**Figure B.2.1.1.b: Comparison of JNTUK Curriculum with AICTE guidelines**

From Figure B.2.1.1.b, it is very clear that the number of courses provided by the university is more than required with AICTE which shows that JNTUK is in compliance with AICTE. The instructional hours required, credits for the course for the categorized courses for R16 and R13 are tabulated as:

Humanities Sciences and social including Management (HS) for R16 Regulation					
Course Code	Name of the Course	Instructional Hours & Credits

The PSOs are listed below in the following Table: B.2.1.1.g.

Sl.No.	Program Specific Outcomes
PSO1	Apply the concepts of optimal coding skills on Data Science, Cryptography and Network Security to solve Complex Problems.
PSO2	Excel in Internet of Things (IoT) and Artificial Intelligence concepts.

**Table B.2.1.1.g: List of PSOs**

#### **A. Process used to identify extent of Compliance of university curriculum for attaining POs and PSOs(6)**

The tools used to identify the curriculum gaps for every academic year to meet POs and PSOs are categorized as internal and external tools. The internal tools are COs, POs and PSOs evaluation. The external tools are the feedback collected from various stakeholders.

**FigureB.2.1.1.c: Tools for Identification of Curricular gaps**

### I. External Tools

**Stakeholder’s feedback:** For continuous curriculum improvement as affiliated institution, feedback from all the stakeholders is taken at the end of every year. This feedback will be considered for revising the gaps in the curriculum. The following are the indicatives for the feedback from the stakeholders.

**i) Outgoing Students feedback:** To improve the Teaching-Learning Process and fill gaps of the curriculum, student feedback system is used to share their feedback on the curriculum.

**Curriculum gaps from stakeholders**

- To improve the practical knowledge further, add-on experiments are required for each laboratory.
- Include the advanced technology related courses as training courses and conduct various workshops.

**ii) Alumni Feedback:** Feedback is collected from Alumni by inviting them for the alumni meet conducted by the Alumni Association. In order to bring awareness on the skill demands of the IT industry, the alumni are recommended to share their current job experiences and current trends with their juniors.

**Curriculum gaps from alumni**

- Hands-on experience on new technologies is required.
- Encourage students to learn online courses.

**iii) Parents' Feedback:** The institute organizes parents meet twice in every semester and tries to adopt the suggestions given by the parents.

**Curriculum gaps from parents**

- Motivate students towards sports and games, self learning and employability.

**iv) Employers Feedback:** Once the student passes out of the institution and gets employed in any organization, Alumni Association takes care of her employer's feedback for healthy relationship with the other organization. Campus placement officer interacts with officials from Industry who visit for recruitment and obtain their suggestions to improve our curriculum.

**Curriculum gaps from employers**

- Improve the competencies of the students on par with industry.
- Improve coding skills and learn advanced courses.

**CRITERION 2****Program Curriculum and Teaching- Learning Processes****II. Internal Tools**

The courses are mapped with POs and PSOs that help to identify the extent of curriculum compliance and take necessary action to fulfill the identified curriculum gaps. The mapping of the curriculum courses to Program Outcomes & Program Specific Outcomes for R13 Regulations and R-16 Regulations mapping values are given in TableB. 2.1.1. and TableB. 2.1.1.i

**CO-PO and PSO mapping for R13 Regulations**

**Table B.2.1.1.h: Consolidated CO-PO-PSO Mapping for R13 Regulations**

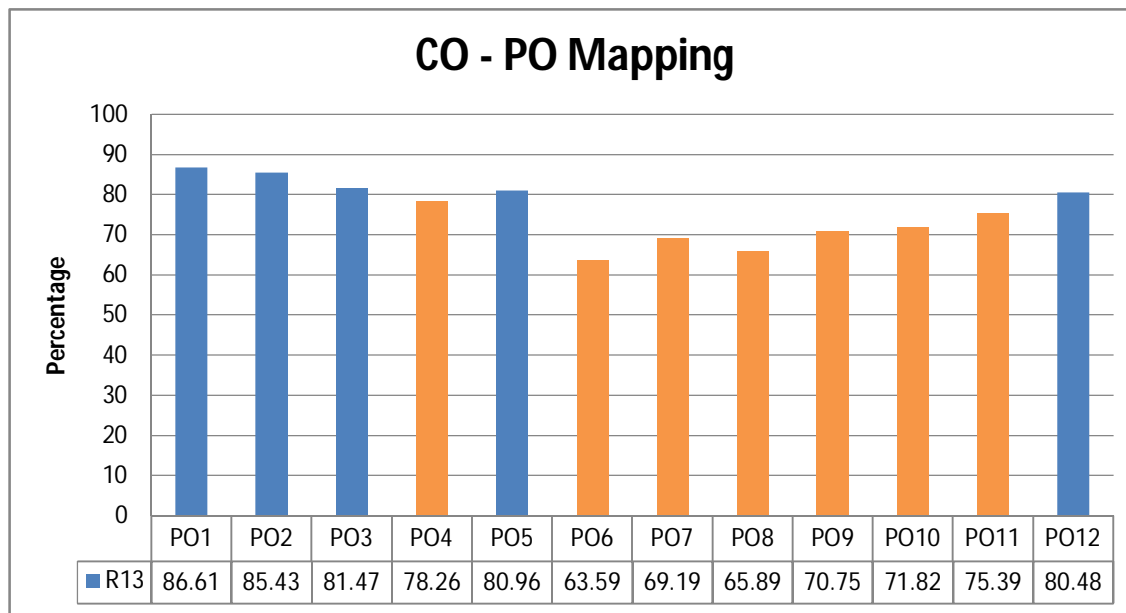

Figure B.2.1.1.d: CO-PO Mapping for R13 Regulation

**Compliance of Program Curriculum with POs and PSOs for R13 Regulation**

- Blue color histogram represents the POs whose average percentage of mapping is more than 80% and orange color represents POs with less than 80% for R13 Regulation.
- The Professional Core courses like Software Engineering, Machine Learning, Artificial Intelligence, Big Data, Python Programming, Java Programming etc., satisfies PO1, PO2, PO3, PO4, PO5 to the extent of 79% - 87% on an average.
- The Basic Sciences and Humanities including management courses like English, Communications Skills Lab, Environmental Studies, Management Science etc., satisfies PO7, PO11 to the extent of 69% - 76% on an average.
- The Engineering Sciences courses like Engineering Drawing, Engineering Mechanics etc., satisfy PO6 to the extent of 63.59 % on an average.
- The Courses like Seminar and Projects satisfy PO8, PO9, PO10, PO11, and PO12 to the extent of 66% - 81% on an average.
- The Program Specific Outcomes (PSOs) are mapped with 85 – 86% on an average.

**Table B.2.1.1.i: Consolidated CO-PO-PSO Mapping for R16 Regulation**

**Figure B.2.1.1.e: CO-PO Mapping for R16 Regulation**

#### Compliance of Program Curriculum with POs and PSOs for R16 Regulation

- Blue color histogram represents the POs whose average percentage of mapping is more than 80% and orange color represents POs with less than 80% for R16 Regulation.
- The Professional Core courses like Software Engineering, Machine Learning, Artificial Intelligence, Big Data, Python Programming, Java Programming etc., satisfies PO1, PO2, PO3, PO4, PO5 to the extent of 82% - 88% on an average.
- The Basic Sciences and Humanities including management courses like English, Communications Skills Lab, Environmental Studies, Management Science etc., satisfies PO7, PO10, PO11 to the extent of 74% - 77% on an average.
- The Engineering Sciences courses like Engineering Drawing, Engineering Mechanics etc., satisfy PO6 to the extent of 68.83% on an

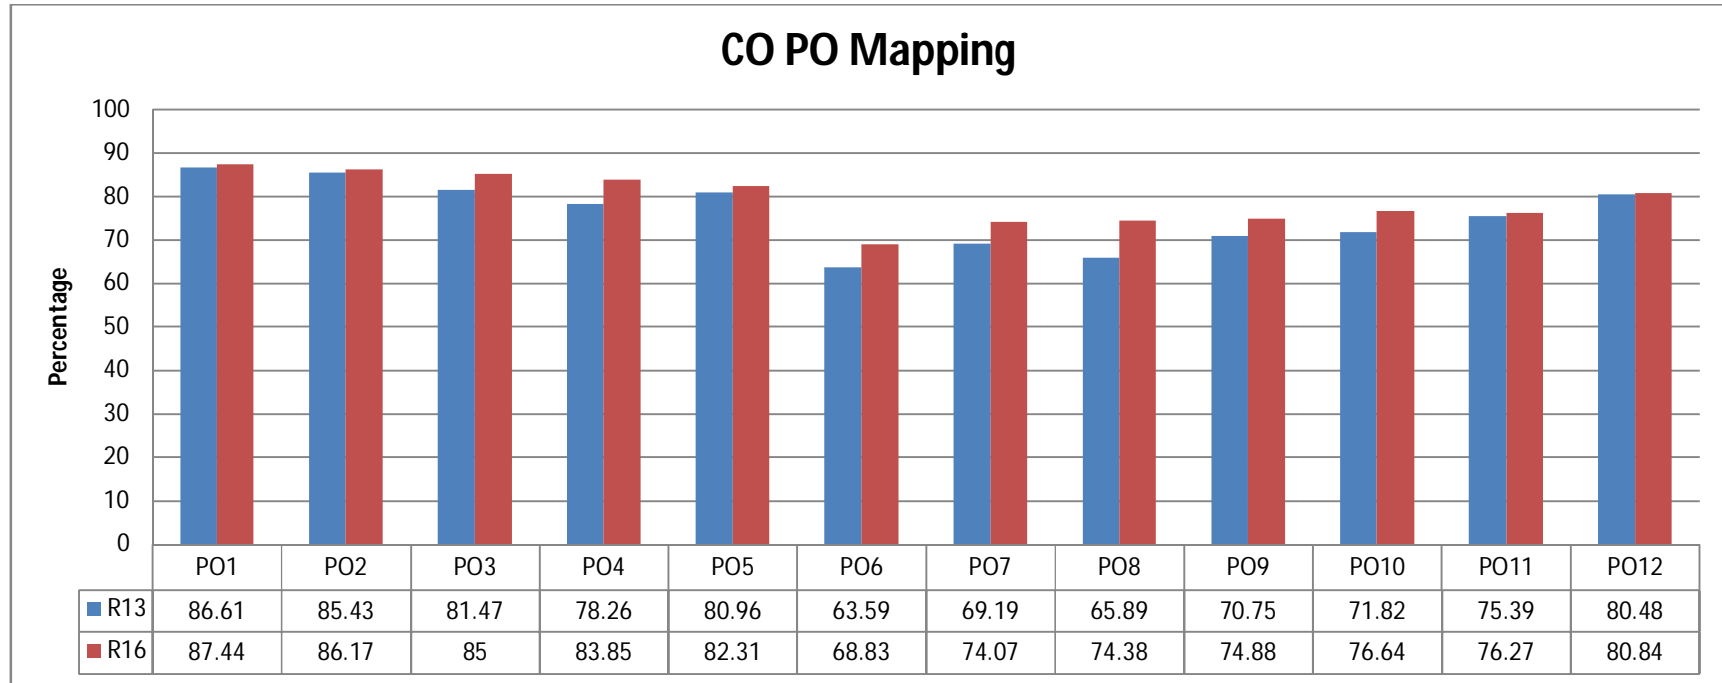

**CRITERION 2****Program Curriculum and Teaching- Learning Processes**

average.

- The Courses Seminar and Project satisfy PO8, PO9, PO10, PO11 and PO12 to the extent of 74% - 81% on an average.
- The Program Specific Outcomes (PSOs) are mapped with 85 – 86% on an average.

<b>POs</b>	<b>PO1</b>	<b>PO2</b>	<b>PO3</b>	<b>PO4</b>	<b>PO5</b>	<b>PO6</b>	<b>PO7</b>	<b>PO8</b>	<b>PO9</b>	<b>PO10</b>	<b>PO11</b>	<b>PO12</b>
Average % of PO Mapping(R13)	86.61	85.43	81.47	78.26	80.96	63.59	69.19	65.89	70.75	71.82	75.39	80.48
Average % of PO Mapping (R16)	87.44	86.17	85	83.85	82.31	68.83	74.07	74.38	74.88	76.64	76.27	80.84

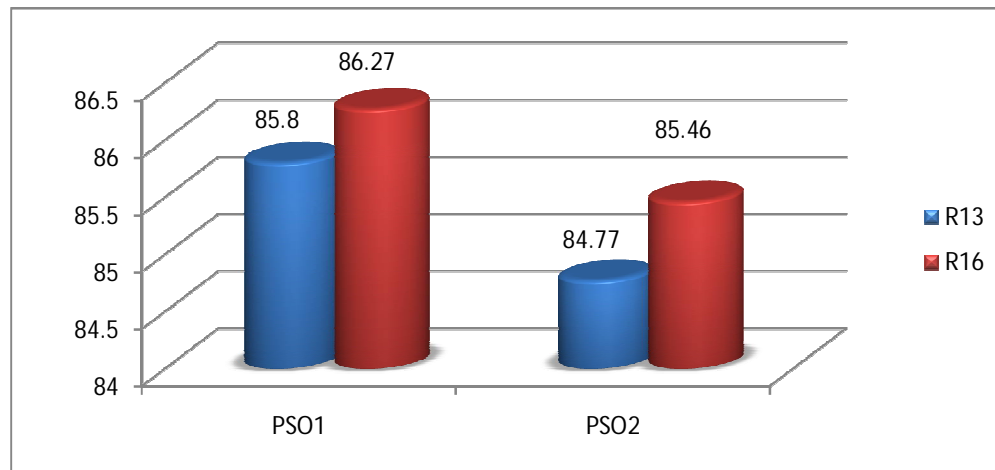

**Table B.2.2.1.j: Average CO-PO Mapping for R13 and R16 Regulation**

**Figure2.1.1.f: Comparison of CO-PO Mapping for R13 and R16 Regulation**

<b>Percentage of CO-PSOMapping</b>	<b>PSO1</b>	<b>PSO2</b>
R13 Regulations	85.80	84.77
R16 Regulations	86.27	85.46

**Table B. 2.2.1.k: Comparison of CO-PSO Mapping for R13 and R16 Regulations**

**Figure 2.1.1.g: Comparison of CO-PSO Mapping for R13 and R16 Regulations**

On comparing, the CO-PO and CO-PSO mapping for R13 and R16 regulations from Table 2.2.1.i and Table: 2.2.1.j, it is very clear that there is improvement of POs and PSOs mapping from R13 to R16 regulation.

**B. List the Curriculum gaps for the attainment of defined POs and PSOs(4)**

From table 2.1.1.h it is clear that the courses in R13 regulation with POs such as Engineering Knowledge (PO1), Problem Analysis (PO2), Design/ Development of Solutions (PO3), Modern Tool Usage (PO5) and Life long Learning (PO12) are highly mapped. However, POs such as Conduct Investigations of Complex Problems (PO4), The Engineer & Society (PO6), Environment and Sustainability (PO7), Ethics (PO8), Individual and Team Work (PO9), Communications (PO10), Project management and finance (PO11) are mapped low with course outcomes. The POs whose values are less than 80% are identified as Gaps. However, program curriculum is in compliance for attaining the program specific outcomes (PSOs) as their average values are more than 80%. Various Course Gaps identified in R13 regulation are listed below.

Gaps identified in R13 Regulations from CO PO Mapping

Sl. No	POs	Gaps Identified in R13 Regulations
1	PO4	<ul style="list-style-type: none"> <li>• <b>G1:</b> Lack of research exposure in core concepts.</li> <li>• <b>G2:</b> Lack of ability to analyze and interpretation of data of complex problems.</li> </ul>
2	PO6	<ul style="list-style-type: none"> <li>• <b>G3:</b> Insufficient knowledge to assess societal, health, safety and cultural issues.</li> <li>• <b>G4:</b> Lack of ability to develop real time projects.</li> </ul>
3	PO7	<ul style="list-style-type: none"> <li>• <b>G5:</b> Lack of knowledge in professional engineering solutions in societal and environmental context.</li> <li>• <b>G6:</b> Lack of knowledge and need for sustainable development.</li> </ul>
4	PO8	<ul style="list-style-type: none"> <li>• <b>G7:</b> Lack of ability to apply ethical principles to protect biodiversity and to conserve the natural resources.</li> <li>• <b>G8:</b> Lack of apply professional ethics while providing solutions for societal issues.</li> </ul>
5	PO9	<ul style="list-style-type: none"> <li>• <b>G9:</b> Lack of leadership skills and team spirit.</li> </ul>
6	PO10	<ul style="list-style-type: none"> <li>• <b>G10:</b> In capable of communicate effectively on complex engineering activities with the society.</li> <li>• <b>G11:</b> Lack of effective report preparation and presentation</li> </ul>

		skills.
7	PO11	<ul style="list-style-type: none"> <li>• <b>G12:</b> Lack of understanding skills of the engineering and management principles.</li> <li>• <b>G13:</b> Lack of leadership skills to manage projects.</li> </ul>

**Table B. 2.2.1.1: Gaps identified in various courses in R13 Regulation**

**Gaps identified from stakeholders for R13 Regulation**

Sl. No.	Stakeholder	Gaps Identified	Relevance to POs and PSOs
1	Outgoing students	• <b>G14:</b> Add on experiments required for each laboratory	PO3, PO5
		• <b>G15:</b> Include advanced technology related courses	PO5, PO9, PO10, PO11, PO12
2	Alumni	• <b>G15:</b> Include advanced technology related courses	PO5, PO9, PO10, PO11, PO12
		• <b>G16:</b> Encourage students to learn online courses	PO4,PO6,PO12
3	Parents	• <b>G17:</b> Motivate students towards sports and games	PO6,PO7,PO8,PO9,PO10
4	Employer	• <b>G18:</b> Improve the competencies of the students on par with the industry	PO4, PO5,PO6
		• <b>G19:</b> Improve coding skills and learn advanced courses	PO4, PO5, PO11, PO12

**Table B. 2.2.1.m: Gaps identified from various stakeholders**

Similarly, from Table 2.1.1.i it is clear that the courses in R16 regulation mapped with POs such as Engineering Knowledge (PO1), Problem Analysis (PO2), Design/ Development of Solutions (PO3), Conduct Investigations of Complex Problems (PO4), Modern Tool Usage (PO5) and Life long Learning(PO12) are mapped highly and remaining POs such as, The Engineer & Society (PO6), Environment and Sustainability (PO7), Ethics(PO8), Individual and Team Work (PO9), Communications (PO10) and Project management and finance (PO11) are mapped low. The POs whose values are less than 80% are identified as Gaps. However, program curriculum is in compliance for attending the program specific outcomes (PSOs) as their average values are more than 80%. Various Course Gaps identified in R16 regulation are listed below.

Gaps identified in R16 Regulations from CO PO Mapping

Sl. No	POs	Gaps Identified in R16 Regulations
1	PO6	<ul style="list-style-type: none"> <li>• <b>G1:</b> Insufficient knowledge to assess societal, health, safety and cultural issues.</li> <li>• <b>G2:</b> Lack of ability to develop real time projects.</li> </ul>
2	PO7	<ul style="list-style-type: none"> <li>• <b>G3:</b> Lack of knowledge in professional engineering solutions in societal and environmental context.</li> <li>• <b>G4:</b> Lack of knowledge and need for sustainable development.</li> </ul>
3	PO8	<ul style="list-style-type: none"> <li>• <b>G5:</b> Lack of ability to apply ethical principles to protect biodiversity and to conserve the natural resources.</li> <li>• <b>G6:</b> Lack of apply professional ethics while providing solutions for societal issues.</li> </ul>
4	PO9	<ul style="list-style-type: none"> <li>• <b>G7:</b> Lack of leadership skills and team spirit.</li> </ul>
5	PO10	<ul style="list-style-type: none"> <li>• <b>G8:</b> In capable of communicate effectively on complex engineering activities with the society.</li> <li>• <b>G9:</b> Lack of effective report preparation and presentation skills.</li> </ul>
6	PO11	<ul style="list-style-type: none"> <li>• <b>G10:</b> Lack of understanding skills of the engineering and management principles.</li> <li>• <b>G11:</b> Lack of leadership skills to manage projects.</li> </ul>

**Table B.2.2.1.n: Gaps identified in various courses in R16 Regulation**

The gaps identified from stakeholders for R16 Regulations

Sl. No.	Stakeholder	Gap Identified	Relevance to POs and PSOs
1	Outgoing students	• <b>G12:</b> Add on experiments required for each laboratory	PO3, PO5
		• <b>G13:</b> Include advanced technology related courses	PO5, PO9, PO10, PO11, PO12
2	Alumni	• <b>G13:</b> Include advanced technology related courses	PO5, PO9, PO10, PO11, PO12
		• <b>G14:</b> Encourage students to learn online courses	PO4,PO6,PO12
3	Parents	• <b>G15:</b> Motivate students towards sports and games	PO6,PO7,PO8,PO9,PO10
4	Employer	• <b>G16:</b> Improve the competencies of the students on par with the industry	PO4, PO5,PO6
		• <b>G17:</b> Improve coding skills and learn advanced courses	PO4, PO5, PO11, PO12

**Table B. 2.2.1.o: Gaps identified from various stakeholders**

**2.1.2. State the Delivery Details of the Content beyond the Syllabus for Attainment of POs and PSOs (10)****A. Steps taken to get identified gaps included in the curriculum (2)**

Information gathered from internal and external tools are discussed and deliberated by the program coordinator to identify curricular gaps. Program Assessment and Quality Improvement Committee (PAQIC) discusses about the identified gaps for the attainment of POs and PSOs. PAQIC submits the report based on the suggestions to Department Advisory Committee (DAC). DAC will then finalize the curricular gaps based on the assessment report submitted by the PAQIC. The identified curricular gaps are intimated to affiliated university JNTU Kakinada by PAQIC.

The department takes necessary measures to fill the gaps by imparting knowledge to the concepts through content beyond syllabus.

- Seminars are arranged by experts frequently.
- Guest lectures are arranged by industry experts to overcome the gap between industry and academia.
- Practical Hands-on workshops are arranged to get exposure to modern tools.
- Students are sent for industrial visits to various industries.
- Aptitude tests, value added courses, mini projects, employability enhancement programs etc. are regularly conducted to enhance their skills.
- Students are encouraged to undertake in-plant training in the industries during their semester holidays.

**B. Delivery details of content beyond syllabus (5)**

Department of IT found the gaps stated above to bridge the gap between industry needs and curriculum. To fill the gaps in the curriculum and also to prepare the students in accordance with the department vision and mission, the department organizes lot of activities like guest lectures, seminars, and workshops, training programs, additional labs and industrial visits to strengthen the curriculum. The activities which took place in the Department for bridging the curricular gaps so as to attain POs and PSOs, are illustrated in Table B.2.1.2.a, Table B.2.1.2.b and Table B.2.1.2.c.

5	Industrial Visits	YES	YES	YES	YES	-	YES	YES	-	YES	YES	YES	-

**Table B.2.1.2.d: Mapping of content beyond Syllabus with the POs & PSOs**

**Impact Analysis:**

- Student's project development skills and technical skills improved.
- Student's aptitude skills have been enhanced.
- Student's team spirit and leadership skills have been improved.
- Continuous Improvement of PO and PSO mapping on comparing with previous years.

**2.2. Teaching-Learning Processes (100)****2.2.1. Describe Processes followed to improve quality of Teaching & Learning(25)**

*(Processes may include adherence to academic calendar and improving instruction methods using pedagogical initiatives such as real world examples, collaborative learning, quality of Laboratory experience with regard to conducting experiments, recording observations, analysis of data etc. encouraging bright students, assisting weak students etc. The implementation details and impact analysis need to be documented)*

The department follows meticulous teaching learning methodologies through which the students are made to learn the subjects by identifying their individual needs. Several delivery methods are used for the benefit of the students which are explained below.

**A. Adherence to Academic Calendar (3)**

It is a regular practice in our institute to prepare academic calendar prior to the commencement of the class work and the academic calendar is circulated to all the departments. The department academic calendar is implemented as per schedule with respect to commencement of class work, mid-I and mid-II examinations, last working day, end semester exams (theory) and end semester exams (practical) in each semester/year. In addition, proposed FDPs, students counseling, remedial classes, guest lectures, workshop/symposia, industrial visits, CRC meetings etc., are included in the academic calendar.

A sample copy of academic calendar prepared by JNTUK for the academic year 2018-19, II Year, Semester-I and Semester-II is given below:

**Table B.2.2.1.a: Department Academic Calender for A. Y (2018-19), Semester-I**

**B. Use of various Instructional methods and pedagogical initiatives (3)**

The department of IT implements various teaching methods to improve the understanding capacity of a student. The HoD hold meetings well in advance to the commencement of class work with all faculty handling a course to discuss the topic wise pedagogical methods to be adopted in day to day class work. For a particular topic in a course either a single or multiple number of methods are implemented depending on its difficulty.

The Outcome Based Education model is implemented in the department by blending student centric environment with the traditional teaching for effective teaching process by following various pedagogical strategies:

1. Lecture Method
2. Dissemination of Content through Course Websites : Blogspot, Youtube Channel
3. Inquiry Based Learning Strategies: Flipped class room
4. Collaborative Learning Activities: STAD
5. Seminar Method
6. Activity Learning : Think Pair Share
7. Technology Enabled Learning : CANVAS

**1. Lecture Method**

The faculty use chalk, board and audio-visual aids in teaching. The faculty organizes the activities of teaching to bring a desirable change in the behavior of the student. Students are encouraged to actively interact during the lecture hour by getting the doubts clarified. Students achieve the learning objectives of the class.

**Implementation:**

This method is implemented by all faculties in all the courses of the program. Various teaching aids like chalk and board, power point presentations and models etc, are used for better understanding of a concept by the student.

**Figure B.2.2.1.b: Lecture demonstration in classroom**

**Outcomes:**

- It is an economical with regard to time.
- It helps in achieving higher order cognitive objectives like application, analysis and synthesis.
- It presents the subject matter in a systematic way.
- It develops good audience habits.
- It enables linkage between previous knowledge with a new one.

**Impact Analysis:**

- Concentration among the students has been improved.
- Student-faculty interaction is improved.
- Learning abilities of the student are understood by the faculty.

**2. Dissemination of Content through Course Websites: Blogspot, Youtube Channel**

The faculty members are self motivated to create course websites like blogspots and youtube channels to make available of the course content like syllabus, course delivery plan, lecture notes of all units and previous question papers. This facility helps the students to learn more concepts. As an educator we need to be very particular in inducting content to the learners in short span of time.

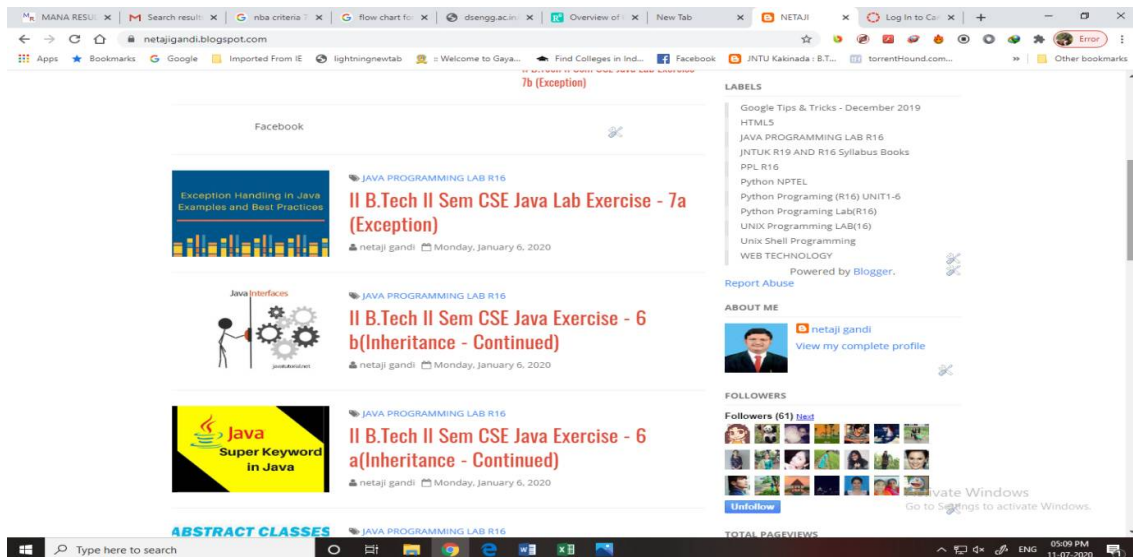

Figure B.2.2.1.c: Course website netajigandi.blogspot.com

Figure B.2.2.1.d: Availability of course content in course website

The following faculty of IT department conducted video lectures through youtube

Sl. No.	Name of the Faculty	Course Name	Units Covered	LMS Tool	Academic Year	No. of Students Participated
1	Mr. P. Mohan Ganesh	Problem Solving using C-Programming	III	Video <a href="https://photos.app.goo.gl/1Mc nkq8gqS8fZ3xdA">https://photos.app.goo.gl/1Mc nkq8gqS8fZ3xdA</a>	2019-20	51
2	Mr. Ajay Kumar Badhan	Computer Networks	III	Video <a href="https://www.youtube.com/watch?v=7IBjZyZqKcc">https://www.youtube.com/watch?v=7IBjZyZqKcc</a>	2018-19	51
3	Mr. G.Netaji	'C' Programming	II	Video <a href="https://youtu.be/PTX2QwvfWnU">https://youtu.be/PTX2QwvfWnU</a>	2017-18	54

Table B.2.2.1.b: Faculty conducted video classes

**Outcomes:**

- Flexibility to learn one's own space.
- Encourages self study.
- Improves lifelong learning experience.

**Impact analysis:**

- It is easy to integrate.
- It encourages the development of note taking skills.
- It enhances comprehension of complex concepts.

**3. InquiryBased Learning Strategies: Flipped Class Room**

Inquiry-based learning is an approach to learning that emphasizes the student's role in the learning process. Rather than the teacher telling students what they need to know, students are encouraged to explore the material, ask questions, and share ideas.

**Flipped Classroom:** For conventional classroom instruction, a teacher provides the material to the student and the student is the only person to receive the content delivered. The student does not communicate with the teacher or with other students. Such a conventional training approach cannot allow the student to the entire session. To make the class more involved and interactive, many researchers have implemented the platform to enhance their information delivery. The flipped classroom is one of the educational strategies that reverse the traditional classroom process.

**Benefits of the Flipped classroom:**

- More participation of students.
- Versatility for students to learn in time and speed.
- Improved Faculty and Student interaction.
- Appropriate use of resources by the teacher for constructive learning methods.

**Objective of the activity:**

- Inspire students to learn the concepts thoroughly.
- To motivate students for self learning.
- To make use of visual learning.

**Implementation Strategy:**

Students were asked to go through the learning materials, and two days of preparation time was given. Each individual student will be given a question or problem as per higher bloom level and they shoul complete the task within fifteen minutes.

**CRITERION 2****Program Curriculum and Teaching- Learning Processes**

The following tables provide the details of flipped classroom activity conducted in the department for last three academic years.

Sl. No	Faculty	Academic Year	Year/semester	Subject	Topic	No.of students participated	Relivance to POs and PSOs
1	Mr. RVS RatnaKumar	2017-18	IV/ I	Mobile computing	GSM	16	PO1, PO2, PO3,PSO1

38	16NM1A1253	7	9	Y

Table B.2.2.1.f: Flipped classroom Activity &amp; Assessment Report

**Outcomes:**

- Student must account the responsibilities given to them.
- Excellence in learning.
- Increases the awareness of course.

**Impact Analysis:**

- Improvement in student learning before and after activity is effective

**4. Collaborative Learning Activities: STAD Activity**

Collaborative learning involves implementing projects, writing reports, debates, group discussion and other activities. Collaborative learning can be conducted in the class by using different types of methodologies like Stump your partner, Student Teams Achievements Division (STAD), JIGSAW, Teams Games Tournaments (TGT), etc.,

**STAD (Student Teams Achievement Division) Method****Execution Plan:****Total time required to conduct this activity**

Interaction session by educator	: 50 min (1 session)
Making Teams, Sources of information	: 50 min (1 session)
Activity (3 sessions)	
Collaborative learning-	: 50 min (1 session)
Individual Quiz	: 50 min (1 session)
Group Quiz	: 50 min (1 session)
Total sessions:	05

**Figure B.2.2.1.f: Students participation in STAD Activity**

Sl. No	Name of the faculty	Academic Year	Year/ Sem	Subject	Topic	No. of students	Relevance to POs & PSOs
1.	Mrs. P. VanithaSri	2019-20	IV/I	Mobile Computing	GSM Architecture	51	PO1, PO2, PO3,PSO1
2	Mr G. Netaji	2018-19	III /II	Web Technologies	Web servers	54	PO1, PO2, PO3,PSO2
3	Mr. Y. Laxman Rao	2017-18	II /I	Computer Graphics	OpenGL	54	PO1, PO2, PO3,PSO2

**Table B.2.2.1.g: STAD activities conducted by the Faculty**

**Outcomes:**

- Promotes peer knowledge.
- Effective engagement of class.
- Able to develop individual and team work to solve given task
- Apply their own ideas and thoughts during team discussion during deadlock.

**Impact Analysis:**

- Students are directly engaged in the class, instead of teacher presenting to them, which fosters depth of understanding.
- Students gained practice in teaching, which is one of the most valuable skills we can help them learn.
- Students gained practice in peer teaching, which requires them to understand the material at a deeper level than students typically do when simply asked to produce on an exam.
- Each student developed an expertise and contributed something important to the group.

**5. Seminar Method**

Through Seminars students are encouraged to come up with new ideas exploring new technologies. There are also few topics chosen in few Courses and given as seminars which encourage them for self-learning. Each student chooses a separate seminar topic which is mandatory for evaluation in the course. Student seminars are attended by the faculty for giving a critical assessment.

**Methodology:**

- Students were asked to prepare one electronic topic in the beginning semester.
- According to reg. Number, every week at least 5 to 6 students will be given a seminar on different topics.
- Based on assessment marks, students were judged.
- The seminar aims at expanding the conversation, encouraging the conversation and making progress on thinking and creating new, feasible and innovative ideas on the seminar's core theme.

**FigureB.2.2.1.g: Students presenting a Seminar**

Sl. No	Name of the faculty	A.Y	Year/ Sem	Subject	Activity conducted	No. of students participated
1	M. Somasundar	2019-20	IV/II	Latest Technologies	Seminar	51
2	J Hari	2018-19	IV/II	Latest Technologies	Seminar	51
3	Y. Laxman Rao	2017-18	III /II	Emerging Technologies	Seminar	51

**Table B.2.2.1.h: Seminars conducted****Impact Analysis:**

- It motivates students to gather and process information.
- It enables students to expertise in their field.

**6. Activity Learning: Think Pair Share Activity**

Active learning is anything course-related that all students in a class session are required to do, other than simply watching, listening and taking notes. It shifts focus from what the instructor should deliver to what the students should be able to do and motivates students to be prepared for class, having assimilated material and being ready to use it.

**Think-Pair-Share**

Think-pair-share (TPS) is a combined knowledge scheme where a teacher initiates a problem and students' pair with each other to solve it and share their insights to the class.

**Process:**

This scheme uses three steps for active learning in class.

1. The teacher presents a problem or a question and students think individually.
2. A student is paired with another student or a small group and they interact with each other and engage in solving the problem.
3. The teacher asks the students to share their thoughts about the solution to the problem.

**Implementation Scenario of TPS activity:**

Our students were given a problem in java programming.

**Learning outcome:** Student should be able to write the program in java for a given task.

**Problem statement:** Recall the string methods to apply on sorting names and search for a given name using binary search.

**Think:** Individually write pseudo-code for sorting and searching.

**Pair:** Students form pairs and discuss about the solution

**Share:** Teacher collects the solutions from the students and summarizes one solution for the given problem.

**Figure B.2.2.1.h: Students participation in TPS Activity**

The following table shows details of various TPS activities conducted by department faculty

Sl. No	Name of the Faculty	Year/ Sem	Course	Topic	No. of students Participated	Relevance to PO & PSO
1	Mrs S.Kalyani	II/II	Computer Organization	DMA	50	PO1,PO9,PO10,PSO1
2	Mr.B.Ajay Kumar	III/I	Operating Systems	Process Management	50	PO1,PO2,PO9,PO10,PSO2
3	Mr.P.Mohan Ganesh	IV/I	Cryptography and Network Security	AES Algorithms	51	PO1,PO9,PO10,PSO12,PSO1

**Table B.2.2.1.i: Think-Pair-Share activities conducted by the Faculty**

Sl.No	Student RollNo	Grade Achieved before Activity	Grade Achieved after Activity	Improvement (Y/N)
1	17NM1A1201	C	B	Y
2	17NM1A1202	B	B	N
3	17NM1A1203	B	A	Y
4	17NM1A1208	B	A	Y
5	17NM1A1211	B	B	N
6	17NM1A1213	C	B	Y
7	17NM1A1215	B	A	Y
8	17NM1A1216	C	B	Y
9	17NM1A1220	C	B	Y
10	17NM1A1222	B	A	Y
11	17NM1A1225	C	B	Y
12	17NM1A1228	B	A	Y
13	17NM1A1232	B	A	Y
14	17NM1A1235	B	B	N
15	17NM1A1239	B	A	Y
16	17NM1A1242	B	A	Y
17	17NM1A1245	B	A	Y
18	17NM1A1250	B	B	N
19	17NM1A1251	B	A	Y
20	17NM1A1253	B	B	N

**Table B.2.2.1.j: Evaluation sheet of Think-Pair-Share Activity & Assessment Sheet**

**Outcomes:**

- It helps students to think individually about a topic or answer to a question.
- It taught students to share ideas with classmates and builds oral communication skills.
- It helps to focus attention and engage students in comprehending the reading material.

**Impact Analysis:**

- Improves individual thinking and leadership qualities.
- Enhances communication skills.

**7. Technology Enabled Learning: CANVAS**

21<sup>st</sup> century revolution in the ICT obliges the teachers and students to keep themselves abreast of the-state-of-the-art of technological development. The deployment of them in teaching-learning process is imperative, since the technology is embedded in almost all walks of our life.

ICT encapsulates IT and other media such as audio, video, pictures, animation, graphics, internet and other software packages. The use of technology to teach students has gained attention in recent past. The process of dissemination of information and elicit response from students is a huge task.

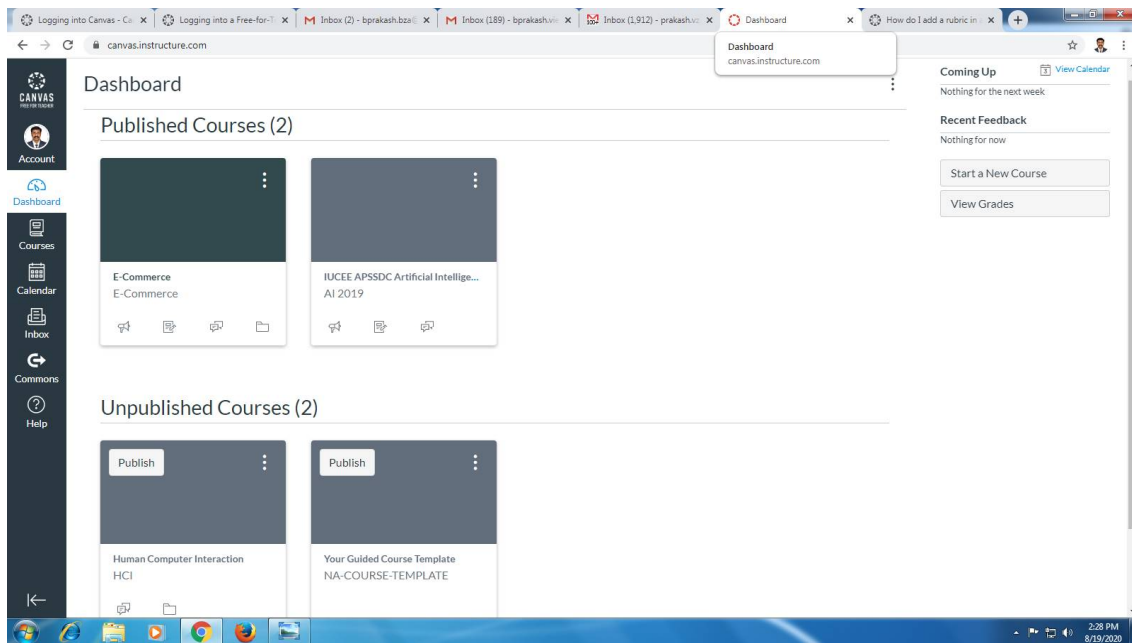

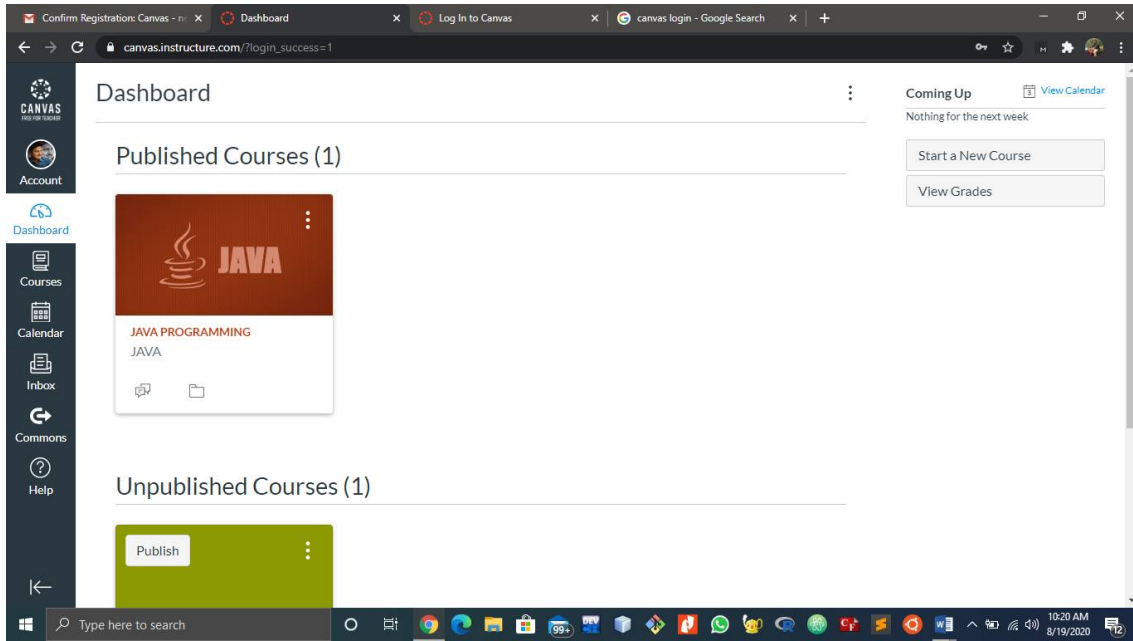

The department of IT uses LMS tools such as Canvas, Google classroom etc., to make the students submit their assignments, learn online and implement the experiments to gain knowledge about the concepts learnt in the class. Google Classroom, Webex, etc. have been utilized by the faculty to teach the courses through online.

A massive open online course (MOOC) courses aims at providing high quality study materials to student/faculty community worldwide. The MOOC courses offered by Course-era, edX, NPTEL are of high standards. The students are clustered in a group based on their MOOC course interest and the provider. Students are encouraged to complete a MOOC certification to acquire in depth knowledge. The response of students to MOOC course was minimal.

The department of IT uses LMS tools such as Canvas, MOOCs, Moodles, Virtual Labs etc., to make the students submit their assignments, learn online and implement the experiments to

gain knowledge about the concepts learnt in the class. Recently, Google Classroom, Webex, etc. have been utilized by the faculty to teach the courses

**Figure B.2.2.1.i: Content delivery using CANVAS**

Sl. No.	Name of the Faculty	Course Name	Units Covered	LMS Tool	Mode of Conduction	No. of Students Participated
1	Dr. B.Prakash	E-Commerce	VI	Canvas	Online Class and Video Lectures	51
2	Mr P. Mohan Ganesh	Computer Organisation	VI	Canvas	Online Class and Video Lectures	51
3	Mrs S.Kalyani	Data Warehousing and Mining	VI	Canvas	Online Class and Video Lectures	54
4	Mr Y.Laxman Rao	Computer Graphics	VI	Canvas	Online Class and Video Lectures	54
5	Mr. J. Hari	Human Computer Interaction	VI	Canvas	Online Class and Video Lectures	51

**Table B.2.2.1.k: Faculty Published courses through Canvas**

**Outcomes:**

- Solve problems by applying ICT method.
- Video lectures will be helpful to be accessed at any time.
- Students can study individually.
- Enhances the interest of the students.

**Impact Analysis:**

- Provide opportunities for multiple technologies delivered by teachers.
- Provide distance learners country-wide with online educational materials.

**C. Methodologies to support weak students and encourage bright students (4)**

**i) Process to identify weak and bright students**

The bright students are identified from their participation in classroom discussion, performance in the assessment tests and participation in classroom seminars, questioning ability and University result analysis. The Counselors regularly conduct meetings regarding

progress of their mentees and are responsible to identify students who scored less than 60% marks in their internals. Under the HOD direction, the students Counselors evaluates the progress of the students who score below 60% marks in three or more subjects in MID examinations are considered as weak students and same is also intimated to their parents. The department of IT conducts remedial classes along with these weak students also supports the students with backlogs by conducting remedial classes during semester break. The faculty helps the students by teaching the essential concepts, giving assignments and conducting tests to improve the student.

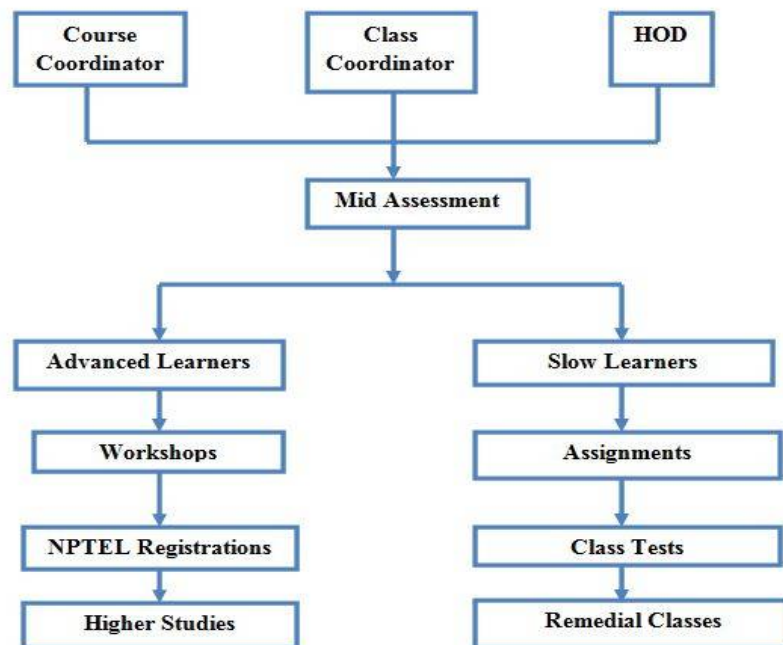

Figure 2.2.1.j: Process to identify slow & advanced learners

### ii) Methodologies implemented to Support weak students

- The faculty ounsellor identifies the slow learners after every MID Exam and External cexams. The department appoints one faculty for every 20 students entering in the second year.
- This faculty counsellor establishes a close relationship with each student and orients them to college practices, monitors their daily progress regularly (e.g., with at least fortnightly/monthly meetings) and guides them throughout the four-year course.

- The faculty counsellor gives academic as well as personal advice, she/he is may not necessarily be able to address all problems – but plays a role in guiding the student, putting the student in touch with the appropriate assistance, and so on.
- Counsellor Counsels and advices the slow learners to enhance the academic performance.
- Remedial classes will be conducted for slow learners after the college hours i.e., 4 P.M. to 5 P.M.
- Separate Assignments are given to slow learners and Extra classes are conducted by faculty.
- Separate materials are provided to slow learners.
- Institute supports for socio economic problems

**Identification criteria for weak students**

Identification Criteria	Actions taken
Students scoring less than 60% of marks in Internal Assessment.	<ul style="list-style-type: none"> <li>• Student counselor follows their progress regularly advising students about attending classes, making up classes missed, and getting additional help.</li> <li>• Conduction of remedial classes</li> <li>• Providing separate fast track material</li> </ul>
Diploma students who entered from other branches and late joining	<ul style="list-style-type: none"> <li>• Conduction of remedial classes and extra classes</li> </ul>
Students who fail in semester exams	<ul style="list-style-type: none"> <li>• Allotting separate faculty for each subject</li> <li>• Conduction of extra classes to those who failed in previous semester subjects.</li> </ul>

The remedial class timetable is prepared for weak students every semester. Monitoring of the student regularity is done by the faculty in-charge. A sample remedial class timetable for Digital Logic Design is below:

Asample remedial class timetable for Digital logic design given below.

**Subject Name:** Digital Logic Design

**Faculty Name:** Mrs S Kalyani      **Time:** 4.00-5.00PM      **Total Duration:** 1hr

Sl. No.	Reg. No.	Name of the Student	Signature
1	15NM1A1205	A Lalitha	
2	15NM1A1219	G B Sirisha	
3	15NM1A1230	K Lakshmi	

4	15NM1A1238	M Sidvija	
5	15NM1A1240	P Sriranjani	
6	15NM1A1246	S priyanka	
7	15NM1A1248	S Madhavi Latha	
8	15NM1A1251	T Hema Priyanka	
9	15NM1A1252	U Ramani	

**Faculty in-Charge****Head of the department****Impact Analysis:**

- Improvement in academic performance of students.
- Active participation of the students in various programs.

**iii) Methodologies implemented to encourage bright students**

- Institute encourages the bright students to participate in the National Level Technical Competitions organized by other Institutes and Universities.
- Merit students are motivated to do NPTEL Courses and management encourages with cash awards.
- Students are encouraged to publish their scientific articles in the department level/college level news letter and Institute organizes events such as Technical Paper presentation, Student Symposium, Seminar, Project Exhibitions, Software development competitions and Problem solving competitions to develop and promote creativity and critical thinking among the students.
- Students are involved in organizing Workshops, Seminars, Student Technical fest (Yuvatarang and Techfest) and FDPs so that they get awareness about the importance of such activities in the college.
- College students are involved in campus recruitment drives, Independence Day celebrations extra and Anchoring in technical fests.
- The department insists and encourages students to bring out Technical Articles / Papers at the end of final year project so that they are exposed to Technical Paper writing skills, peer reviews, plagiarism and research ethics.

- The students are actively participated in Unnat Bharath Abhiyan (UBA) and NSS Activities.
- Extra times in labs are given to advanced learners so that they can access maximum number of journals.
- Advanced learners are encouraged to involve in faculty projects.
- They are allocated as mentors for slow learners.
- Students are paid with incentives and stipend.

The institute offers MERIT scholarship for the merit students. The details are listed below.

Sl. No.	Academic year	Year	Regd. No.	Name of the Student	% of Marks	Scholarship amount (Merit)
1	2017-18	I	17NM1A1208	B Niharika	84.38	7500
2	2017-18	II	16NM1A1215	G Uma	81.59	7500
3	2017-18	III	15NM1A1213	B Sri Devi	81.06	18925
4	2017-18	IV	14NM1A1211	P Sindusha	75.36	5000
5	2018-19	I	18NM1A1223	K M Sucharitha	9.19 (CGPA)	24800
6	2018-19	II	17NM1A1254	T Harika	8.84 (CGPA)	22225
7	2018-19	III	16NM1A1242	P V Tanusha	8.86 (CGPA)	8475
8	2018-19	IV	15NM1A1237	M Sai Priya	83.14	5000

**Table B.2.2.1.1: Details of BrightStudents with Cash Prizes**

**Microsoft WISE Program:**This is an idea originated from a group of women engineers working at Microsoft India who wanted to help women engineering students shape out successful careers in technology.The students who were selected for this program are listed below.

Sl.No.	Regd. No.	Name of the student	Date	Event name	Institute name
<b>Academic Year:2019-20</b>					
1	17NM1A1204	A Jhansi Rani	27-09-2019 to 18-09-2020	Microsoft WISE	Microsoft, Hyderabad

<b>Academic Year:2018-19</b>					
1	16NM1A1215	G Uma	27-09-2019 to 18-09-2020	Microsoft WISE	Microsoft, Hyderabad
2	16NM1A1214	G Tejaswini	27-09-2019 to 18-09-2020	Microsoft WISE	Microsoft, Hyderabad

**Table B.2.2.1.m: Details of Merit Students selected for Microsoft WISE**

Mission R&D is an innovative initiative with the mission to “Contribute to the growth of India’s R&D ecosystem by developing the most promising technology students, especially women, and by supporting the talent needs of product companies including start-ups”. The students who were selected for this program are listed below.

Sl.No.	Regd. No.	Name of the student	Date	Venue	Institute name
1	17NM1A1215	G. Uma	17-09-2018 to 18-09-2019	GVP, Visakhapatnam	Microsoft, Hyderabad

**Table B.2.2.1.n: Student Details selected for Mission R&D**

**Figure B.2.2.1.k: Bright Student achievements in various programs**

The following table gives the details of bright students participated in NPTEL courses.

Sl. No.	Name of the Student	Roll No	Name of the Course	Duration
1	K Geethika	16NM1A1219	Problem Solving Through Programming In C	Jan- Apr 2018
2	T.Harika	17NM1A1254	Elite Certification on Programming, Datastructures And Algorithms Using Python	July -Sept 2019
3	S.Likhita	17NM1A1253	Python for Data Science	Aug-Sept 2019
4	B.Niharika	17NM1A1208	Java Programming	July-Oct 2019
5	D.LakshmiPrasanna	17NM1A1216	Elite Certification on Programming Data Structures and Algorithms Using Python	July-Sept 2019
6	Pinninti Vandana	17NM1A1247	Python for Data Science	Aug-Sep 2019
7	MolliSaiTanuja	17NM1A1239	Python for Data Science	Aug-Sep 2019
8	T.Harika	17NM1A1254	NptelDatabase Management System Certificate	Jan- Mar 2020
9	B.Niharika	17NM1A1208	Data Base Management Systems	Jan-Mar2020
10	MugadaSaiKanthiSushma	17NM1A1241	Problem Solving Through Programming In C	Jan -Apr 2020
11	S.Likhita	17NM1A1253	Problem Solving 11through Programming In C	Jan-Apr 2020
12	Ch. Kavyasri	17NM1A1212	Problem Solving Through Programming In C	Jan-Apr 2020
13	M.SaiAishwarya	17NM1A1232	Problem Solving Through Programming In C	Jan - Apr 2020
14	N.Vireesha	17NM1A1242	Database Management System	Jan-Mar 2020
15	Ch. Kavyasri	17NM1A1212	Data Base Management Systems	Jan-Mar 2020
16	D.LakshmiPrasanna	17NM1A1216	Data Base Management Systems	Jan-Mar 2020
17	B Pavitra	17NM1A1210	Data Base Management Systems	Jan-Mar 2020
18	Pinninti Vandana	17NM1A1247	Problem Solving Through Programming in C.	Jan-Apr 2020
19	Ch. Kavyasri	17NM1A1212	Java Programming	Jan-Apr 2020
20	B Pavitra	17NM1A1210	Java Programming	Jan-Apr 2020
21	PothuDivyaBhavani	17NM1A1248	Problem Solving Through Programming In C	Jan-Apr 2020
21	PulamarasettiPoonima Devi	17NM1A1249	Database Management System	Jan-Apr 2020
22	N.SudhaMounika	17NM1A1243	Problem Solving Through Programming In C	Jan-Apr 2020

**Table B.2.2.1.o: List of students completed NPTEL Courses**

**Figure B.2.2.1.1: A Sample NPTEL certificate of Bright Student**

#### **Impact Analysis:**

- Participation in various conferences and technical events.
- Undergoing various certification courses and taking up real time projects.
- Active participation in different events.
- Active participation in inter and intra college events.

#### **D. Quality of classroom teaching (3)**

Vignan's Institute of Engineering for Women is very particular in maintaining quality of teaching in the classroom. Every faculty in our institute is trained to deliver the content in the classroom by adopting following procedures.

##### **Step 1: Create an outline:**

- ✓ What is the main goal for the lecture
- ✓ Create 3-5 objectives for the lecture: These will describe how the teacher help the learner reach the goal
- ✓ Create an outline for the key concepts required to understand these objectives
- ✓ Create a timeline for the session

**Step 2: Create a timeline:**

As per our class timetable, every session is planned for 50 minutes.

<b>Time</b>	<b>Activity</b>
5 mins	Revision of previous class content
5 mins	Formative Assessment (2-3 questions on previous class)
15 mins	Deliver of new content / slides
5 mins	Interactive questions
15 mins	Continuation of the content / slides
5 mins	Review / Questions / Summary of the sessions
<b>50 mins</b>	<b>End promptly</b>

**Step 3: Slides preparation:**

- ✓ For a 50 minutes lecture , plan no more than 20 slides
- ✓ PPT will contain the following
  - Font size for body text is 20 to 32
  - Provide an outline slide
  - Use short phrases
  - More graphics, less text
  - Move tables and dense text to a separate handout

**Step 4: Be confident**

- ✓ Talk to the students, not to the slides / blackboard
- ✓ Make eye contact with the students in different parts of the classroom
- ✓ Talk clearly, not too fast, not too slow
- ✓ Use humor judiciously. Keep it professional.

**Step 5: Provide links for web content**

Before offering instruction in the classroom, successful teachers spend time preparing goals and lesson plans. Lesson plans outline what chapters or topics will be taught on particular days and what kind assignments and lab work will be assigned. An organized schedule helps the teacher keep on task each day and on pace to meet the required education standards for her grade level or class. The activities in the IT department to maintain quality in classroom teaching are shown below.

**1) Quality Lecture Notes**

Faculty members prepare/update lecture notes for allotted subjects by consulting various prescribed text books, Question banks of previous examinations, relevant NPTEL courses and other e-resources from Google and also by participating in various workshops/FDPs/STTPs organized within and outside the VIEW campus in India to enhance the practical knowledge. The quality of the prepared materials are been internally verified by the senior professors in the department or by the faculty who have taught the same subject in the previous years.

**2) FDP/Seminar in Teaching Methodology**

Faculty Development programs in teaching methodology is organized every year in VIEW for faculty members having <2 years experience. HoD also conducts a seminar on guidelines for effective teaching to all faculty members at the department level.

The newly recruited faculty in the department are also training on writing the COs for the course, CO-PO mapping. Orientation classes are organized for the newly recruited faculty under the guidance of principal with HoD and senior faculty in the department for continuous improvement in teaching learning process.

**3) Course Delivery Plan**

It is a regular practice in our institution to prepare CDP (Course Delivery Plan) prior to the commencement of the class work to the courses handled by the individual faculty taking the guidance from the course coordinator.

The CDP comprises of the entire plan for the course, learning objectives specified for each unit, course outcomes and CO-PO mapping. The CDP is prepared in harmonious to the university academic calendar. Sample CDP for Software Engineering in II year I Sem shown below.

**VIGNAN' S INSTITUTE OF ENGINEERING FOR WOMEN:  
VISAKHAPATNAM**

**COURSE DELIVER PLAN –THEORY**

<b>DEPARTMENT OF INFORMATION TECHNOLOGY</b>			Theory	: 3 + 1
PROGRAM (UG)	: INFORMATION TECHNOLOGY		Practical	: 0
Course Code	: R1621121		Credits	: 3
Course Name	: SOFTWARE ENGINEERING		Date	: 10/06/2019
Regulation	: R16		Rev No	: 00
<b>Class</b>	<b>Course Coordinator</b>	<b>Section</b>	<b>Name of the Faculty</b>	
II YEAR -I SEM	Mr. Ajay Kumar Badhan	IT	Mr. Ajay Kumar Badhan	

**COURSE OUTCOMES:**

After successful completion of the course, the student will be able to,

- CO1:** classify various process models. (K2)
- CO2:** develop a Software Requirement Specification (SRS) document, and a good Software Design based on requirements gathered from the stakeholders and customers. (K3)
- CO3:** identify SA/SD methodologies and the various user interface design techniques. (K3)
- CO4:** make use of the testing methods to test and validate the software Model. (K3)
- CO5:** illustrate the quality of the software project using reliability and quality metrics. (K3)
- CO6:** summarize the concepts of software maintenance and reusability. (K2)

**UNIT 1: INTRODUCTION**

**Syllabus: Software and Software Engineering:** The Nature of Software, The Unique Nature of Web Apps, Software Engineering, Software Process, Software Engineering Practice, Software Myths.

**Process Models:** A Generic Process Model, Process Assessment and Improvement, Prescriptive Process Models, Specialized Process Models, the Unified Process, Personal and Team Process Models, Process Terminology, Product and Process.

**Objectives:** The objective of this unit is to understand the software life cycle models.

**Figure B.2.2.1.m: Sample CDP Plan**

**4) Instruction Delivery**

Faculty members take classes as per time table and lesson plan, duly compensating for lost classes due to leaves or unexpected holidays following various teaching-learning techniques and aids that are suitable for a particular topic to be discussed in the class effectively. The entire faculty also adopts ARCS (Attention, Relevance, Confidence and Satisfaction) model of instruction delivery. While delivering the lecture faculty draw the attention of students in the class room by giving examples to related topics. The faculty explains the relevance of the topic to students by bringing its future use in industry and R&D applications. To create confidence in the students, their future goals are prepared and displayed in their study room or hostel room. Great scientist's photos like Einstein, Faraday, etc., were asked to display in their study room. The goals are revised by the faculty frequently. To create satisfaction among students, outstanding performance students are appreciated through rewards in public, like displaying names in college notice board, special appreciation from principal, fee waiving from management. Newly recruited faculties are trained on how to use the ICT tools for lecture delivery. Easy concepts are explained with PPTs, models using ICT tools. Difficult concepts that are practical oriented are explained in Labs. ICT based classrooms in the department helps the faculty to implement OBE & students to improve their learning skill

**5) Continuous Evaluation**

This consists of two mid exams for every semester both descriptive and objective conducted by university with assignments for theory courses and weekly viva voce, Observation and Record evaluation and internal Lab exam for Laboratory courses. There are surprise tests conducted once in 3 to 4 days to understand the attention level of students

**6) Review of Syllabus Coverage**

HoD reviews the coverage of syllabus on a regular basis in faculty meetings.

**7) Results Analysis**

Analysis of Results for mid examination is done by class incharge under the guidance of HoD for taking action for low pass percentage in any course to improve the result in the end examination. Analysis is also done after the end examination results by the examination cell. They provide marks/grades of each student for every course. With respect to results, we are proud to convey that Vignan's Institute of Engineering for Women remains in the first five places of the JNTUK affiliated colleges from year it started even though the ranks of the students joining the college ranges from 30,000 to 1,20,000.

**E. Conduct of Experiments (3)**

Being a technical institute, we understand that labs are equally or more important than classroom, for the development of skills.

- Preparation for the experiments
  - ✓ Lab Manual is given at once with all the details
  - ✓ All the programmers are qualified and skilled to maintain the lab
  - ✓ All the computer systems are verified time to time for better performance.
  - ✓ Before commencement of every lab concerned faculty incharge check all the logistics thoroughly for smooth conduction of expirments.
- Faculty and Lab In-charge will take necessary Precautions
- In every laboratory
  - ✓ Batch size is 60 students
  - ✓ Programming logic and algorithm is thoroughly explained by the respective faculty before executing the program, necessary test data is supplied by the programmer.
  - ✓ Programs are given individually and the students are supposed to write the algorithm and code before occupying the computer.
  - ✓ They are supported by faculty and programmer for debugging the program.
  - ✓ All outputs and observations arethoroughly checked and recorded.
  - ✓ The concerned faculty is responsible to test the program for other test cases.
  - ✓ The faculty also assesses their attitude and behavioural issues.
  - ✓ Students are encouraged to do programs beyond the curriculum.

**Figure B.2.2.1.n: Conduction of experiments in laboratory**

**F. Continuous assessment in the Laboratory(3)**

In Each laboratory student is assessed for 10 marks based on her performance in each day. The day to day evolution is based on program execution and viva. For internal evaluation total 25 marks are sub-categorized to 10 marks for Write-up and evaluation, 10 marks for Continuous assessment and 5 marks for record work.

**Rubric for day-to-day evaluation of lab:**

The rubric for day-to-day evaluation of lab is designed based on student technical skills, Laboratory skills, interpersonal skills and regularity. The rubric for a Lab session is designed to assess the students

**Assessment Sheet:**

Name of the Lab:		Date:
Regd. No:		
Experiment No:		
ASSESSMENT	MAXIMUM MARKS	MARKS AWARDED
Coding Skill	5	
Execution of program	3	
Viva Questions	2	
Total	10	

Faculty Signature with Date

- *Coding Skill*: Student Lab performance during the experiment conduction every week.
- *Execution*: Student implementation to the current experiment with different test cases.
- *Viva-Voce*: Student understanding level of concepts and subject content is adequate while answering the questions.

**Rubric sheet for day-to-day evaluation of Lab:**

<b>Name of the Lab</b>		<b>Date</b>	
<b>Name of the Student</b>		<b>Regd. No.</b>	
<b>Name of the experiment</b>		<b>Max. Marks</b>	10 Marks

		2 M	1M	0M	
<b>Total Score</b>					

Faculty Incharge

**G. Student feedback on teaching-learning process and action taken (6)**

Feedback is taken from students on the effectiveness of teaching and subject learning at different points of time during the semester. Initially, feedback is taken from representative students from each class informally by HoD after 1-2 weeks of commencement of class work and communicated to the HoD. If students are facing difficulty in any subject, the concerned faculty member is informed of the same.

Necessary guidance and support is given by HoD and another senior subject faculty member. This consists of asking the faculty member to give an orientation class before Principal, HoD and another senior subject faculty, giving guidelines for improvement, reviewing the lecture notes and offering necessary support in the subject. After 2-3 weeks, feedback is again taken from students in the subject for necessary action. In extreme cases, where the faculty member is unable to improve up to the minimum desired standard, the faculty member is changed and another faculty is allotted for that subject.

Besides the above, offline students feedback is taken anonymously once every semester under principal's guidance. The feedback is summarized and communicated to all faculty members with necessary remarks by the Principal. This feedback is considered part of Annual Performance Appraisal of the faculty member with a weightage of 25% under Teaching-Learning and Evaluation category. More than 90% of the faculties are graded on 9 to 10 point scale which evidences for good quality in the teaching.

**Action Taken**

- The faculty with less feedback is advised to give an orientation class in the presence of Principal, HoD and another senior subject faculty, giving guidelines for improvement.
- The lecture note is reviewed and necessary support in the subject is offered.
- They are also suggested to refer more books and senior faculty materials.
- They are advised to rewrite the lecture material.
- After 2-3 weeks, feedback is again taken from students in the subject for necessary action.
- In extreme cases, where the faculty member is unable to improve to the minimum desired standard, the faculty member is changed and another faculty is allotted for that subject.
- Faculties are also analyzed by the results produced for the courses they handled.

FigureB.2.2.1.qSample Student Feedback Evaluation Sheet

**Impact analysis:**

- The faculty will improve their presentation skills in the class delivery through orientation classes.
- The feedback for continuous improvement in teaching by the faculty helps the student to have good academic record.

The list of faculty to whom the subject is changed in the last three academic years due to less feedback is given below in Table: B.2.2.1p.

Sl. No.	Academic Year	Year/Section/Semester	Course Name	Name of the old faculty	Name of the new faculty
1	2017-18	IV-I	CNS	Mr R V S S Ratna Kumar	L Bhupati(CSE)
2	2017-18	II-I	DS	Mr R V S S Ratna Kumar	P Mohan Ganesh
3	2017-18	II-II	CG	Mr Y Laxmana Rao	N K Santosh(CSE)

- **Table B.2.2.1.p : List of faculty whose course is changed due to poor feedback**

The list of faculty who has given orientation class in the last three academic years is given below in Table: B.2.2.1q.

Sl. No.	Academic Year	Year/Section/Semester	Course Name	Name of the faculty	No. of times Orientation Conducted	Improvement in Feedback (on 10 point scale)
1	2017-18	IV-I	CNS	Mr R V S S Ratna Kumar	04	8.09
2	2017-18	II-I	AJP	Mr Y Laxmana Rao	02	7.07
3	2017-18	II-I	DS	Mr R V S S Ratna Kumar	03	8.8
4	2017-18	II-II	CG	Mr Y Laxmana Rao	01	7.71

**Table B.2.2.1.q: Impact Analysis of Orientation Classes**

**2.2.2 Quality of internal semester Question papers, Assignments and Evaluation (20)**

*(Mention the initiatives, implementation details and analysis of learning levels related to quality of semester question papers, assignments and evaluation)*

**A. Process for internal semester question paper setting and evaluation and effective process implementation (5)**

Question papers for the MID examinations are prepared on the basis of the POs and COs along with the Bloom Taxonomy action verbs. Each subject question paper is prepared with two sets SET-1 to SET-2 and one set is chosen either by HOD or principal one hour before the commencement of examination.

The question papers for internal examinations, assignments set by the faculty members and are vetted by the subject expert members of IQAC committee. The following guidelines are followed uniformly while evaluating scripts.

- Each question should be mapped to the pre-defined measurable course outcomes.
- The length and complexity of answers to the questions should be in accordance with allocated time and the relevant mapped course outcomes.
- The questions should not be directly repeated or copied from the previous years' internal question papers.
- The scheme of evaluation should be made available along with question papers.
- Those question papers, evaluated scripts which not conforming set guidelines are returned to the concerned faculty members with comments for making necessary corrections.

**Evaluation:**

Evaluation of MID examinations is done by the faculties of the respective subjects. The subject faculty will analyze the % of student attaining the various POs, COs and Bloom's taxonomy levels.

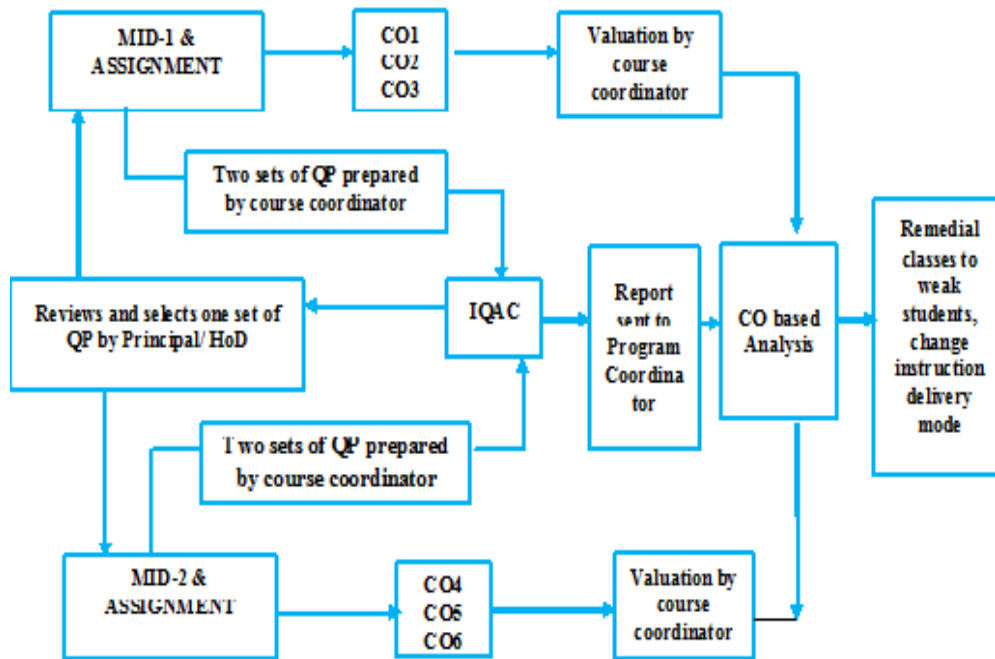

Figure B.2.2.2.a: Process for Internal Examination evaluation & assessment

A sample copy of question with their levels along with the COs for the Software Engineering is shown:

	Process Models with diagram representation	[3M]

**B.Process to ensure questions from outcomes/learning levels perspective (5)**

- The department ensures that the faculties strictly follow the learning levels while preparing the question paper for internal examination.
- The course coordinator defines the Course Outcomes (COs) for the allotted course and maps the COs to POs.
- The COs are written considering the contents in the syllabus and the ability of the student to learn after successful completion of the course.
- The action verb used to describe the CO specifies the Blooms Taxonomy knowledge level.
- The course coordinator while preparing the questions for internal examination ensures that the questions framed are also mapped to the same level as defined by COs and is clearly indicated in the question paper.

As per JNTUK curriculum, there are six units for each subject. The course coordinator frames six COs, each representing one unit. A sample copy of question with their levels along with the COs for the Software Engineering is shown:

Course Name: <b>Software Engineering</b>	Course Code: <b>C206</b>
Year/ Sem : <b>II B TECH I SEM</b>	Regulation: <b>R16</b>
Admitted Batch: <b>2018-19</b>	Academic Year: <b>2019-20</b>
Course Coordinator : <b>Mr. Ajay Kumar Badhan</b>	

<b>CO</b>	<b>DESCRIPTION</b>
<b>CO1</b>	Classify various process models.
<b>CO2</b>	Develop a Software Requirement Specification (SRS) document, and a good Software Design based on requirements gathered from the stakeholders and customers.
<b>CO3</b>	Identify SA/SD methodologies and the various user interface design techniques.
<b>CO4</b>	Make use of the testing methods to test and validate the software Model.
<b>CO5</b>	Illustrate the quality of the software project using reliability and quality metrics.
<b>CO6</b>	Summarize the concepts of software maintenance and reusability.

As per the table represented above there are six Course Outcomes for the subject. The first word of every statement is the action verb used from the Bloom's Taxonomy knowledge levels.

#### **Course Outcomes Action Verbs and their knowledge levels**

The Bloom's Taxonomy action verbs are used for preparing the Course Outcomes. It consists of six types of knowledge levels. Each knowledge level consists of a set of action verbs. The course coordinator can utilize any one of the action verbs from the specific knowledge levels to prepare the outcomes.

In the above given table there are six course outcomes, each representing one specific unit. CO1 represents Unit 1, the knowledge level used for this is "Understanding (K2)". Similarly the knowledge level used for CO2, CO3, CO4 and CO 5 is "Apply (K3)" and the knowledge level for CO6 is "Understanding (K2)". The tabular presentation of the action verbs and its knowledge levels are as follows.

<b>CO</b>	<b>Action Verb</b>	<b>Revised Blooms Taxonomy Level</b>
1	Classify	Understanding (K2)
2	Develop	Apply (K3)
3	Identify	Apply (K3)
4	Make	Apply (K3)
5	Illustrate	Apply (K3)
6	Summarize	Understanding (K2)

**Mid I Questions and their knowledge levels**

As per JNTUK, there are two MID Examinations conducted per semester. The MID – 1 consists of questions from first three units and the remaining three units for MID – 2. The Question paper is prepared using the action verbs as per the knowledge level set in the Course Outcomes. The action verbs and their knowledge levels are presented in the tabular format as follows:

Question	Action Verb	Revised Blooms Taxonomy Level
1a	Summarize	Understanding (K2)
1b	Explain	Understanding (K2)
2a	Simulate	Apply (K3)
2b	Describe	Understanding (K2)
3a	Sketch	Apply (K3)
3b	Summarize	Understanding (K2)

**Mid II Questions and their knowledge levels**

In Mid – 2, the remaining three units are considered. The action verbs and the knowledge levels used for presenting the questions are presented in the tabular format as follows:

Question	Action Verb Used	Revised Blooms Taxonomy Level
1a	Illustrate	Understanding (K2)
1b	Classify	Understanding (K2)
2a	Represent	Understanding (K2)
2b	Summarize	Understanding (K2)
3	Describe	Understanding (K2)

**C.Evidence of COs coverage in class test / mid term tests (5)**

For example, considering the COs of Software engineering and comparing it with Mid-I and Mid – II paper verifying the coverage of COs in the question papers from **Figure B.2.2.2.a** and **Figure B.2.2.2.b** are shown below:

**Justification of Bloom's taxonomy action verbs in question paper:**

CO No.	Action Verbs Used	Revised Blooms Taxonomy Level	Question Verbs	Revised Blooms Taxonomy Level
1	Classify	Understanding (K2)	Summarize	Understanding (K2)
			Explain	Understanding (K2)

2	Develop	Apply (K3)	Simulate	Apply (K3)
			Describe	Understanding (K2)
3	Identify	Apply (K3)	Sketch	Apply (K3)
			Summarize	Understanding (K2)

**Justification of Bloom’s taxonomy action verbs in question paper:**

For example considering the COs of Software engineering and comparing it with Mid – I and Mid-II paper verifying the coverage of COs in the question paper is shown below:

CO No.	Action Verbs Used	Revised Blooms Taxonomy Level	Question Verbs	Revised Blooms Taxonomy Level
1	Classify	Understanding (K2)	Summarize	Understanding (K2)
			Explain	Understanding (K2)
2	Develop	Apply(K3)	Simulate	Apply(K3)
			Describe	Understanding (K2)
3	Identify	Apply(K3)	Sketch	Apply(K3)
			Summarize	Understanding (K2)
4	Make Use of	Create(K6)	Illustrate	Understanding (K2)
			Classify	Understanding (K2)
5	Illustrate	Analyze(K4)	Represent	Understanding (K2)
			Summarize	Understanding (K2)
6	Summarize	Evaluate(K5)	Describe	Understanding (K2)

It is very clear that the questions in the mid question paper covers the taxonomy level specified with the course outcomes for all courses.

**D) Quality of assignments and its relevance to COs (5)**

- Assignments are given to students from the topics covered for each unit and satisfying the COs defined.
- Assignments are given not only on theoretical concepts, but also on social issues, advanced topics and emerging areas
- The questions framed in the assignments are taken from multiple sources (previous question papers, text books, etc) and cover not only the theoretical concepts but also impart creativity on real time applications.
- Assignments are evaluated and marks will be posted in attendance register.
- Six Assignments covering each unit are given in each subject for every semester.
- Every Assignment carries 5 marks and an average of 3 assignments for 5 marks is considered for each mid exam.

- The assignments are evaluated within two weeks after submission and the valued assignments are returned to the students for their scrutiny and improvement. Mapping is done for all questions of the assignment with the COs of the course.
- The quality of the assignment questions are also audited by IQAC.

Sample Assignments for software engineering course (R16 Regulations; A.Y:2018-19, II Year – IISEM) and their relevance COs are given below:

	<b>GNAN'S INSTITUTE OF ENGINEERING FOR WOMEN</b>

**DEPARTMENT OF INFORMATION TECHNOLOGY  
 ASSIGNMENT QUESTIONS**

Unit No.	Q.No.	Questions	Issue Date	Submission Date
1	1.	Explain the different software myths that exist in the Software development process.	10/07/2019	15/07/2019
	2.	What is evolutionary process model and explain its types.		
	3.	Explain Unified process in detail with a neat diagram.		
2	1.	Explain Software Requirement Specification in detail with an example.	17/07/2019	22/07/2019
	2.	Define Cohesion and Coupling and its types.		
	3.	What are the different approaches for software design and explain them in detail.		
3	1.	What is structured analysis? Explain the steps involved in developing the DFD Model of the system by taking an example.	28/08/2019	04/09/2019
	2.	What is SRS? Explain the desirable characteristics of an SRS.		
	3.	What is structured design? Draw the structured design for the supermarket automation system.		

CO	Action Verbs Used	Assignment Verbs	Revised Blooms Taxonomy Level
CO1: Classify various process models.	Classify	Explain, What, Explain	Apply (K3)
CO2: Develop a Software Requirement Specification (SRS) document, and a good Software Design based on requirements gathered from the stakeholders and customers.	Develop	Explain, Define, What	Apply (K3)
CO3: Identify SA/SD methodologies and the various user interface design techniques.	Identify	What, What, What	Apply (K3)

### 2.2.3. Quality of Student Projects (25)

*(Quality of the project is measured in terms of consideration to factors including, but not limited to, environment, safety, ethics, cost, type (application, product, research, review etc.) and standards. Processes related to project identification, allotment, continuous monitoring, evaluation including demonstration of working prototypes and enhancing the relevance of projects. Mention Implementation details including details of POs and PSOs addressed through the projects with justification)*

Every student in the department has to complete one major project during their course as a partial fulfilment of during their study. Each student is assigned a mini (Industrial oriented) project towards the end of the third year second semester and a Main (Major) project during fourth year. The students have the freedom to select projects of their choice in consultation with teachers. Execution of these projects by themselves goes a long way in developing independent thinking, organizing various elements of work in the project and finding solutions to problems they face. These projects inculcate creativity and innovative mind among students. Vignam believes that the execution of these projects will help to transform students in to life-long learners and innovators.

The quality of student project work is enhanced in the department by the following process.

- Under JNTUK regulations, project work is in IV Year II semester and the project batch allotment is done towards the end of III Year II Semester.
- To ensure quality in the projects implemented by the students, only journal extension works are permitted involving planning, scheduling and implementation related to the completion of project.
- Separate project lab facility is provided to the students throughout the day for successful

completion of the project.

- Internet is also provided to browse the literature survey and data required throughout the day.
- Software tools such as Python, MatLab, Java, Oracle, Visual Studio .net, etc., for implementing their projects in various fields are provided in the project Lab.
- Hardware boards along with the essential hardware sensors are available in department Laboratories to support IoT project implementation.

#### A. Identification of Projects and Allocation Methodology to Faculty Members (3)

The HoD conducts a meeting with the senior faculty and Project Review Committee (PRC) members before the commencement of semester regarding identification of projects. In the meeting the thrust areas involving latest technologies are identified. The areas include Machine Learning, IoT, Artificial Intelligence, Cloud Computing, and Big Data which are also research domains of the faculty in the department. Few of the problem statements are identified in these areas so that the students choose the areas depending upon their interest. The process of student projects is shown in Figure B.2.2.3.a.

#### Batch Formation

The students are divided into project work batches by ranking the students based on their performance in examinations (CGPA/average SGPA/number of backlogs) up to III year, II semester/ III Year, I Semester. For example, for 13 batches the top 13 students are nominated as team leaders for the respective batches. The 14<sup>th</sup> ranker is allotted to the 13<sup>th</sup> batch, 15<sup>th</sup> ranker to the 12<sup>th</sup> batch and so on with the 26<sup>th</sup> ranker to the 1<sup>st</sup> batch. The 27<sup>th</sup> ranker is then allotted to the 1<sup>st</sup> batch and the cycle is repeated.

**Table B.2.2.3.a:Project batch allocation based on CGPA&Class Rank**

**Guide Allocation Methodology:**

The knowledge, methodology, skill set and interest of the students to implement the project are considered to undertake the projects. Each project batch has atmost five students. The project batches are notified to the students along with the areas offered by the faculty members with guide names. Based on the student’s area of interest over the project and the faculty domain knowledge the team is going to be finalized with guide by the Head of the Department and is displayed in department notice board for student and faculty reference.

**B. Types and Relevance of the Projects and their Contribution towards Attainment of POs and PSOs(5)**

**Project Course Outcomes:**

After completion of the projet, the student will be able to:

**CO1:** Formulate and apply mathematical, science and engineering principles to solve real time engineering problems.

**CO2:** Gain the knowledge of software engineering practices, so as to participate and manage large software engineering projects in future

**CO3:** Demonstrate effectively the engineering principles used in their project individually and as a team as per the norms of engineering practice with proper documentation skills and professionalism.

**CO4:** Structure System integration, deployment skills and future work to promote life-long learning in the context of technological adaptation.

**CO-PO Mapping:**

**TableB.2.2.3.g: Projects by students in the academic year (2019-20)**

### C. Process for Monitoring and Evaluation(5)

The progress of the project work is continuously monitored. Three Project Reviews are conducted to review the quality and progress of the project work. The panel of examiners called as Project Review Committee (PRC) consists of project guide, project coordinator, one senior faculty and HoD.

A Sample circular for project schedule is given below.

### PROJECT SCHEDULE

All the faculty members and the students are advised to follow the given schedule meticulously to complete the project work effectively within the stipulated submission deadlines.

S. No.	Date	Activity
1.	22/11/2019	Initiation of the Project Work
2.	09/12/2019	Finalization of Domain and Technology
3.	13/12/2019	Problem definition Objective
4.	18/12/2019	Abstract Submission Literature Survey (if applicable)
5.	06/01/2020	<b><u>Specifications &amp; Requirements</u></b> (i) Software Requirement Specifications (a) User Requirement (b) Software Requirement (c) Hardware Requirement (ii) Block /Circuit Diagram of the Project (iii) Architecture /Flowcharts
6.	13/01/2020	<b>Project Review – I</b>
7.	3/01/2020	<b><u>Implementation</u></b> (i) Implementation. (ii) Algorithm implementation. (iii) Module Design.
8.	14/02/2020	Implementation and Results (i) Integration of Designed Modules. (ii) Verification of results.
9	24/02/2020	Testing and Validation (i) Design of Test Cases and Scenarios (ii) Validation
10.	09/03/2020	<b>Project Review – II</b>
11.	16/03/2020	Submission of Rough Copy of the Project
12.	30/03/2020	<b>Submission of Final Copy</b>

Project Coordinator

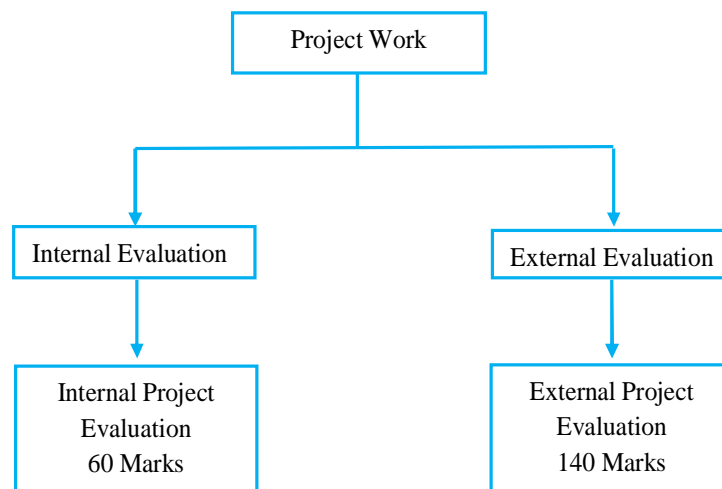

HoD-IT

#### Project Evaluation

It is anticipated to be a challenge to the rational and novel abilities of students. It gives students the prospect to synthesize and apply the knowledge and analytical skills learned in

the different disciplines. The evaluation of project work shall be conducted at the end of the IV year. The total marks allocated for this are 200, out of which 60 marks are allocated for internal evaluation and the remaining 160 marks are evaluated for external evaluation. For internal evaluation, a committee is appointed which includes the program coordinator, the supervisor of the project, and a senior faculty member of the department. In addition, an external examiner will be appointed by the affiliated university (JNTUK).

- The project review consists of assessment of PPT presentations by the individual students about the work done along with plan of action for the remaining work.
- Factors including, environment, safety, ethics, cost and applicable standards as well as team work and CO-PO/PSO mapping are duly considered in the assessment.
- Suggestions given by the panel or other faculty members are to be incorporated by the students which will be reviewed during the subsequent assessment.
- The evaluation format and the power point presentation made by students during the review assess both individual and team performance.
- Rubrics for Project work assessment has been incorporated

**Figure B.2.2.3.c: Project Evaluation**

**a. Internal Evaluation:** It is based on the basis of two seminars given by the individual team on the topic of their project.

**b. External Evaluation:** It is done at the end of the semester by the committee members.

A sample student marks evaluation sheet in reviews is below:

**Table B.2.2.3.h: Project Review**

**D. Process to assess Individual and team Performance(5)**

All the projects are evaluated batch wise and individual. The grading rubric was included

with the problem statement and evidence of group participation included in the grading procedure. To attain maximum marks continuous assessment is carried out by the guide. Weightage will be given to literature survey and presentation by batch and individual. Daily review of the progress of the group and the interaction between students was made by the guide to gain a qualitative measure of performance of the groups and individuals.

Quantitative measures were determined with attendance and a group evaluation. At the end of the project every student was directed to fill an evaluation form where each student rated all the group members, including themselves, on the following questions.

1. Rank the member's overall contribution to the project?
2. How much time or effort did the member contribute to the project?
3. What was the individual's willingness to work with other members of the group?
4. Did the member provide anything exceptional to the project?
5. How well did the member complete their assigned part of the project?
6. How well did the member review all portions of the project?

**E. Quality of Completed Projects/Working Prototypes(5)**

The following table shows student completed projects in our department for past three years

Academic year	Project categories		
	Product	Research	Application
CAYm3 (2017-18)	2	0	2
CAYm2 (2018-19)	6	1	6
CAYm1 (2019-20)	3	13	10

**Table B.2.2.31 : Type of Projects**

The following graph shows the consolidated projects for last three years

**Figure B.2.2.3.d: Consolidated list of projects for three years**

The projects quality is assessed by the PRC and few projects are identified as best projects depending on the domains meeting industry 4.0. The emerging areas include artificial intelligence, deep learning, blockchain, big data analytics, cloud computing, computer vision and Internet of things. The details of the beststudents Project work are given below:

Academic year	Student Roll Numbers	Student Names	Project Title	Specialization/ Domain
2017- 18	14NM1A1208	PSL Vybhavi	A Secure end to end routing protocol for wireless sensor network	Computer Networks
	14NM1A1214	SNS Nirupama		
	14NM1A1215	S Swarupa		
	14NM1A1213	P Triveni		
2018-19	15NM1A1212	Bantupalli Sreeja	Drainage Monitoring System using IoT	IoT
	15NM1A1219	G B Shirisha		
	15NM1A1224	Guna Aparna		
	15NM1A1250	Sunkara Lawanya		
	15NM1A1204	A Madhuri	Smart Bus Tracking System Using IoT	IoT
	15NM1A1205	A Lalitha		
	15NM1A1213	B Sri Devi		
	15NM1A1232	K Lakshmi		
	15NM1A1241	P Vyshnavi		
	15NM1A1206	B Divya Rani	Smart Car Parking System	IoT
15NM1A1216	D S Sowjanya			
15NM1A1247	S Jan Bhibi			

	15NM1A1251	T H Priyanka		
<b>2019- 20</b>	16NM1A1203	A SaiChandana	Voice Based Smart Navigation System for Blind People	IoT
	16NM1A1208	B BhanuPriyanka		
	16NM1A1249	U BhargaviTulasi		
	16NM1A1243	P KalyaniKusuma		
	16NM1A1247	T Yogitha	Leaf Disease Detection and Suggesting Pesticides using CNN	IoT
	16NM1A1225	K Amrutha		
	16NM1A1235	M Lonika		
	16NM1A1213	G Pujitha		

**Table B.2.2.3.m: Best projects for 2017-18, 2018-19, 2019-20**

**F. Evidences of Papers Published/Awards Received by Projects (2)**

Our students published their projects in various journals like JETIR, IJCRT, IJERT and IJSRD along with guide names shows their commitment in the project. The published details are shown as follows.

**CRITERION 2****Program Curriculum and Teaching- Learning Processes**

**Table B.2.2.3.n: List of student papers published in journals**

**Impact Analysis:**

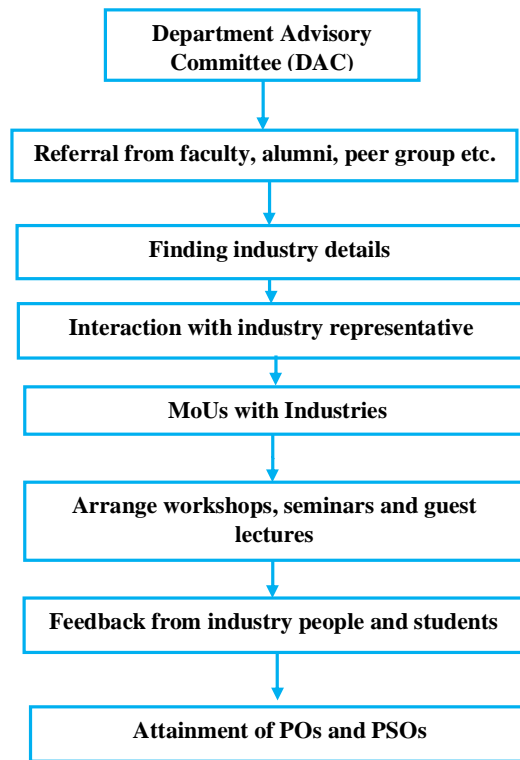

- Innovative ideas from the students excelling in creativity
- Skills or abilities of students improved
- Knowledge on various aspects of software project management was developed
- Improved teamwork spirit
- Few projects are developed for environmental and societal benefits.
- Presentation and communication skills are enhanced
- Improved the team spirit and confidential levels.

**2.2.4 Initiatives Related to Industry Interaction(15)**

*(Give details of the industry involvement in the program such as industry-attached Laboratories, partial delivery of appropriate courses by industry experts etc. Mention the initiatives, implementation details and impact analysis)*

An engineering student should be technically and globally competent to acquire the opportunities and should also attain the industrial needs. To meet these objectives, it is necessary to provide the students industry exposure and a platform to adapt the technological changes. The department frequently takes necessary measures to fulfill the goals. The Procedure for Industry Interaction is shown in Figure B.2.2.4.a as listed below:

- Initiate tasks by inviting the industrial members for valuable seminars and conference.
- Invite professional HRs and conducted an interaction session personally.
- Encourage the students for industrial visits & training program.
- Interaction with different esteemed industrial experts like APSSDC, STEEL PLANT, SYMBIOSIS, BRAIN O VISION, HPCL and etc.
- Conduct training sessions by industrial experts of latest technologies.
- Collect feedback from experts for progressive conduction of events.
- Feedback assessments are noted from students for further improvement.

**Figure B.2.2.4.a: Procedure for Industry Interaction**

#### **A. Industry Supported Laboratories (5)**

With the advent of globalization and opening up of Indian economy to outside world, competition among industries has become stiff. To solve their engineering problems they look up now to engineering institutions. Similarly, there is an urgent need to prepare engineering students for jobs in multinational companies, by exposing them to upcoming technologies and engineering methodologies.

These objectives can only be achieved well by bridging the gap between industry and the academic institutions. Better interaction between technical institutions and industry is the need of the hour. This will have great bearing on the engineering curriculum, exposure of engineering students to industrial atmosphere and subsequent placement of young graduating

engineers in industries across the country. The labs established at Vignan's Institute of Engineering for Women are detailed below:

### I. Andhra Pradesh State Skill Development Corporation (APSSDC) Lab

Andhra Pradesh State Skill Development Corporation (APSSDC) serves the task of providing skilled manpower as part of Government of Andhra Pradesh skill mission. AP government identified 100 institutes among 276 colleges across the state as their knowledge partners.

APSSDC have established a Lab at Vignan's Institute of Engineering for Women to provide internships and training to students in the college. This will help in improving students' technical competency, soft skills and thus employability quotient.

#### Overview of APSSDC Lab:

The center has been setup as a step to foster innovation and help instill the startup and research culture in the students as well act as a catalyst of growth by making world class skilled professionals available to key growth sectors for the state and the country.

The Lab is equipped with high end configured Acer Laptops in count of 35 laptops provided by APSSDC, and the licenses for the software are provided on Premise. The details of the lab are furnished in Table: B.2.2.4a and overview of lab in Figure: B.2.2.4b.

<b>Infrastructure of the LAB</b>	
Capacity of the lab	50 laptops
No. of Laptops Installed	35 Laptops <b>Configuration:</b> Intel Core I5, 2.5GHz Speed, 16GB RAM, 1TB HDD
License type	On Premise
UPS	Yes
Cabin Type	Single/Partitioned

**Table B.2.2.4.a: APSSDC lab details**

**Figure B.2.2.4.b: Overview of APSSDC Lab**

#### **Objectives of APSSDC Lab:**

As per the MoU with VIEW, APSSDC lab will extend the benefits to help the students' in providing training for 1000 students per year at minimal cost and created a platform to organize numerous workshops for students and faculty. The main objectives of the lab are:

- Promoting self-reliance
- Indigenization and technology upgrades
- Achieving economies of scale and Improve developing capabilities of students
- Export the talent in-house at a rapid pace to meet the demands of the industry
- Job assured training (Multi Skill Training Program)

#### **Utilization of APSSDC Lab:**

There are fifteen certification programs completed so far in APSSDC Lab from the day of its establishment. The lab utilization details are listed in Table B.2.2.4.b.

Sl. No.	Certification Name	Date	% of Students	Relevance to POs and PSOs
1.	Problem Solving Skills Using C	2-09-2017 to 7-09-2017	75	PO1, PO2, PSO1
2.	Google android Developer Phase -1	7-12-2017 to 9-12-2017	34	PO4, PO5, PSO1

3.	IOT Certification (Coursera + APSSDC)	8-05-2018 to 14-05-2018	10	PO1,PO2,PO3,PO4,P05, PSO1
4.	SCALE	26-07-2018 to 28-07-2018	16	PO2, PO4, P05, PO9, PSO1
5.	Gamification with AR & VR – Build box	26-12-2018	25	PO2, PO4, P05, PSO1
6.	Game development and game design workshop	7-01-2019	93	PO2, PO4, P05, PSO1
7.	Problem Solving Skills Using C	18-02-2019 to 23-02-2019	100	PO3, PO4, PO5, PSO1
8.	MSTP	20-08-2019 to 28-02-2020	32	PO3,PO4, P05, PSO1
9.	Problem Solving Skills Using C	2-09-2019 to 7-09-2019	100	PO4,PSO1
10	Game Developing Using BUILDBOX	17-03-2020 to 19-03-2020	100	PO2,PO4,P05, PSO1
11	Python Programming	18-03-2020 to 20-03-2020	100	PO1,PO2,PO3,PO4,P05, PSO2

**Table B.2.2.4.b: Utilization details of APSSDC Lab**

**Effectiveness of APSSDC Lab:**

- Students are benefitted with hands on experienced training workshops, projects, Nano Degrees of Udacity and Coursera.
- Training programs provide a great opportunity for students to expand their knowledge base and increase their efficiency and productivity.
- Students use their training to keep up with the latest advancements in technology.
- Training and development can help students to perform better in the campus placements as they become more skilled than before.
- Training can increase the quality of the student.
- Students work independently and require less supervision than before.
- Students can use their knowledge from the training to do projects and help other students.
- Students perform better with greater efficiency than before.
- More confidence is built among students and performed well.

## II. Internet of Things (IoT) Lab

Texas Instruments, Bangalore conducted a national level DrishTI online exam to our students to test their technical competency. Around 2300 students participated in this exam and more than 90% of them are qualified. As a token appreciation, Texas Instruments sponsored Teaching labs by procuring latest hardware related to IoT and microcontrollers.

The students of Information Technology enhance their knowledge towards developing of IoT applications by gaining knowledge on IoT domain within the campus and to stay ahead of their peers. IoT test bed is an open and developing ecosystem of edge devices, communication protocols, cloud-based platforms and application with a focus on cost-effective IoT technologies.

### Overview of IOT Lab:

The lab is being utilized for implementing IoT based projects for real time applications. The lab is equipped with hardware kits and software required to carry out simulations. The lab is also equipped with IoT Development board self starting learning kits and various sensors to make the students practically find a solution to real-time issues. The following are the Kits Sponsored by TI kits from STEPS Knowledge services Pvt. ltd will be used by Department of IT for academic purpose:

Sl. No	Description of the hardware	Quantity
1	CC3200 Simple Link Wi-Fi Launch Pad	15
2	EK-TM4C729EXL	2
3	MSP 430 EXP G5 Launch Pad	8
4	RF Booster Pack CC110L	4
5	37 Sensors Kit	1
6	BBONE-BLACK-WIRELESS	2

**Table B.2.2.4.c: List of Hardware available in the IoT Lab**

### Objectives of IOT Lab:

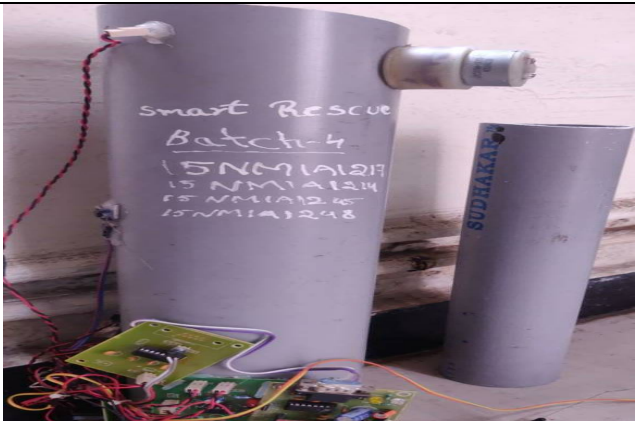

- IoT lab is used to design and develop IoT based real-time projects and supporting in developing research activities.
- Develop projects that are cost effective and socially relevant.
- Students and faculty can utilize IoT test bed available in IoT lab to get hands-on exposure on IoT platform.

- To develop trained manpower through student projects in the field of IoT based application development.

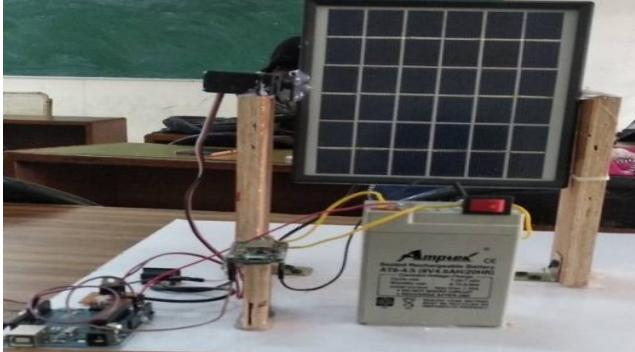

**Utilization of IoT Lab:**

Students developed IoT based projects like Health Monitoring System, Smart Home Safety System and Smart Irrigation etc., to participate in various technical events. The projects developed in the IoT lab are listed in TableB.2.2.4.d.

Projects developed by students in IoT Lab.

Sl. No.	Student details	Project Title	Description	Prototype	Relevance to POs and PSOs
1.	15NM1A1214 B Sneha Latha 15NM1A1217 D Pravallika 15NM1A1245 R UmaMaheswari 15NM1A1248 S Madhavi	Smart Rescue System for Bore well.	The model is developed in order to rescue children and other small creatures from bore well. This consists of a sensor kept at top of bore-well.		PO1-PO12, PSO1, PSO2

**CRITERION 2****Program Curriculum and Teaching- Learning Processes**

2	16NM1A1215 Gollavilli Uma 16NM1A1202 Alapati Srivaishnavi 16NM1A1230 Kothapalli Venkata Madhavi Latha 16NM1A1228 Kongara Bhargavi	Automatic Solar Tracker.	This system will rotate according to the position of the sun. The operation of the experimental model of the device is based on a servo motor which is intelligently controlled by an Arduino.	 A photograph of an automatic solar tracker. It features a small solar panel mounted on a wooden frame. The frame is supported by two vertical wooden posts. A servo motor is visible, connected to the solar panel, which is used to rotate the panel towards the sun. A battery pack is connected to the system.	PO1-PO12, PSO1, PSO2
3	16NM1A1240 Panchandi Sirisha 16NM1A1232 MamidiRatna Magana 16NM1A1209 Chebolu Yamini	Smart Wheel Chair.	Smart Wheel Chair is mechanically controlled devices designed to have self-mobility with the help of the user command using head. This reduces the user's human effort and force to drive the wheels for wheelchair.	 A photograph of a smart wheel chair. It is a rectangular box-like structure with four black wheels. The top surface is white. A red LED light is visible on the side. The chair is designed for self-mobility and is controlled by a user's head.	PO1-PO12, PSO1, PSO2

**CRITERION 2****Program Curriculum and Teaching- Learning Processes**

4	16NM1A1221 Killada Sumanjali 16NM1A1226 KolluruSrihitha 16NM1A1206 Bhamidipati Sravani 17NM1A1239 Molli Sai Tanuja 17NM1A1253 SatujadaLikhita	Hand Robot.	Use of animatronics hand in the chemical industry has vast applications. As there is improvement, there is also being fewer forms of skin diseases. Moreover, it can be used as an alternative arm for the physically challenged persons.		PO1-PO12, PSO1, PSO2
5	16NM1A1221 Killada Sumanjali 16NM1A1240 Panchadi Sirisha 16NM1A1208 Bhavya Kumari Pentakota	IoT Based Remote Poster Launch.	The poster will be controlled via android mobile phone. They controlled the movement of the poster by sending instructions via Bluetooth from the android phone.		PO1-PO12, PSO1, PSO2

**CRITERION 2****Program Curriculum and Teaching- Learning Processes**

6	18NM1A1201 Addepalli Geetha Sri 18NM1A1221 Kamuju Naganandini 18NM1A1231 Nemani Sai Pallavi 18NM1A1242 Teki Sai Srujana	Interactive Assistant Using Face Recognition.	This Project follows an interactive assistant which is accessible by authorized personnel using face recognition and performs the user requests, using this assistant we launched a poster with the help of IoT in which the system use registered server module to connect with the node MCU to run the Arduino code which is connected with a DC motor to run the poster down.		PO1-PO12, PSO1, PSO2
---	--	---	--	---	----------------------------

**Table B.2.2.4.d: Projects developed by students in Internet of Things (IoT) Lab**

- IoT lab provided hands on experience to the students to address real time applications.
- Although the projects suggested are of very basic nature but carrying out these give the confidence to take up difficult ones.
- Students develop keen interest to explore various other interdisciplinary courses due to involvement of several varied technologies in IoT.
- Learning of students as a team improved with enhanced inter personnel communication skill.
- Professional ethics and ample opportunity for modern tool usage was improved as students use open source software and resources.

## **esources.**

### **B. Industry involvement in the program design and partial delivery of any regular courses to students (5)**

- ✓ The Department Advisory Committee (DAC) consults experts from the Industry and Professors from JNTUK and AndhraUniversity to always improve the students in all aspects.
- ✓ In addition, senior engineers from the industry are also consulted for upgrading the students to latest technologies.
- ✓ Workshops, Seminars and Guest Lectures are arranged to improve the student's skills.
- ✓ Involving industry experts in partial delivery of any regular courses for students.
- ✓ MoUs with industries facilitates both the students and faculty an opportunity to understand the concepts in a better way. MOU's was done with industries to emphasize on:
  - Internships
  - Project Works for Students
  - Industrial Visits
  - Students specific training
  - Faculty Development Programs

## List of Technical talks by Industry Experts

Sl.No	Topic of Seminar/ Guest Lecture/ Workshop	Resource Person with Designation	Date(s)	No. of Students Participated	Relevance to POs and PSOs
1	Game development using BUILDBOX Three days workshop	M Ravi Kishore, Trainer	17-03-2020 to 19-03-2020	54	PO5,PO9,PO10,PO 11,PSO1,PSO2
2	Python Programming Three days workshop	Mr. Gopi, Trainer	18-03-2020 to 20-03-2020	55	PO5,PO9,PO10,PO 11,PSO1,PSO2
3	MSTP Workshop	Mr. Gopi, Trainer	20-8-2019 to 28-2-2020	15	PO3,PO4,PO5,PSO 1,PSO2
4	IOT Workshop	Mr. Bharat Golgani, Program Developer	28-08-2018 to 30-08-2018	50	PO3,PO4,PO5,PSO 1,PSO2
5	Mean stack Workshop	Mr.Intiaz Mehendi Program Developer	16-08-2018 to 18-08-2018	54	PO3,PO4,PO5,PSO 1,PSO2
6	Google android developer workshop phase 1	Mr.T.Pavan Kumar Reddy, Mr.P.Prabhu Sandhya, Mrs.N.Devi Anusha	07-12-2018 to 09-12-2018	20	PO7,PSO1,PSO2
7	SCALE	Shreya Adabala, SanketDhadke, RafaeShaik, Hashmitha Rani	26-06-2018 to 28-06-2018	10	PO7,PSO1,PSO2
8	Computational thinking and problem solving skills using C	Ms. Narmada Mani, Ms. Lalitha Devi	18-02-2019 to 23-02- 2019.	54	PO7,PSO1,PSO2
9	Game Development & Game Designing Workshop	Mr.G.Ravi kishore	07-01- 2019.	50	PO3, PO4, P05, PSO1,PSO2

10	Technical Talk On Machine Learning	Mr Kiriti Velivela, Senior Manager, Startup Accelerator	12-02-2019	54	PO3, PO4, P05, PSO1,PSO2
11	Multi Architecture and Programming	Alapati Praveen Kumar	22-02-2019	50	PO7
12	Game development and game designing workshop	APSSDC Team	07-01-2019 to 09-01-2019	50	PO7

**Table B.2.2.4.e:List of Technical talks by Industry experts**

In order to make our students industry ready, we take the support of various eminent industrialists. They are part of our institute governing body in decision making and framing policies. With the inputs from these members, we encourage our students to take part in industrial tours and training programs. The following is the list of various industrialists who are part of our institute governing body.

**List of Industrialists associated with our institute**

S. No	Name of the Industrialist with designation	Industry	Association with our Institute
1	<b>Dr CD Malleswar</b> Former Director-NSTL, DRDO Dr Raja Ramanna Distinguished Fellow	Naval Science & Technological Laboratory (DRDO)	Chairman of Governing Body from June 2017 to October 2019
2	<b>Dr. V.Bhujanga Rao</b> ISRO Chair Professor Former DG-DRDO- Delhi. Former Director-NSTL Vizag	National Institute of Advances Studies, IISc Campus, Bangalore.	Chairman of Governing Body from November 2019
3	<b>Dr. V. ViziaSaradhi,</b> Former Director	HPCL, Mumbai.	Governing Body Trust Member from June 2017 to October 2019
4	<b>Sri.VenkataRayuluBonam,</b> Delivery Project Executive	IBM India (P) Ltd. Hyderabad	Governing Body Member from June 2017
5	<b>Mr.Srikanth Nandigam</b> Head Project Manager	Excel Global Solutions InfoTech Pvt. Ltd. VSEZ, Visakhapatnam	Governing Body Member from June 2017 to October 2019
6	<b>Dr. B.Subba Rao</b> Programe Director,	SAMEER-Centre for Electromagnetic Environmental Effects, Ministry of Electronics &	Governing Body Member from June 2017

		Information Technology, Visakhapatnam	
7	<b>Dr.Archana Sharma</b> Outstanding Scientist Head, PP & EMD	Bhabha Atomic Research Centre (BARC), Mumbai.	Governing Body Trust Member from November 2019
8	<b>Dr.Rishi Verma</b> Scientist-G	BARC, Atchutapuram Visakhapatnam.	Governing Body Member from November 2019
9	<b>Mr.Suresh Kumar Tankala</b> Lead Consultant	Wipro Limited, Visakhapatnam	Governing Body Member from November 2019

**Table B.2.2.4.f: List of Industrialists associated with our institute**

### C. Impact analysis of industry institute interaction and actions taken thereof(5)

The Industry-Institute Interaction is highly essential to run longer period for preparing the students, the manpower of world class in the field of science and technology by inculcating the various skills required by the industry, thereby contributing to the economic and social development at large.

Industry institute interaction is effected through

- i. Guest lectures by industry experts
- ii. Membership of industry experts in Institute Governing body
- iii. Membership of industry experts in Department Advisory committee
- iv. Industrial visits by students
- v. Student Project works with involvement of industry
- vi. Workshops /seminars /guest lecturers make the students gain knowledge on latest technologies and tools and they and practices.
- vii. Industry built Labs with modern methodologies provides a practical environment to implement creativity in project work

#### Impact analysis:

- Establishment of Industry-Institute Partnership /interaction Cell.
- Organizing Workshops, conferences and symposia with joint participation of the faculty and the industries with students.
- Encouraging engineers from industry to visit the college to deliver lectures.
- Arranging visits of staff members to various industries.

- Professional consultancy by the faculty to industries.
- Industrial testing by faculty & students at site or in laboratory.
- Joint research programmes and field studies by faculty and people from industries.
- Visits of faculty to industry for study and discussions or delivering lectures on subjects of mutual interest.
- Visits of students to industry in upgrading their skills.
- Visits of industry executives and practicing engineers to the Institute for seeing research work and laboratories, discussions and delivering lectures on industrial practices, trends and experiences.
- Memoranda of Understanding between the Institute and industries to bring the two sides emotionally and strategically closer.
- Human resource development programmes by the faculty for practicing engineers.
- B.Tech. projects work in industries under joint guidance of the faculty and experts from industry.
- Short-term assignment to students/faculty members in industries.
- Visiting faculty/professors from industries.
- Scholarships/fellowships instituted by industries at the Institute for students.
- Practical training of students in industries.

**The list of MOUs with various companies is listed below in Table B.2.2.4.g.**

<b>S.No.</b>	<b>MOU with companies</b>	<b>Description</b>	<b>Date of MoU</b>
1.	Techno Soft solutions(TSS), Visakhapatnam	Imparting training courses	09.01.2012
2.	Globarena Technologies(P) Ltd., Hyderabad	Centre of Excellence for e-resource Development and Deployment Project (CoEeRD)	06.03.2012
3	Randstad India Limited, Chennai	Providing Job placements	05.04.2013
4.	COIGNEDU & IT Services(P) Ltd., Hyderabad	Imparting Training courses	03.07.2014
5.	Smart & Soft solutions, Visakhapatnam	Certification Training of Microsoft IT Courses	23.07.2014
6	Focus Academy for Career Enhancement(FACE), Coimbatore	IBM Specific aptitude cracker programme	02.12.2014
7.	Focus Academy for Career Enhancement(FACE), Coimbatore	Campus placement Cracker programme	14.02.2015
8.	Focus Academy for Career	Company Specific aptitude cracker	06.08.2015

	Enhancement(FACE),	programme	
9.	M/s.GRAFX IT Solutions Pvt. Ltd.,	Skill Development Programme	27.08.2015
10.	Leadership 'Foundation', Srikakulam.	Technology incubation Hub	05.01.2016
11.	Talentio solutions India Pvt. Ltd., Hyderabad.	Skill Enhancement Programme	17.02.2016
12.	Focus Academy for Career Enhancement(FACE), Coimbatore	WIZARD IT	03.05.2016
13.	Omni RK Super Specialty Hospital	Health Checkup/Treatment	29.06.2017
14.	Confederation of Indian Industry(CII), Visakhapatnam	Influence inspire and motivation of Students	25.07.2017
15	APSSDC, Vijayawada	To make qualitative improvements in imparting Technical Skills.	25.07.2017
16	Brain O Vision	Provides technical training for executing outsourced projects.	02.01.2018
17	Satvat Infosol Pvt. Ltd.,	Infrastructure cum Facility	27.09.2018
18	APSSDC, CM's Skill Excellence Center	Implement Structured and pragmatic solutions towards skills development	29.07.2019
19	NIT, Warangal Electronics and ICT Academy	Organizes various programs to improve the quality of teaching quality of Education	30.08.2019
20	PARAMARSH Scheme from UGC	Quality Education to the next generation	26.08.2019

**Table B.2.2.4.g List of MOUs between VIEW and Various Companies**

### **2.2.5: Initiatives related to industry internship/summer training (15)**

*(Mention the initiatives, implementation details and impact analysis)*

Assessment of PO & PSO attainment for the current academic year, feedback analysis from alumni and industrial experts helps us to improve the industry interaction process for the students. Every year the students are motivated to undergo industrial/internship training during semester break for a period of at least two weeks to get industrial exposure. The students with the support of the department approach the industries with a request for seeking training. The acknowledgment received by the industry will be forwarded to head of the institute to get permission to undergo training. A report on the work carried out during the tenure will be provided by the students to the department after successful completion of training. Assessment on training is conducted either by a seminar or by viva-voce. The feedback analysis on the training is collected for taking necessary measures to improve the process.

**A. Industrial training/tours for students (3)**

Industrial visit has its own importance in a career of a student who is pursuing a professional degree. It provides students an insight regarding internal working of companies. Theoretical knowledge is not enough to an engineer for making a good professional career. With an aim to go beyond academics, the department of IT arranges for industrial visits every year to all the third year and final year students. Faculty are also permitted to visit the industries to gain the practical oriented experience.

Sl.No.	No. of Students Visited	No. of Faculty Visited	Name of the Industry	Date	Relevance with POs and PSOs
1	40	2	AMTZ - Viskhapatnam	10-12-2019	PO5, PO10, PO11 PSO2

**Table B.2.2.5a: Details of Industrial Visits**

**Figure B.2.2.5.a: Industrial Visits**

**B. Industrial/internship/summer training of more than two weeks and post training assessment (4)**

The students of IT program are motivated to go for internship at various industries in the semester break. The institute supports students by sanctioning permission to visit industries and gain practical knowledge. The students undergo internship training for a period of one week to a maximum of 60 days. A report on training undergone by the students as a team or as an individual is to be submitted after successful completion of their internship. The

**CRITERION 2****Program Curriculum and Teaching- Learning Processes**

training helps them to think innovatively in solving real time problems and implement as working models. The lists of students undergone industrial training or internship are given below.

Academic Year	No. of Students
2019-20	08
2018-19	07
2017-18	07

Industrial Internships/ Trainings 2019-20

**Table B.2.2.5.d : Industrial Internships/Trainings 2017-18**

**Post Training Assessment:****i) Post Training Certification:**

Certification is one of the most important elements of training and essential to increase the uptake and encourage the completion of training. The students are awarded with certificates after the summer training Internship. A sample certificate is shown in Figure:

**B.2.2.5.1. b**

**Figure B.2.2.5.b: Student internship certificate**

**ii) Post Training Evaluation:**

- Post Training Evaluation is a very important part of the learning and development process and checks whether the training has had the desired effect.
- Training evaluation ensures that whether students are able to implement their learning in their respective courses.
- The tests and assessments are designed and conducted to all the students who underwent training, and results presented back to the learners to understand their level of training.
- The exam is online in which 10 MCQs are given on the trained topic.
- The students have to give the exam before 1 week after the training.

- The students who have scored at least 50% of marks in the exam only can claim that they have completed their training.

The sample evaluation form for MAQ Solutions is shown in Figure B.2.2.5.c.

**MAQ Solutions - Assessment**

Form description

1. Explain about the constraints in DBMS . \*

Short answer text

2. Difference between DFS, BFS and Binary Search ? \*

Short answer text

3. What is the complexity of not in operator . \*

Short answer text

4. What are the different keys and Explain the difference between primary key and foreign key . \*

Short answer text

5. Difference between drop and truncate commands. \*

Short answer text

**Figure B.2.2.5.c: Post training evaluation sheet for MAQ Solutions**

The students are also evaluated by sending an evaluation form from the department to the organization they underwent training`. They are requested to fill the feedback of the student and reply again. The sample feedback form given by the trainer is shown below in Figure B.2.2.5.d.

## Summer Training Evaluation Form (Confidential Report)

Student Name	Student ID	Department	Specialization

Figure B.2.2.5.d: Post training evaluation sheet of the Student from the Industry Trainer

## C. Impact Analysis of Industrial Training (4)

For the last two years around 50 students received training from various industries in and around Andhra Pradesh during semester break. The major industries in which students have undergone training are MCQ, HPCL, ECIL, ATOM, INTERNSHALA and etc.

- Awareness on recent tools used in industry help them to learn and grab opportunities in various MNC companies.
- Industry expert interaction helps them to understand the need of applying contextual knowledge to assess societal, health and safety issues.
- The visit to industry helps the student to improve the practical knowledge of the processes and systems.
- Students are motivated towards research based knowledge by improving their degree through higher studies.

Academic Year	No. of students				
	Participated in Industrial training/ tours	Implemented product based projects	Students Placed	Students Successfully graduated	Implemented research based projects
2019-20	8	4	6	8	2
2018-19	7	4	7	7	3
2017-18	7	3	7	7	2

**Table B.2.2.5.e: Impact Analysis of Industrial Training**

**D. Student Feedback on Initiative (4)**

The feedback from the students who have visited the industries for internship/ training is collected and reviewed for further improvement in conducting such activities. The feedback collected helps the department to take necessary measures to improve and increase such activities that benefits the successive student batches. The following are some of the comments received by the students after their successful completion of training / industrial visit:

- Demonstrate software tools like power BI in MAQ Software.
- Discuss various concepts like networks and sensors in HPCL.
- Various students of our department are the ISPs have done some internship programs like Digital Marketing, Python Programming etc..
- Discuss digital marketing and content creating in alliance excellence refined.
- Discuss IOT Concepts on ATOM Software solutions.

A sample feedback form for Industry internship/summer training is shown in Figure:  
B.2.2.5.e.

**VIGNAN'S INSTITUTE OF ENGINEERING FOR WOMEN**  
**Department of Information Technology**  
**Internship/Summer Training Feedback Form**

Training Duration/Date:

Name of the Industry undergone training

1. How would you rate the usefulness of the content learnt at training place?  
(1    2    3    4    5)
2. How would you rate the hands-on experience at training place?  
(1    2    3    4    5)
3. Did the training program achieve your program objectives?  
(Yes            No)
4. Was the training above or below your current skill level?  
(Above        Below        Just right)
5. What did you like best of find most useful about the training?
6. Were your personal learning goals met through this training? "No ," please describe those expectations that were not met.
7. Any other comments / suggestions?
8. Overall, how would you rate the internship program?  
1. Excellent    2. Very Good    3. Good        4. Satisfactory    5. Poor

**Figure B.2.2.5.e: Feedback form for Industry Internship/Summer Training**

In 2019-20, the numbers of students completed industrial training in HPCL are 5. The feedback is collected from all the students and consolidated. The consolidated report is given below.

S.No	Parameter	Feedback grades				
		5	4	3	2	1
1	Usefulness of the content learnt at training place	3	2	-		
2	Hands on experience at training place	4	1			
3	Was the training above or below your current skill level	3	2			
4	Overall, how would you rate the internship/ training program	4	1			
5	Did the training program achieve your program objective	Yes: 5		No: Nil		

**Table B.2.2.5.f: Feedback Analysis of HPCL Industry Visit**

<b>Criterion 3</b>	<b>Course Outcomes (CO) and Program Outcomes (PO)</b>	<b>120M</b>
3.1	Establish the Correlation between the Courses and the Program Outcomes (POs) and Program Specific Outcomes (PSOs)	20M
3.2	Attainment of Course Outcomes	50M
3.3	Attainment of Program Outcomes and Program Specific Outcomes	50M

Criterion 3	Course Outcomes (CO)& Program Outcomes (PO)	120 M
-------------	---	-------

### 3.1 Establish the correlation between the courses and Program Outcomes (POs) and Program Specific Outcomes (PSOs) (20)

*(Program Outcomes as mentioned in Appendix I of SAR and Program Specific Outcomes as defined by the Program)*

#### Program Specific Outcomes (PSOs):

Graduates are able to:

- 1 Apply the concepts of optimal coding skills on Data Science, Cryptography and Network Security to solve complex problems
- 2 Excel in Internet of Things (IoT) and Artificial Intelligence Concepts.

#### 3.1.1. Course Outcomes (COs)(SAR should include course outcomes of one course from each semester of study, however, should be prepared for all courses and made available as evidence, if asked)(05)

The course coordinator, module coordinator, and the faculty member of the respective course collaborate themselves and draft the statements for course outcomes with the approval of Program Coordinator. The outcomes of individual courses considering one per semester are presented for three consecutive academic years 2017-18, 2018-19, 2019-20.

#### Course Outcomes of admitted batch: 2014

Course Name: <b>Data Structures</b> ; Year of Study: <b>2015-16</b> ; Year/Sem.: <b>II/I</b>	
<b>C205.1</b>	Classify data structures and implement various recursive problems and linear data structures to relate real world applications,
<b>C205.2</b>	Develop linear data structures using stack and queue operations for storing and evaluating the input data.
<b>C205.3</b>	Demonstrate linear data structures using arrays and linked lists and the ability to apply them to solve generic problems.
<b>C205.4</b>	Utilize non-linear data structures using various operations to create tree structures.
<b>C205.5</b>	Illustrate data structure algorithms using applications of binary search tree and graphs.
<b>C205.6</b>	Evaluate minimum cost spanning trees and shortest path using various applications of

	graph algorithms.
--	-------------------

Course Name: <b>Java Programming</b> ; Year of Study: <b>2015-16</b> ; Year/Sem.: <b>II/II</b>	
<b>C211.1</b>	Summarize the concepts of object oriented programming for constructing simple java programs
<b>C211.2</b>	Make use of primitive types, operators, control statements and other functions for defining classes, objects and members of a class.
<b>C211.3</b>	Write java programs for implementing the concepts of inheritance, interfaces and packages.
<b>C211.4</b>	Construct, debug and run programs using the concepts of multithreading.
<b>C211.5</b>	Develop a GUI based applications using applets and event handling techniques.
<b>C211.6</b>	Write code snippets using swings and abstract window toolkit (AWT).

Course Name: <b>Database Management System</b> ; Year of Study: <b>2016-17</b> ; Year/Sem.: <b>III/I</b>	
<b>C304.1</b>	Outline the architecture of DBMS and provide the knowledge on levels of abstraction
<b>C304.2</b>	Construct the relational model and experiment with Structured Query Language
<b>C304.3</b>	Construct the E-R model to design databases and experiment with database translation to solve real world applications
<b>C304.4</b>	Relate and Plan the concept of data abstraction and database design using normalization
<b>C304.5</b>	Utilize the ACID properties in transaction management and interpret concurrency control mechanisms
<b>C304.6</b>	Categorize various file organizations and indexing for faster retrieval of data, persistent storage of data

Course Name: <b>Data ware housing &amp; Mining</b> ; Year of Study: <b>2016-17</b> ; Year/Sem.: <b>III/II</b>	
<b>C311.1</b>	Outline the need for data mining
<b>C311.2</b>	Build the data using preprocessing techniques for effective data mining
<b>C311.3</b>	Discuss OLAP technology for Data Warehouse
<b>C311.4</b>	Discuss different classification techniques using decision tree

<b>C311.5</b>	Illustrate the process of generating association rules
<b>C311.6</b>	Distinguish different clustering algorithms

<b>Course Name:UML &amp; Design Patterns; Year of Study:2017-18; Year/Sem.:IV/I</b>	
<b>C402.1</b>	Summarize the concepts of Object oriented design and design patterns for developing good design using Unified Modelling Language
<b>C402.2</b>	Simulate the FURPS model using use case diagrams for different case study with respective to Unified process artifacts.
<b>C402.3</b>	Make use of GRASP pattern for use case realizations to represent mapping of design to code.
<b>C402.4</b>	Restate the different design patterns for structuring the UML diagrams for solving real time problems
<b>C402.5</b>	Illustrate various behavioral and architectural models for implementing various designs.
<b>C402.6</b>	Articulate the relationships among use cases, domain and packaging models used for representing various designs of a system.

<b>Course Name:Human Computer Interaction; Year of Study:2017-18; Year/Sem.:IV/II</b>	
<b>C410.1</b>	Illustrate the capabilities of both human and computer from the view point of human information processing
<b>C410.2</b>	Express typical human computer interaction (HCI) models, styles and various historic HCI paradigms
<b>C410.3</b>	Summarize an interactive design process and universal design principles to designing HCI systems
<b>C410.4</b>	Describe and use HCI design principles, standards and guidelines
<b>C410.5</b>	Identify user models and user support, socio organizational issues, and stakeholders requirements of HCI systems
<b>C410.6</b>	Discuss the tasks and dialogues of relevant HCI systems based on tasks analysis and dialog design

**Table B 3.1.1.a****Course Outcomes of admitted batch: 2015**

<b>Course Name:Object Oriented Analysis through C++; Year of Study:2016-17; Year/Sem.:II/I</b>	
<b>C202.1</b>	Describe the basic terminology used in object oriented programming through C++.

<b>C202.2</b>	Develop programs involving decision structures, loops and functions
<b>C202.3</b>	Write programs using classes, objects and member functions
<b>C202.4</b>	Distinguish constructors, destructors and overloading concepts
<b>C202.5</b>	Build the concepts of Inheritance and Polymorphism in programming
<b>C202.6</b>	Analyze file stream classes, templates and can handle exceptions

Course Name: <b>Advanced Data Structures</b> ; Year of Study: <b>2016-17</b> ; Year/Sem.: <b>II/II</b>	
<b>C212.1</b>	Relate sets, dictionaries, hashing and skip lists
<b>C212.2</b>	Build Balanced trees and examine their operations.
<b>C212.3</b>	Interpret heaps, Binomial queues and their operations
<b>C212.4</b>	Apply various graph algorithm techniques to solve computing problems
<b>C212.5</b>	Analyze complexities of various sorting techniques along with their lower bounds.
<b>C212.6</b>	Illustrate various models of tries, pattern matching algorithms and design of file structures

Course Name: <b>Advanced Java</b> ; Year of Study: <b>2017-18</b> ; Year/Sem.: <b>III/I</b>	
<b>C303.1</b>	Develop static web pages using various HTML Tags
<b>C303.2</b>	Demonstrate the multi-tier architecture of web based enterprise applications using enterprise java beans
<b>C303.3</b>	Develop dynamic web pages using Servlets
<b>C303.4</b>	Construct a Web applications using Java Server Pages
<b>C303.5</b>	Construct JSP Web applications using Custom tags
<b>C303.6</b>	Build Database applications using Servlets and JSP

Course Name: <b>Web Technologies</b> ; Year of Study: <b>2017-18</b> ; Year/Sem.: <b>III/II</b>	
<b>C314.1</b>	Build the web pages using HTML,CSS and Java script

<b>C314.2</b>	Illustrate the working of XML used for distributing data over the Internet with the suitable examples.
<b>C314.3</b>	Develop web pages to be updated asynchronously by exchanging data with a web server behind the scenes and also build simple client-side scripts using AJAX.
<b>C314.4</b>	Construct web applications using PHP.
<b>C314.5</b>	Develop programs through PERL
<b>C314.6</b>	Solve and examine the real world problems using Ruby

<b>Course Name: Cryptography and Network Security; Year of Study: 2018-19; Year/Sem.: IV/I</b>	
<b>C401.1</b>	Describe the solutions for various security threats, attacks and hacking and learn the fundamentals of number theory
<b>C401.2</b>	Summarize the strengths and weakness of various symmetric algorithms
<b>C401.3</b>	Classify the concepts of Number theory in asymmetric encryption algorithms
<b>C401.4</b>	Illustrate various authentication methods in real world scenario
<b>C401.5</b>	Discuss user authentication in Transport layer security and email security
<b>C401.6</b>	Establish IT security and intrusion detection techniques in real world scenario

<b>Course Name: Distributed Systems; Year of Study: 2018-19; Year/Sem.: IV/II</b>	
<b>C411.1</b>	Describe the important characteristics and the silent architectural features of distributed systems
<b>C411.2</b>	Develop practical oriented approach on inter-process communication in a distributed environment.
<b>C411.3</b>	Illustrate communication among distributed objects, object models and design issues for Remote Invocation utilizing Java RMI case study.
<b>C411.4</b>	Discuss the process of creating the new threads and processes in operating system and different layers of operating system.
<b>C411.5</b>	Determine the features and applications of important standard protocols that are used in distributed systems.
<b>C411.6</b>	Identify the way distributed system transactions and its replication strategies are implemented using concurrency control technique.

Table B 3.1.1.b

## Course Outcomes of admitted batch: 2016

Course Name: <b>Statistics with R Programming</b> ; Year of Study: <b>2017-18</b> ; Year/Sem.: <b>II/I</b>	
<b>C201.1</b>	Explain the need for learning a programming language for analyzing the statistical data
<b>C201.2</b>	Use online resource for R and import new packages into the R workspace
<b>C201.3</b>	Import, review, manipulate and summarize data-sets in R
<b>C201.4</b>	Integrate the graphs into statistical analysis
<b>C201.5</b>	Practice various math and statistical function in R
<b>C201.6</b>	Analyze statistical tests using R, create and edit visualizations

Course Name: <b>Computer Organization</b> ; Year of Study: <b>2017-18</b> ; Year/Sem.: <b>II/II</b>	
<b>C212.1</b>	Describe the structure of a computer and the data representations
<b>C212.2</b>	Explain the functioning and the importance of the processor
<b>C212.3</b>	Illustrate various instruction formats and addressing modes
<b>C212.4</b>	Solve basic arithmetic operations using binary and decimal representation
<b>C212.5</b>	Differentiate the types of memory and their role in the computer
<b>C212.6</b>	Interpret the functioning and advantages of multiprocessors

Course Name: <b>Unix and Shell Programming</b> ; Year of Study: <b>2018-19</b> ; Year/Sem.: <b>III/I</b>	
<b>C302.1</b>	Summarize the history of UNIX operating system, UNIX components and Demonstrate basic UNIX commands.
<b>C302.2</b>	Make use of UNIX file system hierarchy and architecture to experiment with file utility commands like chmod, chgrp, chown.
<b>C302.3</b>	Develop new commands using command line arguments, shell variables and I/O redirection.
<b>C302.4</b>	Make use of grep, awk, SED stream editors for file processing.
<b>C302.5</b>	Develop shell script by analyzing shell programming constructs
<b>C302.6</b>	Illustrate about child and parent process, internal and external commands.

Course Name: <b>Data Mining</b> ; Year of Study: <b>2018-19</b> ; Year/Sem.: <b>III/II</b>	
<b>C310.1</b>	Outline the need for data mining
<b>C310.2</b>	Build the data using preprocessing techniques for effective data mining
<b>C310.3</b>	Discuss OLAP technology for Data Warehouse
<b>C310.4</b>	Discuss different classification techniques using decision tree
<b>C310.5</b>	Demonstrate the process of generating association rules
<b>C310.6</b>	Distinguish different clustering algorithms

Course Name: <b>Mobile Computing</b> ; Year of Study: <b>2019-20</b> ; Year/Sem.: <b>IV/I</b>	
<b>C402.1</b>	Illustrate the concept of mobile computing paradigm, its novel applications and limitations, Identify mobile networking infrastructure through a popular GSM protocol.
<b>C402.2</b>	Discover MAC layer and identify different issues and solutions for MAC layer.
<b>C402.3</b>	Examine the use of Mobile IP Protocol.
<b>C402.4</b>	Discover Transport layer and explain various Database Hoarding & Caching Techniques.
<b>C402.5</b>	Distinguish different Data Delivery Mechanisms and Data Dissemination models.
<b>C402.6</b>	Classify various routing algorithms and focus on mobile computing platforms.

Course Name: <b>Distributed System</b> ; Year of Study: <b>2019-20</b> ; Year/Sem.: <b>IV/II</b>	
<b>C409.1</b>	Demonstrate the Characterization and the salient architectural features and fundamental models of Distributed Systems
<b>C409.2</b>	Analyze the important Characteristics of Inter-process communication and the features and applications of the standard protocols that are used in distributed systems
<b>C409.3</b>	Illustrate the remote method invocation using distributed objects with a case study
<b>C409.4</b>	Discuss the Processes and thread creation and Protection in Operating System

<b>C409.5</b>	Outline various algorithms used in coordination of distributed systems and Distributed File Systems
<b>C409.6</b>	Illustrate about transactions and its recovery strategies in distributed systems

Table B 3.1.1.c

### 3.1.2. CO – PO Matrices of courses selected in 3.1.1 (Six matrices to be mentioned; one per semester from 3<sup>rd</sup> to 8<sup>th</sup> Semester)(05)

The Course Outcome mapping with the POs and PSO are represented in the below tables. The mapping values are expressed as 3 (Substantial-High), 2 (Moderate-Medium) and 1(Slight-Low).The table consists of the correlation of the outcomes which are defined in Sec. 3.1.1 with respect to Program Outcomes and the Program Specific Outcomes

#### Admitted Batch: 2014

Course Name: <b>Data Structures</b> ; Year of Study: <b>2015-16</b> ; Year/Sem.: <b>II/I</b>

Table B.3.1.3.f: Course-PSO Matrix for all Courses of admitted batch 2016

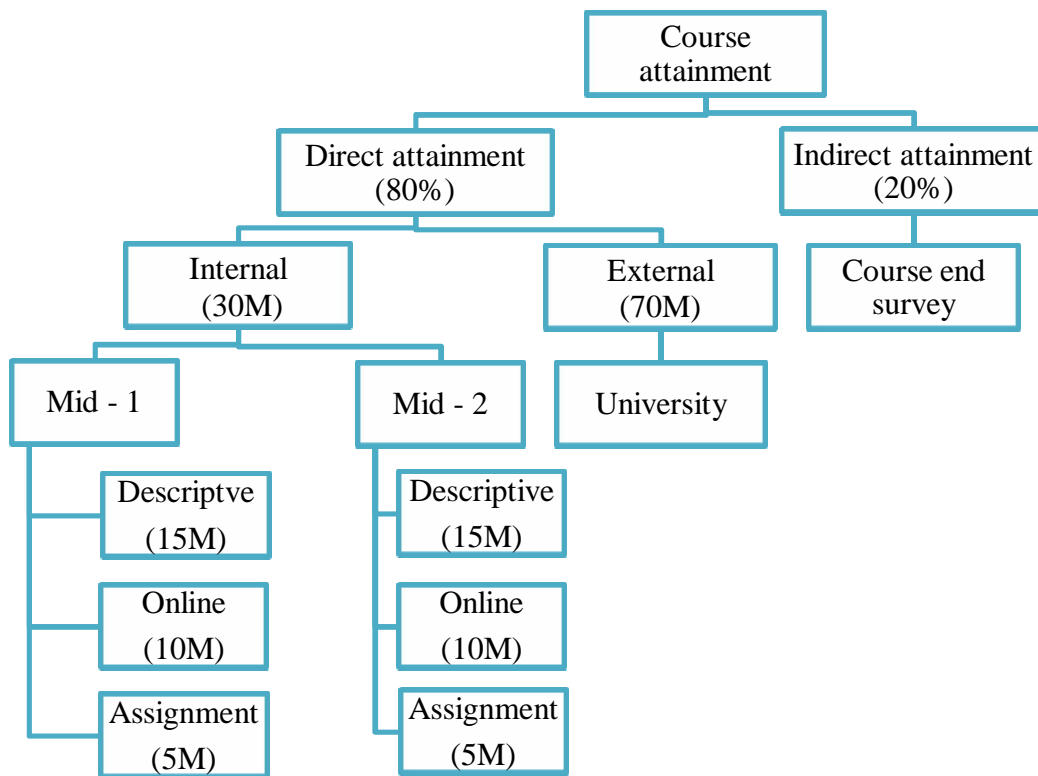

**3.2. Attainment of Course Outcomes(50)**

**3.2.1 Describe the assessment processes used to gather the data upon which the evaluation of the course outcome is based (10)**

*(Examples of data collection processes may include, but are not limited to, specific exam/tutorial questions, assignments, laboratory tests, project evaluation, student portfolios (A portfolio is a collection of artifacts that demonstrate skills, personal characteristics and accomplishments created by the student during study period), internally developed assessment exams, project presentations, oral exams, etc.)*

**Assessment Process:**

The attainment of course outcome is calculated based on the performance of the students in internal assessments and in University examination of the course, followed by taking up the course exit survey from the students at the end of the semester. The Direct Attainment contributes 80%, out of which 30% contributes to Internal Examinations (MIDs) and 70% contributes to University Examination. The Indirect Attainment contributes to 20% that is evaluated by taking the feedback at the end of the course from the students.

**Figure 3.2.1.a:Course Outcome Assessment tool for theory courses**

**1. Theory Courses:**

The diagrammatic representation for computing the direct attainment for theory courses is shown in the Figure. 3.2.1.a. It is based on the results of:

- a. Internal (MID) Examinations :30M**
- b. External (University) Examinations:70M**

**a. Internal Examinations (30M)**

The examination pattern for conducting the internal exams is prescribed by the Jawaharlal Nehru Technological University, Kakinada (JNTUK). Two Internal examinations i.e. MID-I and MID-II are conducted. The first three units are considered for MID-I and the remaining three units for MID-II. Similarly, six assignments are given in each semester (one from each unit). The first three assignments are considered for MID-I and the next three units for MID-II. In each of these two MID examinations, each student is evaluated for 30 marks with the following split:

- Descriptive Exam with the question paper set by concerned Faculty      15 Marks
- Objective Exam with the question paper set by the University      10 Marks
- Assignment Questions prescribed as per Course Faculty      05 Marks

**i. Descriptive Exam (15M):**

The question papers for descriptive exams are drafted with reference to the course outcomes that are listed in section 3.1.1 under the supervision of course coordinator. A total of three questions are framed for each MID using the Bloom's Taxonomy action verbs. The answer scripts are evaluated by the respective faculty under the supervision of course coordinator with a scheme of evaluation.

**ii. Objective Exam (10M):**

The objective exam is conducted under the supervision of JNTUK. A total of 20 multiple choice questions are presented by the University itself, which the students have to complete in a given interval of time. After completion of the exam, the marks are instantly displayed on the screen.

**iii. Student's Assignment (5M):**

The assignment questions are provided to the students by the respective faculty at the end of each unit. These questions are based on different parameters such as application-

oriented, problematic, programmatic, analytical, etc depending on the course. The marks allotted for the assignments are averaged for the two mid exams.

**Note:** For R13 Regulation, among the two mid examinations, best of one is considered by the University, where as R16 is concerned, 80% of best of the two mid and 20% of the remaining mid is considered by JNTUK.

#### **b. External Evaluation**

It is purely based on the results of the Examinations conducted by the Jawaharlal Nehru Technological University, Kakinada at the end of every semester. The duration of the examination is 3 hours. The institute does not have any access to the answer scripts of the students due to which evaluation of individual course outcomes is not possible. The University provides details regarding the marks scored by the students and those marks are uniformly distributed among all the course outcomes of a respective course.

The course attainment process is explained in detail using the courseData Structures with course code C205 from II year. The Steps involved in this evaluation is as follows:

#### **Internal Assessment Steps:**

1. Initially, after the successful completion of conducting the Internal (MID) examination, the evaluation process is started. Two Internal Examinations are conducted per semester [MID - I & MID - II].
2. For each Internal Assessment, three Questions are provided from the respective course, one from each unit. The marks achieved by the students for each Internal Assessment are recorded as represented in the table B.3.2.1.a and B.3.2.1.b.
3. In a similar manner the marks for the assignment question from each unit are updated in table B.3.2.1.a and B.3.2.1.b.
4. Similarly, the marks achieved for the Online Quiz exam are updated in the table. The online Quiz marks are shared equally among all the COs covered in respective MID.
5. The weightage of each CO is the sum of marks obtained in each question of Descriptive exam, 1/3 part of Online quiz marks and 1/3 part of each assignment marks respectively.
6. The same weightage is been used to evaluate the remaining COs for both the Internal Examination i.e. MID - I and MID - II.

7. After successful completion of determining the marks for respective COs, the attainment levels for each course outcomes are evaluated based on the assessment tool represented in the table B.3.2.1.g.
8. The target level/Threshold is set in order to determine the number of students who have attained the respective course outcomes. For the internal assessment, the set target level/Threshold is 60%. Since the maximum marks for each course outcome are 10, based on the set threshold the target value is 6.
9. Based on the set threshold value the attainment level is assessed as follows:
  - a. Number of Students attended the exam = 16
  - b. Number of Students secured above the set target/Threshold (i.e. 6) is = 9
  - c. The percentage attained is :  $\frac{9}{16} * 100 = 56.25\%$
  - d. Since 56.25% is less than 60%, the attainment level achieved is 0 as per the table B.3.2.1.g.
10. The above step i.e. 9 is repeated for determining the attainment level for the remaining course outcomes.

**External Assessment Steps:**

1. For External Assessment the marks achieved by the students are provided by the affiliated University. The target marks/Threshold set for external assessment is 40%.
2. Since the maximum marks are 70, the threshold marks are: 28
3. The external marks are recorded as represented in B.3.2.1.c.
4. Based on the set threshold value the attainment level is calculated as follows:
  - a. Number of Students attended = 16
  - b. Number of Students secured above the set target/Threshold (i.e. 28) is = 14
  - c. The percentage is :  $\frac{14}{16} * 100 = 87.5\%$
  - d. Since 87.5% is greater than 80%, the attainment value achieved is 3 as per the table B.3.2.1.g.

**Table B.3.2.1.c: External Evaluation Process for Determining the Attainment Level**

Direct Attainment					Indirect Attainment	
	MID 1	MID 2	Internal	External	Feedback	
CO 1	0		0	3	CO 1	2.25
CO 2	1		1		CO 2	2.25
CO 3	0		0		CO 3	2.38
CO 4		3	3		CO 4	2.50
CO 5		3	3		CO 5	2.38
CO 6		1	1		CO 6	2.44
Average			1.33	3	Final Indirect Attainment	2.36
Weightage			30%	70%		
Attainment			0.40	2.1		
Final Direct Attainment			2.50			
Weightage			80%		20%	
Attainment			2.00		0.47	
<b>Course Attainment</b>			<b>2.47</b>			

**Table B.3.2.1.d: Consolidated Sheet for determining Course Attainment**

Table B.3.2.1.d represents the consolidated sheet of all the attainment levels of respective COs for Internal and External, including the indirect attainment that is recorded from the students at the end of the semester using the course exit survey represented in the Figure 3.2.1.b.

After recording the attainment level for MID 1 and MID 2, for the internal column, the average of MID 1 and MID 2 for respective COs is calculated. The external attainment level is shared equally among all the course outcomes. The final Direct Attainment is calculated using the formula:

$$\text{Final Direct Attainment} = 30\% \text{ of Internal Attainment} + 70\% \text{ of External Attainment}$$

After successful calculation of Final Direct attainment and Final Indirect Attainment, the course attainment is calculated using the formula:

$$\text{Course Attainment} = 80\% \text{ of Direct Attainment} + 20\% \text{ of Indirect Attainment}$$

Based on the formula represented above the course attainment is calculated. The Final value achieved for the Data Structures course is  $80\% \text{ of } 2.50 + 20\% \text{ of } 2.36 = 2 + 0.47 = \mathbf{2.47}$ .

The above process is applied for all the remaining courses for determining the course attainment for 3 consecutive years.

## **2. Practical:**

The evaluation process for computing the direct attainment for practicals is explained below. It is based on the results of:

- |                                      |   |          |
|--------------------------------------|---|----------|
| a. Internal Examination              | : | 25 Marks |
| b. University [External] Examination | : | 50 Marks |

**Internal Examination:** For practical courses, there will be a continuous evaluation during a semester for 25 marks. These marks are further classified into three variants. They are:

- |                              |   |          |
|------------------------------|---|----------|
| i. Day - to - Day Evaluation | : | 10 Marks |
| ii. Internal Lab Examination | : | 10 Marks |
| iii. Record Submission       | : | 05 Marks |

**University (External) Examination:** The end semester lab examination is conducted as per the JNTUK University prescribed guidelines. During the examination, one external examiner is appointed by the University. The internal examiner conducts the exam in the presence of an external examiner. The duration of the exam is 3- hours and it covers the entire syllabus of the course. Finally, the course outcomes are evaluated as per set attainments levels.

## **3. Seminar:**

For R13 regulation the students have to present the seminars two times, one during their II year and another during the III year. For R16 regulation the student has to present the seminar one time i.e. during the final year. The seminars are presented by the students individually.

For the seminar, the students are instructed to gather the information on a specific topic which is trending in the current scenario and prepare a technical report on it. The report drafted by the individual student is reviewed by the departmental committee that comprises of Program Coordinator, Seminar Coordinator, and a senior faculty member. The technical report is

evaluated for 50 marks. There is no external examination for the Seminar. The committee evaluates the seminar based on the parameters that are listed in table B.3.2.1.e.

Assessment Tool		
Internal Assessment	Description	
	Presentation	In the presentation, the individual student quality of presentation and their communication skills are evaluated.
	Viva-Voce	At the end of the presentation, the assessment committee and the student audience pose questions and try to clarify their doubts on the topic been presented. The effectiveness of the student response is assessed.
	Technical Report	A technical report is submitted at the end. It includes the presentation material, all relevant supplementary materials, along with detailed answer to all the questions asked during the presentation. All references related to the topic are to be included in the report submitted at the end. The students' ability is assessed based on the report

**Table B.3.2.1.e: Assessment Tool for Seminar**

#### 4. Project:

It is anticipated to be a challenge to the rational and novel abilities of students. It gives students the prospect to synthesize and apply the knowledge and analytical skills learned in the different disciplines. The total marks allocated for this are 200, out of which 60 marks are allocated for Internal Evaluation, and the remaining 160 marks are evaluated for External Evaluation. For internal evaluation, a committee is appointed which includes the Program Coordinator, the supervisor of the project, and a senior faculty member of the department. In a similar way for external evaluation to a committee is appointed the same as internal evaluation. In addition, an external examiner will be appointed by the affiliated university (JNTUK).

**a. Internal Evaluation:** It is based on the basis of three seminars given by the individual team on the topic of their project.

**b. External Evaluation:** It is done at the end of the semester by the committee members.

Project is generally meant to facilitate students to think innovatively on the development of different software products or technologies in the field of Information Technology. Students are expected to:

1. Perform a deep study of the topic assigned in light of the introductory report prepared in the seventh semester.

2. Analyze and finalize the approach to the problem.
3. Prepare steps for conducting the investigation, including teamwork.
4. Perform detailed analysis/ modelling/ simulation/ design/ problem solving/experiment as needed.
5. Develop a final product/ process, perform testing, and arrive at results and conclusions. If possible suggest future directions.
6. If desired prepare paper for presenting in conference or publishing papers in journals.
7. Prepare documentation in the standard format that is required for evaluation by the Internal project Review Committee.

**Assessment tools used to evaluate project work:**

<b>Assessment Tool</b>		<b>Evaluator</b>
Internal Assessment	Seminar on Project	Project Review Committee
External Assessment	Final Report on the Project	University appointed External Examiner
	Presentation and Viva Voice	

**Table B.3.2.1.f: Assessment Tool for Project Work**

**Attainment Levels:**

Course outcomes of all courses are evaluated using the above-mentioned assessment tools and attainment levels are evaluated using the set attainment as per table B.3.2.1.g. The attainment levels are expressed in terms of level [3 (High), 2 (Moderate), 1 (Low)] in accordance with the rules represented below:

<b>Assessment Method</b>	<b>Attainment Level</b>	
Internal Assessment	Level 1	60 % of the student scoring target marks in Internal Examination
	Level 2	70 % of the student scoring target marks in Internal Examination.
	Level 3	80 % of the student scoring target marks in Internal Examination
External Assessment	Level 1	60% of the student scoring target marks in University Examination.
	Level 2	70% of the student scoring target marks in University Examination.
	Level 3	80% of the student scoring target marks in University Examination.

**Table 3.2.1.g: Attainment Levels of Course Outcomes**

**Evaluation Process for Indirect Assessment (20%)**

Indirect assessment for calculation of course outcomes is done through Student's course exit survey. The survey is conducted at the end of the semester where the students provide their experience on the course they have learned throughout the semester. Relevant questionnaire in survey form to evaluate the COs is done. The format is represented in Table 3.2.1.hbelow:

**IGNAN'S INSTITUTE OF ENGINEERING FOR WOMEN**

(KapuJaggarajupeta, vadlapudi, Visakhapatnam- 530 049)

**DEPARTMENT OF INFORMATION TECHNOLOGY****COURSE END SURVEY FORM**

Name of the Faculty	Mr. HariJyothula		
Course Name	OOPs through C++	Course Code	C202
Student Name	AbhilashaTiwari	Regd. No	15NM1A1201

**Course Outcomes:**

On Successful Completion of the course the student should be able to:

C202.1	Describe the basic terminology used in object oriented programming through C++.	
C202.2	Develop programs involving decision structures, loops and functions	
C202.3	Write programs using classes, objects and member functions	
C202.4	Distinguish constructors, destructors and overloading concepts	
C202.5	Build the concepts of Inheritance and Polymorphism in programming	
C202.6	Analyze file stream classes, templates and can handle exceptions	

Mark a tick "✓" in the appropriate cell.

[**Note:** High → 3, Medium → 2, Low → 1]

Course Outcome	Questionnaires	Rating		
		3 <input type="checkbox"/>	2 <input type="checkbox"/>	1 <input type="checkbox"/>
C202.1	Are you able to express the basics terms of object oriented programming?	3 <input type="checkbox"/>	2 <input type="checkbox"/>	1 <input type="checkbox"/>
C202.2	Are you able to construct programs using loops and functions?	3 <input type="checkbox"/>	2 <input type="checkbox"/>	1 <input type="checkbox"/>
C202.3	Are you able to develop programs using classes and objects in real time?	3 <input type="checkbox"/>	2 <input type="checkbox"/>	1 <input type="checkbox"/>
C202.4	Are you aware of with the clear understanding between constructors and destructors?	3 <input type="checkbox"/>	2 <input type="checkbox"/>	1 <input type="checkbox"/>

C202.5	Are you able to utilize the concepts of inheritance and polymorphism while writing programs?	3 <input type="checkbox"/>	2 <input type="checkbox"/>	1 <input type="checkbox"/>
CO 6	Are you able to write programs based on the concepts of files, templates and exceptions?	3 <input type="checkbox"/>	2 <input type="checkbox"/>	1 <input type="checkbox"/>

**Table 3.2.1.h: Course Exit Survey**

### 3.2.2. Record the attainment of Course Outcomes of all courses with respect to set attainment levels (40)

Based on the target levels set for individual courses, course attainments for outgoing batches of 2017-18, 2018-19, 2019-20 are displayed below. The table contains the direct attainment which is achieved by applying 80% as shown in the Figure. 3.1.2.a and 20% for indirect attainment. The course attainment is the sum of the direct and indirect attainment.

<b>Admitted Batch: 2014</b>

Table B.3.2.2.c: Attainments of Course Outcomes for admitted batch 2016

### 3.3. Attainment of Program Outcomes and Program Specific Outcomes (50)

#### 3.3.1. Describe the assessment tools and processes used for measuring the attainment of each of the Program Outcomes and Program Specific Outcomes (10)

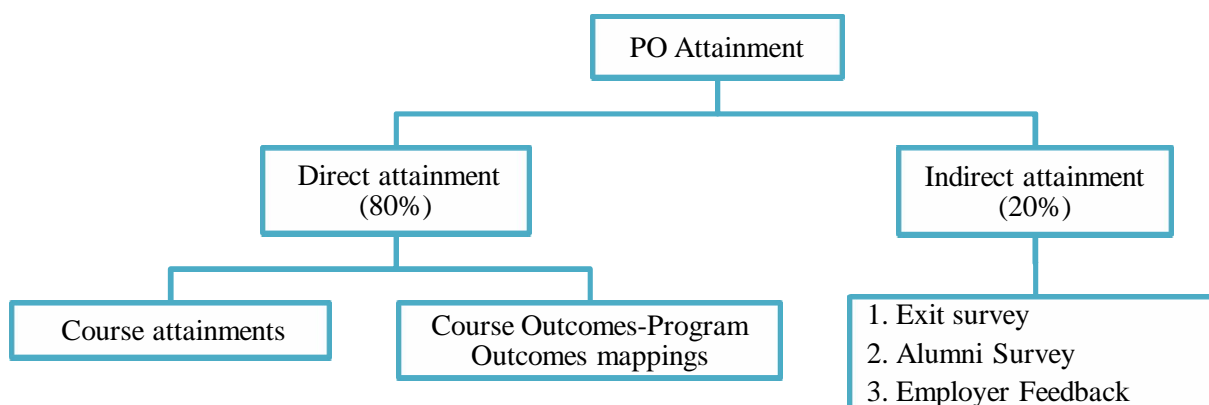

*(Describe the assessment tools and processes used to gather the data upon which the evaluation of each of the Program Outcomes and Program Specific Outcomes is based indicating the frequency with which these processes are carried out. Describe the assessment processes that demonstrate the degree to which the Program Outcomes and Program Specific Outcomes are attained and document the attainment levels)*

The process of attaining the Program Outcomes is based on two steps:

1. **Direct Attainment:** It is the process of evaluating the attainment based on the marks obtained by the students in all the courses.
2. **Indirect Attainment:** It is the process of collecting the feedbacks from stakeholders on the program outcomes.

**Process for PO and PSO Attainment:**

The assessment tool used for the attainments of Program Outcomes is represented in the Figure.3.3.1.a. In the similar manner the Program Specific Outcomes are evaluated. From the below representation it is clear that the attainment is done based on two parameters: Direct Attainment and Indirect Attainment.

**Figure 3.3.1.a: Assessment Tools for calculation of PO Attainment**

The PO/PSO attainment is calculated by considering 80% of Direct Attainment and 20% of Indirect Attainment.

1. Direct attainment is based on CO attainment which is represented in 3.2, where 70% of the attainment is calculated through University exam and 30% of the attainment is calculated through Internal Assessment.
2. Indirect attainment is achieved through Feedback received from the stakeholders, by allocating a specific percentage for each stakeholders

**a. Direct Attainment:**

It is collection of all the course attainments with the assessment process as defined below:

1. Course-PO mapping tables, for all the courses are collected from the respective course coordinators, as represented in Sec.3.1.2.
2. Similarly, Course attainment values, for all the courses are collected from the respective course coordinators, as represented in Sec. 3.2.1.
3. From the values received from step 1 and step 2, Course-PO attainment values are calculated using the formula:

$$\text{Course\_PO attainment} = \frac{(\text{Course\_PO mapping}) * (\text{Course attainment})}{3}$$

4. The average of all these attainments with respect to individual POs is calculated. This gives the direct PO attainment.

The following shows the Course-PO/PSO attainment with respect to C205, Data Structures. The average of mappings of all the outcomes gives the Course-PO mapping of Data Structures. Using the formula mentioned in the previous procedure, Course-PO/PSO attainment values are represented as follows:

**CO-PO Mapping and Attainment**

	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO11	PO12
CO 1	2	3	2	2	-	-	-	1	2	-	2	2
CO 2	2	3	2	-	3	2	-	-	2	-	-	2
CO 3	3	3	3	-	3	-	2	2	-	-	-	-
CO 4	3	3	2	2	3	-	-	-	2	-	2	-
CO 5	3	3	2	2	3	2	2	2	2	-	-	-
CO 6	3	3	1	2	3	-	-	-	-	-	2	2
<b>Average</b>	2.667	3	2	2	3	2	2	1.6667	2	-	2	2
<b>CO-PO Attainment</b>	2.20	2.47	1.65	1.65	2.47	1.65	1.65	1.37	1.65	-	1.65	1.65

**Figure 3.3.1.b: Course-PO Attainment Template**

**b. Indirect Attainment:**

Indirect assessment is performed by taking the feedback from different stakeholders such as program exit survey, employer survey, alumni survey etc. A survey form is presented to the different stakeholders in which they provide their opinions in a grading style of 3(Strongly Agreeing) to 1(Weakly Agreeing). Average of all the feedbacks given by the stakeholders is considered. The different stakeholders will be provided different weight-age and it is decided by the management.

The sample template for indirect attainment is provided below:

POs	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO11	PO12
Graduate Exit Survey	Attainment Values of Graduate Exit Survey											
Employer Survey	Attainment Values of Employer Survey											

....	.....
------	-------

**Table B.3.3.1.a: Indirect Attainment**

Now since the results for Direct and the Indirect attainment is calculated, the final program attainment is obtained using the following formula represented below:

**Program Attainment = 80% of Direct Attainment + 20% of Indirect Attainment**

**3.3.2 Provide results of evaluation of each PO and PSO (40)**

**a. Evaluation Results of Program Outcomes:**

The Program Outcome and Program Specific Outcome attainments are displayed for 2017-18, 2018-19, and 2019-20. It is based on the process that is described in Sec. 3.3.1.

**Table B.3.3.2.d: PO Attainments for three Consecutive Years**

The graphical representation for the data in the table B.3.3.2.d is represented below

**Figure 3.3.2.a: Comparison of PO Attainments**

**Summary:**

For the three consecutive years, different target levels are set. For the year 2017-18, the target value is set to 2.1 for PO1 to PO5 and 1.9 for PO6 to PO12. In a similar way, the target value for

2018-19 was set to 2.2 for PO1 to PO5 and 2.0 for PO6 to PO12, and for the year 2019-20, the target value was set to 2.3 for PO1 to PO5 and 2.1 for PO6 to PO12. It has been observed that some of the POs were not attained. The Department Advisory Committee (DAC) has taken certain actions to improve the PO attainment for the upcoming batches.

❖ For 2017 -18, PO4, PO6, PO7 and PO8 were not attained. The Department Advisory Committee (DAC) has implemented certain steps to improve the PO attainments for the next coming batches.

- For PO4, subjects that deal with programming languages are identified. Faculty members are advised to discuss more programming related questionnaires to improve the practical implementation of the logic in programming by the students.
- For PO6, more courses on engineer and society are identified. Guest Lectures were conducted to bring the awareness on how to build various applications, considering the health and safety of the individuals.
- For PO7, subjects that deal with hardware and its environment are identified. Faculty members are advised to discuss the concepts relevant to hardware. Special Workshops were conducted to bring awareness among the students related to environment and its sustainability.
- For PO8, courses on ethics and social values are identified. Special Lectures were arranged on professional ethics in engineering and value education.

❖ For 2018-19, PO4, PO6 and PO7 were not attained.

- For PO4, subjects that deal with mining and language processor are identified. Faculty members are advised to discuss more on data discretization and concept hierarchy. Guest Lectures were arranged on programming concepts to improve the efficiency of the students for solving the complex problems and converting them into programs.
- For PO6, DAC proposed to motivate students to participate more in social activities to understand different culture and their responsibilities.
- For PO7, subjects that deal with physical designing of a system are identified. Faculty members are advised to discuss concepts relevant to Digital Logic Design. The Department Advisory Committee proposed to increase the number of activities in Eco-Club.

❖ For 2019-20, PO 6 was not attained.

- For PO6, the DAC proposed to motivate students to carry out projects that cater to social needs, health monitoring and safety aspects in hazardous environments. It is also decided to encourage students to give seminars that are relevant to the society.

**b. Evaluation Results of Program Specific Outcomes:**

The below tables represents the evaluation results for Program Specific Outcomes based on the data received from the section 3.2.1 and 3.2.2. The tables are represented for three consecutive years.

<b>PSO Attainment</b>	2.41	2.40

**Table B.3.3.2.g: PSO-Course Attainment**

The consolidated PSOs attainments for the three consecutive years are represented below in the table B.3.3.2.h.

<b>Program Specific Outcomes</b>	<b>PSO 1</b>	<b>PSO 2</b>
2017– 18	2.24	2.16
2018– 19	2.29	2.25
2019- 20	2.41	2.40

**Table B.3.3.2.h: PSO attainments for 3 consecutive years**

Based on the data received from table 3.3.2.e, 3.3.2.f, 3.3.2.g for PSO, it is analyzed that the PSO has been increased rapidly for the last three consecutive years. Several technical events are being organized every year to develop the skill of the students in technical aspects. Due to the availability of research facilities and specialised experts in the department being effectively utilized, has enhanced the achievement of the specific outcomes. The graphical representation is provided below:

Figure 3.3.2 b: PSO Attainment Analysis

<b>Criterion 4</b>	<b>Students' Performance</b>	<b>150 M</b>
4.1	Enrolment Ratio	20M
4.2	Success Rate in the Stipulated Period of the Program	40M
4.3	Academic Performance in Third Year	15M
4.4	Academic Performance in Second Year	15M
4.5	Placement, Higher Studies and Entrepreneurship	40M
4.6	Professional Activities	20M

<b>Criterion 4</b>	<b>Students Performance</b>	<b>150 M</b>
--------------------	-----------------------------	--------------

**4. STUDENTS' PERFORMANCE (150)**

<b>Item (Information to be provided cumulatively for all the shifts with explicit headings, wherever applicable)</b>	<b>CAY 2019-20</b>	<b>CAYm1 2018-19</b>	<b>CAYm2 2017-18</b>
Sanctioned intake of the program (N)	60	60	60
Total number of students admitted in first year <i>minus</i> number of students migrated to other programs/institutions plus no. of students migrated to this program (N1)	59	54	55
Number of students admitted in 2nd year in the same batch via lateral entry (N2)	Nil	Nil	Nil
Separate division students, if applicable(N3)	Nil	Nil	Nil
Total number of students admitted in the Program (N1 + N2 + N3)	59	54	55

CAYm6 (LYGm2) (2013-14)	Nil	-	-	-	-

**Table B.4.c: No. of students who have successfully graduated in stipulated period of study**

#### 4.1. Enrolment Ratio (20)

*Enrolment Ratio* =  $N1/N$

<i>Item</i>	<i>Marks</i>
<i>(Students enrolled at the First Year Level on average basis during the previous three academic years starting from current academic year)</i>	
<i>&gt;=90% students enrolled</i>	<i>20</i>
<i>&gt;=80% students enrolled</i>	<i>18</i>
<i>&gt;=70% students enrolled</i>	<i>16</i>
<i>&gt;=60% students enrolled</i>	<i>14</i>
<i>&gt;=50% students enrolled</i>	<i>12</i>
<i>Otherwise</i>	<i>0</i>

Sl. No	Academic Year	N1 (From Table B.4a)	N (From Table B.4a)	Enrolment Ratio[(N1/N)*100]
1.	2019-20	59	60	98.33
2.	2018-19	54	60	90.00
3.	2017-18	55	60	91.60
Average of three Academic years				<b>93.31</b>
Marks				<b>20</b>

**Table B.4.1.a: Students Enrolment Ratio**

**4.2. Success Rate in the Stipulated Period of the Program (40)****4.2.1. Success rate without backlogs in any semester/year of study (25)**

$SI = (\text{Number of students graduated from the program without backlogs}) / (\text{Number of Students admitted in the first year of that batch and admitted in 2nd year via lateral entry and separate division, if applicable})$

$\text{Average SI} = \text{Mean of Success Index (SI) for past three batches}$

$\text{Success rate without backlogs in any year of study} = 25 \times \text{Average SI}$

Item	Latest Year of Graduate, LYG (2015-16)	Latest Year of Graduate minus1 LYGM1 (2014-15)	Latest Year of Graduate minus2 LYGM2 (2013-14)
Number of students admitted in the corresponding First year + admitted in 2 <sup>nd</sup> year via lateral entry and separated division, if applicable (X)	51	16	Nil
Number of students who have graduated without backlogs in the stipulated period (Y)	22	5	Nil
Success Index (SI = Y/X)	0.43	0.31	Nil
Average SI = (SI 1+SI 2)/2	<b>0.37</b>		
Success rate without backlogs in any year of study = 25 × 0.56 = <b>9.25</b>			

**Table B.4.2.1: Success rate without backlogs in any semester/year of study**

**4.2.2. Success rate with backlog in stipulated period of study (15)**

$SI = (\text{Number of students graduated from the program in the stipulated period of course duration}) / (\text{Number of students admitted in the first year of that batch and admitted in 2nd year via lateral entry and separate division, if applicable})$

$\text{Average SI} = \text{mean of Success Index (SI) for past three batches}$

$\text{Success rate} = 15 \times \text{Average SI}$

Item	Latest Year of Graduate, LYG (2015-16)	Latest Year of Graduateminus1 LYGm1 (2014-15)	Latest Year of Graduateminus2 LYGm2 (2013-14)
Number of students admitted in the corresponding First year + admitted in 2 <sup>nd</sup> year via lateral entry and separated division, if applicable (X)	51	16	Nil
Number of students who have graduated without backlogs in the stipulated period (Y)	37	14	Nil
Success Index (SI= Y/X)	0.72	0.87	Nil
Average (SI = (SI 1+SI 2 )/2)	<b>0.8</b>		
Success rate with backlog in stipulated period of study = 15 × 0.8 = <b>12</b>			

**Table B.4.2.2: Success rate with backlog in stipulated period of study**

#### 4.3. Academic Performance in Third Year (15)

*Academic Performance = Average API (Academic Performance Index), where*

*API = ((Mean of 2<sup>nd</sup> Year Grade Point Average of all successful Students on a 10-point scale) or (Mean of percentage of marks of all successful students in Second Year/10)) x (number of successful students/number of students appeared in the examination)*

*Successful students are those who are permitted to proceed to the Third year.*

Academic Performance	CAYm1 2018-19	CAYm2 2017-18	CAYm3 2016-17
Mean of CGPA or mean percentage of all successful students(X)	7.28	6.80	7.05
Total number of successful students(Y)	49	49	15
Total number of students appeared in the examination(Z)	49	49	15
API = X * (Y/Z)	7.28	6.8	7.05
Average API = [ (AP1 + AP2 + AP3)/3]	<b>7.04</b>		
Academic Performance in Third Year = 1.5* 7.04 = <b>10.56</b>			

**Table B.4.3: Academic performance in Third year**

**4.4. Academic Performance in Second Year (15)**

*Academic Performance Level = 1.5 \* Average API (Academic Performance Index)*

*API = ((Mean of 2nd Year Grade Point Average of all successful Students on a 10 point scale) or (Mean of the percentage of marks of all successful students in Second Year/10))X (number of successful students /number of students appeared in the examination)*

*Successful students are those who are permitted to proceed to the Third year.*

<b>Academic Performance</b>	<b>CAYm1 2018-19</b>	<b>CAYm2 2017-18</b>	<b>CAYm3 2016-17</b>
Mean of CGPA or mean percentage of all successful students(X)	6.65	6.88	6.65
Total number of successful students(Y)	54	51	49
Total number of students appeared in the examination(Z)	54	51	49
API = X * (Y/Z)	6.65	6.88	6.65
Average API = [ (AP1 + AP2 + AP3)/3]	<b>6.72</b>		
<b>Academic Performance in Second Year = 1.5 * 6.72 = 10.09</b>			

**Table B.4.4: Academic Performance in Second Year**

**4.5. Placement, Higher Studies and Entrepreneurship (40)**

*Assessment Points=40 × average placement*

<b>Item</b>	<b>CAYm1 2018-19</b>	<b>CAYm2 2017-18</b>	<b>CAYm3 2016-17</b>
Total No of Final Year Students(N)	47	15	Nil
No of students placed in the companies or government sector(X)	35	10	-
No of students admitted to higher studies with validqualifying scores (GATE or equivalent State or National Level tests, GRE, GMAT etc.) (Y)	2	1	-
No of students turned entrepreneur in engineering /technology (Z)	0	0	-
X + Y + Z =	37	11	-
Placement Index = [ (X+Y+Z)/N ] :	0.78	0.73	-
Average Placement= [(P1 + P2 )/2]	<b>0.75</b>		
<b>Assessment Points=40 ×0.75 = 30.2</b>			

**Table B.4.5: Placement, Higher Studies and Entrepreneurship**

#### 4.5a. Placement data in the below mentioned Format with the Name of the Program and the Assessment Year

The placement data describes the quality of the placements in our institute that are provided by the highly rated MNCs like Syntel, Cognizant, Capgemini, Infosys, Wipro, Mphasis and other top MNCs visited the campus and selected 35 students with highest package of 3.6 LPA and an average of 2.25 LPA.

Placement information for Information Technology, 2018-19				
Sl. No	Name of The Student Placed	Enrolment No.	Name of The Employer	Appointment Letter Reference No. With Date

#### 4.6. Professional Activities (20)

##### 4.6.1. Professional Societies/Chapters and Organizing Engineering Events (5)

*(The Department shall provide relevant details)*

Information Technology is associated with various professional societies and student chapters to make the students aware of the needs of industry. The co-circular and extra circular events are organized in collaboration with professional bodies/ student chapters. They assist the students by providing internships on their platform which enhances the real time technical skills in the domains like Machine Learning, Web development, project management etc.

### Seminars/Workshops

The Following are the Activities conducted under professional bodies with some photographs

#### 1. Workshop on SCALE (IUCEE)

A workshop on “SCALE (IUCEE)” in Association with APSSDC during 26.06.2018 to 28.06.2018

Resource Persons:ShreyaAdabala, SanketDhadke, RafaeShaik, Hashmitha Rani

**Fig 4.6.1.1: Motivating Lecture by Shreya Adabala**

**Fig 4.6.1.2: Technical speech by Sanket Dhadke**

#### Objectives of the Workshop:

The Workshop is conducted with an objective to improve engineering education, in connection with academia and industry, through empowering and fostering students as means of a positive change in local societies, instilled with pragmatic efforts aimed at creating holistic value.

**Key points from Presentation:**

- Achieving a strong and potential student network, where students all over the country can collaborate and contribute towards engineering education and development, while carrying forward the ethos of the organization.
- Conduct & implement valued student-oriented workshops. Establish a strong collaboration with industries, providing sustainable support to the student community.

**2. Mean Stack Workshop**

A workshop on “Mean stack workshop” in association with Brain O Vision during 16.08.2018 to 18.08.2018

Resource persons: Mr Intiaz Mehendi, Software Programmer

Fig 4.6.1.3: Mean Stack Inaugural Function

Fig 4.6.1.4: Hands on Experiments by Mr.IntiazMehendi

**Objectives of the Workshop:**

The Workshop is conducted with an objective to improve the technical skills of the students as a full stack developer, in connection with academia and industry, through empowering and fostering students as means of positive change in local societies, instilled with pragmatic efforts aimed at creating holistic value.

**Key points from Presentation:**

- Interacting with the Industry experts for knowing the scope of the Software Engineers in the near future.

- Provides a hands on, real world exercises to help in building solid development techniques into their workflow
- Getting hands on Experience on various Software applications tools related to Mean Stack.
- Developing their own applications at the end of the workshop using Express, MongoDB, Angular JS tools.

### 3. A Three-Day Workshop on “Internet of Things”

“A Three-day Workshop On “Internet of Things” in association with Brain O Vision during 28.08.2018 To 30.08.2018 conducted for the students to do some projects on IoT

Resource Person: Mr. Bharat Golgani, Program Developer

**Figure4.6.1.5:Best IOT Projects got Merit Certificates to Students**

#### Objectives of the Workshop:

The Workshop is conducted with an objective to improve the technical skill of the students so that they can be aware of the skills required to convert the IoT product idea into a working prototype. In addition to that, encouraging them to be the entrepreneurs and innovators and fostering them as means of a positive change in local societies, instilled with pragmatic efforts aimed at creating holistic value.

#### Key points from Presentation:

- Current job opportunities of embedded industries

- Understanding the new skills required in a new employee, embedded industry
- Conduct & implement valued student-oriented workshops.
- In depth knowledge on design, construction and programming concepts involved in building different embedded devices and interacting with renowned industry experts.

#### 4. Game Development & Game Designing Workshop

A workshop on “Game Development & Game Designing Workshop” in Association with APSSDC during 07-01-2019 to 12-01-2019 for the students to motivate towards Gaming platform

Resource Person: Mr. G RaviKishore

**Figure4.6.1.6: APSSDCBuildbox Gaming Workshop**

#### Objectives of the Workshop:

The Workshop is conducted with an objective to improve technical skills of the students and attract them more towards the gaming industry.

#### Key points from Presentation:

- Students should be able to develop their own video games using the skills provided during the workshop.
- Gain practical hands on experience in the various tools used for gaming.

#### 5. Computational Thinking and Problem-Solving Skills Using C

A workshop on “Computational Thinking and Problem-solving Skills using C” in Association with APSSDC during 18.02.2019 to 23.02.2019. as been conducted to get good knowledge on programming skills for the students.

Resource Person: Ms. Narmada Mani, Ms. Lalitha Devi

**Figure 4.6.1.6: Computational Thinking & Problem-Solving Skills Using C Merit Student**

#### **Objectives of the Workshop:**

The Workshop is conducted with an objective to improve engineering education, in collaboration with academia and industry, through empowering and fostering students as means of a positive change in local societies, instilled with pragmatic efforts aimed at creating holistic value.

#### **Key points from Presentation:**

- Achieving a strong and potential student network, where students all over the country can collaborate and contribute towards engineering education and development, while carrying forward the ethos of the organization.
- Providing sustainable support to the student community with hands on technical support wherever needed

#### **6. Seminar on Student Start-up Awareness**

A Seminar on Student Start-up awareness Program organized by RAMPANTS on 13/02/2019.

Speaker: Mrs. Sai Mounika Kota Co-Founder Creators Zone.

**Figure4.6.1.7: Seminar on Student Start-up Awareness by SaiMounika Kota**

**Objectives of the seminar:**

The seminar is conducted with an objective to kindle the passion in students to become entrepreneurs. Students should be encouraged to become job providers rather than job seekers.

**Key points from Presentation:**

- Better exposure on thinking about Start Up
- Learn to connect and form a customer base

**7. Seminar on Student Developing Employability Skills**

A Seminar on Developing Employability Skills organized by RAMPANTS on 13/02/2019

Speaker: Dr ObulpathiChalla Founder and CEO, Moonshots Company, Rushikonda, Visakhapatnam.

**Figure4.6.1.7: Seminar on Student Start up Awareness Program: Dr ObulpathiChalla**

**Objectives of the seminar:**

The seminar is conducted with an objective to develop an understanding of the employability skills needed.

**Key points from Presentation:**

- Analyse a variety of perspectives on employability
- employability feasibility in different organizations
- Employability skills required for the students
- How to increase the development of employability skills.

**8. Seminar on Multi Architecture and Program**

A Seminar on Multi Architecture and Program on organized by RAMPANTS on 22/02/2019

Speaker: Mrs Alapati Praveen Kumar.

**Figure4.6.1.8: Seminar on Multi Architecture and Program by Alapati Praveen Kumar**

**Objectives of the seminar:**

The seminar is conducted with an objective of exploring new exciting world of multi-core processors and architectures in the area of super and high-performance computing.

**Key points from Presentation:**

- Enhances the knowledge in system architecture.
- Confidence in system based programming models and applications.

**4.6.2. Publication of technical magazines, newsletters, etc. (5)**

*(The Department shall list the publications mentioned earlier along with the names of the editors, publishers, etc.)*

The main objective of newsletter and annual magazine is to provide important news and updates as current as possible to make the stakeholders aware of the department significant information. Publishing a newsletter with the right tools and effective scheduling, can be a simple way to boost the entire communication plan by a few notches.

**Editorial Board Members (2020):**

1.	Chief Editor	Dr J Sudhakar, Principal
2.	Editor	Dr B Prakash, Head of Dept
3.	Members	Mrs. S Kalyani, Assoc Professor Mr. Ch. S K Chaitanya Ch. Asst. Professor, BS&H Mr. Ajay Kumar Badhan, Asst. Professor Ms. M. SAishwarya, III Year Ms. K Naga Nandini, II Year

**Table B.4.6.2.a: Newsletter Editorial Board for the Calendar year 2020**

The newsletters' first page consists of Departments Vision and Mission with Principal and HoD message. The page consists of photographs of different technical event conducted under departments' association IT RAMPANTS. The second page is concern about faculty awards and achievements in the fields of research and technical courses.

The third page consists of the students awards and achievements in curricular and co-curricular activities that are participated in inter and intra Institutions. The fourth page presents about departments' student campus placements in the academic year in various Multinational Companies (MNCs).

<b>Publication of Newsletters</b>			
<b>Sl. No</b>	<b>Newsletter</b>	<b>Volume, Issue</b>	<b>Period</b>
1.	ViewIT	Volume 3, Issue 1	Jan 2017- June 2017
2.	ViewIT	Volume 3, Issue 2	July 2017-Dec 2017
3.	ViewIT	Volume 4, Issue-1	Jan 2018-March 2018
4.	ViewIT	Volume 4, Issue-2	April 2018-June 2018
5.	ViewIT	Volume 4, Issue-3	July 2018-Sep 2018
6.	ViewIT	Volume 4, Issue-4	Oct 2018-Dec 2018
7.	ViewIT	Volume 5, Issue-1	Jan2019-March 2019

10.	ViewIT	Volume 5, Issue-4	Oct 2019-Dec 2019
11.	ViewIT	Volume 6, Issue-1	Jan 2020-March 2020
12.	ViewIT	Volume 6, Issue-2	April2020-June2020

**Table B.4.6.2.b: List of Publications of Newsletters**

<b>Publication of Department Annual Magazine</b>			
<b>Sl. No</b>	<b>Annul Association day Event</b>	<b>Magazines/ Newsletter Name</b>	<b>Period</b>
1.	INFLORA	Department Annual Magazine	Feb 2019 to Jan 2020
2.	IITHARA	Department Annual Magazine	Jan 2018to Jan 2019
3.	SYIRO	Department Annual Magazine	Feb 2017 to Dec 2017

**Table B.4.6.2.c: List of Publications of Magazines**

**4.6.3. Participation in inter-institute events by students of the program of study (10)**

*(The Department shall provide a table indicating those publications, which received awards in the events/conferences organized by other institutes.)*

**Department Achievements:**

The students of Information Technology department bagged an opportunity to participate and enhance their learning skills in the area of latest trends in technology. They excelled in performance in various platforms like paper publications in Journals (UGC), Microsoft WISE, Mission R&D, completing internships in top MNCs.

The faculty motivates the students continuously to explore their skills in latest technologies by participating in various inter-institute events. The Management encourages all the faculty and students to organize and participate in inter-institute events by providing financial aid for registrations, travel, accommodation etc.

Sl. No	Name of the Achievement	Academic years	Total No of Students	
1.	Microsoft WISE(Women in Science and Engineering) program	2019-20	01	03
		2018-19	02

**Table B. 5.c:Faculty Information CAYm2 (2017-18)**

### 5.1. Student-Faculty Ratio (SFR) (20)

*(To be calculated at Department Level)*

*No. of UG Programs in the Department (n): 01*

*No. of PG Programs in the Department (m): 00*

*No. of Students in UG 2<sup>nd</sup> Year= u1*

*No. of Students in UG 3<sup>rd</sup> Year= u2*

*No. of Students in UG 4<sup>th</sup> Year= u3*

*No. of Students in PG 1<sup>st</sup> Year= p1*

*No. of Students in PG 2<sup>nd</sup> Year= p2*

*No. of Students = Sanctioned Intake + Actual admitted lateral entry students*

*(The above data to be provided considering all the UG and PG programs of the department)*

*S=Number of Students in the Department = UG1 + UG2 +... +UGn + PG1 + ...PGn*

*F= Total Number of Faculty Members in the Department (excluding first year faculty)*

**Student Teacher Ratio (STR) = S / F**

Year	CAY (2019-20)	CAYm1 (2018-19)	CAYm2 (2017-18)
u1.1	60	60	60
u1.2	60	60	60
u1.3	60	60	60
UG1	<b>u1.1+u1.2+u1.3=180</b>	<b>u1.1+u1.2+u1.3=180</b>	<b>u1.1+u1.2+u1.3=180</b>
Total No. of Students in the Department (S)	S1= 180	S2=180	S3=180
No. of Faculty in the Department (F)	F1=10	F2=11	F3=13
Student Faculty Ratio (SFR)	<b>SFR1=S1/F1=18</b>	<b>SFR2= S2/F2=16.36</b>	<b>SFR3= S3/F3=13.84</b>
Average SFR	<b>SFR=(SFR1+SFR2+SFR3)/3=16.06</b>		

**Table B: 5.1.a: Student-Faculty Ratio****Student Teacher Ratio (STR) = S / F=16.06**

*Note: Marks to be given proportionally from a maximum of 20 to a minimum of 10 for average SFR between 15:1 to 25:1, and zero for average SFR higher than 25:1. Marks distribution is given as below:*

$\leq 15$	-	20Marks
$\leq 17$	-	18Marks
$\leq 19$	-	16Marks
$\leq 21$	-	14Marks
$\leq 23$	-	12Marks
$\leq 25$	-	10Marks
$> 25.0$	-	0 Marks

*All the faculty whether regular or contractual (except Part-Time), will be considered. The contractual faculty (doing away with the terminology of visiting/adjunct faculty, whatsoever) who have taught for 2 consecutive semesters in the corresponding academic year on full time basis shall be considered for the purpose of calculation in the Faculty Student Ratio. However, following will be ensured in case of contractual faculty:*

- 1. Shall have the AICTE prescribed qualifications and experience.*
- 2. Shall be appointed on full time basis and worked for consecutive two semesters during the particular academic year under consideration.*

3. Should have gone through an appropriate process of selection and the records of the same shall be made available to the visiting team during NBA visit

5.1.1. Provide the information about the regular and contractual faculty as per the format mentioned below:

	<b>Total number of Regular Faculty in the department</b>	<b>Total number of Contractual Faculty in the department</b>
<b>CAY (2019-20)</b>	10	NIL
<b>CAYm1 (2018-19)</b>	11	NIL
<b>CAYm2 (2017-18)</b>	13	NIL

**Table B.5.1.1: Faculty Information**

## 5.2. Faculty Cadre Proportion (25)

The reference Faculty cadre proportion is 1(F1):2(F2):6(F3)

F1: Number of Professors required =  $1/9 \times$  Number of Faculty required to comply with 20:1 Student-Faculty ratio based on no. of students (N) as per 5.1

F2: Number of Associate Professors required =  $2/9 \times$  Number of Faculty required to comply with 20:1 Student-Faculty ratio based on no. of students (N) as per 5.1

F3: Number of Assistant Professors required =  $6/9 \times$  Number of Faculty required to comply with 20:1 Student-Faculty ratio based on no. of students (N) as per 5.1

Year	Professors		Associate Professors		Assistant Professors	
	Required (RF1)	Available (AF1)	Required (RF2)	Available (AF2)	Required (RF3)	Available (AF3)
<b>CAY (2019-20)</b>	1	2	2	0	6	8
<b>CAYm1 (2018-19)</b>	1	1	2	1	6	9
<b>CAYm2 (2017-18)</b>	1	1	2	1	6	11
<b>Average Numbers</b>	RF1=1	AF1=1.33	RF2=2	AF2=0.66	RF3=6	AF3=9.33

**Table B.5.2: Faculty Cadre Proportion**

$$\text{Cadre Ratio Marks} = \left[ \frac{AF1}{RF1} + \left[ \frac{AF2}{RF2} * 0.6 \right] + \left[ \frac{AF3}{RF3} * 0.4 \right] \right] * 12.5$$

$$[1.33+0.198+0.622]*12.5= 26.87=25$$

- If  $AF1 = AF2 = 0$  then zero marks
- Maximum marks to be limited if it exceeds 25

Example: Intake = 60 (i.e. total no. of students= 180); Required number of Faculty: 9;  $RF1=1, RF2=2$  and  $RF3=6$

Case 1:  $AF1/RF1= 1; AF2/RF2 = 1; AF3/RF3 = 1$ ; Cadre proportion marks =  $(1+0.6+0.4) \times 12.5 = 25$

Case 2:  $AF1/RF1= 1; AF2/RF2 = 3/2; AF3/RF3 = 5/6$ ; Cadre proportion marks =  $(1+0.9+0.3) \times 12.5 = \text{limited to } 25$

Case 3:  $AF1/RF1=0; AF2/RF2=1/2; AF3/RF3=8/6$ ; Cadre proportion marks =  $(0+0.3+0.53) \times 12.5 = 10.4$

### 5.3. Faculty Qualification (25)

$FQ = 2.5 \times [(10X + 4Y)/F]$  where  $x$  is no. of regular faculty with Ph.D.,  $Y$  is no. of regular faculty with M.Tech.  $F$  is no. of regular faculty required to comply 20:1 Faculty-Student ratio (no. of faculty and no. of students required are to be calculated as per 5.1)

Years	X	Y	F	$FQ=2.5 \times [(10X + 4Y)/F]$
CAY(2019-20)	2	8	10	13.00
CAYm1(2018-19)	2	9	11	12.72
CAYm2(2017-18)	2	11	13	12.30
Average Assessment				<b>12.67</b>

**Table B.5.3: Faculty Qualification**

### 5.4. Faculty Retention (25)

Item	Marks
$\geq 90\%$ of required Faculty members retained during the period of assessment keeping CAYm2 as a base year)	25
$\geq 75\%$ of required Faculty members retained during the period of assessment keeping CAYm2 as a base year)	20
$\geq 60\%$ of required Faculty members retained during the period of assessment keeping CAYm2 as a base year)	15

<i>&gt;=50% of required Faculty members retained during the period of assessment keeping CAYm2 as a base year)19</i>	<i>10</i>
<i>&lt;50% of required Faculty members retained during the period of assessment keeping CAYm2 as a base year)</i>	<i>0</i>

<b>Description</b>	<b>CAYm1(2018-19)</b>	<b>CAY(2019-20)</b>
No. of Faculty Retained	11	10
Total No. of Faculty	13	13
% of Faculty Retained CAYm2(2017-18)	84.61	76.92
Average Retention ratio = 80.76		
<b>Assessment Marks = 20</b>		

**Table B.5.4: Faculty Retention**

### **5.5. Innovations by the Faculty in Teaching and Learning (20)**

*Innovations by the Faculty in teaching and learning shall be summarized as per the following description.*

*Contributions to teaching and learning are activities that contribute to the improvement of student learning. These activities may include innovations not limited to, use of ICT, instruction delivery, instructional methods, assessment, evaluation and inclusive class rooms that lead to effective, efficient and engaging instruction. Any contributions to teaching and learning should satisfy the following criteria:*

- *The work must be made available on Institute website*
- *The work must be available for peer review and critique*
- *The work must be reproducible and developed further by other scholars*

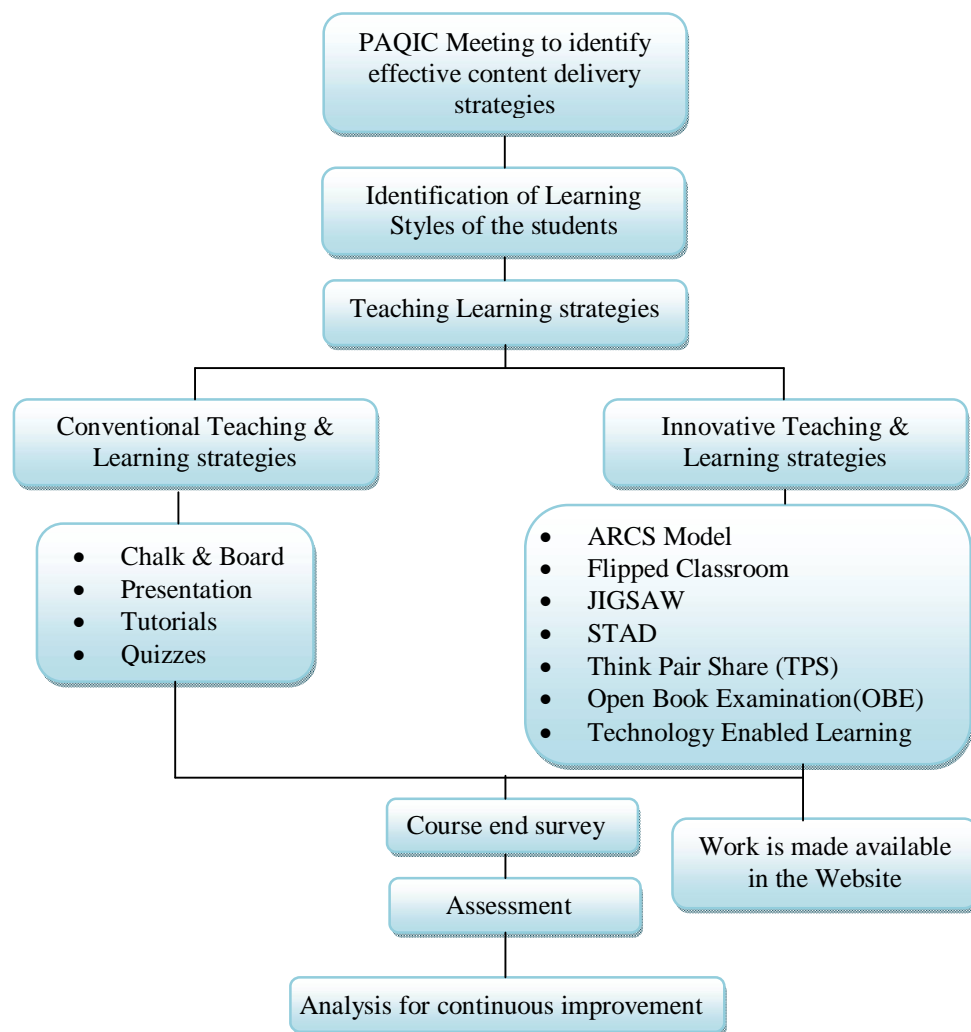

*The department/institution may set up appropriate processes for making the contributions available to the public, getting them reviewed and for rewarding. These may typically include statement of clear goals, adequate preparation, use of appropriate methods, and significance of results, effective presentation and reflective critique.*

In present competitive world, the technology is changing very rapidly. The engineering graduates must capable of acquaint with these changes to grab the opportunities globally. This can be achieved through effective content delivery. Students will come from different locations with

different aspirations which in turn influence the learning style. Irrespective of learning style of the student, as an educator the content must be delivered effectively through innovative practices in Teaching & Learning to make them globally acceptable in line with our mission and vision.

**A. Work is available in the institution website (4)**

Department of IT follows a systematic framework for implementation of innovative teaching learning strategies effectively in regular course work along with traditional classroom teaching. The detailed framework for implementation of teaching learning practices is as shown below.

**Figure 5.5a: Framework for the implementation of Innovative Teaching Learning & Conventional Teaching Learning Strategies**

For the effective implementation of Innovations in Teaching Learning strategies the following steps are taken:

1. Programme Assessment and Quality Improvement Committee(PAQIC) conducts meeting with other senior faculty members to identify the innovations in Teaching learning strategies to be implemented
2. The innovative practices employed in teaching learning using ARCS model of Instruction, Flipped classroom, JIGSAW, Student Teams Achievements Division (STAD), Think Pair Share (TPS), Open Book Exam (OBE) and Technology Enabled Learning are evaluated on students with different learning styles. We conducted a questionnaire to students to assess their learning styles using Felder and Silverman model. The following link is used to conduct the survey  
<http://www4.ncsu.edu/unity/lockers/users/f/felder/public/ILSpage.html>
3. According to Felder there are four dimension of learning styles, with each dimension having two opposite categories.
  - i. Sensing / Intuitive - How information is perceived?
  - ii. Visual / Verbal - How information is presented?
  - iii. Active / Reflective - How information is processed?
  - iv. Sequential / Global - How information is understanding?
4. Students can be classified based on their learning styles as Active / Reflective, Sensing / Intuitive, Visual / Verbal and Sequence / Global

<b>Type of Learner</b>	<b>Preferences</b>
Sensing	prefers concrete thinking, practical, concerned with facts and procedures
Intuitive	prefers conceptual thinking, innovative, concerned with theories and meanings
Visual	prefers visual representations, pictures, diagrams, and flowcharts
Verbal	prefers written and spoken explanations
Active	prefers to try things out, working with other in groups
Reflective	prefers thinking things through, working alone or with familiar partner
Sequential	prefers linear thinking, orderly learns in small incremental steps
Global	prefers holistic thinking, system thinkers, learns in large leaps

**Table B.5.5.a: Types of learners and their preferences**

**Figure 5.5.b: Felder- Silverman index of learning styles**

5. Course end survey is collected from all the students at the end of each course on their understandings with reference to teaching style adopted
6. Students' performance is assessed in MID examinations and University end examinations as per the university guidelines.
7. The obtained results are analyzed for the preparation of action plan for the next academic year
8. The contribution of faculty towards innovations in teaching learning are made available in the institute website for peer review and critique.

**A. Work is available for peer review and critique (4)**

The innovations adopted for teaching and learning in our department are made available for peer review and critique by encouraging our faculty to do Engineering Educator Certification (IIEECP) course which is organized by Indo Universal Collaboration for Engineering Education (IUCEE) in association with International Society for Engineering Pedagogy (IGIP), Austria and Microsoft. The following is the sample of peer review and critique received from the reviewers for the Innovations made by our department faculty towards Teaching and Learning.

Sl. No	Name of the faculty	Strategies submitted for peer review and critique	Peer review and critique by reviewer	
			Marks (15M)	Comments
1	Mrs.S.Kalyani	Creating dynamic classroom 1. Use Pictures, Schematics, graphs and simple sketches 2. Providing open ended problem	13.5	A very good presentation. Wishing you all the best Anitha D , Oct 28, 2018 at 1:23am
		Creating dynamic classroom 1. Think Pair Share 2. Writing Assignments	15	All the sections are very well presented. The detailing in the reflection section is good however you could have included the challenges that you faced and strategies to overcome them. Good attempt on the future plan section but could be more specific. SiddharthsinhJadeja, Sep 9, 2018 at 10:27pm
		Effective Assessment-1	13	Good Information sanjeev_kavale@kletech.ac.in , Dec 31, 2018 at 1:49pm
		Effective Assessment-2	14	The Effective Assessment (Module 6) has been presented well. You have written about the change the new assessment pattern has undergone having the learnings from this module. sanjeev_kavale@kletech.ac.in, Dec 31, 2018 at 12:38am
		Harnessing the power of technology- Creating course website	15	Overall a good attempt. Khamruddin Syed, Oct 31, 2018 at 8:02pm
		Harnessing the power of technology- Flipped classroom	15	Congratulations on the effort that you have put for the Harnessing the power of Technology. It is good to know that you have put in your efforts creating students learning experiences. You could have

				included the evidence to support the statements that you have made in the document. Khamruddin Syed, Nov 4, 2018 at 4:05pm
--	--	--	--	---

Along with this, we encourage our faculty to publish papers in engineering education related journals.

**B. Work must be reproducible and developed further by other scholars (2)**

The innovation strategies adopted by faculty are made available in department library along with publishing in institute website. The faculty who implemented the strategy will conduct an orientation program to all the colleague faculty members and explains goals, significance and the way of selecting appropriate strategy. With this strategy, most of the faculty will try to reproduce the innovation strategies while delivering courses in the upcoming semesters. Our faculty also encouraged to submit papers on the innovations strategies adopted

The scholars or colleague faculty may reproduce the innovation teaching learning strategies by incorporating

1. As the quality of methodology greatly influenced by the learning style of the student, the work may be carried out with another method of assessing learning styles of the students like Grasha-Reichmann model.
2. Flipped class room may be conducted with another method of collaborating activity like JIGSAW or STAD as in class activity
3. JIGSAW strategy may be reproduce and observe the effectiveness by reducing the team size.

**C. Statement of clear goals, use of appropriate methods, significance of results, effective presentation and reflective critique (10)**

The innovative teaching learning strategies provide opportunities for students to work in teams, learn from peers, and learn from themselves. Also, the students have opportunity to engage in sophisticated and complex levels of cognitive activity—define, analyze, evaluate, reflect, assess, and solve real-world problems. The evaluation suggests that implementation of these methodologies in the engineering design courses improve the higher-level cognitive skills of the students as well as integrated theory, design, and practice.

**I. Appropriate methods**

To improve the quality of teaching learning and to make students actively participate in the class environment five types of best practices are employed. The best practices are

1. ARCS(Attention, Relevance, Confidence, & Satisfaction) Model
2. Flipped Classroom
3. JIGSAW(Collaborative)
4. Student Teams Achievements Division (STAD)
5. Think Pair Share (TPS)
6. Open Book Exams (OBE)
7. Technology Enabled Learning (TEL)

**1. ARCS(Attention, Relevance, Confidence, Satisfaction) Model**

In any classroom, some students might learn more than students in the same or another classroom. The main reason for this is different levels of learning for students both within and across classrooms. In general, for effective content delivery, every educator must try to see that the content is reachable to at least 95% of the students in class.

**Goals of the strategy:**

The ARCS model is an instructional design approach that focuses on the motivational aspects of learning environment. The model was created by John Keller in the 80s. According to John Keller there are four steps in the instructional design process — Attention, Relevance, Confidence, & Satisfaction (ARCS).

- Attention refers to the interest displayed by learners in taking in the concepts/ ideas being taught
- Relevance describes how the knowledge will help the learner's today and in the future(getting into a college or finding a job or getting a promotion)
- Learning design enhances the students' confidence with a method for estimating their probability of success
- Learners must obtain some type of satisfaction or a reward from a learning experience. This can be in the form of a sense of achievement.

**Topic:** Pipeline Architecture

**Subject:** Computer Organization

**Learning objective for the lecture: The student is able to:**

- ✓ Understand pipeline architecture processor - RISC Pipeline Vector processing.

<b>Component</b>	<b>Implementation Strategies</b>
<p><b>Attention</b> (What is interesting about this?)</p> <p><i>Topic Content:</i> Pipeline Architecture - RISC processor</p>	<p>To draw the learners <b>Attention</b> :</p> <ol style="list-style-type: none"> <li>1) Started class with brainstorming session by posing questions on what is meant by pipeline, multi-tasking, parallel execution, task breaking etc.,</li> <li>2) Since pipeline architecture is advanced technology, proposed to arrange 'Summer Internship ' to Defense Research Organization.</li> <li>3) Gave real live product car fabrication which is fabricated in pipelined fashion.</li> <li>4) To understand the real concept of throughput calculation I played video lectures with animation drawn from NPTEL sources.</li> <li>5) Used a variety of methods to reinforce the course material and which helps to incorporate a variety of learning styles.</li> </ol>
<p><b>Relevance</b> (Why should I be wasting my time studying this?)</p> <p><i>Topic Content:</i> Pipeline Architecture - RISC processor</p>	<p>My strategies to accomplish the <b>Relevance</b>:</p> <ol style="list-style-type: none"> <li>1) We briefed them the importance of new learning- This concept is more useful for microprocessor based embedded systems for which lot of avenues are open. Also useful to get jobs in IOT related applications. A lot of demand in FABS companies , Chip fabrication companies, for students who are strong in Pipeline Architecture</li> <li>2) Case studies: Some case studies are given related to RISC, CISC Processor based computers mostly used in weather forecasting.</li> <li>3) Goal oriented students: For those students who dream pursuing higher studies and do research this is one area where there is a lot of scope.</li> <li>4) Machine Learning applications (especially Artificial Neural Networks) executing speed plays a major role so using pipe</li> </ol>

	<p>line architecture processor speed can be enhanced.</p> <p>5) Role Model: One super senior of our college presently who is working for INTEL company after finishing his MS in US, doing the job of writing <i>microprogramming</i> code for dual processors.</p>
<p><b>Confidence</b> (This is not difficult-I can do it)</p> <p><i>Topic Content:</i> Pipeline Architecture - RISC processor</p>	<p>To build a sense of <b>Confidence in</b> learners:</p> <p>1) Motivate in the beginning of the semester the students were told about evaluation process. The importance of each examination including on line exam and home assignments is very much motivated.</p> <p>The students will be motivated with quote like ' if first button of a shirt is put wrongly, rest of the buttons also will be put wrongly, in the same if a student fails in one semester its impact will be there on rest of the semesters.</p> <p>2) <b>Self Growth:</b> Each students was asked to prepare their future Goals, type neatly display in his/her study room. They were also asked to display great scientists photos like, Einstein, Faraday, in study room. The Goals are revised by me frequently. They are also advised to participate in Campus Recruitment training Courses and technical workshops.</p> <p>Goals are verified by T&amp;P faculty once in a month and were asked to rewrite/modified their own Goals.</p> <p>3) <b>Feedback:</b> Mentors are appointed for every 20 students to monitor their performance in every month. Mid exams marks are displayed in notice board and poor performance students are motivated to improve their performance. Slow learners are identified based on their performance, special care is taken for such students to improve their performance.</p> <p>4) <b>Small Group Activities:</b> We divide the learners in groups of three to six. Each group is assigned a team number and each group member is assigned a unique id. . When the trainer poses a question, group members get together, examine the possibilities, and construct an answer. The trainer then picks a number by drawing a card or rolling a die. The number selected designates the spokesperson for each table group. A second number designates the table group that will respond first. By involving in such group activities students are well motivated.</p>

<p><b>Satisfaction</b> (This is great - I have learnt something new and useful)</p> <p><b>Topic Content:</b> Pipeline Architecture - RISC processor</p>	<p><b>Learner's Satisfaction:</b></p> <p>1) Outstanding performance students are appreciated through rewards in public, like their names are displayed in college notice board, special appreciation letter from principal, fee waiving from management.</p> <p>2) Parents whose wards selected on campus drives are felicitated along with their ward on Graduation Day. It gives motivation to juniors and self-satisfaction for selected students.</p> <p>3) Equity: Transparency is maintained in all evaluation systems. Perfect rubrics are defined and displayed for students. Examination system is transparent and all mid marks are displayed in notice boards.</p>
---	---

**Table B.5.5.b: Implementation of ARCS model**

**Significance of results & reflective critique:**

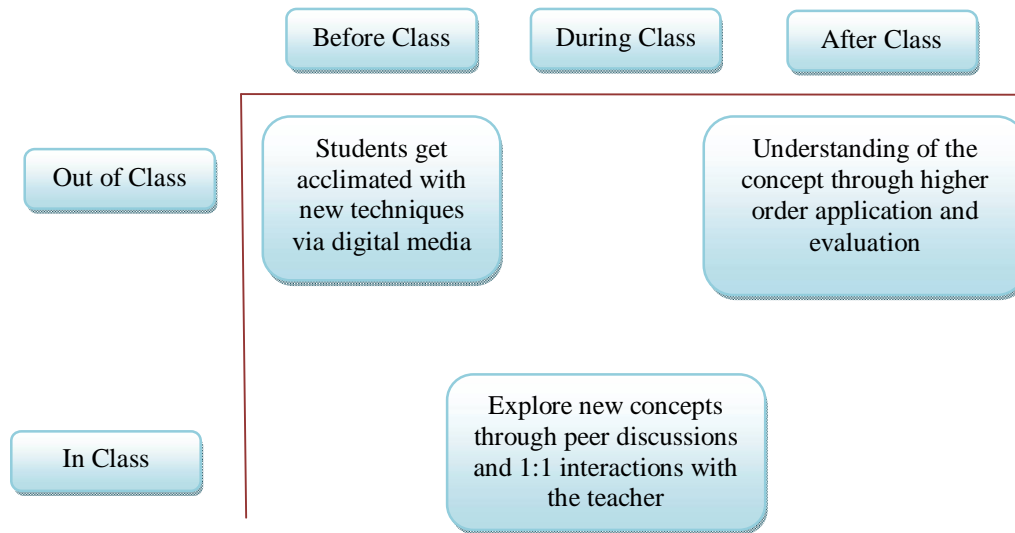

The objective of this assignment is to learn how to apply the ARCS model to the content we are teaching. Basically, the concept says, students learn best

- i) when the teacher can generate sufficient interest in the topic being studied,
- ii) when the content is relevant,
- iii) they feel they can master it, and
- iv) When they have the feeling that their effort has been well rewarded and they have learnt something new and useful.

To begin with I might think, who has the time to do all this for each and every concept we are teaching but this is more a question of mind-set and incorporating these does not take more time or effort than what your normal preparation would. Once you start working on these lines, your strategies/examples, lecture style will automatically start incorporating these.

**2. Flipped Classroom**

Flipped classroom methodology mainly focuses on the inquiry based learning with the access of vast web information. The flipped strategy is a blended strategy with the goal to enhance student engagement and to attain predefined outcomes.

**Figure 5.5.c: Implementation of flipped classroom strategy**

This strategy includes three activities namely before, during and after class activities. Students get exposure to new technologies over digital media and the instructions given by the teacher over video lectures. During class, students interact with teacher and other students to explore new concepts. Based on the understandings, an assessment test may be conducted for the assessment.

**Benefits of the Flipped classroom:**

- More participation of students.
- Improved Faculty and Student interaction.
- Appropriate use of resources by the teacher for constructive learning methods.

**Goles of activity:**

- Inspire students to learn the concepts thoroughly.
- To encourage students towards self-learning.
- To make use of visual learning.

**Outcomes:**

- Demonstrate points from a video than from a lecture notes.
- Build awareness and understanding of the course.
- Illuminate the concepts especially the most basic and important aspects of the course.

**Implementation:** The implementation of a flipped classroom strategy for Java Programming course is presented below

**Subject:** Java Programming

**Class:** II IT- II Semester

**Topic:** Applet Programming

**Open source NPTEL video:**

[https://www.youtube.com/watch?v=WA4FDPTZsQk&list=PLfn3cNtmZdPOe3R\\_wO\\_h540QNfMkCQ0ho&index=35](https://www.youtube.com/watch?v=WA4FDPTZsQk&list=PLfn3cNtmZdPOe3R_wO_h540QNfMkCQ0ho&index=35)

**Introduction Video:** An **applet** is a Java program that runs in a Web browser. An applet can be a fully functional Java application because it has the entire Java API at its disposal. An applet is a Java class that extends the `java.applet.Applet` class. A `main()` method is not invoked on an applet, and an applet class will not define `main()`. Applets are designed to be embedded within an HTML page. A JVM is required to view an applet. The JVM can be either a plug-in of the Web browser or a separate runtime environment.

**Question Posed:** Discuss various states in the life cycle of an applet in detail.

**Outcomes:**

At the end of this activity, student will be able to:

- Describe the types of methods in Applet class.
- Develop an applet program to change the foreground and background colors and to display the message in the order in which the `init()`, `start()` and `paint()` methods are called.
- Demonstrate the Applet application.

**Planning of activity:**

- *Pre Class Content:* Provided web source to watch video, text books for reference and some web links in prior to all the learners. All the instructions were clearly described in video uploaded in course website.
- *Pre Class Activity:* Students were instructed to write the assignments based on their understandings
- *In Class Activity:* Conducted Think Pair Share dynamic class activity in class to assess the outcomes.

- *Post Class activity:* As a post class activity, conducted a quiz.
- Assessed and evaluated each student at each stage.

**Assessment:**

S.No	Roll No	Name of the Student	Team No	Pre Class Activity-Assignment (10M)	In Class Activity-Think Pair Share (10M)	Post Class Activity-Quiz (10M)	Total (30M)

**B.5.5.c:Evaluation Process of Activity****Significance of results & reflective critique:**

- All the students paid more attention while explaining this activity, accessing the web source and all are actively participated in In-class activity
- The slow learners are also actively participated on par with bright students
- Traditional class room was perfectly converted into student centric classroom.
- With the predefined evaluation process, all students actively participated in each and every stage of the activity.

**JIGSAW(Collaborative):**

Collaborative learning is a group activity that involves students working together to obtain solution to a problem. Collaborative learning is effective in teaching programming course. Hence Collaborative learning is introduced to learn Java Programming.

The basic process involves formation two student groups HOME (JIGSAW) groups and EXPERT groups. The group size would be at most 6. EXPERT group is formed with the leaders of JIGSAW group.

**Course** : Java Programming

**Class** : II IT, II SEM

**Topic** : Basic OOPS Concepts (Class, Objects, Constructors, etc.)

**Activity Chosen** : JIGSAW- Collaborative

**Concept for activity:**

1. Creation of class and objects, Constructors , Super and this keyword
2. Constructor Overloading and Garbage Collector
3. Nested Classes.

**Goals of the activity:**

At the end of this activity, students will be able to:

1. Comprehend how to create class and object in java
2. Describe the types of constructors and constructor overloading.
3. Explain the Super and this keywords with examples.

**Outcome of the Activity:**

- Develops social interaction skills
- Cultivates student satisfaction with the learning experience
- Improves oral communication skills
- Increases student retention

**Strategy to create Home Groups:**

1. Students are confident that the success of collaborative activity is based on how best we consider individual skill sets and mix them while team formation.
2. Before forming the balanced teams, we conduct a questionnaire to students to assess their learning styles.
  - a) Sensing-intuitive - how information is perceived
  - b) Visual-verbal - how information is presented
  - c) Active-reflective - how information is processed
  - d) Sequential-global - how the information is understood

The learning style of each student is classified with the help of the Felder and Silverman model. Students are categorized according to the Index of Learning Styles (ILS) questionnaire. This questionnaire categorized a student's preferred learning style along a sliding scale of four dimensions

To conduct the survey we used the following link:

<http://www4.ncsu.edu/unity/lockers/users/f/felder/public/ILSpage.html>

### **Time planned:**

Time required to execute the event is maximum **150 min (Three Sessions)** including survey of student learning styles, JIGSAW and EXPERT groups formation, peer discussion, student evaluation.

### **Formation of HOME groups (Heterogeneous):**

The study was carried out with 51 students on Java Programming course. The total students spitted into 10 teams in witch 9 team contains 5 members each and one team contains 6 members. Care is taken to match the group size to the assigned subtasks. At the end of the collaborative learning, students were graded individually and group wise.

Students are divided into heterogeneous HOME groups and subsequently regrouped into 10 homogeneous groups known as EXPERT groups.

The 10 HOME groups are identified with scientist's names like Albert Einstein, Isaac Newton, Stephen Hawking, Niels Bohr and etc. In each team, the group members are identified as A1, A2, A3, A4, A5, B1, B2, B3, B4, B5, etc.

The Strong Global Learners of each group A1, B1, C1, D1, etc. are appointed as group leaders. The Table-4 shows the learning styles score and their member ID of individual student.

**Figure 5.5.d: Felder- Silverman index of learning styles**

<b>Learning Styles</b>	<b>Number of students</b>	<b>Percentage of students (%)</b>
Active	12	23.52
Reflective	2	3.92
Sensing	3	5.88
Intuitive	3	5.88
Visual	18	35.29
Verbal	2	3.92
Sequential	6	11.76
Global	5	9.80

**Table B.5.5c: Percentage of student distribution based on their learning styles**

#### **Implementation of Activity**

**Course** : Java Programming

**Class** : II Year II SEM

**Topic** : Basic OOPS Concepts (Class, Objects, Constructors, etc.)

**Activity Chosen** : JIGSAW

**Concept for activity:** Basic OOPS Concepts:

The Basic OOPS Concepts is sub divided into 10 segments.

- i) Class declaration with example
- ii) Creating objects and Methods
- iii) Constructor overloading
- iv) Garbage Collector
- v) Static keyword
- vi) this keyword
- vii) Arrays
- viii) command line arguments
- ix) Nested Classes.
- x) Types of constructors

Group No.	JIGSAW Home Group	Student Roll No	Member ID	Student learning ability	Topic Assigned to group
1	Albert Einstein (A)	A1202	A1-Leader	Strong Global Learner	Class declaration with example
		A1201	A2	Strong Sequential Learner	
		A1208	A3	Strong Visual Learner	
		A1206	A4	Strong Active Learner	
		A1210	A5	Strong Reflective Learner	
2	Isaac Newton (B)	A1203	B1-Leader	Strong Global Learner	Creating objects and Methods
		A1205	B2	Strong Sequential Learner	
		A1214	B3	Strong Visual Learner	
		A1207	B4	Strong Active Learner	
		A1216	B5	Strong Reflective Learner	
3	Stephen Hawking (C)	A1222	C1-Leader	Strong Global Learner	Constructor Overloading
		A1211	C2	Strong Sequential Learner	
		A1218	C3	Strong Visual Learner	
		A1212	C4	Strong Active Learner	
		A1217	C5	Strong Reflective Learner	
4	Niels Bohr (D)	A1234	D1-Leader	Strong Global Learner	Garbage Collector
		A1213	D2	Strong Sequential Learner	
		A1219	D3	Strong Visual Learner	
		A1215	D4	Strong Active Learner	
		A1221	D5	Strong Reflective Learner	
5	Faraday (E)	A1235	E1-Leader	Strong Global Learner	importance of static keyword and examples
		A1227	E2	Strong Sequential Learner	
		A1220	E3	Strong Visual Learner	
		A1239	E4	Strong Active Learner	
		A1225	E5	Strong Reflective Learner	
6	Galileo (F)	A1242	F1-Leader	Strong Global Learner	this keyword
		A1229	F2	Strong Sequential Learner	
		A1223	F3	Strong Visual Learner	
		A1245	F4	Strong Active Learner	
		A1230	F5	Strong Reflective learner	
7	Thomas Edison (G)	A1250	G1-Leader	Strong Global Learner	arrays
		A1233	G2	Strong Sequential Learner	
		A1253	G3	Strong Visual Learner	
		A1204	G4	Strong Active Learner	
		A1209	G5	Strong Reflective Learner	

8	Graham Bell (H)	A1251	H1-Leader	Strong Global Learner	command line arguments
		A1237	H2	Strong Sequential Learner	
		A1226	H3	Strong Visual Learner	
		A1247	H4	Strong Active Learner	
		A1238	H5	Strong Reflective Learner	
9	Charles Darwin (I)	A1232	I1-Leader	Strong Global Learner	Nested classes
		A1248	I2	Strong Sequential Learner	
		A1228	I3	Strong Visual Learner	
		A1241	I4	Strong Active Learner	
		A1243	I5	Strong Reflective Learner	
10	Archimede s (J)	A1240	J1-Leader	Strong Global Learner	Types of Constructor
		A1246	J2	Strong Sequential Learner	
		A1252	J3	Strong Visual Learner	
		A1249	J4	Strong Active Learner	
		A1244	J5	Strong Reflective Learner	
		A1236	J6	Strong Visual Learner	

**Table 5.5d: Formation of JIGSAW Home Groups (Heterogeneous Groups)**

#### **Formation of EXPERT groups (Homogeneous)**

Students separated from their "Home Group" and formed new group with the other students who are responsible for preparing the same topic. This group is called "EXPERT" group. These group members are responsible to make other students understand the topic. These groups by default become Homogeneous in their abilities.

The group members make plans about how they can teach the subject content to their friends, and prepare a report. Afterwards, they turn back to their respective "HOME" groups and share their acquired knowledge with colleagues with the help of the reports they have prepared. EXPERT groups are formed by picking one –one member from each HOME group. Expert group size is 6 and hence 10 groups are formed. EXPERT groups EG1, EG2, EG3, EG4, EG5, EG6, EG7, EG8, EG9 and EG10 are shown in Table -6

Sl. No.	Expert Group Name	Expert Group Members
1	EG1	A1, B1, C1, D1, E1, F1 : HOME Group Leaders
2	EG2	A2, B2, C2, D2, E2, F2 : HOME groups members
3	EG3	A3, B3, C3, D3, E3, F3 - do-
4	EG4	A4, B4, C4, D4, E4, F4- do-
5	EG5	A5, B5, C5, D5, E5, F5- do-
6	EG6	G1, H1, I1, J1, K1, L1 : HOME Group Leaders
7	EG7	G2, H2, I2, J2, K2, L2 : HOME group member
8	EG8	G3, H3, I3, J3, K3, L3 - do-
9	EG9	G4, H4, I4, J4, K4, L4 - do-
10	EG10	G5, H5, I5, J5, K5, L5 - do-

**Table 5.5e: List of Expert Groups (Homogeneous) and their Team Members**

**Process of Evaluation:**

Both **Formative assessment** and **Summative assessment** activities are used to judge final products for completion, competency and/or demonstrated improvement.

To evaluate the student two components are required namely Individual and group assessment. We conducted Individual quizzes and group quizzes for all the 10 batches.

Evaluation by the instructor provides students with feedback on the understanding of content, concepts, and applications. We have conducted quiz exams for individuals and for each group separately. The grades are shown in the given Table 5.5f.

**Significance of results & reflective critique:**

At the end of activity students are asked to give their opinion about this activity. Students gave different kinds of answers saying that it is good, OK. But batch 3 & 4 team leaders they fully involved and enjoyed the activity. They reported that this activity is excellent and we learnt a lot on our own. . Then three poll questions are posed to students in order to determine their positive and negative views on cooperative learning environment and JIGSAW technique.

**Question 1**

What can you say about the aspects of JIGSAW practices which have positive effects on you?

Student responses: Out of 51 students great many reported that 'JIGSAW technique was very 'Instructive', 'Created interest on the subject', 'responded positively ', affected the interaction and cooperation in the classroom', and it was 'enjoyable'

Instructive: 35

Created interest on the subject: 47

Positive response: 51

Enjoyable: 42

Good interaction and Cooperation in class: 39

**Fig5.5e: Feedback for JIGSAW questionnaire**

### ***Question 2***

What can you say about the sides of the JIGSAW technique with negative effects in your opinion?

Student responses: Few students reported that JIGSAW technique was 'time-consuming', "Their friends with low achievement made them tired" and "The noise occurred during group works was disturbing". Besides, 2 - 3 students expressed that it would be more effective if the topic was taught by the teacher instead of using this method.

After considering their feelings, we noticed that they are slow learners in my class and their native language is Telugu ( local language)

### ***Question 3***

What are the changes you have observed after application of this technique?

Most students reported that this technique enhanced our learning capacity', 'it increased our self-confidence', 'provided peer interaction and cooperation', 'and they felt that we were more 'active', ' learned a lot on our own'.

## Assessment:

Team No	JIGSAW Team	Home Group Member ID	Formative Assessment		Summative Assessment		Final Score (50M)	Median :45
			Individual Observation (10M)	Group Observation (10M)	Individual Quiz (15M)	Group Quiz (15M)		Performed less than Median Score (Yes/No)
1	Albert Einstein (A)	A1- Leader	10	10	14	13	47	NO
		A2	8		14		44	NO
		A3	9		13		45	NO
		A4	8		15		46	NO
		A5	10		12		45	NO
2	Isaac Newton (B)	B1-Leader	10	8	15	15	48	NO
		B2	9		12		44	YES
		B3	8		13		44	YES
		B4	7		14		44	YES
		B5	6		13		42	YES
3	Stephen Hawking (C)	C1-Leader	9	9	15	14	47	NO
		C2	7		12		42	YES
		C3	9		14		46	NO
		C4	10		13		46	NO
		C5	8		15		46	NO
4	Niels Bohr (D)	D1	10	10	15	13	48	NO
		D2	9		14		46	NO
		D3	8		15		46	NO
		D4	10		14		47	NO
		D5	10		15		48	NO
5	Faraday (E)	E1-Leader	10	9	15	12	46	NO
		E2	8		14		43	YES
		E3	9		13		43	YES

		E4	9		12		42	YES
		E5	8		14		43	YES
6	Galileo (F)	F1-Leader	9	9	15	15	48	NO
		F2	8		14		46	NO
		F3	7		13		44	YES
		F4	9		15		48	NO
		F5	10		12		46	NO
7	Thomas Edison (G)	G1-Leader	10	8	14	14	46	NO
		G2	9		13		44	YES
		G3	7		12		41	YES
		G4	8		13		43	YES
		G5	9		15		46	NO
8	Graham Bell (H)	H1-Leader	10	8	14	13	45	NO
		H2	8		15		44	YES
		H3	9		13		43	YES
		H4	7		14		42	YES
		H5	6		12		39	YES
9	Charles Darwin (I)	I1-Leader	8	10	14	12	44	YES
		I2	9		15		46	NO
		I3	10		13		45	NO
		I4	9		12		43	YES
		I5	8		11		41	YES
10	Archimedes (J)	J1-Leader	8	10	12	15	45	NO
		J2	9		15		49	NO
		J3	10		14		49	NO
		J4	9		13		47	NO
		J5	7		14		46	NO
		J6	8		12		45	NO

Table 5.5f: Assessment sheet for JIGSAW Activity

#### 4. Student Teams Achievement Division (STAD)

In Student Teams-Achievement Divisions (STAD), students are assigned to four-member learning teams that are mixed in performance level, gender, and ethnicity. The teacher presents a lesson, and then students work within their teams to make sure that all team members have mastered the lesson.

##### Goals of the strategy:

- Students work together in achieving its objectives by upholding the norms of the group.
- Actively assist and motivate students to succeed shared passion.
- Active role as a peer tutor to further enhance the success of the group.
- Interaction among students with increasing their ability to argue.

##### Outcomes:

- Exhibit pros and cons of collaborating activity
- Cultivate individual and team work to solve given task
- Apply their own ideas and thoughts during team discussion during deadlock

##### Implementation:

The STAD activity implemented for Java Programming course (II IT-II Sem A.Y: 2016-17) for Inheritance topic is presented below

- Interaction session to present the content
- Make teams based on one criteria
- Teams work together to solve the given task
- Educator conducts individual quiz and team quiz
- Determine team average and each peer improvement scores

##### Time schedule:

- Interaction session by educator : 50 min (1 session)
- Making Teams, Sources of information : 50 min (1 session)
- Activity (3 sessions)
- i. Collaborative learning- : 50 min (1 session)

(Exception Handling Mechanism in Java Programming)

ii. Individual Quiz	: 50 min (1 session)
iii. Group Quiz	: 50 min (1 session)
Total sessions	: 05

Initially, as an Instructor provides brief idea about the STAD activity to achieve better results. One session of 50 min was allocated for this interaction session. The outcomes of the activity will be communicated to all the students clearly. Along with the activity, the basics involved in the tasks assigned were also discussed as per the following schedule.

- Importance of try and catch blocks : 10 min
- Importance of throws and finally blocks : 10 min
- User defined Exceptions : 10 min
- Awareness about the STAD activity : 10 min
- The objectives of the activity : 10 min

#### Assessment:

S.No	Team ID	Member ID	Roll No	Individual (W1: 1)		Collective (W2:3)		Score	Median Score (25.5)	Important reason for team result
				Formative-Observation (A: 3 M)	Summative-Individual Quiz (B: 3 M)	Formative – Observation (C: 3M)	Summative – Group Quiz (D: 5M)	W1A+W1B+W2C+W2D (30 M)	Is less than Median Score	

**Table 5.5g: Evaluation Process**

#### Significance of results & reflective critique:

1. Students actively participated in the activity
2. Communication skills are improved
3. Some students' confidence level for sharing the information in the class is improved

#### 5. Think Pair Share Activity (TPS)

Think-Pair-Share (TPS) is a collaborative learning strategy where students work together to solve problems or answer a question about assigned reading. This technique requires students to think individually about the topic or answer a question; and share ideas with colleague

students. Discussing responses with peers serves to maximize participation, direct attention, and engage students in reading comprehension. The three phases in TPS are structured as Think - the instructor poses a question to which students individually write their answers, Pair - students work on a well-defined task with their neighbor(s), and Share - students engage in a class-wide discussion, sharing their answers and reasoning, and debating alternate solutions.

**Goals of the Think Pair Share:**

- To activate students prior knowledge
- To Enhance oral communication skills
- To make students active learners

**Outcomes:**

- Recognize various feasible solutions for the given problem
- Encapsulate the concepts learnt from digital media
- Demonstrate the findings effectively with other peers and criticize the others conclusions.

**Implementation:** The implementation of a Think Pair Strategy for Java Programming (A.Y: 2016-17; Class: B.Tech Year: II-IT; Sem: II ) course is presented below

**Subject:** Java Programming

**Class:** II-IT

**Semester:** II<sup>nd</sup>Sem

**Think phase:** The instructor posed a question, such as “Write a java program for threadSynchronization”. The students worked individually on the task, for about ten minutes.

**Pair phase:** The instructor gave a task related to the Think phase, such as check your neighbour’s solution, or work with your neighbour to write the detailed code for the given problem. The students worked with one of their neighbours to complete the task, in five to ten minutes. The instructor walked along the aisles, encouraging discussion and answering queries.

**Share phase.** The instructor facilitated a class-wide discussion related to the tasks in the Think and Pair phases. Students’ responses in the Think and Pair phases formed an important part of the discussion in this phase.

**Assessment:**

The students took a survey about their class participation and confidence at the beginning and at the end of the activity. The consolidated survey report is as shown below.

Sl. No	Description	Pre activity survey						Post activity survey					
		Strongly Disagree	Disagree	Slightly Disagree	Slightly Agree	Agree	Strongly Agree	Strongly Disagree	Disagree	Slightly Disagree	Slightly Agree	Agree	Strongly Agree
1	I enjoy sharing my thoughts and observations during JP class discussion	8	15	10	14	4	0	3	8	10	10	12	8
2	I feel confident in my abilities in JP	2	4	20	17	6	2	2	4	12	17	8	8
3	I feel confident in my ability to contribute to concept discussion in class	4	8	10	11	14	4	2	4	8	7	16	14
4	I often participate in class discussion in JP class	0	6	8	12	21	4	0	4	8	12	15	12
5	I am comfortable in contributing to class discussion in JP class	4	4	12	12	13	2	2	6	6	16	11	10

Table 5.5h: Survey report for Think Pair Share Activity

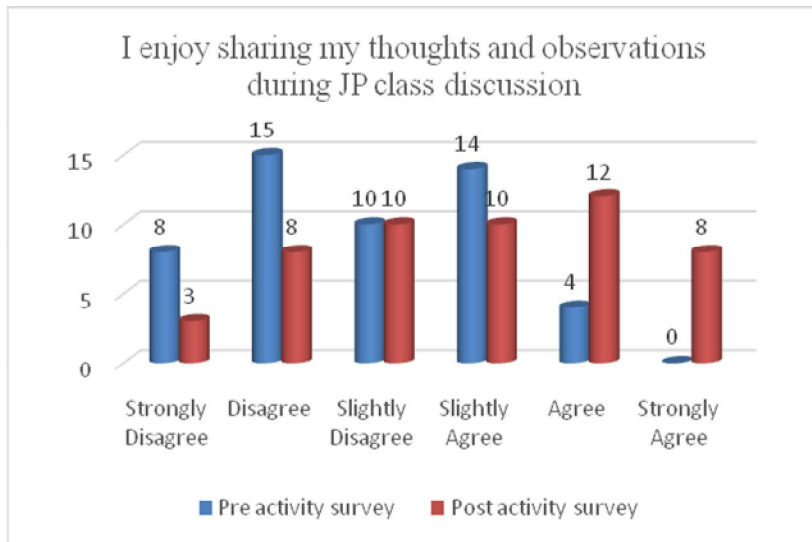

Figure a: Survey parameter 1

Figure b: Survey parameter 3

Figure c: Survey parameter 2

Figure d: Survey parameter 4

**Figure e: Survey Parameter 5**

Based on the survey report obtained for pre activity and post activity, the comparison of each parameter is shown in figures a –e.

**Significance of results & reflective critique:**

1. The number of students who enjoyed the class is increased
2. Most of the students agreed that they are confident in contributing for the class room discussion
3. Students learning ability increased
4. Students shown interest to participate in classroom discussion often
5. Students felt comfortable during classroom activities

**4. Open Book Examination (OBE)**

An "Open Book Examination" is that in which students are allowed to refer to class notes and summaries, textbooks, or other approved material while answering questions. Open Book Examination creates an enriched environment, offering the opportunity to better understanding. II<sup>nd</sup>B.Tech (2016 admitted batch) students were assessed for Closed Book Sitting and Open Book Sitting for the course *Java Programming*. The test population consists of 51 students from II Year, semester II.

**Assessment Method:**

The assessment method used for the proposed study consists of on-line multiple choice questions, comprising 50 questions. Test questions are set in concurrence with Blooms Taxonomy levels. The test was administered under similar conditions for Closed Book Examination (CBE) and Open Book Examination (OBE).

The students first completed the assessment in closed book sitting, and then approximately one week later, completed the same assignment in the open book sitting. A time limit of 60 minutes was set for students, with in which they were expected to complete the test. After the first test the students were told that they would be asked the same set of questions, with full access to any books they may require.

Test results of both the examinations were collected and statistical analysis is performed. The analyzed data is given below

	Closed Book	Open Book
Minimum mark	22	30
Maximum Mark	47	48
Mean value	33.18	39.85
Standard Deviation	5.58	5.91
No. of students completed test	51	51

**Table 5.5i: Open Book and Closed Book analyzed data**

**Closed Book Analysis:**

The minimum and maximum scores for the closed book sitting were 44% and 94% respectively, with a mean of 66.36%.

**Open Book Sitting**

The minimum and maximum scores for the closed book sitting were 60% and 96% respectively, with a mean of 79.70%. There is an increase of 13.34% mean value and standard deviation of both methods is almost same.

**Figure5.5f: Comparison of marks of all students who completed the assessments both OBE and CBE**

#### **Time limit:**

The time taken by students to complete the Open Book Assessment, over and above the time limit of 60 minutes was recorded. However, we allowed some students to continue examination beyond time limit also. 43 students completed the test with in the time limit, while 8 students required additional time to complete the assessment.

	Completed in < 60 min	Completed in > 60 min	
	Marks	Marks	Extra time in min
Minimum Mark	29	30	5
Maximum mark	48	42	14
Mean Value	40.38	35.63	9.13
Standard deviation	5.91	4.10	2.85
No, of students completed test	43	8	8

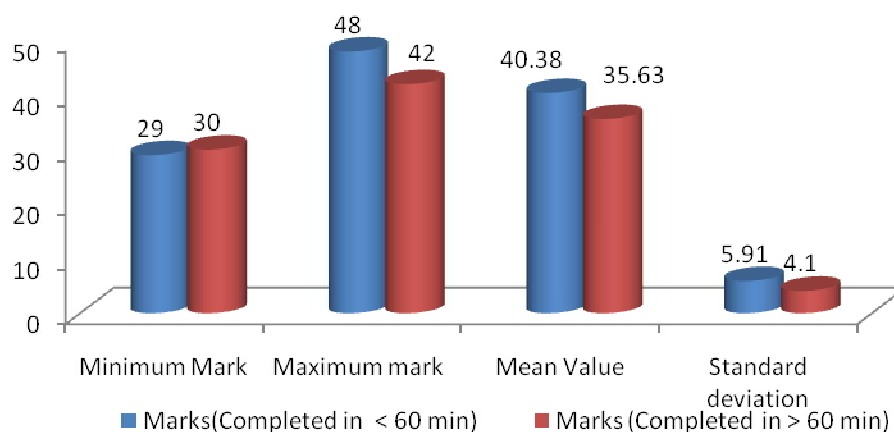

**Table 5.5j: The influence of time on students marks in the open book sitting**

#### **Students completed in < 60 min:**

The minimum and maximum scores for the closed book sitting were 58% and 98% respectively, with a mean of 80.76%

#### **Students exceeded 60 min:**

The minimum and maximum scores for the closed book sitting were 60% and 84% respectively, with a mean of 71.26%

**Figure 5.5g Comparison of open book sitting marks of students who completed in < 60 min time and > 60 min.**

#### **Significance of results & reflective critique:**

- There is a significant improvement in minimum mark and mean value Open book Examination. The increase of 13.34% in mean for open book test shows that the average mark of most of the students is increased, which it indicates that there is an improvement in students' performance in OBE sitting when considered average marks.
- However, the data reveals that there is not much improvement in the marks of weaker students in OBE sitting.
- The maximum mark in OBE and CBE sittings is almost same and only one mark difference (48 and 47 marks respectively) for intelligent student whether it is open book or closed book examination is immaterial.
- It is also interesting to note that students spending more than 60 minutes did not show any significant improvement in their marks.
- There not much deviations in standard deviation in all the 4 cases.

#### **5. Technology Enabled Learning**

21<sup>st</sup> century revolution in the ICT obliges the teachers and students to keep themselves abreast of the-state-of-the-art of technological development. The deployment of them in teaching-learning process is imperative, since the technology is embedded in almost all walks of our life. ICT encapsulates IT and other media such as audio, video, pictures, animation, graphics, internet and

other software packages. The use of technology to teach students has gained attention in recent past. The process of dissemination of information and elicit response from students is a huge task. We adopted the following three technologies used to teach students.

**MOODLES:**

- We organize all the material and syllabi of the course, assignments, readings and online quizzes etc.
- Outcome: Material is easily accessible to all the students and it reaches to all the students including absentees.

**GOOGLE APPS:**

- Sharing lecture notes and PPT through Google drive
- Outcome: It is a collaborative platform for students in which students and instructors share their material online.

**CLIQUERS AND SMART PHONES:**

- Provides easy way to serve the students during the class. It is a good method for instant polling, which can quickly assess student understandings and helps instructors to change teaching modalities.

**ICT Technology Class Room:**

- ICTs are making dynamic changes in society. They are influencing all aspects of our life. Because ICTs provide both students and teachers with more opportunities in adapting learning and teaching to individual needs, society is forcing schools aptly respond to this technical innovation
- Offer the opportunity for more students-centered teaching, provide greater opportunity for teacher-to-teacher and student-to-student communication and collaboration.
- Give greater exposure to vocational and workforce skills for students, provide opportunities for multiple technologies delivered by teachers,

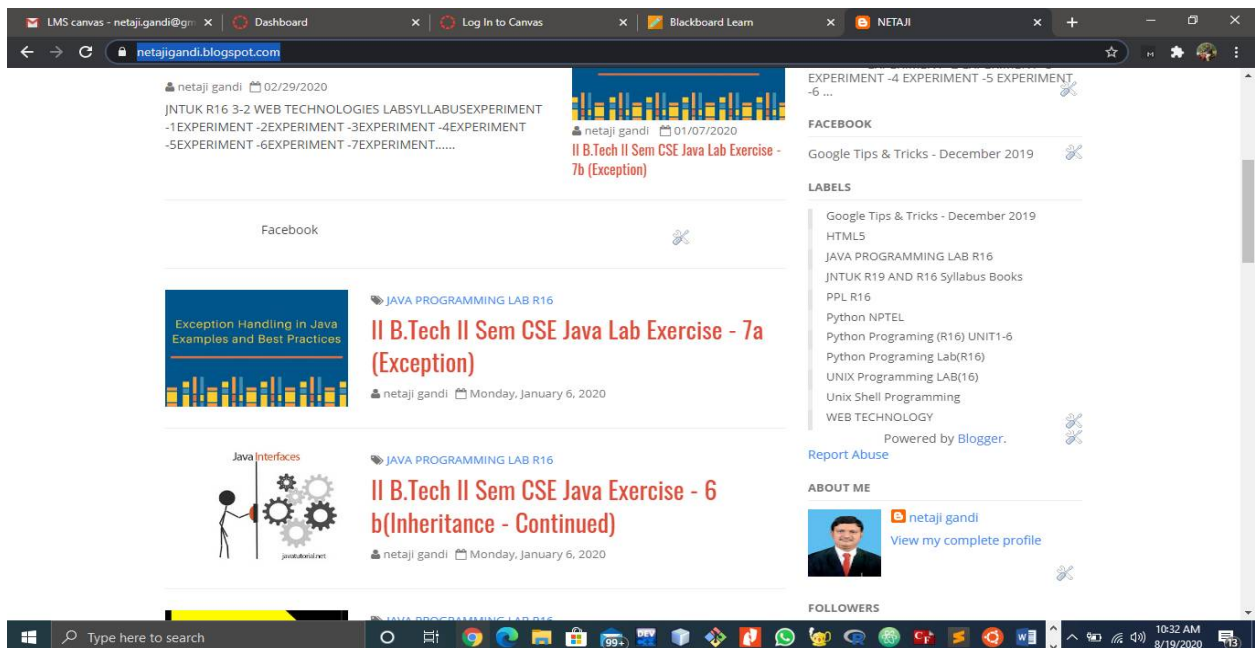

**Dissemination of Content through Course Websites:**

The faculty members are self-motivated to create course websites to make available of the course content like syllabus, course delivery plan, lecture notes of all units and previous question papers. This facility helps the students to learn more in less time. As an educator we need to be very particular in inducting content to the learners in short span of time.

**Figure5.5h:**Course website <https://netajigandi.blogspot.com/>

**Figure5.5i:** Available of course content in course website

## Use of Learning Management Tools

A massive open online course (MOOC) courses aims at providing high quality study materials to student/faculty community worldwide. The MOOC courses offered by Course- era, edX, NPTEL are of high standards.

The students are clustered in a group based on their MOOC course interest and the provider. Students are encouraged to complete a MOOC certification to acquire in depth knowledge. The response of students to MOOC course was minimal.

The department of IT uses LMS tools such as Canvas, MOOCs, Moodles, Virtual Labs etc., to make the students submit their assignments, learn online and implement the experiments to gain knowledge about the concepts learnt in the class. Recently, Google Classroom, Webex, etc. have been utilized by the faculty to teach the courses

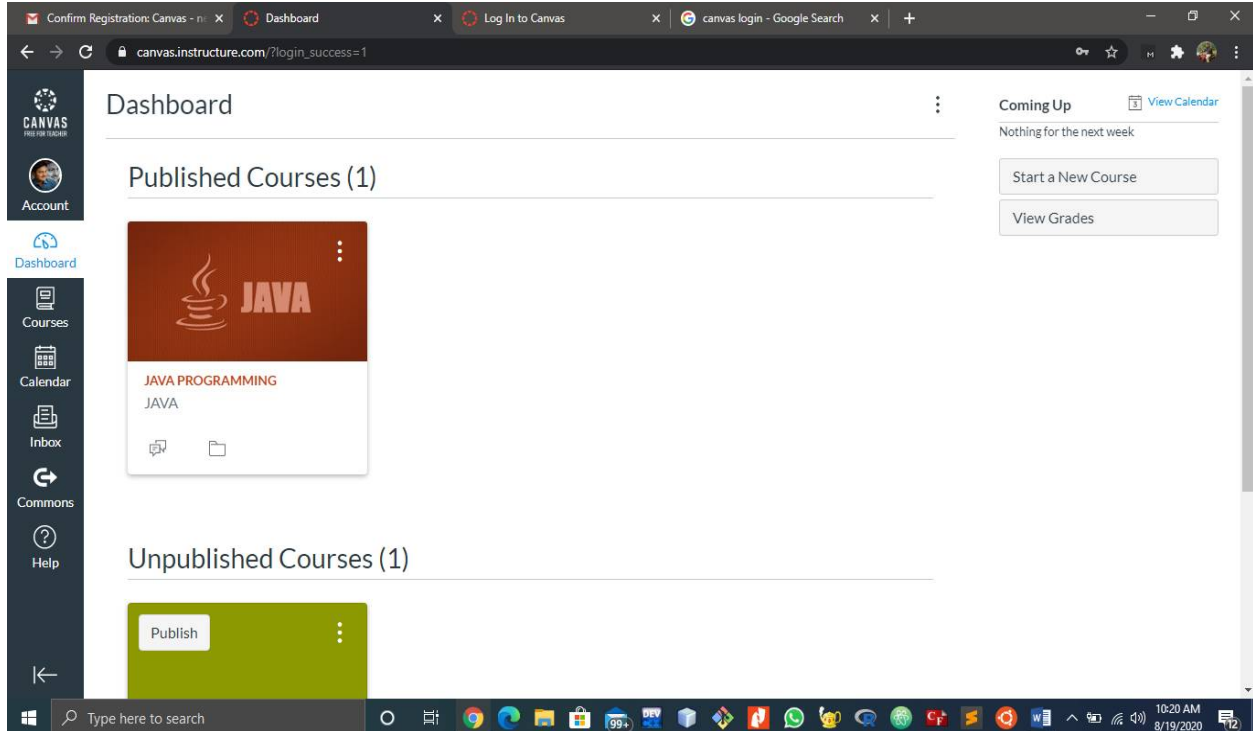

Figure 5.5j: Content delivery using canvas LMS tool

**Significance of results & reflective critique:**

- Offer the opportunity for more students-centered teaching,
- Provide greater opportunity for teacher-to-teacher and student-to-student communication and collaboration,
- Give greater exposure to vocational and workforce skills for students,
- Provide opportunities for multiple technologies delivered by teachers,
- Create greater enthusiasm for learning amongst students,
- Provide teachers with new sources of information and knowledge,
- Prepare learners for the real world,
- Provide distance learners country-wide with online educational materials.
- Provide learners with additional resources to assist resource-based learning. Furthermore, the document states ICTs to cover all the technologies used for holding and communicating information and their use specifically in education with overall policy goals of:

**II. Instructional methods assessment and their Evaluation**

The Innovative Teaching Learning strategies implemented for the course “Java Programming” is presented here to study their impact. This course consists of six Course Outcomes(COs) as shown in Table 5.5k

Course Name: <b>Java Programming</b> Year of Study: <b>2014-15</b> ; Year/Sem: <b>II/II</b>	
<b>CO1</b>	Understanding the Major difference between structured programming language and Object oriented programming language
<b>CO2</b>	Understand java programming concepts and utilize java graphical user interface in program writing.
<b>CO3</b>	Write, compile, execute and troubleshoot java programming for networking concepts.
<b>CO4</b>	Create Java Application for distributed environment.
<b>CO5</b>	Able to Design and Develop Multi-tier applications.
<b>CO6</b>	Identify which type of application it and Analyse Enterprise applications

**Table 5.5k:Course Outcomes for Java Programming**

For the attainment of each course outcome, one teaching learning strategy is implemented along with the regular aids as shown in below **5.5l**

<b>Course outcome</b>	<b>Innovative Teaching strategy</b>
CO1	Conventional Teaching
CO2	JIGSAW (Collaborative )
CO3	STAD (Collaborative )
CO4	Think Pair Share (TPS)
CO5	Flipped Classroom
CO6	Technology Enabled Learning

**Table 5.5l: Innovative practices and their CO mapping**

All the students exercise Felder-Silverman questionnaire to know their learning style. The following table shows distribution of students for each learning style. The course considered for the analysis is taught for II IT-II Sem of strength 51 students

<b>Learning Styles</b>	<b>Number of students</b>	<b>Percentage of students (%)</b>
Active	12	23.52
Reflective	2	3.92
Sensing	3	5.88
Intuitive	3	5.88
Visual	18	35.29
Verbal	2	3.92
Sequential	6	11.76
Global	5	9.80

**Table 5.5m: Percentage of student distribution based on their learning styles**

Course end survey (student feedback) is collected based on the parameters listed in the Table **5.5n** in a 3 point scale (Excellent-3M; Good-3M; Average-1M). The identity of the students were not revealed to the teacher, so that students are independent to express their opinions on the teaching learning process .

Feedback Questions	Average Mark
Satisfaction of syllabus coverage (3)	2.50
Technical Knowledge of the Teacher (3)	2.40
Audibility and Interaction with students(3)	2.30
Achievement of COs defined (3)	2.60
Understanding of the course (On average)(3)	2.00
Effectiveness of lecture delivery – Flipped classroom/JIGSAW/STAD/TPS	2.60
Efficiency of assessment methods (3)	2.40
Overall Average Mark	2.40
Percentage	80%

**Table 5.5n: Consolidated report of course end survey**

From the feedback scores obtained course end survey in Table 5.5n, it is evident that students expressed high degree of satisfaction for the parameter “Effectiveness of lecture delivery -Flipped classroom/JIGSAW/STAD/TPS” with a score of 2.60. This parameter is directly correlated to the innovations employed in teaching learning paradigm

The process of Course attainment consists of direct attainment (80%) and indirect attainment (20%). Direct attainment is evaluated from mid examination marks (30 Marks). The mid examination marks comprises of descriptive exam (15 Marks), objective exam (10 Marks) and assignment (5 marks). First mid examination covers three COs: CO1, CO2 & CO3 and Second mid examination covers remaining three COs: CO4, CO5 & CO6. Each CO is evaluated for 10 Marks. The analysis of teaching learning methodologies is presented in table

Course Outcome	Innovative Practice	Learning Style	Number of students	Students with attainment above 60%	Percentage of students with attainment above 60%	Average
CO1	Conventional Teaching	Active	12	6	50	45.875
		Reflective	2	1	50	
		Sensing	3	2	67	
		Intuitive	3	1	33	
		Visual	18	8	44	
		Verbal	2	1	50	
		Sequential	6	2	33	
		Global	5	2	40	
CO2	JIGSAW (Collaborative)	Active	12	9	75	85.125
		Reflective	2	2	100	

	Strategy)	Sensing	3	2	67	
		Intuitive	3	2	67	
		Visual	18	16	89	
		Verbal	2	2	100	
		Sequential	6	5	83	
		Global	5	5	100	
CO3	STAD (Collaborative Strategy)	Active	12	9	75	96.125
		Reflective	2	2	100	
		Sensing	3	3	100	
		Intuitive	3	3	100	
		Visual	18	17	94	
		Verbal	2	2	100	
		Sequential	6	6	100	
		Global	5	5	100	
CO4	Think Pair Share	Active	12	12	100	100
		Reflective	2	2	100	
		Sensing	3	3	100	
		Intuitive	3	3	100	
		Visual	18	18	100	
		Verbal	2	2	100	
		Sequential	6	6	100	
		Global	5	5	100	
CO5	Flipped Class Room	Active	12	11	91	98.125
		Reflective	2	2	100	
		Sensing	3	3	100	
		Intuitive	3	3	100	
		Visual	18	17	94	
		Verbal	2	2	100	
		Sequential	6	6	100	
		Global	5	5	100	
CO6	Technology Enabled Learning	Active	12	9	75	90.125
		Reflective	2	2	100	
		Sensing	3	3	100	
		Intuitive	3	3	100	
		Visual	18	15	83	
		Verbal	2	2	100	
		Sequential	6	5	83	
		Global	5	4	80	

**Table 5.5o: Analysis of course attainments for different learning strategies**

From the Table 5.5o, it is inferred that all students of learning styles Active/Reflective, Sensing/ Intuitive, Visual / Verbal, Sequential/ Global have shown better performance in all the innovative teaching strategies. Active learners performed well even in conventional teaching. Verbal and Sequential learners performance is phenomenal in active learning strategies. Global learners especially preferred collaborative learning strategies compared to conventional and technology enabled learning.

From above Table, it is also clear that students performed high degree of performance in STAD, Think Pair Share and Flipped Class Room learning strategies. Hence, the attainments of CO3, CO4 and CO5 are better than remaining COs.

From this analysis, we can conclude that innovative teaching learning strategies obviously improve the performance of students of all learning styles. The innovations by our faculty in Teaching Learning strategies are made available in institute website for transparency, peer review and critique. This practice will help to other scholars to reproduce and develop further.

**5.6. Faculty as participants in Faculty development/training activities/STTPs (15)**

*A Faculty scores maximum five points for participation*

- *Participation in 2 to 5 days Faculty development program: 3 Points*
- *Participation >5 days Faculty development program: 5 points*

Vignan's Institute of Engineering for Women encourages faculties to improve their technical skills on par with industry by sponsoring registration fees, TA and DA to participate in training programs. After the successful completion of the program the faculty is supposed to submit a one page report and also should share their knowledge with colleagues.

Name of the Faculty	Max. 5 per Faculty		
	CAYm1(2018-19)	CAYm2(2017-18)	CAYm3(2016-17)
Dr.KVenkataRao	5	5	5
Dr.B.Prakash	5	0	0
Mr.M. SomaSundar	5	5	3

Mr.J.Hari	5	5	5
Mrs. S. Kalyani	5	5	3
Mr.P. Mohan Ganesh	5	3	3
Mr. RVS Ratna Kumar	0	5	5
Mr B. Ajay Kuamr	5	5	0
Mr. Y. Laxmanrao	5	3	0
Mr. Ch. Ramasuri	5	3	0
Mrs. P. Vanitha	5	3	0
Mr. G. Netaji	5	3	0
<b>Sum</b>	55	45	24
<b>RF= Number of Faculty required to comply with 20:1 Student-Faculty ratio as per 5.1</b>	9	12	12
<b>Assessment = <math>3 \times (\text{Sum}/0.5\text{RF})</math> (Marks limited to 15)</b>	36.66	22.5	12
<b>Average assessment over three years (Marks limited to 15) = <math>(36.66+22.5+12)/3=15</math></b>

## 5.7. Research and Development (30)

### 5.7.1. Academic Research (10)

*Academic research includes research paper publications, Ph.D. guidance, and faculty receiving Ph.D. during the assessment period.*

- *Number of quality publications in refereed/SCI Journals, citations, Books/Book Chapters etc. (6)*
- *Ph.D guided /Ph.D awarded during the assessment period while working in the institute(4)*

*All relevant details shall be mentioned.*

-----

**A.Number of quality publications in refereed/SCI Journals, citations, Books/Book Chaptersetc. (6)**

The management encourages faculty to do Research and Development activities by providing

- Extra advanced laboratories, access to national and international journals related to IT in Digital Library
- Online access to reputed journals and magazines related to IT.
- academic leaves to scholars to submit their work.
- Honorarium to faculty for publications in reputed journals for SCI indexed journal the honorarium is Rs 10000/- and scopus indexed Rs 5000/-

- d. *Working models/charts/monograms etc.*

**A)Product Development: Nil****B)Research laboratories:**

The department has two research laboratories that helps the faculty to implement innovative projects and publish their work in reputed journals.

**1. IoT Lab (Texas sponsored):**

The students of IT Department enhance their knowledge towards developing of IoT applications by gaining knowledge on IoT domain within the campus and to stay ahead of their peers.

Students and faculty can utilize our IoT test bed available in IoT lab to get hands-on exposure on IoT platform. This IoT test bed is an open and developing ecosystem of edge devices, communication protocols, cloud-based platforms and application with a focus on cost-effective IoT technologies.

Students developed IoT based projects like Smart traffic management, Smart Garbage Management System and Smart Irrigation etc.The following are the Kits Sponsored by TI kits from STEPS Knowledge services Pvt. ltd will be used by Department of IT for academic purpose:

Sl. No	Description of the hardware	Quantity
1	CC3200 Simple Link Wi-Fi Launch Pad	15
2	EK-TM4C729EXL	2
3	MSP 430 EXP G2 Launch Pad	8
4	RF Booster Pack CC110L	4
5	37 Sensors Kit	1
6	BBONE-BLACK-WIRELESS	2

**Table 5.7.3 a:List of components**

The research outcome of this lab is many UG students done their project work under the guidance of faculty using the facilities available at R&D Lab.

## 2. Research Laboratory(Brain O Vision sponsored):

Faculty and students can access R&D lab to develop projects and to do the research vastly in the field of ML.The research outcome of this lab is many UG students done their project work under the guidance of faculty using the facilities available at R&D Lab.The following table shows configuration details of the laboratory

Sl. No	Configuration/Softwares	Quantity
1	Personal Computers: <ul style="list-style-type: none"> <li>• Intel I7 Processor</li> <li>• 8GB RAM</li> <li>• 1TB HDD</li> <li>• 2GB Graphic Card</li> </ul>	10 PC's
2	Python 3.7	1No
	R- Programming	1No
	Ecclipse	1No

**Table 5.7.3 b :Lab Configuration and Software Details**

## C)Instructional materials:

### 1. Course Files

The Course coordinator prepare/update lecture notes for allotted subjects by consulting various prescribed text books, Question banks of previous examinations, relevant NPTEL courses and other e-resources from Google. The Course coordinator maintains a course file that includes the following along with the lecture notes:

- Department Mission, Vision
- Program outcomes
- Course syllabus
- Course outcomes
- CO-PO Mapping
- University Academic Calendar
- Department Academic Calendar

- CDP
- Course Time-Table
- Lecture Notes
- Question Bank (unit wise)
- Multiple Choice Questions
- Tutorial Topics/Problems
- Topics beyond Syllabus
- PPT's/videos/other materials
- Internal question papers & scheme
- Assignment Questions
- University old question Papers
- Gap Analysis
- Remedial Classes to weak students
- Result Analysis & Course attainments

## **2. Laboratory Manuals:**

- Lab Manuals are prepared for every regulation and the respective handouts will be given at the beginning of each semester.
- All lab manuals are developed by our faculty.
- Books and printed material related to advanced topics are made available

### **List of Manuals:**

1. C -Programming
2. Data Structures
3. OOPs through CPP
4. OOPs through Java
5. Operating Systems
6. Web Technologies
7. Mobile Application Development
8. Software Testing Methodologie

**D)Working models/charts/monograms etc:**

The following models are developed by the students of IT department during their Project Work.

**1. Automatic Solar Tracker:**

Developed by the students of IV B.Tech II Sem (2019-20).The team members are 16NM1A1215,1202,1215,1230.

**Figure 5.7.3.D.1: Automatic Solar Tracker**

Solar energy, as an important means of expanding renewable energy, uses solar cells that convert solar energy into electrical energy. Different approaches are imposed to increase the efficiency of the solar cells by tracking the sun. This system will rotate according to the position of the sun. The operation of the experimental model of the device is based on a servo motor which is intelligently controlled by an Arduino UNO board that moves a mini PV panel according to the rotation of the sun.

**2. Smart Wheel Chair :**

Developed by the students of IV B.Tech II Sem (2019-20).The team members are 16NM1A1240,1232,1212,1209.

**Figure 5.7.3.D.2: Smart Wheel Chair**

Smart Wheel Chair is mechanically controlled devices designed to have self-mobility with the help of the user command using head. This reduces the user's human effort and force to drive the wheels for wheelchair. Furthermore it also provides an opportunity for visually or physically impaired persons to move from one place to another. Even though a persons' body is paralyzed only his head/hand movement will help the wheel chair to move front, back, left, right. There is a wireless communication between the human and the wheel chair. The equipment is kept on his head which detects the movement of the head.

### **3. Smart Rescue System for Bore well:**

Developed by the students of IV B.Tech II Sem (2018-19). The team members are 15NM1A1217, 1214, 1245, 1248.

**Figure 5.7.3.D.3: Smart Rescue System for Bore well**

The proposed system is developed in order to rescue children and other small creatures from bore well. This consists of a sensor kept at top of bore-well. Once it identifies anyone falling into the bore well, it would provide an alarm along with information in the form of message to the concerned team and the neighboring society like police station, fire station president and bore owner with continuous alerts. Also the key feature about this system is, if it sense the child or anything falling into it then automatically the child or object inside the well is pulled up with the help of carrier which is mounted inside at 5 feet distance. The automatic action is carried out with the help of DC motor.

#### **4. Hand Robot:**

Developed by the students of IV B.Tech II Sem (2019-20). The team members are 16NM1A1207, 1221, 1206.

**Figure 5.7.3.D.4: Hand Robot**

Use of animatronic hand in the chemical industry has vast applications. As there is improvement, there is also being fewer forms of skin diseases. Moreover, it can be used as an alternative arm for the physically challenged persons. Thus the applications of Animatronic hand are numerous. So we created a hand using a foam sheet (body) and fishing thread (mounting the fingers). The fishing threads are attached to the five servo motors, the movement of glove hand controls the movement of animatronic hand. The flex sensors are fixed to the glove (to read the motion of human fingers). On PCB we connect the two flex sensor pins (signal pin, power pin), five servo motors, each with three pins (signal, power, ground) to the arduino uno (microcontroller).

### 5. Interactive Assistance Using Face Recognition:

Developed by the students of IIB. Tech II Sem (2019-20). The team members are 18NM1A1201, 1221, 1231, 1242

**Figure 5.7.3.D.5: Interactive Assistance Using Face Recognition**

This Project follows an interactive assistant which is accessible by authorized personnel using face recognition and performs the user requests, using this assistant we launched a poster with the help of IoT in which the system used register server module to connect with the node mcu to run the arduino code which is connected with a DC motor to run the poster down. When this project is executed the assistant invokes and asks the name of the user, after that it asks the user for specific tasks, if the user gives any task it recognises with the help of GTTS package and performs given tasks.

**5.7.4. Consultancy (from Industry):****Academic Year: 2019-20:**

SI.No	Title of the Project	Name of PI and Co PI	Duration	Funding Agency	Amount
1	Performance Management System(e-PMS)	Dr. B. Prakash (Principal Investigator) Assoc.Prof	2 Years	Brain O Vision solutions Pvt.Ltd	8.40Lakhs

### **5.8. Faculty Performance Appraisal and Development System (FPADS) (30)**

*Faculty members of Higher Educational Institutions today have to perform a variety of tasks pertaining to diverse roles. In addition to instruction, Faculty members need to innovate and conduct research for their self-renewal, keep abreast with changes in technology, and develop expertise for effective implementation of curricula. They are also expected to provide services to the industry and community for understanding and contributing to the solution of real life problems in industry. Another role relates to the shouldering of administrative responsibilities and cooperation with other Faculty, Heads-of-Departments and the Head of Institute. An effective performance appraisal system for Faculty is vital for optimizing the contribution of individual Faculty to institutional performance.*

*The assessment is based on:*

- *A well-defined system for faculty appraisal for all the assessment years (10)*
- *Its implementation and effectiveness (20)*

---

#### **A) A well-defined system for faculty appraisal for all the assessment years (10)**

The faculty members shall submit the open and transparent performance report in the prescribed format, containing the teacher's academic, research, supplementary activities and achievements during the academic year. The Head of the Department shall offer his remarks and observation on the form. The Academic Planning and Audit Committee (APAC) shall review the report on Performance Appraisal staff to the Management through the Principal. The assessment shall be used for the following purposes.

1. Award of annual increments.
2. Award of special increments/allowance.
3. Award of career advancement and promotion.
4. Monitoring and recording of the regular growth of each faculty member.

#### **Parameters to assess Performance Appraisal**

The performance of staff is assessed through **3 criterias** for the purpose of annual increment with a total score of 10.

Criteria No.	Element of Criteria	Max. Score	% of Weightage
1	Academic Results & Feedback	4 Marks	40
2	Research & Development	3 Marks	30
3	Supplementary Activities	3 Marks	30
<b>Total</b>		<b>10 Marks</b>	<b>100</b>

**Table B. 5.8.a: Elements in Appraisal Form**

**Criteria -1** is mainly focused on the **academic performance** of staff which covers the teaching related activities, domain knowledge, semester results and students feed back in an academic year.

**Criteria -2** is mainly considered the faculty output in **Research and Development** activates in an academic year. Based on cadre of faculty, the expected output of R&D shall be categorized. R & D activities includes Research papers published in scholarly journals, Book publications, research projects, consultancy projects, organizing and attending conferences/seminars, workshops and FDPs.

**Criteria -3** covers **curricular and extracurricular activities**, counseling/mentoring of students, roles and contributions in Institutional Governance and administration, awards and achievements and Professional Development Activates.

**Grant/Award of Annual Increments:**

Increments shall be sanctioned by the Management as recommended by the Principal. The grant of number of increments is based on the score secured by the faculty out of the total score of 10.

Secured Score	Grade	No. of Increments
$\geq 7.5$	A+	3 (Three)
$<7.5 \ \&\geq 6.5$	A	2 (Two)
$<6.5 \ \&\geq 5$	B	1 (One)
$<5$	C	No Increment

**Table B.5.8.b: Details of Grades and Increments**

**B) Its implementation and effectiveness (20)**

The increments will be given in the month of August. Principal issues a circular to submit self appraisal form in the prescribed form given fig 5.8b. The eligible faculty is supposed to submit self appraisal form after furnishing all the details with support documents through HoD .

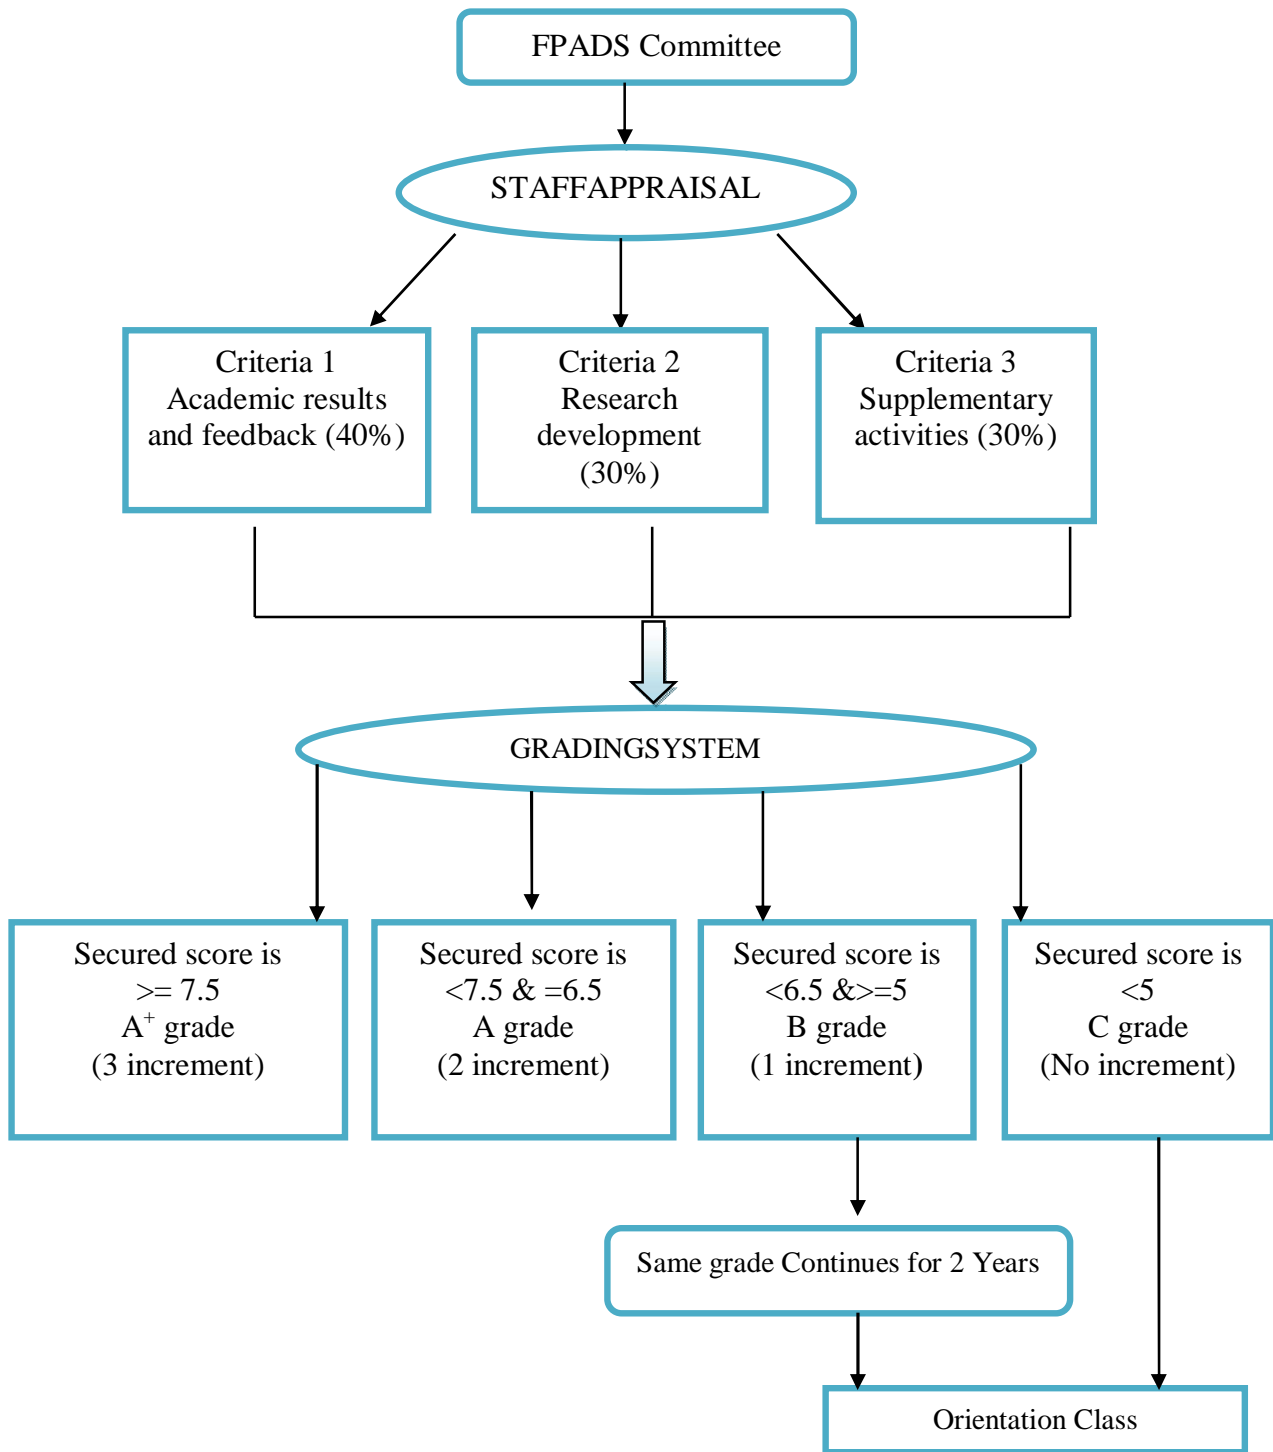

The faculty who served the institute for 2 semesters in academic year are eligible for increment. A committee is constituted to scrutiny and prepares eligible list. It is observed that 90% of the faculty received increments through our self appraisal policy.

a) If a teaching staff falls in 'B' grade in 2 continuous years, the Management/Principal have right to terminate or service one month notice to staff for termination due to lack of improvement in performance.

b) If a teaching staff falls in 'C' grade, the Management/Principal have right to terminate the faculty immediately or service one month notice to staff for termination. In special cases, the Principal shall allow an opportunity to improve the performance with in one academic year.

**Letter of Annual Increment:**

All employees will be informed in writing about their annual increments after the Performance Appraisal

**Figure 5.8.b:Format of Faculty Appraisal Form**

Assessment Year	Total no. of faculty*	Faculty secured A <sup>+</sup> grade	Faculty secured A grade	Faculty secured B grade	Faculty secured C grade
CAYm2(2017-18)	11	3	3	3	2
CAYm1(2018-19)	10	3	4	3	0
CAY(2019-20)	12	4	5	3	0

\*Including 1<sup>st</sup> Year

**Table B 5.8.c:Faculty Assesments for 2017-18, 2018-19 and 2019-20**

The faculty who secured 3 increments will consider under A<sup>+</sup> grade. Similarly the faculty who secured 2, 1 and No increments will come under A, B, C grades respectively. Based on the TEACHING STAFF APPRAISAL POLICY the table lists the data of increments secured by IT faculty during last 3 years.

**Figure 5.8c: Faculty Performance Analysis**

The number of A<sup>+</sup> and A grades are gradually increased from 2017-18 to 2019-20. The number of C grade Faculty is gradually decreased from 2017-18 to 2019-20. There by the performance of Faculty is increased year by year.

(c) No. of Project Supervised:

**Category II**

**Research, Publication & Professional Development Activities (Proofs to be attached)**

(a) Publications/Books/Patents/Copy Rights (From 08/2018 to 07/2019)

- No. of Publications in SCI Journals- Paid : Unpaid:
- No. of Publications in Scopus Journals- Paid : Unpaid:
- No. of publications in Conference Proceedings- Int. National: National:
- No. of Books Authored/Contributed: No. of Patents/Copy Rights:

(b) No. of Conferences/Workshops/FDPs attended: (From 08/2018 to 07/2019)

International Conferences	National Conferences	International Workshops	National Workshops	FDPs
				2

(c) No. of Conferences/Workshops/FDPs Organized: (From 08/2018 to 07/2019)

International Conferences	National Conferences	International Workshops	National Workshops	FDPs
-	-	-	5	1

d) Research Funding Projects:

Year	Title of the Project	Type of Project	Funded Agency	Project Value
-	-	-	-	-

Category III

Supplementary Activities (Attached Additional Sheet, if required)

a) Awards and acknowledging certificates (kindly attach supporting documents):

(NET/SLET/M.Phil/Ph.D/IUCEE/NPTEL/Other \_\_\_\_\_)

b) Counseling of Students:

(i) Total no. of Regular students Allotted : 23 (ii) Total no. of students cleared all the subjects: 15

(ii) No. of Backlog Students Allotted : 8 (iv) No. of Students cleared Backlogs: 1

c) Roles and contributions in Institutional Governance and administration (Tick whichever is applicable)

Head of the Department/Department T&P Coordinator/ NSS Coordinator/Women Grievance Cell Coordinator/ Assistant Head of the Department/ Website Coordinator/ Institutional Criteria Coordinator of NBA & NAAC / College Level Admissions/Time-Table Coordinator/IQAC Coordinator/ Alumni Association Coordinator/ CoE/Exam Cell Staff/Any other Institutional Level Coordinator role assigned by Principal (Please specify.... APSS DC Dept. Co-ordinator)

(d) Regularity assessment of Faculty/Leave Details (From 08/2018 to 07/2019)

CL	ML	CCL	EL	Other Leaves (Academic/Mat. Leave/Paternity Leave)	Loss of Pay due to excess Leaves	Loss of Pay due to biometric deviations
9	8	4		-	-	1

e) Other activities Inside/Outside the campus towards development of self & students:

1) volunteered in vizag Navy mess than  
 2) attending extra classes for students in hotel  
 f) Contribution to Department: 1) organizing workshops for students

f) Contribution to Institution: 2) NAAC & NBA co-ordinator for criteria - 4  
 1) stock verification co-ordinator from IT dept  
 2) APSS DC workshop organization along spec

h) Any other Information  
 1) Mentor for DST & Texas Institute India contest 2019 powered by AICTE & NSRFCL  
 2) Nominated as Faculty for "The Glorious Organization for excellence in library"

Signature of Faculty: P. Mohan

Remarks of HoD: average results above 96%. feedback very good

Signature of Head of the Department: B. Prabhakar

Remarks/Recommendations of Principal

3) Organized 5 workshops for students  
 2) Organized 1 FDP for faculty

Signature of Principal

Recommended for increment

To

Mr.P.Mohan Ganesh,  
 Emp.No.10158  
 Department of IT

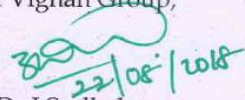

Dear P.Mohan Ganesh,

I take this opportunity to congratulate to you and express our appreciation for your valuable contribution in achieving Institution objectives. Consequent to the review of your performance during the period of 01/08/2017 to 31/07/2018, the Management is pleased to inform you that your salary has been revised w.e.f 1<sup>st</sup> August 2018. You will be paid a Gross Salary of Rs.32,673/- per month in AICTE 6<sup>th</sup> Pay scale of Rs.15,600-39,100. The breakup of your salary is given below:

Basic Pay	15,600
D.A	11,073
H.R.A	2,621
Academic Grade Pay	6,000
Special Allowance	0
<b>Gross Salary Per Month</b>	<b>32,673</b>

I am confident that you will continue the good work in the same spirit of commitment and sincerity and grow with our Institution. Wish you all the very best for a rewarding career with the Institution.

Figure 5.8.e: Faculty Increment Letter (2018-19)

**5.9. Visiting/Adjunct/Emeritus Faculty etc. (10)**

*Adjunct faculty also includes Industry experts. Provide details of participation and contributions in teaching and learning and /or research by visiting/adjunct/Emeritus faculty etc. for all the assessment years:*

- *Provision of inviting/having visiting/adjunct/emergitus faculty (1)*
- *Minimum 50 hours per year interaction with adjunct faculty from industry/retired professors etc.*

*(Minimum 50 hours interaction in a year will result in 3 marks for that year; 3 marks x 3 years = 9 marks)*

In the department of IT some of the lectures are being handled by Eminent Industrialists or Researchers. They share their expertise and practical knowledge with the students every year to make them industry ready.

The following table shows list of adjunct faculties for last 3 academic years with their topics dealt.

<b>Year</b>	<b>Name of the Visiting Faculty</b>	<b>No. of hours</b>	<b>Topic</b>
<b>CAY (2019-20)</b>	Prof. A. Sesharao, Scientist C, NSTL, DRDO Visakhapatnam Ex.Senior Professor (CSE) GMRIT, VIIT	53	Artificial Neural Networks
<b>CAYm1 (2018-19)</b>	Prof. A. Sesharao, Scientist C, NSTL, DRDO Visakhapatnam Ex.Senior Professor (CSE) GMRIT, VIIT	52	Machine Learning
<b>CAYm2 (2017-18)</b>	Prof. A. Sesharao, Scientist C, NSTL, DRDO Visakhapatnam Ex.Senior Professor (CSE) GMRIT, VIIT	54	Artificial Intelligence

**Table 5.9.a:Details of visitingfaculty for 2019-20,2018-19 and 2017-18**

<b>CRITERION 6</b>	<b>Facilities and Technical Support</b>	<b>80M</b>
6.1	Adequate and well-equipped laboratories, and technical manpower	30M
6.2	Additional facilities created for improving the quality of learning experience in laboratories	25M
6.3	Laboratories: Maintenance and overall ambiance	10M
6.4	Project laboratory	5M
6.5	Safety measures in laboratories	10M

**6.1 Adequate and well-equipped laboratories and technical manpower (30)**

- The department of Information Technology strongly believes that the practical knowledge is highly essential for every engineering graduate along with theoretical knowledge.
- The laboratory has sufficient computers with latest updated software's and latest tools required as per course curriculum and beyond the curriculum.
- The department has qualified and efficient technical man power.
- Every laboratory has LCD projectors, continuous UPS power supply and updated lab manuals.

The details of the individual laboratories are given in the below table.

Sl.No.	Name of the Laboratory	No. of students per setup (Batch Size)	Name of the important equipment	Weekly utilization status	Technical Manpower Support		
					Name of the Technical Staff	Designation	Qualification
1	Dennis Ritchie Lab	1:1(60)	<b>Computer System with: (65 Systems)</b> <ul style="list-style-type: none"> <li>• Intel Core i3 4150</li> <li>• CPU @ 3.5 GHz</li> <li>• 4GB RAM</li> <li>• 500GB HDD</li> <li>• 18.5" 65 Monitors</li> </ul>	SEM I Total: 9 hours per week	Mrs.B.Bharathi	Programmer	M.Tech..

2	IoT Lab	This lab contains 30 high end systems Dell Vostro Intel Corei3-8100 CPU@3.60 GHz, 8GB RAM,1TB HDD, LCD Monitor, Arduino boards and sensors like IR sensor, PIR sensor, ultrasonic sensor, servo motors etc.	The faculty and students can acquire skills beyond the syllabus on emerging technologies	18 Hrs per week <b>List of projects:</b> <ul style="list-style-type: none"> <li>• Interactive Assistant Using Face Recognition.</li> <li>• IoT Based Remote Poster Launch.</li> <li>• Hand Robot.</li> <li>• Smart Rescue System for Bore well.</li> <li>• Smart Wheel Chair.</li> <li>• Automatic Solar Tracker</li> </ul>	IoT Based Projects	PO1, PO2, PO3, PO4, PO5, PO6, PO8, PO9, PO10, PO11, PO12  PSO1, PSO2
3.	Tensor Flow	Machine Learning Tool	To make the students aware of the software industry requirements and help them to get jobs in the field	3 Hrs per week <b>List of projects:</b> <ul style="list-style-type: none"> <li>• Hepatic Diseases prediction using Machine Learning.</li> <li>• Sign Language Recognition and Speech Conversion Using Raspberry pi.</li> <li>• Interactive Assistant Using Face Recognition.</li> </ul>	Artificial Intelligence and Machine Learning	PO1, PO2, PO3, PO4, PO5, PO6, PO8, PO9, PO10, PO11, PO12  PSO1, PSO2
4.	RStudio	Data Analysis Tool	For Implementing Data Analytics related Projects	3 Hrs Per Week <b>List of projects:</b> <ul style="list-style-type: none"> <li>• Movie Recommendation System.</li> <li>• Credit Card Fraud Detection.</li> </ul>	Projects and Research	PO1, PO2, PO3, PO4, PO5, PO6, PO8, PO9, PO10, PO11, PO12  PSO1,PSO2

**CRITERION 6****Facilities and Technical Support**

5	Placement Training	Technical training is provided to pre-final and final year students	This training is helpful for students preparing for campus placements	3Hrs Per Week <b>Training Courses:</b> <ul style="list-style-type: none"> <li>• C.</li> <li>• CPP.</li> <li>• Java.</li> <li>• Python.</li> <li>• DBMS.</li> <li>• OS.</li> <li>• Aptitude.</li> <li>• Reasoning.</li> <li>• English.</li> <li>• Personality Development.</li> <li>• Group Discussion etc.</li> </ul>	C, C++, Java, DBMS, Python and non-technical like Aptitude reasoning, English Vocabulary which helpful in campus placements.	PO1, PO2, PO3, PO5, PO8, PO9, PO10, PO11, PO12  PSO1, PSO2
6	Android Studio	To develop android mobile applications	Students can develop android applications and Games	3Hrs Per Week <b>List of Apps:</b> <ul style="list-style-type: none"> <li>• Weather App.</li> <li>• Movies App.</li> <li>• Weather App.</li> <li>• Sports update App</li> <li>• Personal Dairy App</li> </ul>	Mobile applications and games	PO1, PO2, PO3, PO4, PO5, PO8, PO9, PO10, PO11, PO12  PSO1

**Table B.6.2 Additional facilities created**

**B. Facilities utilization and effectiveness. (10)**

In accordance with the Vision & Mission of the Department and Institute, the Department of Information Technology has established Shrishti club. In Shrishti club students are voluntarily divided into different most emerging domains like IoT, Machine Learning, AI, Big data, Block Chain, Head of the Department will assign a faculty coordinator for each of this domain.

Lab is provided to these students for doing their project and lives models.

**List of projects completed by students in Shrishti Club:****1. Interactive Assistant Using Face Recognition.**

This Project follows an interactive assistant which is accessible by authorized personnel using face recognition and performs the user requests, using this assistant we launched a poster with the help of IoT in which the system use registered server module to connect with the node MCU to run the Arduino code which is connected with a DC motor to run the poster down. When this project is executed the assistant invokes and asks the name of the user, after that it asks the user for specific tasks, if the user gives any task it recognizes with the help of GTTS package and performs given tasks.

This project is published under UGC approved journal IJCRT with title **Interactive Assistant Using Face Recognition** ISSN No 2320-2882, Volume 8, Issue 5 may 2020.

List of students carried out this project:

Sl. No.	Roll No	Name of the Student
1	18NM1A1201	Addepalli Geetha Sri
2	18NM1A1221	Kamuju Naganandini
3	18NM1A1231	Nemani Sai Pallavi
4	18NM1A1242	Teki Sai Srujana

**Figure6.2.1: Live model of Interactive Assistant Using Face Recognition**

## 2. IoT Based Remote Poster Launch.

This IoT based project is developed for department technical fest-19 ITTARA poster launching using DC motor, node MCU, Arduino and Android phone. The poster will be controlled via android mobile phone. They controlled the movement of the poster by sending instructions via Bluetooth from the android phone. The poster will receive the instructions via the HC-05 Bluetooth module and process the data with Arduino microcontroller. Then it will rotate the poster with the help of motor driver L298N by following the instructions received from android mobile phone.

List of students carried out this project:

Sl. No..	Roll No	Name of the Student
1	16NM1A1221	Killada Sumanjali
2	16NM1A1240	Panchadi Sirisha
3	16NM1A1208	Bhavya Kumari Pentakota

**Figure 6.2.2: Live model of Remote poster launch**

### 3. Hand Robot.

Students created a live model in which the robot hand can be controlled by using human hand. They created wearable gloves with sensors inserted in that. Use of animatronics hand in the chemical industry has vast applications. As there is improvement, there is also being fewer forms of skin diseases. Moreover, it can be used as an alternative arm for the physically challenged persons. Thus, the applications of Animatronics hand are numerous. So, we created a hand using a foam sheet (body) and fishing thread (mounting the fingers). The fishing threads are attached to the five servo motors, the movement of glove hand controls the movement of animatronics hand. The flex sensors are fixed to the glove (to read the motion of human fingers). On PCB we connect the two flex sensor pins (signal pin, power pin), five servo motors, each with three pins (signal, power, ground) to the Arduino microcontroller.

List of students carried out this project:

Sl. No..	Roll No	Name of the Student
1	16NM1A1221	Killada Sumanjali
2	16NM1A1226	Kolluru Srihitha
3	16NM1A1206	Bhamidipati Sravani
4	17NM1A1239	Molli Sai Tanuja
5	17NM1A1253	SatujadaLikhita

**Figure 6.2.3: Live model Hand Robot**

#### **4. Smart Rescue System for Bore well.**

The model is developed in order to rescue children and other small creatures from bore well. This consists of a sensor kept at top of bore-well. Once it identifies anyone falling into the bore well, it would provide an alarm along with information in the form of message to the concerned team and the neighboring society like police station, fire station president and bore owner with continuous alerts. Also, the key feature about this system is, if it senses the child or anything falling into it then automatically the child or object inside the well is pulled up with the help of carrier which is mounted inside at 5feet distance. The automatic action is carried out with the help of DC motor.

List of students carried out this project:

<b>Sl. No..</b>	<b>Roll No</b>	<b>Name of the Student</b>
1	15NM1A1214	Boddapalli Sneha LathaSree
2	15NM1A1217	DattiPravallika
3	15NM1A1245	Ruttala Uma Maheswari
4	15NM1A1248	Singapalli Madhavi Latha

Figure 6.2.4: Live model Smart Rescue System for Bore well

### 5. Smart Wheel Chair.

Smart Wheel Chair is mechanically controlled devices designed to have self-mobility with the help of the user command using head. This reduces the user's human effort and force to drive the wheels for wheelchair. Furthermore, it also provides an opportunity for visually or physically impaired persons to move from one place to another. Even though a persons' body is paralyzed only his head/hand movement will help the wheel chair to move front, back, left, right. There is a wireless communication between the human and the wheel chair. The equipment is kept on his head which detects the movement of the head. If the device finds the swing of head front then the chair moves forward automatically. The procedure is similar to the other directions (back, left, right). If the head is still without any swing then it is considered as stop. Secondly, even a handicapped person can use this wheel chair efficiently for easy transportation. This project uses arduino-kit Microcontroller circuit and DC motors to create the movement of wheel chair, MEMS Gyro application.

List of students carried out this project:

Sl. No..	Roll No	Name of the Student
1	16NM1A1240	Panchandi Sirisha
2	16NM1A1232	MamidiRatna Magana
3	16NM1A1209	Chebolu Yamini

**Figure 6.2.5: Live model Smart Wheel Chair**

#### **6. Automatic Solar Tracker.**

Solar energy, as an important means of expanding renewable energy, uses solar cells that convert solar energy into electrical energy. Different approaches are imposed to increase the efficiency of the solar cells by tracking the sun. This system will rotate according to the position of the sun. The operation of the experimental model of the device is based on a servo motor which is intelligently controlled by an Arduino UNO board that moves a mini PV panel according to the rotation of the sun. The energy obtained from the panel is calculated and passed to node MCU. Node MCU sends a message to the user about the amount of energy is generated.

List of students carried out this project:

<b>Sl. No.</b>	<b>Roll No</b>	<b>Name of the Student</b>
1	16NM1A1215	Gollavilli Uma

6	Computational Thinking and Problem-Solving Skills Using C	Mr. P.Mohan Ganesh 9494521752	18.02.2019 To 23.02.2019	54	PO1, PO2, PO3, PO4, PO5, PO9, PO12  PSO1, PSO2.

**Table B.6.2.1 Details of laboratories and technical manpower**

**6.3. Laboratories: Maintenance and Overall ambience (10)**

- Every laboratory has sufficient working space and the relevant software to conduct experiments as per JNTUK curriculum and as well as beyond the curriculum.
- All the Labs have pleasant ambience supported by two AC units of each 7.5 tons capacity.
- All the laboratories are well maintained with stock registers and log registers.

**Maintenance of laboratory**

- Computer system maintenance is carried out by the technical staff along with one technical in-house expert.
- Regular maintenance of computer systems, servers, routers, switches and LAN are carried out during free time slots as well as in semester break.
- UPS maintenance is carried out by AMC periodically.
- Stock registers are maintained and verified regularly by stock verification committee assigned by the principal for every 2 years.
- Maintenance of computers is taken care by the maintenance technical staff of the institute.
- Informative notice board containing safety measures and Dos & Don'ts are displayed in each laboratory.

**Lab Maintenance Committee Members:**

Sl.No.	Committee Member	Designation	Role
1	Dr.B.Prakash	Professor	Chair Person
2	Mr. CH.Ramasuri Appalanaidu	Assistant Professor IT	IT Lab In charge
3	Mr. P.Mohan Ganesh	Assistant Professor IT	Member
4	Mr. I.Raju	Assistant Professor CSE	Computer Cell In charge
5	Mr. K.Prasad Rao	System Administrator	Member
6	Mr. B.Nageswararao	Hardware Engineer	Member
7	Mrs J. Nalini	Lab Programmer	Member

**Table 6.3.1 Lab Maintenance Committee Members Table****Lab maintenance Process:**

1. Lab in charges identifies if there any issues with devices like mouse, key board, cup, monitor, LAN or any other hardware or software related issues.
2. He will also identify any problem related to air conditioners and power related issues.
3. Feedback is taken frequently from the students. Data is recorded in lab maintenance registers.

**Overall Ambience:**

- All computer laboratories are equipped with state-of-the-art equipment to meet the requirements of the curriculum.
- All laboratories have sufficient natural, proper ventilation with tubes and fan arrangement.
- All laboratories are well furnished.
- Overall ambience of laboratory is good:
  - ✓ All old records are burnt in the oven which is available in the college
  - ✓ All the damaged CPUs, Monitors and other equipment are disposed to third party vendor as and when they are obsolete.
  - ✓ Every lab is provided with suffice number of dust bins.
  - ✓ Housekeeping team clean the laboratories on regular basis.
- Cup-boards are available in each lab for students to store their belongings.
- Laboratory manuals are prepared and are available in hard copy in each lab.

**Figure 6.3.3: Dennis Ritchie Lab**

**Figure 6.3.4: James Gosling Lab**

**6.4 Project laboratory (5)**

The Project laboratory is well equipped with the following facilities:

- 35 high configuration computer systems
- Latest software like Java, Tomcat, Net Beans, Rational Rose, RStudio, WEKA, Anaconda, Python 3.6, Adriano, XAMPP, WAMPPetc.
- All systems are well connected with 60MBPS Internet
- Lab is equipped with LCD projector
- Lab is under CC TV surveillance
- Lab is equipped with 20 KVA UPS -1 NO
- Lab is utilized by pre final and final year students of B Tech.
- B Tech students do their mini and major projects
- Laboratories are open to the students to carry their project work with full technical support within the working hours and beyond the working hours.
- This project laboratory is also used by faculty and students for research publications-search.

**Facilities Provided in Laboratories**

Sl. No.	Name of the Facilities	Utilization
1	Java jdk 7	It includes tools for developing, debugging and monitoring Java applications. Students are utilizing with the help of faculty for the development of major and minor real time applications.
2	Eclipse, Net beans	Eclipse and Net beans provide a framework for desktop application developers. Students and faculty are utilizing for the implementation of Project works.
3	Apache Tomcat Server	It is an open source web server for running different web-based applications which are developed in Java, Php etc. Students and faculty are using for the research works.

4	Visual Studio 2012 IDE	It is used to develop Computer Programs for Microsoft Windows, as well as web sites, web apps, web services and mobile apps. Students and faculty are utilizing for the development in the project works
5	MySql/Oracle/SqlLite	These are widely used open source RDBMS. Students and Faculty are utilizing for the development in the Project works.
6	Php, html, JSP	These are the languages for the development of web applications. Students and Faculty are implementing for the development in the real time applications.
7	Python	Python is a language used for outside and real time applications like IOT, Cloud etc. Students, Faculty and part time scholars will utilize for their project work.
8	Android	Android is a Platform which is used for mobile application development. Students and Faculty are utilizing for the development of major and minor real time applications.
9	Raspberry PI3/2 & Raspberian OS	Raspberry PI is a mini computer used for Hardware & Software real time application development platform which includes Linux based OS, Raspberian OS, Windows, IoT, Java, Python etc. Students and Faculty are utilizing in their project works
10	Arduino Development Board and IDE	This is basically used for the Academic and Industry oriented hardware open source platform to develop major and minor real time applications. UG Students are utilizing to carry their project works.
11	Sensors-Temperature, Humidity, Soil Moisture, Ultrasonic etc	These Sensors are used to monitor different real time applications. Students and Faculty are utilizing for their application development.

**6.5 Safety measures in laboratories (10)**

S. No..	Name of the Laboratory	Safety measures
1	Dennis Ritchie Lab	<ul style="list-style-type: none"> <li>• Free circulation space is available for maintenance.</li> <li>• All the systems have proper earth and safe wiring.</li> <li>• Fire safety precautions are displayed on flex and charts.</li> <li>• Class C fire extinguishers are provided at different locations of the lab.</li> <li>• First aid kits are provided in every laboratory.</li> <li>• All systems are provided with Standard Operating Procedures (SOP).</li> <li>• All laboratories are provided with do's and don'ts as primary safety measure</li> </ul>
2	James Gosling Lab	
3	Chief Minister Skill Excellence Centre (APSSDC) Lab	
4	IOT Lab	
5	Project Laboratory	

**Table B.6.5: Details of Safety Measures in Laboratories****General Safety Guidelines to be followed at all times**

- All users of the laboratory are to follow the directions of Academic/Laboratory Technician staff member.
- Food or drink is not permitted at any time in the laboratory.
- Students should not attempt to repair, open, tamper or interfere with any of the computer, printing, cabling, air conditioning or other equipment in the laboratory.
- Students should be aware of office ergonomic guidelines for correct posture when using computer system.

**Computer Laboratory Dos and Don'ts****Dos**

1. Know the location of the fire extinguisher and the first aid box and how to use them in case of an emergency.
2. Read and understand how to carry out an activity before coming to the laboratory.
3. Report fires or accidents to your lecturer/laboratory technician immediately.
4. Report any broken plugs or exposed electrical wires to your lecturer/laboratory technician immediately.
5. Log off the machine you were using, at the end of the period.
6. Shut down computer at the end of the day.
7. Push chairs up to the tables.

**Don'ts**

1. Install any new software only with the prior permission form system administrator.
2. Avoid stepping on electrical wires or any other computer cables.
3. Do not open the system unit or monitor casing particularly when the power is turned on.
4. Computers and peripherals are not to be moved or reconfigured without approval of programmer and Lab in charge.
5. Do not insert metal objects such as clips, pins and needles into the computer casings.  
They may cause fire.
6. Do not remove anything from the computer laboratory without permission.
7. Do not touch, connect or disconnect any plug or cable without your lecturer/laboratory technician's permission.
8. Do not misbehave in the computer laboratory.
9. Do not access external devices without scanning them for computer viruses.
10. Do not eat or drink in the laboratory.

**Safety measures in the Computer Lab**

1. Take a note of all the exits in the room, and also take note of the location of fire extinguishers in the room for the sake of fire safety.
2. Keep bags in the designated area, as they can cause people to trip if they are simply lying around the room.
3. Try not to type continuously for extremely long periods. Look away from the screen once in a while to give your eyes a rest.
4. Do not touch any exposed wires or sockets.
5. Do not attempt to open any machines, and do not touch the backs of machines when they are switched on.
6. Do not spill water or any other liquid on the machine, in order to maintain electrical safety.
7. There is a lot of equipment in computer labs that could short circuit itself or cause electric shocks.
8. Do not bring any food or drinks near the machine.
9. Do not access external devices without scanning them for computer viruses.
10. Do not use your flash drive without permission.
11. Do not use your phone without permission.
12. Try not to touch any of the power sockets when something is connected to them and switched on.
13. Always maintain an extra copy of all your important data.

<b>Criterion 7</b>	<b>Continuous Improvement</b>	<b>50 M</b>
7.1	Actions taken based on the results of evaluation of each of the POs & PSOs	20M
7.2	Academic Audit and Actions Taken thereof during the Period of Assessment	10M
7.3	Improvement in Placement, Higher Studies and Entrepreneurship	10M
7.4	Improvement in the quality of students admitted to the program	10M

Criterion 7	Continuous Improvement	50 M
-------------	------------------------	------

### 7.1. Actions taken based on the results of evaluation of each of the POs & PSOs (20)

*(Identify the areas of weaknesses in the program based on the analysis of evaluation of POs & PSOs attainment levels. Measures identified and implemented to improve POs & PSOs attainment levels for the assessment years.)*

To ensure the continuous improvement in the program outcomes, the Information Technology department identifies the gaps at micro level. The analysis of the POs and PSOs assist to draw the conclusions of weak areas in the program.

The effective measures and implementations are based on those gaps, which enhances both the teaching quality and learning experience. The following table data present the observations and proposed plan of actions for a given academic year.

#### POs & PSOs attainment levels and actions for improvement during CAYm2(2017-18)

POs	Target Level	Attainment Level	Observations
<b>PO1:Engineering knowledge:</b> Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.			
<b>PO1</b>	<b>2.10</b>	<b>2.24</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Still there is scope to increase attainment levels for the courses like Software Engineering [C301], Advanced Java [C303] and Mobile Computing [C403].</li> </ul>
<p><b>Action 1:</b> In Software Engineering [C301], Assignments will be given for the topics like Software maintenance and Process Models.</p> <p><b>Action 2:</b> Additional Lab sessions will be conducted on Java Beans and JDBC to accomplish good programming skills in Advanced Java [C303].</p> <p><b>Action 3:</b> In Mobile Computing [C403], extra classes will be touched on MAC layer to make the student understand better.</p>			
<b>PO2:Problem analysis:</b> Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.			
<b>PO2</b>	<b>2.10</b>	<b>2.22</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• This can be improved further in courses like Java Programming [C211],Language Processing [C214] and Web Technology [C314].</li> </ul>

<p><b>Action 1:</b> In Java Programming [C211], some of the topics like applets and exceptions explained with more example programs to enhance the analyzing ability.</p> <p><b>Action 2:</b> In Language Processing [C214], tutorial sessions will be taken for the application of theory to real life problem.</p> <p><b>Action 3:</b> In Web Technology [C314], extra lab sessions will be handled to attain good theoretical and practical knowledge in Perl and Ruby concepts.</p>			
<p><b>PO3: Design/development of solutions:</b> Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.</p>			
<b>PO3</b>	<b>2.10</b>	<b>2.15</b>	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further in these courses C105 [Computer Programming), C211 (Java Programming) and C403 (Mobile Computing )</li> </ul>
<p><b>Action 1:</b> Additional Lab sessions will be conducted to achieve good programming skills (C105).</p> <p><b>Action 2:</b> Extra classes will be planed beyond regular class work and revised OOPs concepts in Java Programming [C211].</p> <p><b>Action 3:</b>Proposed to change the faculty and assignment will be given for the students in the topic Classification of Routing Algorithms and also in Mobile Computing [C403].</p>			
<p><b>PO4: Conduct investigations of complex problems:</b> Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.</p>			
<b>PO4</b>	<b>2.10</b>	<b>2.09</b>	<ul style="list-style-type: none"> <li>• Target is not achieved.The following courses are observed with less attainment level: C301 (Software Engineering), C303 (Advanced java) and C314 (Web Technology).</li> <li>• Pathetic in finding relevance of Software Engineering concepts with respect to system application</li> <li>• Students find difficulty in understanding java beans concepts</li> <li>• Lack of understanding XML concepts.</li> </ul>
<p><b>Action 1:</b> In Software Engineering [C301], additional class will be taken for the topic SDLC.</p> <p><b>Action 2:</b> In Advanced java course [C303], Assignments will be given for the topic java beans.</p> <p><b>Action 3:</b> More practical hours and programming examples onXML parsers in Web Technology[C314].</p>			
<p><b>PO5:Modern tool usage:</b> Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations</p>			
<b>PO5</b>	<b>2.10</b>	<b>2.12</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> </ul>

			<ul style="list-style-type: none"> <li>This PO attainment can be increased for the courses like Java Programming [C211], Web Technology [C314]</li> </ul>
<p><b>Action 1:</b> Java programming [C211] concepts will be taught using NetBeans open source tool for better understanding.</p> <p><b>Action 2:</b> PHP programs will be taught using XAMPP open source tool for better understanding [C314].</p>			
<p><b>PO6:The engineer and society:</b> Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice</p>			
PO6	1.90	1.80	<ul style="list-style-type: none"> <li>Target is not achieved.</li> <li>This is due to low attainment in courses like Advanced Java[C303] and Mobile Computing [C403].</li> </ul>
<p><b>Action 1:</b> Remedial classes on concepts like Java Beans API and Servlet API for Advanced Java[C303] are to be conducted</p> <p><b>Action 2:</b> More number of assignments should assign for topics like Routing Encapsulation in Mobile Computing [C403].</p>			
<p><b>PO7: Environment and sustainability:</b> Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.</p>			
PO7	1.90	1.86	<ul style="list-style-type: none"> <li>Target is not achieved.</li> <li>Low attainment is noticed in these courses Computer Organization [C213] and Language Processors [C214]</li> </ul>
<p><b>Action 1:</b> Special classes should conduct on topics like Addressing modes &amp; Interrupts in Computer Organization [C213] and S-attributed, L-attributed grammars in Language Processors [C214].</p> <p><b>Action 2:</b>NSS activities and more participation in Unnat Bharat Abhiyan(UBA)activities will be planned to create environmental awareness.</p> <p><b>Action 3:</b> Guest Lecture will be taken in the topic related to personality development.</p>			
<p><b>PO8: Ethics:</b> Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.</p>			
PO8	1.90	1.86	<ul style="list-style-type: none"> <li>Target is not achieved.</li> <li>Low attainment is observed in the courses Software Engineering [C301], Java Programming [C211] and Web Technology [C314].</li> <li>Along with technical knowledge, ethical knowledge should be included while teaching the programming courses.</li> </ul>
<p><b>Action 1:</b> Tutorial classes should conduct for topics like SDLC types in Software Engineering [C301] and Multithreading- Using isAlive() and join() in Java Programming [C211]will be explained with a more number of examples.</p>			

<p><b>Action 2:</b> Students will be advised to write the web technology applications and other applications software using professional ethics.</p> <p><b>Action 3:</b> To educate the students to maintain the ethics during the software development project.</p>			
<p><b>PO9: Individual and teamwork:</b> Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings</p>			
PO9	1.90	1.96	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Attainment can be increased further in these courses DBMS [C304] and OOPS through C++ [C202].</li> <li>• Less group activity is observed in first year students.</li> </ul>
<p><b>Action 1:</b> The students will be allowed to work in groups in co and extra-curricular activities which are conducted through department association (RAMPANTS).</p> <p><b>Action 2:</b> Technical activities under student clubs (ASHRITHA, SHRISTI, Echo and Rhythms) will be organized to improve team building and leadership qualities.</p> <p><b>Action 3:</b> Remedial classes are to be planned on topics like Normalization and Relational Database on course Database management system [C304] and Templates in OOPS through C++ [C202] with a more number of examples</p>			
<p><b>PO10: Communication:</b> Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.</p>			
PO10	1.90	1.98	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• This PO attainment can be increased further in these courses CNS [C401] and Mobile Computing [C403].</li> <li>• Presentation skills need to be improved further among other medium students.</li> </ul>
<p><b>Action 1:</b> Remedial classes are to be planned for these courses.</p> <p><b>Action 2:</b> Students will be encouraged to participate in English club organized by BS &amp; H department.</p> <p><b>Action 3:</b> It is proposed to conduct British council teaching learning workshop for students to improve their communication Skills.</p>			
<p><b>PO11: Project management and finance:</b> Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.</p>			
PO11	1.90	2.05	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Attainment can be increased further in these courses Software Engineering [C301] and Advanced Java [C303]</li> <li>• Multidisciplinary projects are observed as a gap</li> </ul>
<p><b>Action 1:</b> In Software engineering [C301], real time examples are elaborately explained on topics like Software Development Process Models and more practical sessions are to be planned for lab-associated course like C303</p> <p><b>Action 2:</b> Students are encouraged to organize department association club (ASHRITHA,</p>			

SHRISTI, Echo and Rhythms)activities like (Technical/Non-Technical) to increase their management skills. <b>Action 3:</b> Special classes will be organized to understand the principles of financial analysis of projects.			
<b>PO12: Life-long learning:</b> Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.			
<b>PO12</b>	<b>1.90</b>	<b>2.15</b>	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further in these courses Data Structures [C205] and Mobile Computing [C403]</li> </ul>
<b>Action 1:</b> Remedial classes by senior faculty members are to be arranged for these courses. <b>Action 2:</b> Students are regularly counseled and motivated to do onlinecourses like COURSEERA and UDEMY on recent technologies. <b>Action 3:</b> Students will be motivated to enroll for higher studies.			
<b>PSO1:</b> Apply the concepts of optimal coding skills on Data Science, Cryptography and Network Security to solve Complex Problems.			
<b>PSO1</b>	<b>2.10</b>	<b>2.24</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Still there is scope to increase attainment levels for the courses like C211 (Java Programming), C202 (OOPs through C++) and C301 (Software Engineering).</li> </ul>
<b>Action 1:</b> Tutorial classes will be reservedfor topics likeMultithreading- Using isAlive() and join() and Applets in Java Programming [C211]. <b>Action 2:</b> More practical sessions are to be planned for lab associated courses like C202. <b>Action 3:</b> In Software Engineering [C301], Additional classes are being conducted to concepts like Software Design Process and SDLC.			
<b>PSO2:</b> Excel in Internet of Things (IoT) and Artificial Intelligence concepts.			
<b>PSO2</b>	<b>2.10</b>	<b>2.16</b>	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Still there is scope to increase attainment levels for the courses like C411 (Distributed System), C303 (Advanced Java) and C403 (Mobile Computing)</li> </ul>
<b>Action 1:</b> Assignments will be intended for the students in the topics like Inter Process Communication and Client Server Communication [C411]. <b>Action 2:</b> Additional classes will be taken for the topics JSP and Servlets [C303]. <b>Action 3:</b> Remedial classes on concepts like wireless sensor network in the course Mobile Computing [C403]			

**Table B.7.1.1:POs & PSOs Attainment Levels and Actions for improvement**

## POs &amp; PSOs attainment levels and actions for improvement during CAYm1 (2018-19)

POs	Target Level	Attainment Level	Observations
<b>PO1: Engineering knowledge:</b> Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.			
PO1	2.20	2.30	<ul style="list-style-type: none"> <li>Target is achieved</li> <li>Still there is scope to increase attainment levels for the courses like Digital Logic Circuits (C204), Java Programming [C211] and Language Processors [C214].</li> </ul>
<p><b>Action 1:</b>In Java Programming, Additional class will be taken for the topics like Interfaces, packages and Enumeration [C211].</p> <p><b>Action 2:</b>In Digital Logic Circuits [C204],tutorial session will be conducted based on previous university question paper.</p> <p><b>Action 3:</b>In Language Processors [C214], various problems will be given as assignments on parsing techniques to improve the performance.</p> <p><b>Action 4:</b>To create more insights in basic subjects students will be allowed for MOOCs from NPTEL.</p>			
<b>PO2: Problem analysis:</b> Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.			
PO2	2.20	2.29	<ul style="list-style-type: none"> <li>Target is achieved</li> <li>Attainment can be increased further in these courses OOPs through C++ [C202], Operating Systems [C305] and Web Technology [C314].</li> </ul>
<p><b>Action 1:</b> Special extra lectures on OOPs through C++ will be arranged for the students in order to reinforce their knowledge about the fundamentals of OOPs concepts [C202].</p> <p><b>Action 2:</b>Assignment will be given for the students in the topic Page replacement algorithms in Operating Systems[C305].</p> <p><b>Action 3:</b>In Web Technology [C314], extra lab sessions will be handledto accomplish good theoretical and practical knowledge in CSS and JavaScript concepts.</p>			
<b>PO3: Design/development of solutions:</b> Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.			
PO3	2.20	2.26	<ul style="list-style-type: none"> <li>Target is achieved</li> <li>Still there is scope to increase attainment levels for the courses like Java Programming [C211],Language Processors [C214],UML and Design Pattern [C402].</li> </ul>
<p><b>Action1:</b>In the course Java Programming [C211], students will be encouraged to register for NPTEL online course.</p> <p><b>Action2:</b>Inthe course Language Processors [C214], extra classes will be touched on Finite</p>			

Automata concepts like DFA, NFA to make the student understand better. <b>Action3:</b> Assignment will be provided to the students in the topics mapping design to code, Design class diagrams in UML and Design Pattern course [C402].			
<b>PO4:Conduct investigations of complex problems:</b> Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions			
<b>PO4</b>	<b>2.20</b>	<b>2.17</b>	<ul style="list-style-type: none"> <li>• Target is not achieved</li> <li>• Low attainment level is observed for courses like Web Technology [C314],Data Ware housing and Mining [C311], and Language Processors [C214].</li> </ul>
<p><b>Action1:</b>Guest lectures will be arranged to improve their research based knowledge in Web Technology subject [C314].</p> <p><b>Action2:</b> In Data Warehousing and Mining[C311],additional class will be taken for the topics likedata discretization and concept hierarchy generation.</p> <p><b>Action 3:</b>In Language Processors [C214], more practice will be given to solve more problems on LR, LL and LALR using simple methods.</p>			
<b>PO5:Modern tool usage:</b> Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations			
<b>PO5</b>	<b>2.20</b>	<b>2.25</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Attainment can be increased further in these courses OOPs through to C++ [C202], Java programming [C211] and Web Technology [C314]</li> </ul>
<p><b>Action 1:</b> In OOPs through to C++ [C202], coding will be taught using <b>Dev-C++</b> tools for better understanding.</p> <p><b>Action 2:</b>Java programming [C211] concepts will be taught using Eclipse open source tool for better understanding.</p> <p><b>Action 3:</b> Proposed to organize a workshop on HTML and PHP to upgrade the latest tools [C314].</p>			
<b>PO6:The engineer and society:</b> Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice			
<b>PO6</b>	<b>2.00</b>	<b>1.95</b>	<ul style="list-style-type: none"> <li>• Target is not achieved.</li> <li>• Less attainment level below target is observed for the courses likeSoftware Testing[C313] and Web Technologies [C314].</li> <li>• Lack of understanding between the engineering services with the society</li> </ul>
<p><b>Action1:</b>Tutorial classes are to be conducted for the topics like Software Quality Factors, Software Quality Assurance in Software Testing [C313] course and Additional lab sessions will be conducted to accomplish good theoretical and practical knowledge in Cascading style sheets [C303].</p> <p><b>Action 2:</b> Students are to be motivated to participate in social activities.</p>			

<b>Action 3:</b> Students are encouraged to read newspapers, magazines, technical and non-technical articles daily to know about societal, health, safety, legal and cultural issues and share the information among other students			
<b>PO7: Environment and sustainability:</b> Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.			
<b>PO7</b>	<b>2.00</b>	<b>1.97</b>	<ul style="list-style-type: none"> <li>• Target is not achieved.</li> <li>• Low attainment is noticed in these courses Digital Logic Design [C204] and OOP Lab [C206]</li> </ul>
<p><b>Action1:</b>In Digital Logic Design, Assignment will be given for the students in the topic basics of Karnaugh Map Method and two level Realization of Logic Functions Using Universal Gates (C204).</p> <p><b>Action2:</b> More practical sessions are to be planned in the topics Copy constructor, Operator overloading and Templates for OOP Lab [C206].</p> <p><b>Action 3:</b>More activities will be planned in Eco-Club.</p>			
<b>PO8: Ethics:</b> Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.			
<b>PO8</b>	<b>2.00</b>	<b>2.08</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Attainment can be increased further in these courses Operating system [C305] and UML and Design Patterns [C402]</li> </ul>
<p><b>Action1:</b>Tutorial classes should conduct for topics like Virtual memory management in Operating System [C305] and Remedial classes on concepts like system sequence diagrams for use case model in UML and Design Patterns [C402].</p> <p><b>Action 2:</b> Special Lectures will be organized on professional ethics to understand the duties and responsibilities of the Engineer.</p>			
<b>PO9: Individual and team work:</b> Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings			
<b>PO9</b>	<b>2.00</b>	<b>2.11</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Attainment can be increased further in these courses Java Programming [C211] and Web Technology [C314]</li> <li>• Students should be given opportunity to work in groups</li> </ul>
<p><b>Action 1:</b> More practical hours and programming examples on interfaces and packages in Java Programming [C211] and additional lab sessions will be conducted to attain good theoretical and practical knowledge in Java Script Concepts [C314].</p> <p><b>Action 2:</b> Faculty is advised to stick to the tested teaching processes and advise students to attend seminars, technical fests and carry out projects.</p> <p><b>Action 3:</b> Project expo will be conducted to improve the individual and team spirit.</p>			
<b>PO10: Communication:</b> Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and			

give and receive clear instructions.			
<b>PO10</b>	<b>2.00</b>	<b>2.10</b>	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further in these courses Operating System [C305] and Mobile computing [C403]</li> <li>• Observed to be lacking in communication skills as the students come from different medium.</li> </ul>
<p><b>Action1:</b>It is proposed to have MoU with prestigious organizations like Oxford achievers and British council for local chapter to enhance skill development.</p> <p><b>Action 2:</b> Remedial classes are to be planned on complex topics like deadlock prevention, detection and avoidance in Operating Systems [C305] and Remedial classes on concepts like wireless sensor network in the course Mobile Computing [C403].</p> <p><b>Action 3:</b>Students are motivated to publish their academic project in reputed journals.</p>			
<b>PO11: Project management and finance:</b> Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.			
<b>PO11</b>	<b>2.00</b>	<b>2.10</b>	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further in these courses DBMS [C304] and Distributed System[C411]</li> <li>• Financial analysis is required for projects.</li> </ul>
<p><b>Action1:</b>Additional hours are to be planned for these courses C304 and C411.</p> <p><b>Action 2:</b> Importance of financial management shall be discussed during the project work</p> <p><b>Action3:</b> Students will be encouraged to organize department associations.</p>			
<b>PO12: Life-long learning:</b> Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.			
<b>PO12</b>	<b>2.00</b>	<b>2.18</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Attainment can be increased further in these courses Operating System [C305] and Web Technology [C314]</li> <li>• Some students couldn't realize the importance of life-long learning</li> </ul>
<p><b>Action1:</b>Tutorial classes should conduct for topics like Virtual memory management in Operating System[C305] and additional lab sessions will be conducted to attain good theoretical and practical knowledge in Java Script concepts[C314].</p> <p><b>Action 2:</b> Students will be encouraged to enroll in MOOCs courses.</p> <p><b>Action 3:</b> Students are motivated to publish papers in National and UGC journals.</p>			
<b>PSO1:</b> Apply the concepts of optimal coding skills on Data Science, Cryptography and Network Security to solve Complex Problems.			
<b>PSO1</b>	<b>2.20</b>	<b>2.29</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Still there is a scope to increase attainment levels for the courses like OOPs through C++ [C202], Java Programming [C211], and Web Technology [C314].</li> </ul>

<p><b>Action 1:</b>More practical hours and programming examples on interfaces and packages in Java Programming [C211].</p> <p><b>Action 2:</b>Special extra lectures on OOPs through C++ will be arranged for the students in order to reinforce their knowledge about the fundamentals of OOPs concepts [C202].</p> <p><b>Action 3:</b> Additional lab sessions will be conducted to achieve good theoretical and practical knowledge in Cascading style sheets [C314]</p>			
<p><b>PSO2:</b>Excel in Internet of Things (IoT) and Artificial Intelligence concepts.</p>			
<b>PSO2</b>	<b>2.20</b>	<b>2.25</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Still there is scope to increase attainment levels for the courses like Computer Organization [C213], Design and Analysis of Algorithms [C312], UML &amp; Design Patterns [C402].</li> </ul>
<p><b>Action 1:</b>In Computer Organization [C213], students will be encouraged to register for NPTEL online courses for better understanding the concepts, Register Transfer Language (RTL) and Micro Operations.</p> <p><b>Action 2:</b> In Design and Analysis of Algorithms [C312], Assignments will be given for the topics Optimal binary search trees and dynamic programming.</p> <p><b>Action 3:</b>In UML &amp; Design Patterns [C402], Additional classes will be taken for the topics, design class diagrams for case study and design class diagrams in each MVC layer</p>			

**Table B.7.1.2POs & PSOs Attainment Levels and Actions for improvement**

**POs & PSOs attainment levels and actions for improvement during CAY (2019-20)**

<b>POs</b>	<b>Target Level</b>	<b>Attainment Level</b>	<b>Observations</b>
<p><b>PO1: Engineering knowledge:</b> Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.</p>			
<b>PO1</b>	<b>2.30</b>	<b>2.38</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Attainment can be increased further in these courses OOPs through C++ [C113], Computer Organization [C212] and Java Programming [C303].</li> <li>• Lack of solving ability and basic understanding in the fundamental courses</li> </ul>
<p><b>Action1:</b>In OOPs through C++ [C113], remedial classes are to be planned on topics like operator overloading and inheritance with more number of examples.</p> <p><b>Action2:</b>In Computer Organization [C212], we recommend the textbook for additional reference Computer Organization and Architecture – William Stallings Sixth Edition, Pearson/PHI.</p> <p><b>Action3:</b>In Advanced Java Programming [C303], more practical hours will be arranged for the concepts like JSP and Servlets to make the student understand better.</p>			

<b>PO2: Problem analysis:</b> Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.			
<b>PO2</b>	<b>2.30</b>	<b>2.35</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Attainment can be increased further in these courses like Python Programming [C204], Computer Organization [C212], and Principles of Programming Languages [C214]</li> <li>• Need to improve the analyzing ability among the students</li> <li>• Lack of application knowledge in the area of study</li> </ul>
<p><b>Action 1:</b> In Python Programming [C204], some of the topics like, lists and tuples will be explained with more example programs to improve the analyzing ability.</p> <p><b>Action 2:</b> In Computer Organization [C212], Additional class will be taken for the topic the role of Stacks and Queues in computer programming equation and Principles of Programming Languages [C214], tutorial sessions will be taken for the application of theory to real life problem.</p> <p><b>Action 3:</b> Program specific identification of complex problem is to be enhanced through mini projects and classroom activities.</p>			
<b>PO3: Design/development of solutions:</b> Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate considerations for the public health, safety, cultural, societal, and environmental considerations.			
<b>PO3</b>	<b>2.30</b>	<b>2.33</b>	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Still there is a scope to increase attainment levels for the courses like OOPs through C++ [C113], Database Management System [C304] and Advanced Java Programming [C303].</li> <li>• Projects should aim in solving towards public health and safety issues.</li> </ul>
<p><b>Action 1:</b> We give more typical examples for development of algorithms using OOPs through C++ [C113].</p> <p><b>Action 2:</b> In Database Management System [C304], students will be motivated to register for NPTEL online courses for better understanding the concepts Concurrency control and normal forms.</p> <p><b>Action 3:</b> In Advanced Java Programming [C303], Additional lab and power point sessions proposed for enhancement of the topics like JSP and Servlets.</p> <p><b>Action 4:</b> Academic projects need to address the health and safety solutions for industrial applications.</p>			
<b>PO4: Conduct investigations of complex problems:</b> Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions			

<b>PO4</b>	<b>2.30</b>	<b>2.31</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Attainment can be increased further in these courses OOAD using UML [C213] and DS Lab [C207].</li> <li>• It is observed that some students are lagging in understanding complex problems and investigations on new problems.</li> </ul>
<p><b>Action1:</b> In OOAD using UML [C213], Guest lectures will be arranged to improve their research based knowledge.</p> <p><b>Action2:</b> More practical hours and programming examples on Stack implementation, Red-Black tree and BST implementation in Data Structures [C207].</p> <p><b>Action3:</b> Practice sessions will be conducted on complex problems in <a href="http://www.hackerrank.com">www.hackerrank.com</a> to improve performance in problem orientated courses.</p>			
<p><b>PO5: Modern tool usage:</b> Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations</p>			
<b>PO5</b>	<b>2.30</b>	<b>2.35</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Still there is a scope to increase attainment levels for the courses like Java Programming Laboratory [C216], DS Lab [C207], Unix and OS Lab [C307]</li> </ul>
<p><b>Action1:</b> In Java Programming Laboratory [C216], coding will be taught using Blue J tool for better understanding.</p> <p><b>Action 2:</b> More practical lab sessions is to be arranged on topics like Prim's and Kruskal's Algorithm [C207].</p> <p><b>Action3:</b> Proposed to organize a workshop on Free Open Source Software to upgrade the latest tools [C307].</p>			
<p><b>PO6: The engineer and society:</b> Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.</p>			
<b>PO6</b>	<b>2.10</b>	<b>2.00</b>	<ul style="list-style-type: none"> <li>• Target is not achieved.</li> <li>• This is due to low attainment level in courses like Python Programming [C204], OOAD using UML [C213] and Seminar [C413]</li> </ul>
<p><b>Action1:</b> Additional classes to be conducted on complex topics like String Pattern Matching in Python Programming [C204] and Remedial classes are to be planned for OOAD using UML [C413].</p> <p><b>Action 2:</b> Students are motivated to carryout projects which caters to societal needs, health monitoring, safety aspects in hazardous environments etc.</p> <p><b>Action3:</b> Seminars will be conducted on a frequent basis to create social awareness [C413].</p>			
<p><b>PO7: Environment and sustainability:</b> Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.</p>			

<b>PO7</b>	<b>2.10</b>	<b>2.11</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Attainment can be increased further in these courses AJP [C303] and CNS [C401].</li> <li>• Still Students should aware of the practices for environmental sustainability.</li> </ul>
<p><b>Action1:</b> Extra classes taken beyond regular class work and revised all Java concepts to attain good result [C303] and more number of assignments should assign for topics in Cryptographic algorithms [C401].</p> <p><b>Action 2:</b> Guest lectures will be arranged for improving the knowledge and students will be Motivated to do projects related to environment.</p> <p><b>Action3:</b> More Seminar classes will be conducted on societal and environmental contexts.</p>			
<b>PO8:Ethics:</b> Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.			
<b>PO8</b>	<b>2.10</b>	<b>2.12</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Attainment can be increased further in these courses CN [C309] and Distributed Systems[C409].</li> <li>• Still technical knowledge, ethical knowledge needs to be improved further.</li> </ul>
<p><b>Action1:</b> More number of assignments should give on topics like Routing Algorithms in Computer Networks [C309] and Tutorial classes will be explained on implementation of RMI with more examples [C409].</p> <p><b>Action 2:</b> Guest Lecture will be taken in the topics related to professional ethics / value education.</p> <p><b>Action3:</b> Students are motivated and mentored to undertake projects which will cater to societal needs.</p>			
<b>PO9:Individual and team work:</b> Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings			
<b>PO9</b>	<b>2.10</b>	<b>2.20</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Still there is scope to increase attainment levels for the courses like C208, C302, C118</li> </ul>
<p><b>Action1:</b> In Laboratory courses [C208, C302, and C118] experiments will be conducted by dividing the class strength into groups.</p> <p><b>Action2:</b> By allowing students to various club activities of the department, students were given a platform where they can function effectively as an individual and as a member of a team.</p> <p><b>Action3:</b> Activity based learning strategies like JIGSAW and STAD are incorporated along with traditional teaching.</p>			
<b>PO10:Communication:</b> Communicate effectively on complex engineering activities with the engineering community and with society at large such as being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.			
<b>PO10</b>	<b>2.10</b>	<b>2.21</b>	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further in these courses</li> </ul>

			<p>PPL [C214] and CNS [C401]</p> <ul style="list-style-type: none"> <li>• Still presentation skills need to be improved further.</li> </ul>
<p><b>Action1:</b> Remedial classes are to be planned on topics like lambda calculus in ML and Scheme [C214] and more number of assignments should assign for topics in Cryptographic algorithms [C401].</p> <p><b>Action2:</b> Students are motivated to publish their academic projects in reputed journals.</p> <p><b>Action3:</b> More students should be encouraged to participate in group discussions which incorporate decision making ability and work division capability.</p>			
<p><b>PO11: Project management and finance:</b> Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.</p>			
<b>PO11</b>	<b>2.10</b>	<b>2.18</b>	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further in these courses OOAD using UML [C213] and Data Structures through C++ [C205]</li> <li>• Course on project management is required.</li> </ul>
<p><b>Action1:</b> Tutorial classes are to be planned on topics like Interaction and Use case diagrams in OOAD using UML [C213] and Assignments will be planned on topics sorting, searching in Data Structures through C++ [C205].</p> <p><b>Action 2:</b> Students will be encouraged to analyze the financial related issues during the project work</p> <p><b>Action3:</b> Student clubs are to be engaged in organizing department level activities independently.</p>			
<p><b>PO12: Life-long learning:</b> Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.</p>			
<b>PO12</b>	<b>2.10</b>	<b>2.27</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Attainment can be increased further for these courses Unix and Shell Programming [C302] and Principals of Programming Languages [C214]</li> <li>• Need to improve the online resources for continuous learning.</li> </ul>
<p><b>Action1:</b> Remedial classes are to be planned for these courses</p> <p><b>Action 2:</b> Students will be encouraged cash awards for Elite+Gold, Elite+Silver and Elite enrollment in NPTEL SWAYAM courses for the domains like AI, ML, IoT and Big Data.</p> <p><b>Action3:</b> Industrial visits will be arranged for the ability to engage in independent and life-long learning.</p>			
<p><b>PSO1:</b> Apply the concepts of optimal coding skills on Data Science, Cryptography and Network Security to solve Complex Problems.</p>			
<b>PSO1</b>	<b>2.30</b>	<b>2.41</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Still there is scope to increase attainment levels for the courses like Computer Organization [C212], Computer Networks [C309], and Advanced Java</li> </ul>

			Programming [C303].
<p><b>Action1:</b>Memory management concepts in Computer Organization [C212] are to be explained with PowerPoint presentation to create more insights of the concepts.</p> <p><b>Action 2:</b>In Computer Networks [C309], assignments will be given for the application of theory to real life problem.</p> <p><b>Action 3:</b> In the course Advanced Java Programming [C303], extra classes will be conducted on topics like JSP and Servlets to make the student understand better.</p>			
<b>PSO2:</b> Excel in Internet of Things (IoT) and Artificial Intelligence concepts.			
<b>PSO2</b>	<b>2.30</b>	<b>2.39</b>	<ul style="list-style-type: none"> <li>• Target is achieved</li> <li>• Still there is scope to increase attainment levels for the courses like Distributed Systems [C409], Mobile Computing [C402], Software Quality Assurance [C412]</li> </ul>
<p><b>Action1:</b>In Distributed Systems [C409], additional class will be taken for the interpersonal Communication.</p> <p><b>Action2:</b>In Mobile Computing [C402], tutorial sessions will be planned for the topic Wireless MAC Layer</p> <p><b>Action 3:</b> In Software Quality Assurance [C412], assignment will be given for the students in the topic Management and its Role in Quality Assurance.</p>			

**Table B.7.1.3:POs & PSOs Attainment Levels and Actions for improvement**

### PO-Program Attainment Analysis:

Program Outcome attainment for the three assessment years 2017-18, 2018-19 and 2019-20 are shown below in Table B.7.1.4 and in Figure B.7.1.5. For the students of the program B.Tech Information Technology, we set

#### Assessment Year: 2017-18

- For the assessment year 2017-18, a target of 2.1 out of 3 is fixed for the POs : PO1 to PO5 which are highly correlated to Engineering core courses and moderately correlated to Non-engineering courses
- For the assessment year 2017-18, a target of 1.9 out of 3 is fixed for the POs : PO6 to PO12 which are moderately correlated to Engineering core courses and Non-engineering courses

**Assessment Year: 2018-19**

- For the assessment year 2018-19, a target of 2.2 out of 3 is fixed for the POs : PO1 to PO5 which are highly correlated to Engineering core courses and moderately correlated to Non-engineering courses
- For the assessment year 2018-19, a target of 2.0 out of 3 is fixed for the POs : PO6 to PO12 which are moderately correlated to Engineering core courses and Non-engineering courses

**Assessment Year: 2019-20**

- For the assessment year 2019-20, a target of 2.3 out of 3 is fixed for the POs : PO1 to PO5 which are highly correlated to Engineering core courses and moderately correlated to Non-engineering courses

For the assessment year 2019-20, a target of 2.1 out of 3 is fixed for the POs: PO6 to PO12 which are moderately correlated to Engineering core courses and Non-engineering courses

For the assessment year 2017-18, eight Program Outcomes PO1, PO2, PO3, PO5, PO9, PO10, PO11 and PO12 attained the target set by us.

For the assessment year 2018-19, nine Program Outcomes PO1, PO2, PO3, PO5, PO8, PO9, PO10, PO11 and PO12 attained the target set by us.

For the assessment year 2019-20, eleven Program Outcomes PO1, PO2, PO3, PO4, PO5, PO7, PO8, PO9, PO10, PO11 and PO12 attained the target set by us.

From the above observations, it is evident that the performance of the students in all the three batches is progressively improved in acquiring the Engineering knowledge, analyzing the problem and providing optimal design solutions skills.

From the above analysis, the attainment of target values for PO9, PO10, PO11 and PO12 of all the batches indicates that our Teaching-Learning methodologies are in line with Outcome Based Education (OBE). This in turn leads to the achievement of stated vision by inculcating team work, communication, management and lifelong learning skills in our young minds.

Hence, we incorporate the gaps identified from the stake holders into our regular curriculum for the subsequent batches to improve the attainments. The progressive growth of placements proves that our IT students attained the target of program outcomes which gives the confidence and strength for the upcoming batches.

Year	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO11	PO12
2017-18	2.24	2.22	2.15	2.09	2.12	1.80	1.86	1.86	1.96	1.98	2.05	2.15
2018-19	2.30	2.29	2.26	2.17	2.25	1.95	1.97	2.08	2.11	2.10	2.10	2.18
2019-20	2.38	2.35	2.33	2.31	2.35	2.00	2.11	2.12	2.20	2.21	2.18	2.27

Table B.7.1.4: PO attainments

Figure B.7.1.5: PO attainment levels for three Consecutive Years

**PSO -Program Attainment Analysis:**

Program Specific Outcome attainment for the three consecutive assessment years 2017-18, 2018-19 and 2019-20 are shown below in Table B.7.1.6 and in Figure B.7.1.7. For the students of the program B.TechInformation Technology, we set

- For assessment year 2017-18, a target of 2.10 out of 3 is fixed for both PSO1 and PSO2 which are highly correlated to engineering core courses and moderately correlated to Non-engineering courses.
- For assessment year 2018-19, a target of 2.20 out of 3 is fixed for both PSO1 and PSO2 which are highly correlated to engineering core courses and moderately correlated to Non-engineering courses.
- For assessment year 2019-20, a target of 2.30 out of 3 is fixed for both PSO1 and PSO2 which are highly correlated to engineering core courses and moderately correlated to Non-engineering courses.

For PSO-Program Attainment for the three assessment years 2017-18, 2018-19 and 2019-20 PSO1 and PSO2 reached the target set by us. A continuous improvement is observed for the three batches in PSO attainment which is achieved by preparing our students towards the needs of IT and IT enabled industries by motivating students to participate in various extra and co-curricular activities.

<b>Year</b>	<b>PSO1</b>	<b>PSO2</b>
<b>2017-18</b>	2.24	2.16
<b>2018-19</b>	2.29	2.25
<b>2019-20</b>	2.41	2.39

**Table B.7.1.6: PSO attainments**

**Figure B.7.1.7: PSO attainment levels for three Assessment Years**

## 7.2. Academic Audit and actions taken thereof during the period of Assessment (10)

*(Academic Audit system/process and its implementation in relation to Continuous Improvement)*

The process of Academic Auditing intends to monitor and enhance the quality of technical education through proper guidelines for both teaching faculty and students, so as to ensure qualified engineers/researchers passing out from Information Technology Program. It has been defined as ‘a systematic and scientific process of designing, implementing, monitoring and reviewing the quality of academic systems, i. e. (inputs, processes and outputs)’. It stresses on reviewing the performance of the academic inputs with respect to quality assurance in relation to continuous improvement.

### Objectives of Academic Audit

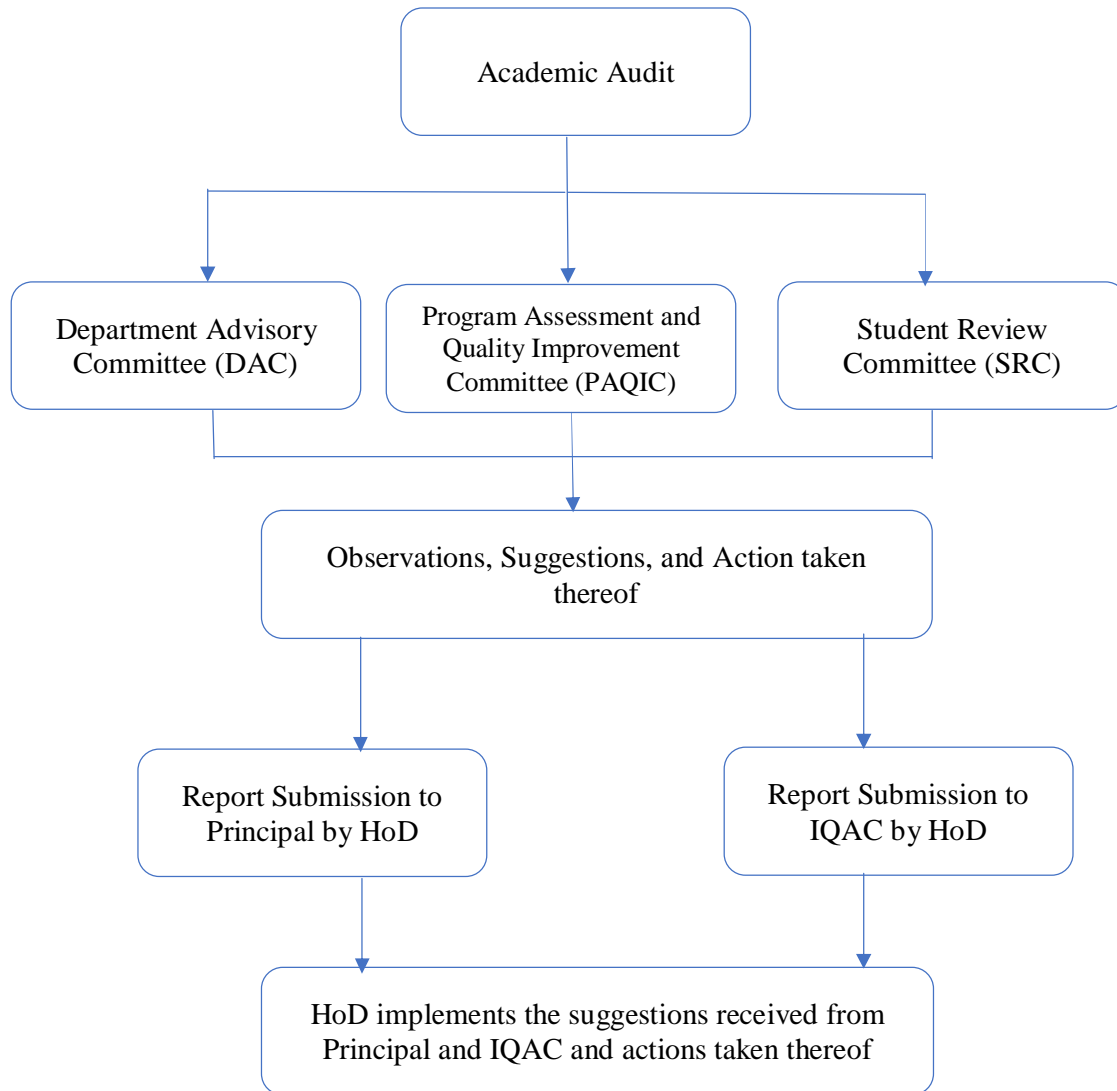

- ✓ To enhance the teaching - learning process and to ensure quality in every aspect of the program.
- ✓ To identify the gaps in the teaching-learning process
- ✓ To obtain feedback on different aspects of the Program continuous improvement

The quality of teaching-learning practices in the Department of Information Technology and attainment of target is ensured by carrying out the Academic Audit. The various committees like Department Advisory Committee (DAC), Program Assessment and Quality Improvement Committee (PAQIC), Student Review Committee (SRC), audits the various activities which are carried out in the department at their frequency on demand.

These committees submit their report consisting of observations, suggestions and actions taken thereof to Principal and IQAC Coordinator.

The Head of the department considers the suggestions from Principal and IQAC. Any suggestions from Principal and IQAC will be considered and implemented in the Department by Head of the department.

**Figure B.7.2 Process of academic audit**

The process of academic audit for the program is shown in the Fig B.7.2 and the composition of various committees involved with their roles and responsibilities are shown in Table B.7.2.1.

<b>Audit Committee</b>	<b>Roles &amp; Responsibilities</b>
<p><b>Department Advisory Committee (DAC):</b></p> <ul style="list-style-type: none"> <li>• Principal</li> <li>• Academic Director</li> <li>• Head of the Department</li> <li>• Industry person</li> <li>• Academic person</li> <li>• Alumni</li> </ul>	<ul style="list-style-type: none"> <li>• Evaluating program effectiveness and proposing necessary changes.</li> <li>• Suggestions on Teaching pedagogy and OBE awareness.</li> <li>• Monitoring the achievements of Program Outcomes (POs), Program Specific Outcomes (PSO), Program Educational Objectives (PEOs).</li> <li>• Suggestions for Students –Industry interaction</li> <li>• For quality improvement, monitoring the faculty and students towards attending FDPs, Workshops, Seminars, development activities and research activities.</li> </ul>

Year	Improvements
2019-20	<ul style="list-style-type: none"> <li>• Students placements and package were increased</li> <li>• Established ACM Faculty Chapters</li> <li>• Student publication in journals are increased</li> <li>• Organizing and attending of FDPs, workshops, seminars are increased</li> <li>• Innovative Teaching-Learning methodologies are incorporated in curriculum</li> <li>• Student's activities are enhanced to increase their technical skills.</li> <li>• Established NPTEL local chapter and faculties, students were encouraged to do online certification courses</li> <li>• Established IoT Lab sponsored by Texas Instruments.</li> <li>• Established Research Laboratory by Brain o Vision</li> </ul>
2018-19	<ul style="list-style-type: none"> <li>• The quality of question paper setting is enhanced and standards are followed by the faculty by adopting Blooms Taxonomy verbs.</li> <li>• Peer-to-peer and Collaborative learning activities are incorporated.</li> <li>• Student clubs Ashritha, Shristi and Eco Club was established under IT students association.</li> <li>• The quality of student projects has been upped in keeping with the latest trends in Computer Science and Information Technology.</li> <li>• Remedial classes are provided to slow learners.</li> </ul>
2017-18	<ul style="list-style-type: none"> <li>• Followed the Bloom's taxonomy in the questions for mid examination</li> <li>• Students placements are increased</li> <li>• Student results are progressively increased for all semesters.</li> <li>• Latest courses like Hadoop and Python programming are explained with more number of additional programs and extra practical sessions provided.</li> <li>• Fast track material is provided for slow learners.</li> </ul>

Table B.7.2.5: Audit committee actions- Continuous improvements

**7.3. Improvement in Placement, Higher Studies and Entrepreneurship (10)**

Assessment is based on improvement in:

- *Placement: number, quality placement, core industry, pay packages etc.*
- *Higher studies: performance in GATE, GRE, GMAT, CAT etc., and admissions in premier institutions.*
- *Entrepreneurs.*

**A. Improvement in Placement numbers, quality, core hiring industry and pay packages (5)**

The placement data of the program shows a progressive growth in terms of number of placements and offered packages. Campus recruitment training and Campus Specific training helps every student in adapting the latest skills demanded by the industry. The following tables represent the number of placements for the assessment years 2019-20, 2018-19 and 2017-18. Below Table.7.3.1 summarizes the placements, higher studies and entrepreneur data. We have achieved an average placement of 77.33% for last three assessment years.

Item	CAY (2019-20)	CAYm1 (2018-19)	CAYm2 (2017-18)
Total No. of final year students (N)	51	47	15
No. of students placed in Companies or Government Sector (X)	41	35	10
No. of students admitted to higher studies with valid qualifying scores (GATE or equivalent State or National Level Tests, GRE, GMAT etc.) (Y)	0	2	1
No. of students turned entrepreneur in Engineering / Technology (Z)	0	0	0
X+Y+Z =	41	37	11
Placement Index : (X+Y+Z)/N	0.80	0.79	0.73
Average placement in percentage = (P1 +P2+P3)/3*100	<b>77.33%</b>		

**Table B.7.3.1: Placement, higher education and entrepreneurs details**

- **Placement Numbers**

Below Table 7.3.2 provides placement data for the CAY (2019-20) and we achieved 80.39% of placements with a maximum package of 6.8LPA.

Sl.No.	Name of the company	No of placements	Salary offered (in LPA)
1	MAQ SOFTWARE	1	6.80
2	ACCENTURE	12	4.50
3	GGK TECH	1	4.50
4	CTS	1	4.10
5	CAPGEMINI	3	3.60
6	TCS	6	3.60
7	DXC TECHNOLOGY	3	3.50
8	INFOSYS	2	3.50
9	WIPRO	2	3.50
10	TECH MAHINDRA	2	3.25
11	SUTHERLAND	19	2.85
12	STARTEK/AEGIS	3	2.40
13	CSS CORP	1	2.00
14	I PROCESS	5	1.95
15	SEVENTIS	2	1.50

**Table B.7.3.2: Placement data for the year CAY (2019-20)**

Below Table 7.3.3 provides placement data for the CAYm1 (2018-19) and we achieved 78.72% of placements with a maximum package of 3.6LPA

Sl.No.	Name of the company	No of placements	Salary offered (in LPA)
1	SYNTEL	2	3.60
2	CAPGEMINI	1	3.50
3	COGNIZANT	1	3.50
4	INFOSYS	1	3.50
5	TECH MAHENDRA	3	3.50
6	WIPRO	2	3.50
7	REDCARPET	3	3.20
8	NET2SOURCE	1	3.00
9	PATHFRONT	7	3.00
10	MPHASIS	1	2.50
11	IBeON INFOTECH	6	2.40
12	MOURI TECH	5	2.10

13	VEE TECHNOLOGIES	1	1.80
14	THINKSYNQ	18	1.68
15	I PROCESS	7	1.56
16	TECHMBPS	3	1.50
17	TRIGEO	4	1.40

**Table B.7.3.3: Placement data for the year CAYm1 (2018-19)**

Below Table 7.3.4 provides placement data for the CAYm2 (2017-18) and we achieved 73.34% of placements with a maximum package of 3.25LPA.

Sl.No.	Name of the company	No of placements	Salary offered (in LPA)
1	IBM	1	3.25
2	INFOSYS	1	3.25
3	CAMPGEMINI	1	3.15
4	FACE	5	2.64
5	CONDUENT	1	2.25
6	LABTECH INNOVATIONS	1	1.80
7	DIVINE TOUCH SCHOOL	1	1.20

**Table B.7.3.4: Placement data for the year CAYm2 (2017-18)**

- **Quality and Pay Packages**

The below table 7.3.5 provides the improvement of quality of placements in terms percentage of placements, maximum package, minimum package and average salary for the last three years. For CAY(2019-20), CAYm1 (2018-19) and CAYm2 (2017-18) the average salary package is 4.15 LPA, 2.5LPA & 2.23LPA respectively.

Academic year	Placement %	Maximum package (in LPA)	Minimum package (in LPA)	Average Salary (in LPA)
CAY	80.39	6.80	1.50	4.15
CAYm1	78.72	3.60	1.40	2.50
CAYm2	73.34	3.25	1.20	2.23

**Table B.7.3.5: Average Placement details**

**MNCs visited Campus during last three assessment years:**

VIEW is dedicated to produce globally accepted professionals with skills and technical knowledge to meet the needs of MNCs. The following are the MNCs visited the campus during assessment years CAY (2019-20), CAYm1 (2018-19) and CAYm2 (2017-18).

S.No	Company	Frequency of companies visited to campus during CAY, CAYm1 and CAYm2.
1.		✓ Visited onceto campus [(2019-20)]
2.		✓ Visited onceto campus [(2018-19)]
3.		✓ Visited one time to campus [(2017-18)]
4.		✓ Visited once to campus [(2018-19)]
5.		✓ Visited three times to campus [(2019-2020),(2018-19), (2017-18)]
6.		✓ Visited one timeto campus [(2019-20)]
7.		✓ Visited twice to campus [(2018-19), (2019-2020)]
8.		✓ Visited twice to campus [(2018-19) (2017-18)]
9.		✓ Visited once to campus [(2019-20)]
10.		✓ Visited once to campus [(2018-19)]

Table B.7.3.6: MNCs visited Campusduring last three assessment years

**B. Improvement in Higher Studies (3)**

The below Table B.7.3.7 provides information of the students who are pursuing higher education in premier institutes.

Assessment Year	Number of students pursuing higher education
2017-18	1
2018-19	2
2019-20	Nil

**Table B.7.3.7: Consolidated list of students pursuing higher education**

The following Table B.7.3.8 provides the about individual students with their details of higher education

Sl.No	Assessment Year	Name of the Student	Name of Institute	Higher degree pursuing
1	2017-18	V Sai Dharani	Gayatri Vidya Parishad College Of Engineering	M.Tech
2	2018-19	Sidvija Mulukutla	University of Central Missouri	MS
3	2018-19	P.Pranathi	VIIT	MBA

**Table B.7.3.8: List of students pursuing higher studies**

**C. Improvement in number of Entrepreneurs (2)**

The below Table B.7.3.9 provides information of the students who are Entrepreneurs

Assessment Year	Number of Entrepreneurs
2017-18	Nil
2018-19	Nil
2019-20	2

**Table B.7.3.9: Consolidated list of students Entrepreneurs**

The following Table B.7.3.10 provides the about individual students with their details for Entrepreneurs

S.No	Assessment Year	Name of the Student	Type of Business	Name of the Company and Place
1	2019-20	A Alekhya and G Keerthi	Dance Academy	Dance Academy

**Table B.7.3.10: List of students Entrepreneurs**

**7.4 Improvement in the quality of students admitted to the program (10)**

(Assessment is based on improvement in terms of ranks/score in qualifying state level/national level entrances tests, percentage marks in Physics, Chemistry and Mathematics in 12<sup>th</sup> Standard and percentage marks of the lateral entry students)

The following table.B.7.4 depicts the quality of students admitted into the IT program. The EAMCET and ECET qualified students joined the program with a good academic merit in 12<sup>th</sup> standard /intermediate marks.The opening & closing ranks along with the average percentage is mentioned in the table.

Item		CAY 2019-20	CAYm1 2018-19	CAYm2 2017-18
Andhra Pradesh Engineering and Medical Common Entrance Test- AP-EAMCET	No. of Students admitted	59	54	56
	Opening Score/Rank	35919	32291	14422
	Closing Score/Rank	126964	129281	127807
Andhra Pradesh Engineering Common Entrance Test-AP-ECET	No AP-ECET quota	NA	NA	NA
		NA	NA	NA
		NA	NA	NA
Average CBSE/Any other Board Result of admitted students (Physics, Chemistry & Math's)		8.6 GPA	84.63	86.21

**Table B.7.4:Quality of students admitted to the program**

---

<b>Criterion 8</b>	<b>First Year Academics</b>	<b>50 M</b>
8.1	First Year Student Faculty Ratio (FYSFR)	5M
8.2	Qualification of Faculty Teaching First Year Common Courses	5M
8.3	First Year Academic Performance	10M
8.4	Attainment of Course Outcomes of First Year Courses	10M
8.5	Attainment of Program Outcomes for first year courses	20M

<b>Criterion 8</b>	<b>First Year Academics</b>	<b>50M</b>
--------------------	-----------------------------	------------

### 8.1. First Year Student Faculty Ratio (FYSFR) (5)

Data for first year courses to calculate the FYSFR

Year	Number of students (approved intake strength) N	Number of faculty members (considering fractional load) F	FYSFR(N/F)	Assessment = $(5 \times 20) / \text{FYSFR}$ (Limited to Max. 5)
CAYm2 (2017-18)	660	43	15	5
CAYm1 (2018-19)	660	43	15	5
CAY (2019-20)	660	41	16	5
<b>Average</b>			<b>15</b>	<b>5</b>

**Table B.8.1: First Year Student Faculty Ratio**

\*Note: If FYSFR is greater than 25, then assessment equal to zero.

### 8.2. Qualification of Faculty Teaching First Year Common Courses (5)

(Assessment of qualification =  $(5x + 3y) / \text{RF}$ ,  $x$  = Number of Regular Faculty with Ph.D.,  $y$  = Number of Regular Faculty with Post-graduate qualification  $\text{RF}$  = Number of faculty members required as per SFR of 20:1, Faculty definition as defined in 5.1)

Year	X (Number of Regular Faculty with Ph.D.)	Y (Number of Regular Faculty with PG Qualification)	RF (Number of Faculty Members required as per SFR of 20:1)	(Assessment of faculty qualification) $(5x + 3y) / \text{RF}$
CAYm2 (2017-18)	10	43	33	5.00
CAYm1 (2018-19)	14	42	33	5.00
CAY (2019-20)	10	42	33	5.00
<b>Average assessment</b>	<b>5.0</b>			

**Table B.8.2: Faculty Qualifications**

### 8.3 First Year Academic Performance (10)

*(Academic Performance = ((Mean of 1st Year Grade Point Average of all successful Students on a 10 point scale) or (Mean of the percentage of marks in First Year of all successful students/10)) x (number of successful students/number of students appeared in the examination) Successful students are those who are permitted to proceed to the second year.)*

The curriculum for first year for all branches of engineering is followed as per the syllabus designed by the affiliating University JNTUK, Kakinada. Each course coordinator along with the respective faculty members discusses the aspects of the course curriculum and defines course objectives and outcomes in accordance with the University Regulations. Consequently, the Course Delivery Plan is prepared, approved and followed. This process is continuously monitored to achieve better academic performance from the faculty as well as students.

We have proved our strength in the domain of studies which is shown in our academic track record. Speaking of our strengths in 1<sup>st</sup>B.Tech education, we have been the toppers among the JNTUK affiliated colleges five times out of eight batches admitted so far. The other three times we stood in 3rd, 4th & 5th positions.

The Year wise academic performance of First-Year students is given below

<b>Academic Performance</b>	<b>2019-20</b>	<b>2018-19</b>	<b>2017-18</b>
Mean of CGPA of all successful students (X)	7.42	6.85	6.94
Total number of successful students (Y)	53.00	54.00	51.00
Total number of students appeared in the examination (Z)	54.00	55.00	53.00
API=X*(Y/Z)	7.28	6.73	6.68
<b>Average API</b>	<b>6.90</b>		

**Table B.8.3: Year wise academic performance**

### 8.4. Attainment of Course Outcomes of First Year Courses (10)

#### 8.4.1. Describe the assessment processes used to gather data upon which the evaluation of course outcomes of first year is based (5)

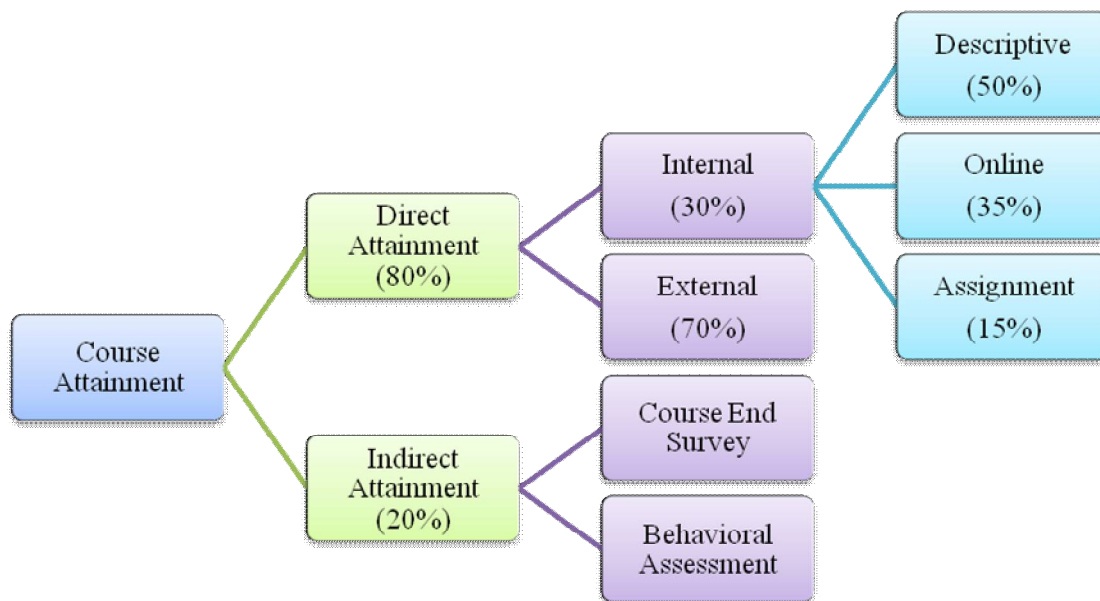

*(Examples of data collection processes may include, but are not limited to, specific exam questions, laboratory tests, internally developed assessment exams, oral exams assignments, presentations, tutorial sheets etc.)*

Course Outcomes are narrower statements that describe and define what students are expected to know and be able to do at the end of each course. They are the measurable parameters which evaluate each student's performance for each course. They cater to the knowledge, skills and behavior that students acquire in their journey/graduation through the course. Semester-wise assessment is done through one or more methods, identifying, collecting and preparing data to assess the performance of the Course Outcomes (COs). The methods are classified into two types: Direct methods and Indirect methods.

#### A. List of assessment processes (1)

**Direct methods:** This method reflect knowledge and skill levels of students through assessment tools such as class tests, mid exams, assignments, semester exams, seminars, laboratory assignments and examinations. These methods offer understanding about what students know and/or can do and provide evidence of levels of students' learning.

**Indirect methods:** This method includes course end survey and faculty assess the student's behavior. These components are utilized to gather further awareness about students' learning abilities and disabilities. Figure 8.4.1a and the Table 8.4.1a represent different methods of the assessment process which reflect attainment levels of the course outcomes, weightage factors and frequency of the assessment cycle.

**Figure B 8.4.1.a: Course attainment process with their weightages**

**B. The relevance of assessment tools used (4)****(i) CO Assessment Process for Theory Courses**

The Internal assessment of theory courses consists of two mid examinations and two online quiz examinations which are conducted as per the calendar released by JNTUK. For every mid examination, three assignments will be given.

Type of Assessment	Course Assessment and Evaluation Method	Assessment Frequency	Description	Weightage for Assessment	Weightage for CO Attainment
Direct Assessment	Internal Mid Examination	Twice in a Semester	<ul style="list-style-type: none"> <li>• The internal assessment of the theory course is based on the two mid exams conducted each semester according to the academic calendar set by the University.</li> <li>• Each theory course examination should be set for a maximum of 15 marks in descriptive pattern.</li> <li>• The respective faculty prepares question paper as per the course outcomes for the relevant course by following the Blooms taxonomy and forwards the same to the Examination Cell.</li> <li>• Student performance is assessed in the mid exams according to the scheme of evaluation and key prepared by the respective course teacher.</li> </ul>	30%	80%
	Online Quiz	Twice in a semester	<ul style="list-style-type: none"> <li>• The online quiz for the theory courses is conducted along with the descriptive mid examination each semester by the University.</li> <li>• The online quiz examination consists of 20 objective questions for a maximum of 10</li> </ul>		

			marks. <ul style="list-style-type: none"> <li>• Quiz marks are recorded for assessing the attainment of COs</li> </ul>	
	Assignments	Six in a semester (3 per each mid)	<ul style="list-style-type: none"> <li>• Assignment is a metric used to assess students' analytical and problem-solving abilities.</li> <li>• Assignment questions are prepared for each topic/unit in the course.</li> <li>• Course related tasks are assigned to each student.</li> <li>• Marks are assigned depending on their performance &amp; innovation in solving/deriving the problems.</li> <li>• The assignment works submitted by students are assessed towards CO attainment.</li> </ul>	
	Semester End Examination	Once in a semester	<ul style="list-style-type: none"> <li>• At the end of each semester, external examination is conducted for a maximum of 70 marks by the University.</li> <li>• End examination is set in descriptive pattern generally satisfying the all course outcomes.</li> </ul>	
Indirect Assessment	Course Exit Survey	End of Semester	<ul style="list-style-type: none"> <li>• On completion of each semester, feedback is obtained from the students for the courses they have attended.</li> <li>• Recorded for assessing the attainment of COs</li> </ul>	20%
	Behavioral Assessment	Throughout the Semester	<ul style="list-style-type: none"> <li>• Each student is assessed based on participation and performance in Technical, Social Events &amp; Extra-curricular activities</li> </ul>	

**Table B 8.4.1.a: Assessment tools for the calculation of course outcomes**

## Sample Mid - I Question Paper

 **VIGNAN'S INSTITUTE OF ENGINEERING FOR WOMEN**  
( Kapujaggarajupeta, VSEZ (post), Visakhapatnam-530 049)

**Mid Term Examination-I** SET-1  
(I- B.Tech I Sem, Regulations: R16)

Course Name: **APPLIED PHYSICS** Max Time: **1 ½ Hrs.**  
Branches: CSE&IT Max Marks: **15**  
Faculty: Dr.Chandra Sekhar Beera Date: 15.09.2017  
**CO: Course Outcome no. (1-6), LEVEL: Revised Bloom's Taxonomy level no. (1-6)**

Answer All Questions **3x5=15 M**

CO	LEVEL	Q.No	QUESTIONS	
CO1	1a: K2	01	a) In a Newton's rings experiment, why the rings are formed in circularly? What will happen in case of white light?	2M
	1b: K3		b) Demonstrate the construction and principle of Michelson's Interferometer. In what circumstances is the compensating plate is essential.	3M
CO2	2a: K2	02	a) Discuss in detail Fraunhofer diffraction due to double slits.	3M
	2b: K3		b) A telescope of an objective of diameter 3 meters, calculate the smallest angular separation of two stars which can be resolved by the mean wavelength of light 6000 Å.	2M
CO3	3a: K2	03	a) Discuss the various methods of pumping mechanisms in LASERS.	3M
	3b: K3		b) Explain the importance of Optical cavity resonator in a LASER.	2M

\* K1 (R): Remembering, K2 (U): Understanding, K3 (P): Applying, \* K4 (A): Analyzing, K5 (E): Evaluating, K6 (C): Creating.

## Sample Assignment

 **VIGNAN'S INSTITUTE OF ENGINEERING FOR WOMEN**  
( Kapujaggarajupeta, VSEZ (post), Visakhapatnam-530 049)

**Assignment-I** SET-1  
(I- B.Tech I Sem, Regulations: R16)

Course Name: **APPLIED PHYSICS**  
Branch: CSE&IT  
**CO: Course Outcome no. (1-6), LEVEL: Revised Bloom's Taxonomy level no. (1-6)**

Answer All Questions

CO	Level	Unit	Q.No	Questions	
CO1	K1	1	01	Examine the construction and principle of Michelson's Interferometer. In what circumstances is the compensating plate is essential.	5M
CO2	K3	2	02	Discuss in detail Fraunhofer diffraction due to double slits.	5M
CO3	K3	3	03	With a neat diagram, discuss the construction and working of Ruby LASER.	5M

\* K1 (R): Remembering, K2 (U): Understanding, K3 (P): Applying,  
\* K4 (A): Analyzing, K5 (E): Evaluating, K6 (C): Creating.

**Behavioral Assessment**

Students after entering into a professional program have to undergo a lot of qualitative change in terms of their behavior. During their four year stay at the institution this aspect has been taken seriously as a part of students' internal assessment. Strictly adhering to the curriculum prescribed by the University at the first-year level, the department of B S & H simultaneously follows a system of continuous assessment of the student by measuring and estimating their behavioral aspects in order to improve their attitude, values and behavior with respect to Program Outcomes. These aspects consist of

1. Social responsibility (PO 6)
2. Environmental consciousness (PO 7)
3. Ethical values (PO 8)
4. Team work (PO 9)
5. Communication Skills (PO 10)
6. Leadership skills (PO11)

Some activities are arranged to measure these aspects in students throughout the first year course work. They are:

- Interactive sessions by renowned personalities in the fields of social work, literature, movies, arts and industry.
- Social service activities such as conducting health camps, blood camps, eye-checkup camps; visits to near-by villages for service; visits to orphanages and under privileged places to offer the helping hand by kind and cash;
- Clean & Green activities consisting of Swatch Bharat; Plantation programs; promoting eco-friendly measures in religious and social occasions; Beach cleaning activity
- Sending students to industries and making them aware of their role as engineer
- Organizing picnics to promote harmonious social culture and togetherness
- Celebration of important days of national significance by involving the student teams right from the planning stage to execution stage in conducting those events
  - Celebrating all the religious and cultural festivals
  - Through Language Club essay writing competitions, poster presentations, group discussions and debates to improve their social awareness, expression capacities and confidence levels.

- Constant mentoring and counseling through Class Coordinator and Counselor system in sorting out their emotional and academic issues.
- Encouraging the students to actively participate in games & sports inside and outside the college to boost up their physical fitness and morale.

#### Rubric for Assessment of Behavioral Aspects

	<b>Low – (1)</b>	<b>Moderate – (2)</b>	<b>High – (3)</b>
<b>Social Responsibility</b>	No active participation	Able to participate but poor performance	Very active participation and performance
<b>Environmental Consciousness</b>	Low awareness levels	Adequate level of awareness	Well informed and putting into practice
<b>Ethical Values</b>	Ethical concerns are missing	Flexible attitude towards ethical values	Full appreciation of ethical values and following them
<b>Team Work</b>	Uneven role assignment and limited awareness about responsibilities	Fair distribution of workload and respect towards the team	Clearly defined roles & increased level of clarity, cooperation and respect
<b>Communication Skills</b>	Inadequate	adequate	Very effective
<b>Leadership Traits</b>	Passive	sufficient	Proactive and active listener

**Table B.8.4.1.b: Rubric for behavioral assessment**

Based on the level of *participation and performance* in the above-mentioned year long activities students will be assessed. Lowly scored students will be identified.

#### Corrective and Transformation Measures:

- Bringing them to the front in the next activity;
- Motivating them;
- Inspiring them;
- Taking personal interest in them and encouraging them to see others and read literature;
- Empathizing with their social & economic concerns and slowly changing their focus towards positivity
- Changing group composition within the section and mixing with other sections and branches

(ii) CO Assessment Process for Laboratory Courses

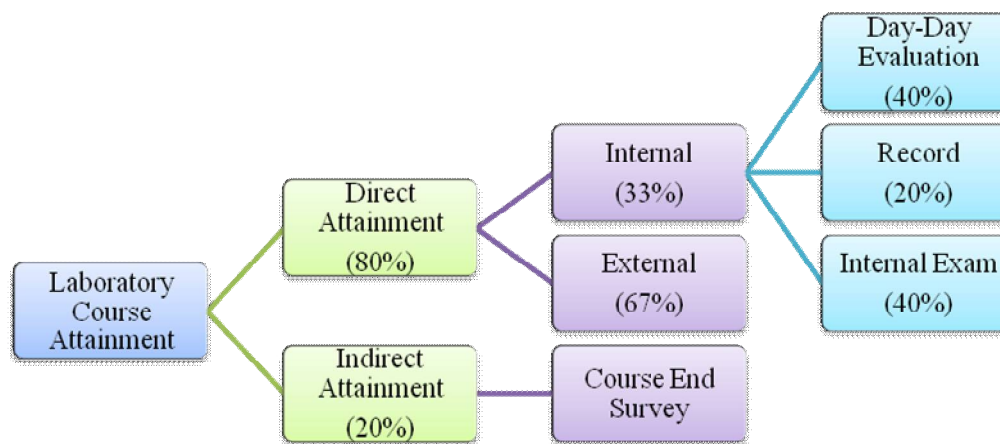

Fig. B 8.4.1b: CO assessment process for Laboratory with their weightages

Type of Assessment	Course Assessment and Evaluation Method	Description	Weightage for Assessment	Weightage for CO Attainment
Direct Assessment	Internal	<ul style="list-style-type: none"> <li>• Lab Assignment/Experiment is a qualitative performance assessment tool designed to assess students' practical knowledge and problem-solving skills.</li> <li>• Internal assessment of students for laboratory courses is based on continuous evaluation of laboratory experiment work done by the students, their record work and performance in</li> </ul>	33%	80%

		<p>the internal examination.</p> <ul style="list-style-type: none"> <li>• Internal examinations are conducted by the respective faculty members.</li> <li>• Each laboratory course shall have a maximum of 25 internal marks.</li> <li>• The marks distribution for the laboratory courses is as follows <ul style="list-style-type: none"> <li>○ Continuous Assessment (10)</li> <li>○ Record (5)</li> <li>○ Internal Exam (10)</li> </ul> </li> </ul>		
	External	<ul style="list-style-type: none"> <li>• End Semester practical examinations are the metric to assess the course outcomes.</li> <li>• External examination is conducted for a maximum of 50 marks by the University.</li> </ul>	67%	
Indirect Assessment	Course Exit Survey	<ul style="list-style-type: none"> <li>• On completion of each semester, feedback is obtained from the students for the courses they have attended.</li> <li>• Recorded for assessing the attainment of COs</li> </ul>		20%

**Table B.8.4.1.c: CO assessment process for Laboratory**

### **Laboratory Continuous Assessment**

A Continuous assessment for laboratory courses is done to enable a measurable rate of progress and learning for students throughout the course period. Regular monitoring facilitates scope for improvement and remedial action in assessing the performance of the students.

**Assessment for Science Laboratory**

Attendance	Experiment Procedure	Result	Handling / Safety	Record Submission
2	2	2	2	2

**Assessment for Language laboratory**

Attendance	Activity	LSRW Skills	Body Language	Activity Record
2	2	2	2	2

**The Relevance of Assessment Tools Used:**

- The assessment tools evaluate the student's knowledge and ability to apply their skills through continuous assessment process such as internal examinations, end semester examinations, presentations, assignments, tutorials etc. These tools reflect the levels of student learning. The weightage given for various assessment tools used for the attainment of Course Outcomes is shown in Table 8.4.1a & 8.4.1b
- The CO attainment level is measured based on internal assessment and external examination conducted by the University. It is a form of measure of direct attainment. The University conducts two internal exams for each course in a semester.
- In each exam, the percentage of students achieving a set target is calculated for the covered COs. After two tests, the average of these percentages is calculated to determine the attainment level. The guidelines for deciding the attainment levels are as follows:
  - Attainment Level 1: 60% of students' scores more than the target level.
  - Attainment Level 2: 70% of students' scores more than the target level.
  - Attainment Level 3: 80% of students' scores more than the target level.
- According to the weightage given by the University, 33% of the internal attainment and 67% of the external attainment is considered to be the course attainment through marks.
- Individual faculty will conduct the course end survey on the course outcomes at the end of every semester.
- Hence, 80% of the attainment level obtained through marks and 20% of the attainment level obtained through end survey, feedback, is considered to be the total Course Attainment

**8.4.2. Record the attainment of the course outcomes of all first-year courses (5)**

*(The attainment levels shall be set considering average performance levels in the institution level examination or any higher value set as target for the assessment years. Attainment level is to be measured in terms of student performance in internal assessments with respect the COs of a subject plus the performance in the institution level examination)*

The course outcome attainments for 2016-17, 2017-18 and 2018-19 are given below

**CAYm3: 2016 – 17**

Course Code	Course Name	Direct Attainment (DA) (80%)	Indirect Attainment (IA) (20%)	Course Attainment (DA+IA)
C101	English-I	1.88	0.59	2.47

**Table B.8.4.2.c: Course Outcome attainments for CAYm1 (2018-19)**

The graphical representation of CO attainments for each course is presented below for the academic years 2016-17, 2017-18 and 2018-19 admitted batches.

**Figure B.8.4.2.a:** Graphical representation of attainment levels of various courses during the academic year 2016 - 17

**Observation:** During 2016-17 academic year the attainment for the courses Mathematics-I, Applied Physics, Mathematics-III, and Engineering Mechanics was comparatively low. This may be due to lack of conceptual knowledge and grounding in Mathematics, Physics and Chemistry.

**Figure B. 8.4.2.b:** Graphical representation of attainment levels of various courses during the academic year 2017 – 18

**Observation:** During 2017-18 academic year, all the course attainments are above 2.4.

**Figure B 8.4.2.c:** Graphical representation of attainment levels of various courses during the academic year 2018 - 19

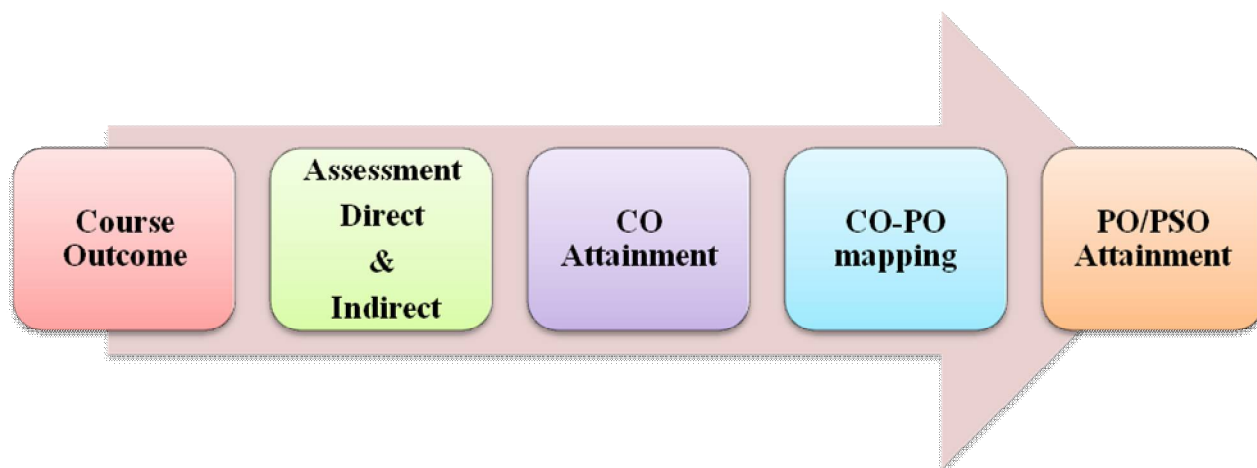

**Observation:** During 2018-19 academic year all the course attainments are above 2.4.

## 8.5. Attainment of Program Outcomes for first year courses (20)

### 8.5.1. Indicate results of evaluation of each relevant PO and/or PSO if applicable (15)

*(Describe the assessment processes that demonstrate the degree to which the Program Outcomes and Program Specific Outcomes are attained through first year courses and document the attainment levels. Also include information on assessment processes used to gather the data upon which the evaluation of each Program Outcome is based indicating the frequency with which these processes are carried out)*

The process for calculating PO/PSO attainment for all first-year courses is presented below

**Figure B.8.5.1a:** PO/PSO attainment process

- The Program Outcomes (POs)/Program Specific Outcomes (PSOs) are features that graduates can do after completing their program. At the end of each program, a PO / PSO assessment is done from the CO attainment of all curriculum components.
- For every Course, there are number of outcomes to be achieved at the end of the course.
- For each course, attainment level of all course outcomes is arrived at rigorously based on student performance in the internal and external examinations.
- All COs i.e., [CO<sub>1</sub>, CO<sub>2</sub> ...CO<sub>6</sub>] are mapped to all POs i.e. [PO<sub>1</sub>, PO<sub>2</sub> ...PO<sub>12</sub>] specified in a given course by correlating with the attainment levels (3, 2, 1) obtained in CO-PO mapping.
- A mapping matrix is prepared for every course and establishes a correlation between the course outcomes and program outcomes.
- After doing the CO-PO Mapping, the Course-PO attainment values are calculated using,  
$$\text{Course-PO attainment} = \frac{(\text{Course-PO mapping}) * (\text{Course attainment})}{3}$$
- The average of all these attainments with respect to individual POs is calculated. This gives the direct PO attainment.

**CAYm3: 2016 – 17**

Course Code	Course Name	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO11	PO12

Table B.8.5.1.f: Program Specific Outcome attainment for CAYm1 (2018 – 19)

**8.5.2 Actions taken based on the results of evaluation of relevant POs and PSOs (5)**

*(The attainment levels by direct (student performance) are to be presented through Program level Course-PO matrix as indicated)*

*PO Attainment Levels and Actions for improvement – CAYm1 only – Mention for relevant POs*

- ✓ Regular analysis of the results of internal assessment examination of all subjects is done and concerned teachers are guided to take necessary corrective action.
- ✓ Remedial classes are conducted for the academic progress of slow learners.
- ✓ PO-wise actions recommended to bridge the identified gap between target and attainment levels are as follows

## CAYm1: 2018-2019

POs	Target Level	Attainment Level	Observations
<b>PO1: Engineering Knowledge:</b> Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.			
PO1	2.40	2.71	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further for course C104 [CP]</li> </ul>

<b>Action Taken:</b>			
1. Proposed to conduct awareness program on “Importance of C Programming to solve complex engineering problems”			
2. One week foundation course on Pointers, structures and typedef in C104 is to be conducted.			
<b>PO2: Problem Analysis:</b> Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.			
<b>PO2</b>	2.40	2.51	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further for courses C104 [CP], and C105 [M-II].</li> <li>• Rising conceptual discomfort in seeing the link among basic science concepts and engineering.</li> </ul>
<b>Action Taken:</b>			
1. Tutorial classes will be planned with more examples in concepts like inheritance, Polymorphism and abstraction C114			
2. Bridge course and foundation courses to be conducted to plug the gap existing between intermediate course mathematics and engineering Mathematics.			
3. Extra classes will be conducted for topics like quantum mechanics and semi conductor physics with more examples.			
4. Tutorial classes with more examples are proposed for C104 & C114 to enhance the analyzing ability.			
<b>PO3: Design Development of solutions:</b> Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.			
<b>PO3</b>	2.40	2.40	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further for courses C104 [CP], C105[M-II], C112[AC], C113[ES] and C114 [OOPS]</li> <li>• Design aspects are lagging in laboratory experiments.</li> </ul>
<b>Action Taken:</b>			
1. As this is related to designed part which is absent in the curriculum, exposure to virtual labs is planned. During library hours students are encouraged to utilize online resources for enhancing their design visualization capacities.			
2. Animation demonstrations Construction and working of secondary Batteries are proposed for C112.			
3. Reasoning based assignments for C104, C105, and C114 are proposed to reinforce the design skills.			
<b>PO4: Conduct investigations of complex problems:</b> Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.			
<b>PO4</b>	2.40	2.37	<ul style="list-style-type: none"> <li>• Target is not achieved.</li> <li>• Attainment can be increased further for courses C104 [CP], C105 [M-II], C111 [M-III], C112 [AC].</li> <li>• Insufficient data reading abilities</li> </ul>
<b>Action Taken:</b>			
1. Application oriented problems are to be included in the assignments for C105 and C111 to			

enhance their problem-solving skills. 2. Additional tutorial classes for C104 and C114 to be conducted to solve complex problems. 3. Students are encouraged to analyse and interpret the data related contemporary issues C112.			
<b>PO 5: Modern tool usage:</b> Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.			
<b>PO-5</b>	2.40	2.22	<ul style="list-style-type: none"> <li>• Target is not achieved.</li> <li>• Attainment can be increased further for courses C104 [CP], C105[M-II], C114 [OOPS] and C115 [EM]</li> <li>• Limited awareness about application techniques in dealing with problems of complex engineering data.</li> </ul>
<b>Action Taken:</b> 1. Video lessons on modeling concepts of derivatives and integrations for C105. 2. Building awareness about modeling and simulation packages through virtual lab visits for C115. 3. Additional tutorial classes with senior faculty to be conducted for C104 and C114 to know more about advancement in programming tools.			
<b>PO 6: The Engineer and Society:</b> Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.			
<b>PO-6</b>	2.20	2.21	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further for courses C111 [M-III] , C112 [AC], and C113 [ES] and C115 [EM].</li> <li>• Inadequate understanding of the role of engineer.</li> </ul>
<b>Action Taken:</b> 1. Tutorial classes to be conducted to solve problems related to vector calculus in C111 2. Orientation programme “Role of Engineer in the society” by industry experts in the first two weeks of induction. 3. Encourage students to participate in NSS activities to fill the gap between Engineering education and society.			
<b>PO 7: Environment and Sustainability:</b> Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.			
<b>PO-7</b>	2.20	2.22	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further for courses C110 [ENG-II], C112 [AC], and C113 [ES]</li> <li>• Improvement is desired in environmental consciousness.</li> </ul>
<b>Action Taken:</b> 1. Tutor classes will be arranged for C111 to solve Engineering applications using numerical methods. 2. Involving students in yearlong activities such as plantation, eco-friendly practices and campaigns for reducing carbon emissions. 3. Expert lectures are planned to improve consciousness on environment and sustainability issues. 4. Tutorial classes should be conducted with more examples for carbon emission in C112 and C113.			

<b>PO 8: Ethics:</b> Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.			
<b>PO-8</b>	2.20	2.26	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further for courses C111[M-III], C112 [AC], and C113 [ES]</li> <li>• Insufficient understanding of role of ethics in engineering</li> </ul>
<b>Action Taken:</b>			
<ol style="list-style-type: none"> <li>1. Organize guest lecture on “Professional Ethics” by motivational speakers.</li> <li>2. Teachers leading the students by example in matters of sincerity punctuality and commitment to duty.</li> </ol>			
<b>PO 9: Individual and Team work:</b> Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.			
<b>PO-9</b>	2.20	2.43	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further for courses C104 [CP], C110 [ENG-II] and C113 [ES].</li> <li>• Students need to be more team oriented.</li> </ul>
<b>Action Taken:</b>			
<ol style="list-style-type: none"> <li>1. Students are motivated to organize more events through “English Language Club”.</li> <li>2. Students are encouraged to involve in organizing events and competitions on Independence day, women’s day and Republic day .</li> <li>3. Group discussions will be arranged for C104 in developing simple applications using C programming.</li> </ol>			
<b>PO 10: Communication:</b> Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.			
<b>PO-10</b>	2.20	2.52	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Improvement is desired in exhibiting effective communication and language skills</li> </ul>
<b>Action Taken:</b>			
<ol style="list-style-type: none"> <li>1. Involving students in language club activities</li> <li>2. Organizing interactive seminars on personal development by in-house and outside experts.</li> <li>3. Plan to Organize British Council and Oxford Achievers Programmes for language enhancement.</li> </ol>			
<b>PO 11: Project management and Finance:</b> Demonstrate knowledge and understanding of the engineering and management principles and apply these to one’s own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.			
<b>PO-11</b>	2.20	2.26	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further for courses C111 [M-III],and C113[ES].</li> <li>• Insufficient leadership characteristics</li> </ul>
<b>Action Taken:</b>			
<ol style="list-style-type: none"> <li>1. An awareness program is to be conducted on financial and Project management.</li> <li>2. Involving Class representatives and their classmates in monitoring conduct of class Action.</li> <li>3. Students are to be motivated to take active role in technical, sports and cultural activities.</li> </ol>			

<b>PO 12: Life-long Learning:</b> Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.			
<b>PO-12</b>	2.20	2.54	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further for course C104 [CP], C112 [AC] and C113 [ES].</li> </ul>
<b>Action Taken:</b>			
<ol style="list-style-type: none"> <li>1. Enable students to take up online courses like NPTEL, SWAYAM on recent technologies.</li> <li>2. Students are encouraged to attend national level competitive exams.</li> <li>3. Motivate the students to make use of web sources.</li> </ol>			

**Table B.8.5.2.a: PO attainment levels and action taken for CAYm1 (2018 – 19)**

**PSOs Attainment Levels and Actions for Improvement**

**CAYm1 (2018-2019)**

PSOs	Target Level	Attainment Level	Observations
<b>PSO 1: Apply the concepts of Optimal coding skills on Data science, Cryptography and Network security to solve complex Problems.</b>			
<b>PSO-1</b>	2.40	2.41	<ul style="list-style-type: none"> <li>• Target is achieved.</li> <li>• Attainment can be increased further for courses C109 [CP Lab]</li> </ul>
<b>Action:</b> Additional lab sessions will be provided to C109 to improve the programming skills.			
<b>PSO 2: Excel in Internet of Things (IOT) and Artificial Intelligence Concepts.</b>			
<b>PSO 2</b>	2.40	2.30	<ul style="list-style-type: none"> <li>• Target is not achieved.</li> <li>• Attainment can be increased further for courses C104 [CP], C109 [CP Lab] and C114 [OOPS].</li> </ul>
<b>Action :</b>			
<ol style="list-style-type: none"> <li>1. Additional tutorial Classes for C104 and C114 to be conducted to solve complex problems using C.</li> <li>2. More lab sessions will be provided to C109 to improve the programming skills.</li> </ol>			

**Table B.8.5.2.b: PSO attainment levels and action taken for CAYm1 (2018 – 19)**

<b>CRITERION 9</b>	<b>Student Support Systems</b>	<b>50</b>
--------------------	--------------------------------	-----------

### **9.1 Mentoring system to help at individual level (5)**

Type of mentoring: Professional guidance/career advancement/course work specific/laboratory specific/allround development. Number of faculty mentors: Number of students per mentor: Frequency of meeting: (The institution may report the details of the mentoring system that has been developed for the students for various purposes and also state the efficacy of such system)

#### **9.1.1 Student Mentoring System**

Vignan's Institute of Engineering For Women Strongly believes that Student Mentoring system plays a vital role in empowering the women student's at individual level. Unless a student is ready to learn, whatever may be the intelligence quotient of the student/efficiency of the teacher; learning cannot takes place accurately. In this context, VIEW has an efficient student mentoring system of allotting **20 students** to **every faculty** to address not only the academic/curricular issues but also other issues like economic issues, teenage problems, emotional problems and psychological issues. Number of **faculty mentors** at VIEW are **107** in total among the programs CSE(34), ECE (34), EEE(29) and IT(11).

#### **9.1.2 Objectives of the Student Mentoring System:**

The objectives of the Mentoring System at 'VIEW' are:

- A. To monitor and enhance the student's **regularity & discipline**
- B. To monitor and enhance the students's **academic/curricular** performance.
- C. To counsel the students and provide **confidence** to improve their **quality of life** by addressing their issues such as:
  - **Economic Issues**
  - **Teenage Issues**
  - **Health Issues**
  - **Emotional Issues**
  - **Psychological Issues**
- D. To engage the **parents** in the **continual improvement** of their ward's performance.
- E. To encourage student's participation in **co-curricular & extra-curricular** activities with a balanced academic performance.

- F. To guide the students towards *campus recruitment, higher education, research & entrepreneurship*.

### 9.1.3 Process of Mentoring at VIEW:

Process of Mentoring student's at VIEW was developed to *achieve* the *objectives* of the Student Mentoring system in the following attributes:

#### A. *Regularity & Discipline*

- Once in a *week*, every *faculty/mentor* will informally meet their allotted *student's/mentee's* for *counselling* and making a note of their status in the respective *Student Mentoring Book*.
- During the *counselling*, if the student was observed to be *performing good* they will be *appreciated*. If the student was observed to be *non-attentive/non-performer/irregular*, the exact *reasons/issues* will be *identified* by the mentor and will be given with enough *counselling/support* in *resolving/addressing* the concerned issues.

#### B. *Academic/Curricular Performance:*

- In the first stage at the beginning of every semester, the faculty/mentor will address the allotted students regarding the details of academics in the semester and evaluation procedure in line with the respective PO's, PEO's, Mission, Vision at program and institute level.
- The detailed performance evaluation/results for every assessment will be noted down in the respective student mentoring book.
- If the student/mentee performance is good then she will be recommended for *Merit Scholarship* else she will be guided and tutored to improve her performance.

#### C. Other Issues to increase *confidence* of Student/Mentee to improve their *quality of life:*

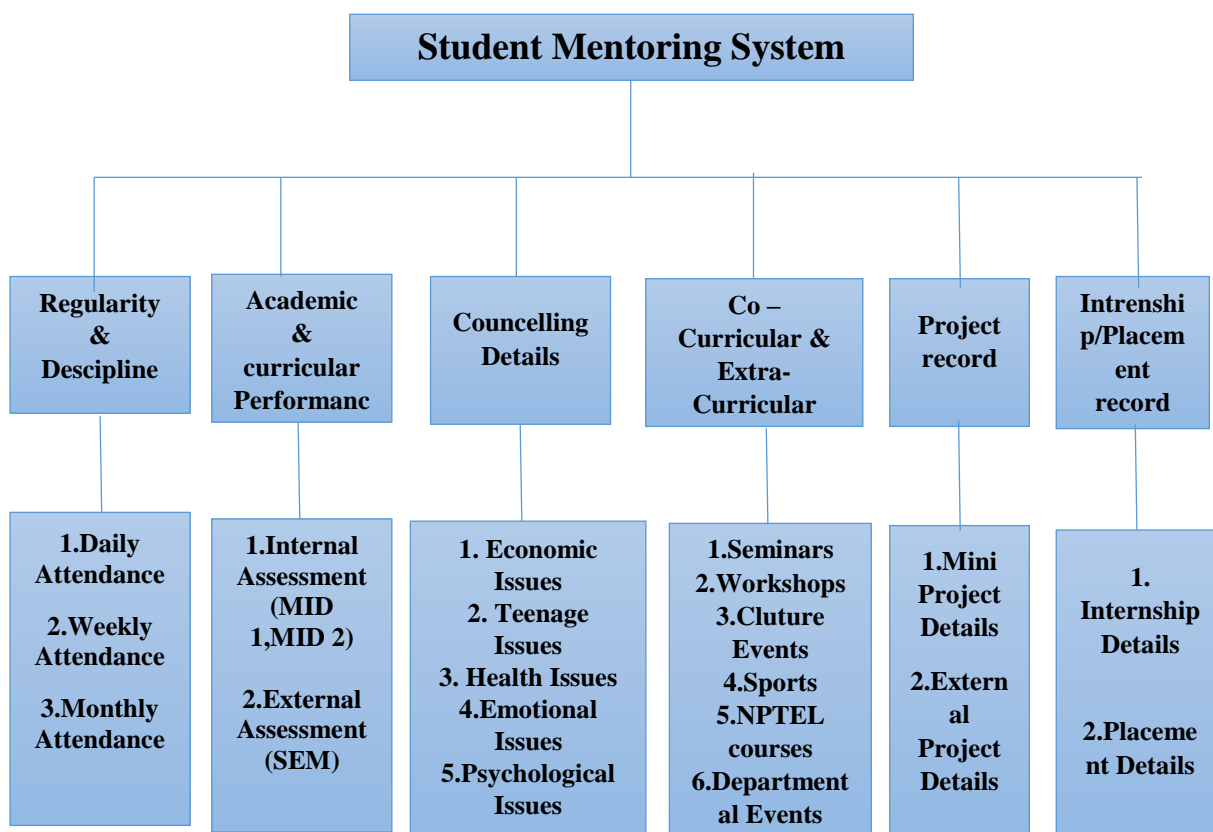

- *Economic Issues:* During the counselling process, if any student/mentee was observed to be suffering financial crisis impacting their performance will be recommended for various opportunities such as *MEAN Scholarships*.
- *Teenage Issues:* During the counselling process, if any student/mentee was observed to be having issues like *adolescence, including social media, body image, substance use and sleep* will be counselled accordingly in resolving issues at mentor level and even if the issues still persists the student/mentee will be directed to grievance and redressal cell for further counselling through Program Coordinator.

- **Health Issues:** During the counselling process, if any student/mentee was observed to be having any *health problem* disturbing their performance will be inspected with *Health Club* with concerned *parent* consent. Where if the issue deserves a *doctors consultation*, the primary consultation will be borne by the institution and further recommendations will be handed over to the parent.
  - **Emotional Issues:** During the counselling process, if any student/mentee was observed to be having emotional issues *chronic discipline* problems, is *truant often, temper tantrums, lack of empathy/compassion, bullying others, causing damage to others properties, having conflicts with parents* and *authority figures* will be counselled accordingly. Even if the issue continues to persist, student/mentee will taken for further counselling with *Program Coordinator*.
  - **Psychological Issues:** During the counselling process, if any student/mentee was observed to be suffering from psychological issues like *depression, stress, anxiety, eating disorders, self injury, bipolar disorder and psychotic* will be counselled for the resolution. Even if the issues continues to persist the student/mentee will be recommended to a *psychologist* consultation through program coordinator and parents.
- D. Engaging Parents for continual improvement:** The attendance, performance report and the counselling remarks will be constantly shared with parents daily, monthly and whenever it is necessary. A daily SMS for regularity, monthly attendance report, performance and counselling whenever it is necessary will be shared with the parents.
- E. Co-curricular & Extra-curricular Activities:** During the counselling process, a student/mentee observed to be keen or excelling in any co-curricular or extra-curricular will be given proper guidance towards a balanced learning to maintain better performance in academics and the concerned activity as well. Such student/mentee will be forwarded to the respective clubs for her participation and further guidance in national & international level.
- F. Campus recruitment, higher education, research & entrepreneurship:** During the counselling process, the faculty/mentor will understand the goal of the students regarding her career and guide her towards achieving her goals by recommending her active participation towards Trainings, Seminars, Conferences, Workshops, Publications, Projects, etc., At every stage, the student/mentee will be monitored and report will be maintained cumulatively to motivate them for a better career opportunity.

### 9.1.4. Efficacy of the Mentoring system:

Students will be able to:

- Improve their attendance percentage leading to low detention rates.
- Students who perform badly in initial tests can improve due to the assignments given, question paper solving and effective guidance.
- Register better academic performance.
- Lead a quality learning life with confidence.
- Succeed in Campus Placements and career building.

9.1.1 Flow chart of Student Mentoring System

Table 9.1.1. Impact through Counselling on Special Issues:

S No	Name of student	Nature of Problem	Status of student (Issue)	Counselling or Support given	Efficacy
1	15NM1A0218 G.Naga Puspa	Academic/ Curricular Performance	Backlogs problem	1.Organising extra classes 2.Remedial and tutorial classes held for preparing remedial exams.	Cleared all the active backlogs

2	16NM1A05G7 M.Keerthi	Regularity & Discipline	Irregularity problem	1. Asking about the reason of irregularity. 2. Motivated to attend regularly by explaining the value of education.	Regularity Improved
3	15NM1A1205 A. Lalitha sri diya	Psychological Issues	Depression problem	1. Knowing the reason and motivated the student by showing the motivational and spiritual videos. 2. Daily interacted with student to know the status of her.	Student participated and interacted actively.
4	17NM1A0562 Joba Kumari Preethi	Economic Issues	Financial problem	1. Asking about the reason and motivated the student to study well in order to get institute provide mean and merit scholarship.	Student received mean scholarship provided by the institute.
5	16NM1A0275 R.JHANSI	Teenage Issues	Love failure	1. Knowing the reason and guide the student to choose the right path and also said about the importance of parents and how they are struggling about her.	Student choose the correct path and focused on studies.
6	16NM1A1228 K.Bhargavi	Academic/ Curricular Performance	Dropping the college due to unable to understand the concepts	1. Knowing the reason and suggested easy ways to understand the concepts through online videos and also provided study materials to prepare the exams. 2. Assisted good knowledgeable students also.	The student continued in the college and cleared all the subjects.
7	16NM1A05G8 P. Tanmay	Health Issues	Irregularity problem due to health issues	1. Asked about the reason and suggested to submit the medical certificate and also informed about important of attendance to write exams.	She submitted medical certificate and tried to come regularly.
8	17NM1A0593 L.Trisha	Psychological Issues	Behaviour problem	1. Knowing the reason and explained about the importance of behaviour and human ethics through youtube videos.	She changed her attitude and interacted

					with classmates nicely.
--	--	--	--	--	-------------------------

**9.1.5. Impact through counselling on Academic Performance:-**

The Academic/Curricular performance of the Student’s/Mentee’s was good upto their First academic year. Later in the second year their academic performance was fall down due to not able to clarify their doubts intime with inferority complex. In order to improve their academic performance, proper mentoring and guidance was provided with the help of student mentoring system by respective mentor. So that, it was observed student’s/mentee’s performance was improved in the further academic years.

The institute initiated Merit scholarship to encourage and appreciate the students/mentees academic performance. The merit scholarship is recommended to students/mentees who secured highest aggregates in their academic years at institute rank wise and departmental rank wise.

S.No	Academic year	Number of Selected students to Merit scholarship			
		CSE	ECE	EEE	IT
1	2017-2018	3	6	5	6
2	2018-2019	6	9	5	4

**9.1.6. Impact through counselling on Economic Issues :-**

The faculty/mentor not only observes performance of the student/mentee in academic perspective but also observes their financial background and it's impact on their academics. So, the faculty/Mentor suggests such an identified students for various scholarshpis and the college initiated mean scholarships.The list of selected students to mean scholarship for acdameic year 2018-2019.

S.No	Academic year	Number of Selected students to Mean scholarship

## 9.2. Feedback analysis and reward /corrective measures taken

Feedback collected for all courses: YES/NO; Apecify the feedback collection process; Average percentage of students who participate; Specify the feedback analysis process; Basis of reward/corrective measures, if any; Indices used for measuring quality of teaching & learning and summary of the index values for all courses/teachers; Number of corrective actions taken.

In VIEW, sampling technique is the methodology used for the feedback collection on teaching learning process. A feedback form illustrated in figure 9.2.2 resembles the format of colletion of feedback.

*Feedback collection, analysis and evaluation at our institute is as follows:*

- |               |  |
|---------------|--|
| <b>Step-1</b> | Collection of feedback forms for all the subjects from the students based on parameters specified in the questionnaire.  |
| <b>Step-2</b> | Estimation of average for all the parameters and calculation of cumulative otherwise called threshold.   |
| <b>Step-3</b> | After the recommendations of Priincipal, the threshold value will be finalized. The normal value setup at present is 8   |
| <b>Step-4</b> | If the threshold exceeds 8, it will be considered as good. If it is less, the faculty performance is considered as average or below average.   |
| <b>Step-5</b> | If the faculty receives good performance, he will be rewarded with monitory benefits (additional increment). If he/she receives average or below-average performance, he/she gets counselling and allows them to get correct their performances. |

Figure 9.2.1 illustrates the flowchart implemented for the corrective actions taken against the feedback analysis.

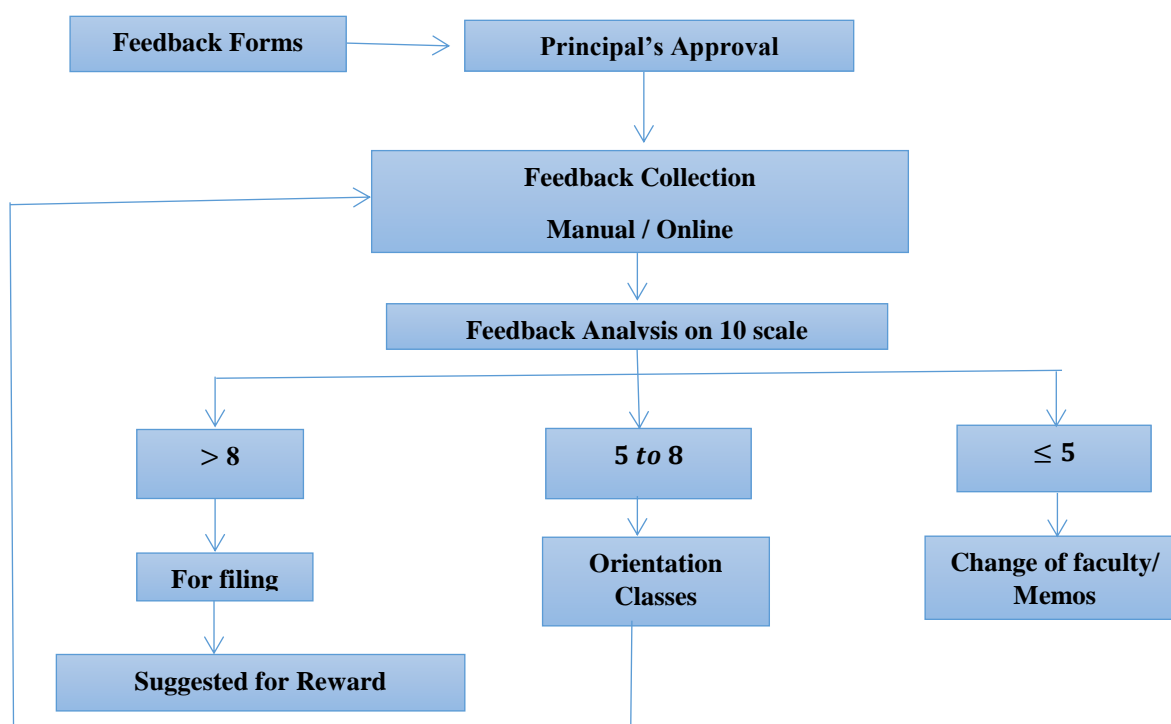

Figure 9.2.1 Flowchart for feedback analysis process

### 9.2.1. Feedback collection process

Feedback is collected against the format shown in figure 9.2.2 once in a semester before Mid-I assessment from the students having attendance greater than 75% at the time of collecting feedback.

**Percentage of students participating:** 90% (Approximately)

**Specify the feedback analysis process:** The feedback is collected on 10 Parameters on a 10 point scale as shown below.

VIGNAN'S INSTITUTE OF ENGINEERING FOR WOMEN:: VISAKHAPATNAM

Figure 9.2.2. Student Feedback Form

### 9.2.1 Methodology followed for the analysis of Feedback on Teaching-Learning Process

Acquired feedback will be analyzed based on 4 points using the following methodology. Where Excellent (A), Very good (B), Fair (C), Poor (D)

Table 9.2.1: Sample analysis of feedback on Teaching-Learning Process

S.No	Name of the faculty	Designation	subject	Grades				Total strength	A+B+C+D	Over all index (10)
				A	B	C	D			
1	XXXXX	Asst.Prof	XXX	42	12	0	0	54	54	9.56

10% Overall Index Scale: A = 10, B = 8, C = 4, D = 0

Calculation: 
$$\frac{(A \times 10) + (B \times 8) + (C \times 4)}{\text{Total strength}}$$

### 9.2.2 Effectiveness of Methodology being followed for analysis of feedback

Effectiveness of the methodology being followed was illustrated based on feedback indicator. Feedback indicator is value of average feedbacks employed by the faculty in a department over a batch of students during their entire academics. This feedback indicator was evaluated for the CAY, CAYm1, CAYm2 for all the programs and illustrated in the figure 9.2.3.

From the [figure 9.2.3](#), there is a gradual improvement in the Teaching-Learning Process among all the programs for the last three academic years consistently with the methodology implemented for the analysis of feedback.

Figure 9.2.3. Effectiveness of Feedback System

**9.2.3. Corrective actions taken and it’s efficacy of the Feedback analysis:**

In the process of feedback analysis to improve the teacher learning process, a unique process was developed. After the evaluation of feedbacks, faculty who received below 8 will be listed out for further evaluation either through a orientation class or recommended to attend FDP’s etc,. Faculty recommended for orientations clsss will be listed out and sent for principal’s office further actions. A record of corrective actions taken were maintained cumulatively for all the three batches. Through principal’s office a notification will be issued regarding the orientations to be deliver for the improvement of teaching learning process. A committee will be constituted including Principal along with two program specific internal faculty members and one program specific external member with similar expertise. The recommendations of the committee will be constituted and will given to faculty undergoing orientation will be given a specific time to improve his skills for a better teaching learning process. After the specified time, the faculty will be analysed against the feedback during his delivery in the same class and will be assessed based on the feedback taken again. Further improvements or guidelines will be forwarded to principal office accordingly. A list of such record of corrective actions taken were detailed below in [table 9.2.2](#) for reference.

Table 9.2.2. Record of corrective actions taken based on feedback:

Academic Year 2019-2020								
S N o	Prog ram	Date	Faculty	Topic	Corrective Actions	Feedback (10)		Comments
						Before	Afte r	
1	ECE	09.07.2019	Mrs.B.M anjula	Pulse code Modulation	Try to finish off the core concept in first 35 Mins	7.52 III-I (DC)	8.57	Very Good
2	CSE	05.07.2019	Mrs.M. Mamatha Laxmi	File system Implemen tations	Each topic should be clear so that students will understand better. Submit lecture notes.	7.81 II-II (SE)	8.87	Average.
Academic Year 2018-2019								
S N o	Prog ram	Date	Faculty	Topic	Corrective Actions	Feedback (10)		Comments
						Before	Afte r	
4	CSE	4.7.2018	Mrs.D.K amal Kumari	Micro operations	Technical Knowledge is poor Prepare lecture notes well in advance Be serious in the class.	7.67 IV-I (CAO)	8.12	Good Repeat Demo
Academic Year 2017-2018								
S N o	Prog ram	Date	Faculty	Topic	Corrective Actions	Feedback (10)		Comments
						Before	Afte r	
1	EEE	7.9.2017	Mr.K.Va msi	Hydro Thermal Schedulin g	Registered Ph.D, Read different text books	6.65 IV-I	8.45	Very Good
2	EEE	7.9.2017	Mr.B.Raj esh	Classificati on of Transmiss ion lines	Registered for Ph.D. Attend teaching learning workshops	6.6 III-I	8.24	Good Repeat Orientation
3	ECE	05.07.2017	Mr.K.V. Ramana Rao	VHDL Program Structure	More preparation is required	7.38 III-I (DICA )	8.09	Good
4	ECE	05.07.2017	Mr.K.Sri dhar	Bridge Rectifier	Registered for Ph.D	7.99 II-I (EDC)	8.87	Very Good
5	ECE	05.07.2017	Mr.B.Sri nivasa Rao	Fouries series	Registered for Ph.D (Preferbly in IITS)	6.87 II-I (SS)	8.79	Very Good
6	IT	24.06.2017	Mr.Ch.R amasuri A Naidu	Variables	Advised to go a bit slow improve hand writing. Registered for Ph.D	7.1 IV-II (HCI)	8.94	Very Good
7	BS& H	22.08.2017	Dr.R.S.S. Srikanth Vemuri	Galvanic cells	Read more books. Listen audio lectures. More practices is required	7.46 I-II (AC)	8.72	Very Good

**9.3. Feedback on facilities (5) (Self explanatory)**

Assessment is based on student feedback collection, analysis and corrective action taken.

**9.3.1 Feedback Collection Process:**

The class review committee/amenities committee in the department looks after the facilities. Student feedback is collected on facilities every semester through class review committee meetings. Feedback on facilities will be collected from the following:

- a. Student Feedback Form
- b. Parent Feedback Form
- c. Suggestion box
- d. JNTUK FFC recommendations on facilities

The minutes of the meeting are thoroughly analyzed at the department level and any corrective actions to be initiated are reported to the management and the facilities will be provided wherever possible. Institute centrally takes the feedback on facilities once in every semester through Exit feedbacks and Alumni feedbacks (batch wise with sampling numbers), Parents feedback (online and offline modes) and corrective measures are taken wherever necessary. The maintenance logbooks are provided in the department for continuous monitoring of amenities. A suggestion box is placed in the department to get the opinion on the functioning, maintenance of the facilities and documented for further actions. The details of the approval letters and the summary of meetings/discussions are presented in Annexures.

*Figure 9.3.1. Flow chart showing the collection and evaluation of feedback on facilities*

**9.3.2 Analysis of Feedback on Facilities:**

Assessment is based on student feedback collection, analysis and corrective action taken.

Overall rating on the facilities available in the department/institution in parameter wise given in the below Table. The feedback collected will be cumulatively taken on a scale of 5.

*Table 9.3.1. Student feedback rating on parameters:*

S.No	Parameters	Rating (5 Point scale)		
		17-18	18-19	19-20
1	Classroom ambience	4	3.8	4.2
2	Lab & Computing facilities	3.7	4	4.2
3	Hygiene in canteen	3.5	4	4.4
4	Training & Placement cell	4	3.7	4.5
5	Library facility (E-resources & Digital library)	3.8	4	4.3
6	Transparency in examination & Evaluation	4.3	4.4	4.6
7	Functioning of grievance cell	4	4.2	4.4
8	Hostel & Transport facility	4.2	4	4.3
9	Sports facilities	3.9	4	4.2
10	Medical facilities	3.8	4.2	4.4
11	Means & Merit Scholarship provided by VIGNAN	4.4	4.5	4.8
12	Overall rating about facilities at VIEW college	4.2	4.1	4.4
<b>Average</b>		<b>3.98</b>	<b>4.08</b>	<b>4.39</b>

*Table 9.3.2. Parent feedback rating on parameters:*

S No	Parameter	Rating (5 Point scale)		
		17-18	18-19	19-20
1	Teaching & Learning Process	4.2	3.8	4.4
2	Counselling/Mentoring System	4	4.2	4.5
3	Campus Recruitment Training & Placements	4.3	4	4.5
4	Scholarship provided by VIGNAN	4.5	4.5	4.7
5	Student discipline	4.2	4.2	4.4
6	Overall Personality development of your ward	4.3	4.4	4.6
7	Laboratory facilities	4.2	4.2	4.4
8	Library facility	4.2	4.4	4.5
9	Sports facilities	3.9	4	4.2
10	Transport facility	3.8	4.2	4.4
11	Canteen & Hostel facility	4.4	4.5	4.8
12	Co curricular & Extra Curricular Activities	4.2	4.1	4.4
13	Grievance and redressal cell	4.5	4.5	4.5
14	Medical facilities	4	4.2	4.4
15	Overall rating of VIEW	4.2	4.3	4.4
<b>Average</b>		<b>4.19</b>	<b>4.23</b>	<b>4.47</b>

**9.3.3. Corrective Actions Taken:**

As per the key identifications from the parameters in above tables, a recommendations list will be prepared and will be presented in the governing body meetings. As per the guidelines given

from the minutes, correction actions will be taken and for last three year academic years were listed below in table 9.3.3.

Table 9.3.3. List of corrective actions taken against recommendations

S.No	Recommendations	Corrective Actions Taken		
		2017-2018	2018-2019	2019-2020
1	Hostel Facilities	Yes	Upgraded	Upgraded
2	Library Facilities	Yes	Upgraded	Upgraded
3	Medical Facilities	Yes	Upgraded	Upgraded
4	Transport Facilites	Yes	Upgraded	Upgraded
5	Fire & Safety	Floor wise	All exposed areas	Upgraded
6	Canteen Facilities like Xerox, stationary, etc arranged in a spacious canteen	Institute Level	Upgraded	Upgraded
7	LCD projectors and computer systems are fixed in every classroom	Limited to program wise	Limited to section wise	Yes
8	Focusing lights are arranged at the top of the board to clear visibility to the students.	Limited	Yes	Yes
9	Quality equipment and computing facilities increased in the department.	Yes	Upgraded	Upgraded
10	Active functioning of the grievance cell to look after the issues of students.	Yes	Yes	Yes
11	Increased the kits for the in-door and out-door games/sports.	Yes	Upgraded	Upgraded
12	Management providing Means & Merit scholarships to encourage the students	Limited	Yes	Yes
13	Wifi & Internet Facilities	Yes	Upgraded	Upgraded

### 9.4: Self-Learning

(The institution needs to specify the facilities, materials and scope for self-learning / learning beyond syllabus, Webinars, Podcast, MOOCs, etc. and evaluate their effectiveness)

#### 9.4.1. Scope For Self-Learning

Self-Learning at Vignan’s Institute of Engineering For Women was one of the unique ecosystems with diversified learning for women students. The details of the self-learning for the student’s of our institution were clearly explained and illustration in the figure 9.4.1 for the last three academic years.

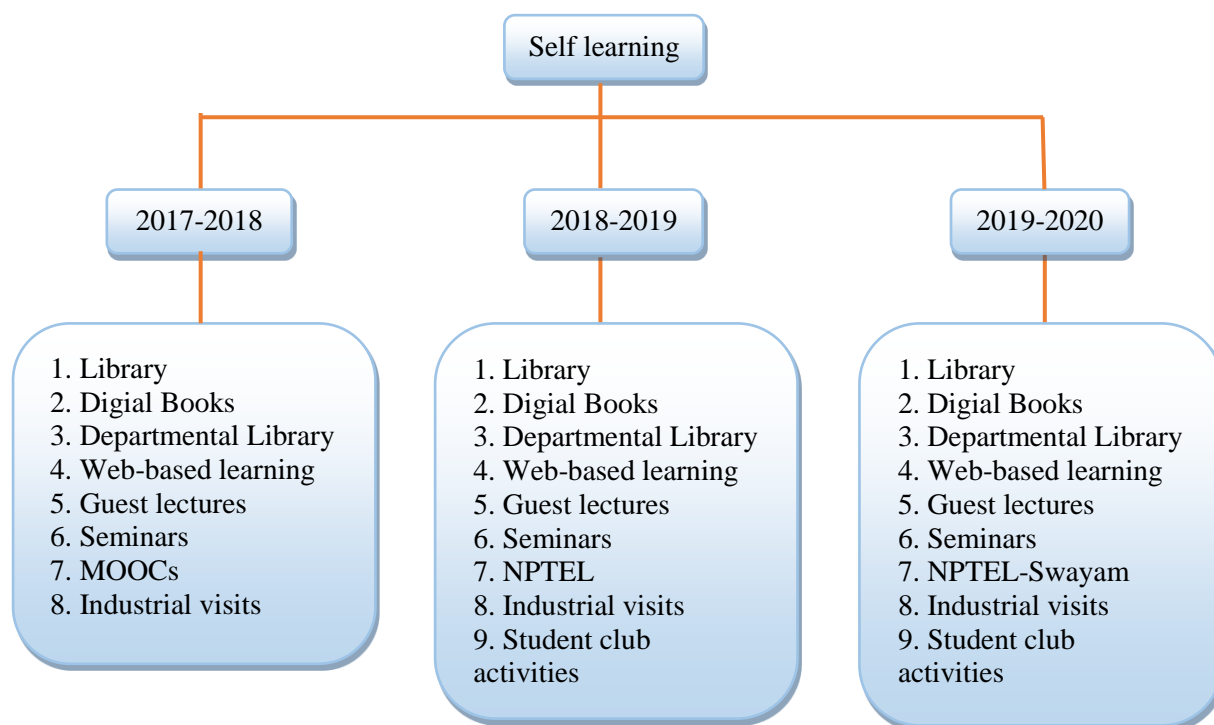

Figure 9.4.1. Illustration chart for the scope of self learning

Self-Learning method is an individualized method of learning collecting information, processing it, and retaining it without the need for another individual to teach it.

**Table 9.4.1. Details of Self Learning Processes at VIEW:**

Sl. No.	Self – Learning process	Description
1	Library	Several books provided in each department.
2	Digital Library	<ul style="list-style-type: none"> <li>➤ Availability of NPTEL videos.</li> <li>➤ Sufficient systems with multimedia facilities.</li> <li>➤ Institutional membership, Internet facility like swayam, etc.</li> </ul>
3	Departmental Library	Availability of course material, departmental library books, PPTs.
4	Web-based learning	Video lectures through internet

5	Professional bodies / other association and club activities	professional association memberships, departmental associations
6.	Seminars & workshops	Seminars given by the students
7	Assignments	Assignment books and weightage of marks for assignments/Quizzes/seminars
8	Industrial visits	Students Industrial visits are
9	Guest lectures	List of Guest lectures organized
10	MOOCs	MOOCs data

#### 9.4.B. Detailed list of Self – Learning facilities:

Various self learning facilities available at VIEW were listed below in detail:

##### a) Central Library

The Vignan Vahini Library has a huge collection of 27784 books with 5676 titles on various subjects including technical, humanities, managerial and reference Books covering biographies, dictionaries, yearbooks etc. The library subscribes 108 national and international print journals and 5230 e-journals, and holds over 1018 project reports. The Learning materials, Previous Question Papers, Project Reports of all departments are made available.

- The Library is open for all users from 7.30 am to 5.30 pm. The library hours are extended on the basis of need during examinations.
- Regular class time tables of all branches allot one session contains one hour in a week for library study. Each student have a library card using which that she can lend 5 books for 15 days nearly 30 members utilizes same title of book per year.
- The use of library by students is generally more during examination period.
- During examination period students spends more time in library.
- Digital Library is also available to the students with free internet Access

**Table 9.4.2: Detailed list of vignana vahini library**

S No.	Course	Department	No. of Titles	No of Volumes	Effective Utilization		
					2017-18	2018-19	2019-2020
1	UG	EEE	767	3681	<b>80682</b>	<b>86176</b>	<b>78241 (Covid Impact)</b>

21		Magazines	17	17			
22		News Papers	35	35	<b>100%</b>		
23		Faculty Publications	184	184	<b>100%</b>		
<b>Total</b>			<b>5963</b>	<b>28692</b>	<b>Improvement of utilization was observed over a period of last three academic years.</b>		

*Figure 9.4.2 Vignana vahini library*

#### **b) Digital Library**

- ✓ The institution provides facilities like a digital library which has a seating capacity of 175 students at a time, who can access E-journals of J-Gate Science and Technology, NOBLE INFOTECH has 188 E-Journals & E-Books, DELNET has 400 E-journals in Engineering & Technology of E-Journals & E-Books, IEEE E-journals provides 17 magazines and 35 newspapers students can utilize these sources during the leisure hours.
- ✓ The Digital Library has 15 computers and several E-Resource of e-journals, e-books, video lectures (like NPTEL), audio lectures of various publisher are made available in the Digital Library for effective teaching learning process.

Table 9.4.2: Digital Library

Availability of Digital Library Contents: Yes Following digital contents are made available		
Content	Accessibility	
NPTEL Video Lecture	Access Provided to NPTEL Video Lecture Content	YES, through local Server
National Digital Library of India (NDL) IIT Kharagpur	Membership to NDL Digital Library of India	YES
Availability over Intranet /Internet	YES	
No. of users per day:	25 - 35 Per Day	

**c) Departmental Library**

- ✓ The departmental library comprises books of all engineering subjects of various publications, GATE books, and competitive examination books that are accessible to all students.

**d) Professional bodies / other association and club activities**

- ✓ All departments are associated with professional memberships such as the Institution of Engineers and departmental associations.

**e) Seminars & workshops**

- ✓ Every department has organized seminars, workshops, technical events such as Tech Fest to enhance communication skills in students.
- ✓ Students give excellent seminars in front of all the students once in a week about their own interesting topics to enhance their presenting and communication skills. These seminar classes help the students for their campus interviews to place them in better position.

**f) Assignments**

- ✓ All departments maintain assignment books for each and every subject for all students in order to give weightage for evaluating marks.
- ✓ Online assignments have been given through REFERENCE GLOBE, whatsapp, google meet to all students to improvise subjective knowledge during the COVID-19 lockdown period.

**g) Industrial visits**

- ✓ Departmental industrial visits have been organized such as ISRO, OBELL BELLOWS, etc. to understand the practical implementation of the subject.

Figure 9.4.3. Illustration sample for Industrial Visits (Source: ECE ISRO visit)

#### h) Web-Based Learning and Certification Courses

- ✓ Students of all departments were given the opportunity to participate in online classes such as MOOCs, NPTEL, and Webinars, etc.
- ✓ Department level faculty's are encouraged to the students to the web based certification courses like NPTEL, UDEMY, Google digital garage, UDACITY and CISCO.
- ✓ Students those who got extramural ranking in the course they are awarded with price money as a token of appreciation based on the R&D policy.

**Table 9.4.3: Effective Utilization of Web-Based Learning and Certification Courses**

Period	SNo	Department	Cert. Course	No of students
2019-20	1	ECE	NPTEL-Swayam	334

### Material for Learning Beyond syllabus

#### i. Coaching's for competitive exams

- ✓ Institution provides coaching for GATE, aptitude, reasoning and workable training were given as per the prescribed timetable which makes the students attain effectively for their carrier growth.
- ✓ Mock interviews, aptitude test and group discussions are conducted periodically to evaluate performance of the students.
- ✓ Worksheets have been design on each topic and circulated to the student's to improve their practice exercise.

**ii. Associations**

- ✓ Every year Institution level fests are organised in the campus where so any events are conducted like PPTs, poster presentations, rangolis, project expos events are conducted to evaluate their presentation and communication skills.
- ✓ In order to provide more exposure to the students towards recent trends emerging technologies and to facilitate better interaction all the departments formed an associations in every year. The main aim of associations is to make sure the students become highly competitive and to acknowledge the inherent talents of the students in both technical and cultural fields.

**iii. Student clubs**

- ✓ Institution establishes so many student clubs in every year under those clubs many activities were performed in order to exhibit their skills like singing, dancing, mehandi etc. Every year blood donation camp was organised under health club.

<b>2019-2020</b>			
<b>Club</b>	<b>TECHKRITHI CLUB-2K19</b>		
<b>Event name</b>	Google It	Idea Presentation	Debugging
<b>Student Committee</b>	A. Gantayath, V. Harshini Chowdary	M. Samyuktha, S. Kavitha	M. Venkata Satya Bhavani, V. Keerthi
<b>Demonstration</b>			
<b>Outcome</b>	Students who actively participated in this club have achieved successful placements through knowledge gained in coding skills.		
<b>SAMSKRITHI CLUB-2K19</b>			
<b>Club</b>	<b>SAMSKRITHI CLUB-2K19</b>		
<b>Event name</b>	Braid a Card	Artsy Lens	Painting
<b>Student Committee</b>	B. Siva Sai Naga Lalitha, Y. Haritha	B.Niharika, P Tanmay	Sravya S, Y. Haritha
<b>Demonstration</b>			

<b>Outcome</b>	Students acquired unique skills of different fine arts through this skills which helped them stand unique and enhanced their resumes for the campus interviews.	
<b>Club name</b>	<b>Academic clubs</b>	
<b>Event name</b>	<b>Electronics club</b>	<b>Coding club</b>
<b>Student Committee</b>	Ch.Parimala, M.Sushmitha, Roopa Sri	B. Chandana Anooha Manogna
<b>Demonstration</b>		
<b>Outcome</b>	Students unique coding skills with competitive spirit which helped them clearing technical interviews and screening tests.	
<b>Club name</b>	<b>Activity clubs</b>	
<b>Event name</b>	<b>Personality development club</b>	<b>Cultural club</b>
<b>Student Committee</b>	K.L.Ahari, Vandana Pratyusha	K.Ushasri M.Jahnavi, P.Meenakshi Deepika
<b>Demonstration</b>		
<b>Outcome</b>	Students participated and headed these clubs were very effective in their personality management. Students with health and psychological issues were recommended to these clubs and found change in their personal upon active participations.	
<b>Club name</b>	<b>Eco-club</b>	
<b>Event name</b>	<b>Plantation</b>	<b>Go Green</b>
<b>Student Committee</b>	A. Alekhya, K.Pavani	G. Uma, T. Sreeja

<p><b>Demonstration</b></p>			
<p><b>Outcome</b></p>	<p>Students participated were grown very familiar with the responsibility towards environment and it's sustainability which helped them stand unique in personal interviews.</p>		
<p><b>Club name</b></p>	<p><b>Shristi club</b></p>		
<p><b>Event name</b></p>	<p>Children welfare</p>	<p>Model expo</p>	<p>Mean stack</p>

<p><b>Demonstration</b></p>			
<p><b>Outcome</b></p>	<p>Students who actively participated in this club gained product developed knowledge which helped them to develop unique projects.</p>		
<p><b>Club name</b></p>	<p><b>Rythms club</b></p>		
<p><b>Event name</b></p>	<p>Queen of IT</p>	<p>Dance</p>	
<p><b>Student Committee</b></p>	<p>P. Sirisha, T. Sreeja</p>	<p>A. Alekhya, G. Keerthi</p>	
<p><b>Demonstration</b></p>			
<p><b>Outcome</b></p>	<p>Students actively participated in this club have gained self confidence and helped them to improve special skill towards fine arts.</p>		
<p><b>Club name</b></p>	<p><b>Health club</b></p>		
<p><b>Event name</b></p>	<p>Blood donation</p>	<p>Eco rally</p>	<p>Eco ganesha with medicinal seeds</p>

Student Committee	BEESETTY JOSHNA	ANANTAPALLI SAI VAISHNAVI	SIMHADRI LAHARIKA
Demonstration			
Outcome	Students actively participated in this club have gained a unique skill which impacted many other students to aware of health hazards and safety measures.		
<b>Club name</b>	<b>Sports club</b>		
Event name	X Kho-Kho		
Student Committee	G Anusha,K.Poorna,S.Tulasi		
Demonstration			
Outcome	Students who actively participated in this club enriched their sports skills which helped them stay fit and improved their stamina.		
<b>Club name</b>	<b>Techritz</b>		
Event name	Technical quiz	AI workshop	Model expo
Student Committee	Y. Punyavathi Sridevi Priyadarshini K	V. Sai Sowjanya D. Vandana Sri	R. Sowmya B. Bhanu Priyanka

Demonstration			
Outcome	Students who actively participated in this club have gained special skills in product development and won many prizes in different national level competitions.		

2018-19			
<b>Club name</b>	<b>TECHKRITHI CLUB-2K18</b>		
Event name	Science Quiz	Story Writing	Words In Words
Student Committee	B. Harshavarshini, G. Hima Bindu	A. S S Subramanyaeswari, K. Ravali	B. Kusumanjali, Y. Renuka
Demonstration			
Outcome	Students who actively participated in this club have achieved successful placements through knowledge gained in coding skills.		
<b>Club name</b>	<b>SAMSKRITHI CLUB-2K18</b>		
Event name	Flash Mob	Essay writing	Movie Promotion
Student Committee	S. Malhotra, P. Veena Madhuri	D. Amrita Varma, D. Uma Maheswari	A. Dhineesha, N. Venkata Sravani
Demonstration			
Outcome	Students acquired unique skills of different fine arts through this skills which helped them stand unique and enhanced their resumes for the campus interviews.		
<b>Club name</b>	<b>NAVITAS club</b>		
Event name	Engineering Exploration	Ppt presentation	Poster presentation

Student Committee	DOKALA ANUSHA	PENTAKOTA CHANDANA SRAVANI	KALLEPALLI SAI MOUNICA
Demonstration			
Outcome	<p>Students who actively participated in this club were able to gain demonstration skills which helped them to clear Technical &amp; Personal rounds in the campus interviews.</p>		

**Effectiveness of Self-Learning at VIEW:**

Self-Learning at VIEW has a huge response for its efficacy showing tremendous in developing products as illustrated below. These are the few highlights of outcomes of the self-learning at VIEW at national level published in various news papers.

# 5 city girls make gadget that will keep your stove burning

Kamalakara.Rao  
@timesgroup.com

**Visakhapatnam:** Five girls from the city have invented a device that will alert consumers when their LPG (liquefied petroleum gas) cylinders are close to being empty and even when there are leakages. The girls have come up with a device that will have to be attached to the LPG cylinder.

The five girls are in their third-year of engineering in the electronics and communications stream at Vignan's Institute of Engineering for Women.

The girls who have come up with this transformative innovation are Ch Parimala, B Lalitha, K Niharika, K Lahari and B Geetha Bhavani. They were guided by associate professor Ch Ramesh Babu.

Speaking to TOI, Parimala said that they came up with the idea over routine chats at the college canteen. "Our intention was to create something that will help society," she said.

Discussing the invention, the girls said that when the device is attached to the cylinder, the device will send a message to both the user and the dealer

## DEVICE THAT CAN SAVE LIVES

- > The device alerts the user and the dealer if the cylinder is close to being empty a few days in advance
- > The device will also alert the user if there is a gas leak
- > Madhya Pradesh registers the highest number of LPG leakage cases
- > Nearly one-sixth of deaths due to accidental fires are caused due to gas leakage
- > There are **30 crore** LPG connections in India at the moment

(According to inputs given by students)

informing them if and when the cylinder is nearly empty. The information will also be displayed on the LCD. Moreover, the device will also alert when there is a leakage.

"We hope that our project will help reduce fire mishaps due to gas leaks. Moreover, the system provides a fully automated approach for booking cylinders," Parimala informed.

Lalitha, another member of the group said that even though technology and devices exist to detect and alert leakage many people in rural areas

are not aware of them. "We have introduced this prototype to help overcome such problems in rural areas," Lalitha said.

On being contacted, Anurag Shrivastava, general manager (LPG wing) of Hindustan Petroleum Corporation Limited (HPCL) said that the students can directly approach the HPCL's headquarters in Mumbai if they have come up with something novel. HPCL's team will review the project and if they find something novel in it they will do justice to the idea, Shrivastava informed.

# A cheap robotic hand of foam to make life simpler

Kamalakara Rao  
@timesgroup.com

Visakhapatnam: Three city students have designed a robotic 'hand' that can solve a lot of problems for the disabled. The device, which the students call an 'Animatronic hand', can also be used effectively by fire personnel or even people from pharma industry. The robotic hand can act as a duplicate hand for the user and imitates all movements of a hand in flesh and blood. The more interesting part is, one needs to 'wear' the hand.

Take the example of a bomb disfusion situation. To make things a lot safer, a cop can stay at a distance and the animatronic hand would do the job for him, imitating the movements of his hand, through a remote control. What's more, this robotic hand is really cost-effective and comes at a price lower than ₹10,000.

## HANDS-FREE COMFORT

K Sumanjali, P Bhavya Kumari and B Sravani display the animatronic hand at an expo

Material used | Foam, fishing string | Cost ₹10,000

➤ Gloved hand can control the robotic hand from a distance

➤ The robotic hand imitates the movements of the gloved hand

➤ Robotic hands in the market cost ₹35,000 to ₹40,000 at least

### CAN BE USED BY

➤ Disabled persons

➤ Security personnel for safer diffusion of bombs

➤ Firemen

➤ Pharma professional | ➤ Relief workers

The hand has been built using foam sheet and fishing thread. The fishing

threads are attached to five servo motors which control the movement of the hand. The three students, K

Sumanjali, P Bhavya Kumari and B Sravani, are final year students of Information Technology at the Vig-

nan Institute of Women Empowerment (View), Visakhapatnam.

Speaking to TOI, Bhavya said that they thought of creating the device with an intention to help the poor and the disabled. The market has such animatronic hands, she said, but these devices cost around ₹35,000 to ₹40,000.

"We have changed the conventional designs of a robotic hand to create this. We took the device to some expos where it received good response," Bhavya added.

Sumanjali told TOI that the hand can help people working in the chemical industry avoid skin diseases. "Many who work in pharma and chemical industries often face accidents and may even lose their arms since they work with strong acids. One can also use this hand for bomb diffusion," Sumanjali added.

**SAMSKRITHI CLUB**

**Student Committee**  
B. Naga Lalitha, Y. Haritha  
B. Niharika, P. Tanmay  
Sravya S, Y. Haritha

**Artsy Lens**

**Braid a Card**

**Painting**

**OUTCOME**

Students acquired unique skills of different fine arts through this skills which helped them stand unique and enhanced their resumes for the campus interviews.

### 9.5 CAREER GUIDANCE, TRAINING & PLACEMENTs (10)

(The institution may specify the facility, its management and its effectiveness for career guidance including counseling for higher studies, campus placement support, industry interaction for training/internship/placement, etc.)

#### 9.5.1. Career Guidance Facilities:

Vignan's Institute of Engineering For Women has an effective career guidance system with an effective committee and resources which helps students to decide correct and aspired career path. Career Guidance Cell (CGC) operates with the above stated committee in accordance with students at institute level and individual level.

- ✓ Institute Level: Programs which helps students to decide and work towards their desire career will be organized.
- ✓ Individual Level: Any individual students or the students recommended for career counselling will be directed to CGC and an expert counselling will be provided in choosing their desired career path and working towards it. Special cases directed by Principal, TPO and Program Coordinators will be guided accordingly by CGC whenever it is necessary.

**Table 9.5.1. Career Guidance Cell Committee**

S.No	Name of the Faculty	Position	Role
1	Dr.J.Sudhakar	Principal	Chairman
2	Dr.M.Nagendrababu	Training and Placement Officer(TPO)	Member
3	Dr. K.V.Ramana Rao	Assistant TPO	Member
4	Dr.Akansha Mishra	Associate Professor	Member
5	Dr. Vijaya Bharathi	Associate Professor	Member
6	Mr.G.Netaji	Assistant Professor	Member

The college regularly conducts Personality Development Programs to improve the communication skills of the students from rural background which re assures students of their skills and abilities to succeed. Guest speakers from various industries are invited to provide a broad exploration of various career options and industry knowledge to the students.

Various Career guidance programmes will be organized by the CGC at institute level which helps students to choose, work and achieve their desired career goals. These programs were categorized and will be commenced with the approval of principal and all the program coordinators. Such events were listed below in table 9.5.2.

Table 9.5.2. Career Guidance Programs conducted

S.No	Date	Name of the Speaker	Students	Topic	Illustration
1	28-01-2019	Mr.Suresh Kumar Tankala	316	Skills First... Jobs Follows	
2	19-03-2019	Lynn Penny	155	Seminar on International career guidance	
3	03-07-2017	Mr.Lakshmi pram Venugopal	150	Motivatio nal Seminar – Acquire Knowledge, Save a life	

### 9.5.2. Counselling For Higher Studies

Career Guidance Cell is also responsible for counselling the students for higher studies in the diversified fields of engineering or others in line with the interest and performance of the students. Various higher education awareness programs were conducted to give the detailed structure and instructions set for the students to enhance their knowledge to clear GATE/GRE, GMAT etc.

Table 9.5.3. List of Programs to counsel the students towards higher studies

SNo	Date	Topic	Resource Person
1	17.07.17	Awareness Program on higher education given by Global Tree	Mr.Beesetty G V S Prakash, Business Development Manager
2	22.12.17	Oppurtunities in Abroad by Higher Studies	Mr. Ch.Venkata Ramaiah, Marketing Manager
3	24.01.18	Preparation for GATE, ESE & PSU by Engineers Hub	Prof.A.W.Iqbal Dean Academics
4	16.06.18	Importance of GRE,GMAT,TOEFL by Conduira	Mr.P.V.Rama Sasank, Director
5	13.12.18	Create awareness on overseas Education system	Mr.M.Babuji, Marketing
6	28.01.19	Oppurtunities in US by GLOBAL REACH	Mr.Sasi Kiran Nammi, Marketing Development Executive
7	27.12.19	Higher Education Awareness Program by PVK Educational Consultants	Ms.P.Pushpa Latha, Director
8	04.02.20	An insight into the preparation for GATE by GATE ACADEMY	D.Vijay Sastry, Consulting Partner

Apart of these programs, students those who desires counselling for higher studies will be direct to CGC for further guidance. CGC was choosen to have all the senior level faculty with the department expertise who are well aware of all the possibilities and can counsel the students. Wherever necessary the CGC recommends such students who are keen about their higher studies will be allotted with a mentor specialised in the respective fields.

Table 9.5.4. Effectiveness &amp; Impact Analysis of CGC:

**CAREER GUIDANCE CELL  
EFFECTIVENESS**

**VIGNAN'S**  
INSTITUTE OF ENGINEERING FOR WOMEN

*Baliboyna Niharika* (16NM1A0512)

**PROBLEM :**  
Lack of self motivation with her financial considerations father being a bike mechanic.

**RECOMMENDATIONS :**  
With the support of CGC through placement support she was recommended for an internship with amazon with product development training.

**2019-2020**

**EFFICACY:**  
Got placed for

Package  
**19**  
LPA

**CAREER GUIDANCE CELL EFFECTIVENESS**

**VIGNAN'S**  
INSTITUTE OF ENGINEERING FOR WOMEN

*Kotipali Madhavi (15NM1A0559)*

**PROBLEM :**  
Her education gap in academics, she was rejected by 16 companies.

**RECOMMENDATIONS :**  
With the support of CGC she has undergone internship training with a stipend of Rs 5000/- which help her to get placed in one of the top MNC's Company

**EFFICACY:**  
Got placed for 

**Package 18 LPA**

**2018-2019**

**CAREER GUIDANCE CELL EFFECTIVENESS**

**VIGNAN'S**  
INSTITUTE OF ENGINEERING FOR WOMEN

*Pyla Mounika (14NM5A0519)*

**PROBLEM :**  
She came from Telugu background and was weak in communication skills so she got rejected in several companies

**RECOMMENDATIONS :**  
With the guidance of CGC she was given training for a period of 1 month to develop her communication skills

**EFFICACY:**  
Got placed for 

**Package 12 LPA**

**2017-2018**

S.No	Name of the Student	Problem	Strategy to rectify problem of the Student	Efficacy/Outcome
1	<p><b>Pyla Mounika</b> (A.Y. - 2017)</p> 	<p>Since she came from telugu background, she was not confident enough to face the campus drives. Due to lack of communication skills she was rejected in 16 companies.</p>	<p>She was continuously given moral support by the TPO and was given training for a period of one month to improve her communication skills</p>	<p>Got placed in JUSPAY company with a package of 12 lakhs per annum</p>
2	<p><b>Kotipalli Madhavi</b> (A.Y. - 2018)</p> 	<p>As she was a mother of 2 kids she got break in her academics. Due to the breakage in her academic career she got rejected by 24 companies in final HR round.</p>	<p>With the guidance of TPO she has undergone internship training with a stay fund of Rs 5000/- which helped her to get selected in campus recruitment drive.</p>	<p>Got placed in AMAZON Company with a package of 18 lakhs per annum.</p>
3	<p><b>Baliboyna Niharika</b> (A.Y 2019)</p> 	<ul style="list-style-type: none"> <li>• She came from a family which is financially weak.</li> <li>• At initial stages during campus recruitment she was unable to clear campus drives due to lack of confidence.</li> </ul>	<p>With continuous support given from CGC &amp; TPO she was able to gain her confidence back and backed her practical skills which helped her to get placed in one of the top MNC's in the country.</p>	<p>Got placed with a package of 19 lakhs per annum in AMAZON.</p>

### 9.5.3. Pre-Placement Training

Pre-placement training at VIEW was developed to enhance the student's skills such as communicational skills, soft skills, personality development skills and technical skills through outcome based education. Skill sets focused to be developed by Pre-placement training will be cumulated by the below Training & Placement Cell Committee from the employer feedbacks.

**Table 9.5.5. Training & Placement Cell Committee**

S. NO.	NAME	DESIGNATION	POSITION
1	Dr. J. Sudhakar	Professor	Principal
2	Dr.M.Nagendrababu	Associate Professor	Training and Placement officer
3	Dr.K.V.Ramana Rao	Associate Professor	Assistant Placement Officer
4	Dr.P.Sudhakar	Associate Professor	Assistant Training Officer
5	Mr.M.Krishna Kishore	Assistant Professor	General Aptitude Trainer
6	Mr.Ravi Kumar Sahu	Assistant Professor	Technical Trainer
7	Mr. P.V.Sarath	Assistant Professor	Placements coordinator – EEE
8	Mr. G.Ravi Kumar	Assistant Professor	Training coordinator - EEE
9	Mr.L.V.Suryam	Assistant Professor	T & P coordinator – ME
10	Mr.G.Lakshman	Assistant Professor	Placements coordinator – ECE
11	Mr.E.Tataji	Assistant Professor	Training coordinator - ECE
12	Mr.R.Ravi	Assistant Professor	T & P coordinator – CSE
13	Mr.Ch.Rama Suri	Assistant Professor	T & P coordinator – IT
14	Mrs.T.Suguna	Assistant Professor	T & P coordinator - MBA
15	Mr.P.J.E.Kiran	Junior Assistants	T & P Assistants
16	Mr.O.Chinna Rao	Junior Assistants	T & P Assistants

The recommendations or the suggestions given by the employers and program coordinator will be taken in to the consideration while designing the Pre-Placement Training Calendar. The Pre-Placement Training from Training and Placement will be circulated among all the program for circulations.

#### Steps in designing Pre-Placement Training:

1. Acquiring feedback of employers and program coordinators.
2. Cumulative recommendations will be developed for the Principal Approval.
3. Preparation and circulation of Pre-Placement Training Calendar.
4. Instructing the students to finish pre-requisites through web-based learning.

5. Ensuring the conduct of Training programs as per the calendar.
6. Conduct of company specific trainings wherever a specific skill was required from the students through Job descriptions (JD).
7. Ensuring the students to be ready for placements before the campus interviews scheduling.

### Implementation of Pre-Placement Training:

Post designing the Pre-Placement Training Calendar, a defined procedure will be implemented for executing the Pre-Placement Training:

1. From II B.Tech onwards two non credit courses were implemented such as:
  - a. Aptitude Training – Referenceglobe LMS (Life Time Access)
  - b. Technical Training (Core & Programming Skills) – Referenceglobe & Hackerrank
2. Before IV B.Tech, undertaking forms will be issued to all the students for their consent towards training.
3. Students reporting those who are not willing will be forwarded to CGC through TPO.
4. Students who accepted the undertaking, training will be processed through the following modules;
  - a. Campus Recruitment Training (Eligibility: above 60% aggregate in academics / special cases recommended by program coordinator through principal if any)
    - i. Product Development Training.
    - ii. Application Oriented Training.
  - b. Company Specific Training (as per the eligibility & JD)
  - c. Profesional Internships (Through Campus hiring / Internshala)
  - d. Specialised Training (If any concerns from Principal/CGC/Program Coordinator)
5. Both the stated trainings will be carried out by the following following organizations as stated where ever they were recommended by Principal and TPO.

**Table 9.5.6. List of MoU's made for Pre-Placement Training Programs**

S.No.	MOU with companies	Description	Date of MoU
1.	Techno Soft solutions(TSS), Visakhapatnam	Imparting training courses	09.01.2012
2.	Randstad India Limited, Chennai	Providing Job placements	05.04.2013
3.	COIGNEDU & IT Services(P) Ltd., Hyderabad	Imparting Training courses	03.07.2014

**Effectiveness & Impact Analysis Pre-Placement Training:**

Effectiveness and impact analysis of our pre-placement training was illustrated in below figure 9.5.1 which show the continuous improvement in the last three academic year among all the programs. Percentage of students got placed who received Preplacement training was given in detail in the Table 9.5.8.

**Table 9.5.8. Effectiveness of the Pre-Placement Training:**

S No	Batch	Branch	Total Strength	Students Registered	Students Placed	%
2	2014-18	CSE	170	110	96	87.27
		ECE	175	100	92	92.00
		EEE	62	29	24	82.76
		IT	15	13	6	46.15
3	2015-19	CSE	183	137	128	93.43
		ECE	186	67	62	92.54
		EEE	85	33	33	100.00
		IT	47	29	29	100.00
4	2016-20	CSE	186	135	133	98.52
		ECE	195	96	93	96.88
		EEE	118	62	62	100.00
		IT	51	28	28	100.00

**9.5.D. Placement Process & Support**

Placement Process & Support at Vignan's Institute of Engineering For Women was lead by the Training & Placement Committee as stated in Table 9.5.5. In the beginning of the Placement Academic year, an invitation brochure with the prospects of our institution will be sent to different organizations meeting the standards of our students inviting to test, analyse and recruit our students. Placement support is inclusive of the TPC committee provided with dedicated seminar hall for preplacement talks, board room for panel discussions, 3 interview panels with a provision for another 4 panels with restructuring for TR & HR interviews. Successive procedure of *Placement Process and Support* is as follows:

1. Inviting selective organizations/companies through institute prospects brochure.
2. Collecting the Job Descriptions of the organizations/companies to ensure the prerequisites of our students trained.
3. If any deficiencies or extra skills required will be asserted and forwarded to Principal through TPO for further approval of conduct.
4. Ensuring the students undergone preplacement training meet the JD requirements.
5. Upon the campus hiring request received by the company, the same will be concerned the Principal and TP Cell Committee for further approval date of conduct of campus hiring with reference to step 4 & 5.
6. Schedule date/date's will informed to students through TP Cell for preparing themselves in prior for the campus hiring.
7. Ensuring the eligible students have all the documents verified by the respective member of TPC Committee at least 24 hours prior to the hiring process.
8. Conduct of the campus drive with all the amenities at our institution.
9. If the requirement of the company/organization is beyond the number of eligible students at our campus we are inviting in and around campuses students to participate in the campus hiring with social responsibility.
10. Feedback will be taken against the performance of our students for further improvement in the preplacement training process.
11. Post hiring process, the list of selected students will be sent to Program coordinators through principal for further filing of offer letters/confirmation as proof of placement.

**Effectiveness & Impact Analysis of Placement Process & Support:**

The effectiveness of the Placement Process & Support system designed and adopted at VIEW was very effective over last three academic years and clearly illustrated in the table 9.5.9.

Table 9.5.9 Effectiveness of Placement Process &amp; Support:

S No	Batch	Branch	Total Strength	Final Placements	% Placed
1	2014-18	CSE	170	125	<b>73.53</b>
		ECE	175	117	<b>66.86</b>
		EEE	62	48	<b>77.42</b>
		IT	15	11	<b>73.33</b>
2	2015-19	CSE	183	148	<b>80.87</b>
		ECE	186	115	<b>61.83</b>
		EEE	85	64	<b>75.29</b>
		IT	47	37	<b>78.72</b>
3	2016-20	CSE	186	151	<b>81.18</b>
		ECE	195	121	<b>62.05</b>
		EEE	118	91	<b>77.12</b>
		IT	51	41	<b>80.39</b>
<b>Overall</b>			<b>1473</b>	<b>1069</b>	<b>72.57</b>

## Impact Analysis of Placement Process &amp; Support:

For the batch of 2015-2019 the core streams/programs has slight drop in number of students placed because of the recession in core streams and however for the software streams/programs CSE & IT over the last three academic years there is a continuous improvement in number of students placed.

### 9.6. Entrepreneurship Cell (5)

(The institution may describe the facility, its management and its effectiveness in encouraging entrepreneurship and incubation) (Success stories for each of the assessment years are to be mentioned)

The Entrepreneurship Development cell in Vignan's Institute of Engineering for Women was established in the year 2012 under the supervision of the Department of Management Studies. The head of the Entrepreneurship Development cell is Dr. S Ramesh, HOD-MBA and a team of dynamic faculty coordinators from various departments together form a strong team in encouraging entrepreneurship. The goal of EDC is to assist the students, faculty and budding entrepreneurs within the college with start-ups or existing business in regards to the management of finances, marketing, product development and commercialization. The students are provided with the latest inputs about the industry, the dynamic changes happening around to make them understand the employability options and opportunities to help them create better opportunities.

The ED Cell functions on the following goals:

- To create an environment for self-employment, promote innovation and Entrepreneurship development through various programs
- To introduce the concept of Entrepreneurship as a part of the curriculum
- To promote employment opportunities
- Intellectual Property Rights/Management
- Help with Presentation Skills and Business Etiquettes
- Comprehensive Business Training Programs

#### 9.6.1 Entrepreneurship Development Cell Committee

Table 9.6.1: Members of the Entrepreneurship Development Cell Committee

S.No	Name	Designation	Position
1.	Dr. J. Sudhakar	Principal	Chairman
2.	Dr. S. Ramesh	HOD-MBA	Head-Secretary
3.	Dr. B Prakash	HOD-IT	Member
4.	Dr. K. Vijay Kumar	HOD-CSE	Member
5.	Dr. K.Durga Shyam Prasad	HOD-EEE	Member
6.	Mr. Ch.Ramesh	In charge HOD-ECE	Member
7.	Mr. V. Ananda Babu	Associate Professor-ME	Member

#### 9.6.2 Entrepreneurship Initiatives

The initiatives of the ED cell focuses on the development of primarily the students as well as the faculty therefore the programs are conducted as per the interests of the students either higher studies or placement assistance and training or entrepreneurship. The faculty who are interested in entrepreneurship or specialized in marketing are encouraged to attend various Faculty development programs, workshops and seminars in order to develop their skills and fulfill their interests.

Fig. 9.6.1 ED Cell Structure

### Connecting to the Industries

- Industry exposure is provided to the students and faculty on a regular basis
- The students are connected to the industries through interactive programs and career guidance.
- The students are encouraged to visit industries and learn about the advanced technology.
- MOUs with industries permit the students to take up industrial training and get hands on experience.

### Connecting to the bankers

- The students are connected to the financial organisations through interactive sessions from experts.
- The information on loan approvals with agency systems support is given and the students are motivated.

### Guest lectures from financial institutions

- Guest lectures from banking sectors like SBI, even MSME coordinators have been conducted and delivered lectures on funding.
- The guest lectures are conducted on a frequent basis.
- The lectures guide the students and faculty on how to approach various organisations for financial help.
- The experts guide the students in managing the finances while initiating a new startup idea.

**Guest lectures from industry experts**

- We regularly and very frequently invite experts from industry to deliver their practical experiences and examples to students
- Each and every department of our college organizes and invite guest lectures from industry on various occasions
- The industrial lectures are a source of information for providing details on the various start up ideas.
- Experts from industries share their experience on the various hurdles that come during a startup and how to overcome them.

**Table 9.6.2: Entrepreneurship Activities during the tenure 2017-2020**

S.No	Date	Event	Resource Persons	Members Attended
1	02.08.2018 to 06.08.2018	5-Day Entrepreneurship Development Program in collaboration with Vignan University	Dr. D. Bhattacharya, VIT Mr. G. Nageswaran Director MSME Mr. B Kalyan Vardhan, Senior coordinator MSME Mr. K Satish,CEO 9 Solutions	3 <sup>rd</sup> and Final Year Students of all Branches
2	26.11.2019	Entrepreneur Development Program in coordination with Software Technology Parks of India	Mr. P. Dubey, Joint Director STPI Mrs M. Lakshmi, CEO ,PATRA Mr. R.L. Narayana, President ITAIP Mrs. P Neeraja, HR IEMEG	3 <sup>rd</sup> and Final Year Students of all Branches
3	10.02.2020 to 22-02-2020	Two Week National Level Faculty Development Program sponsored by DST and Organised by National Institute for Small and Medium Enterprises	Dr. P Satish Dr. P.S. Ravindra Mrs. Padmaja Dr. Ch. Govinda Rao	Faculty of all branches

1	Computers	2
2	Printers	2
3	LCD Projectors	2
4	White Board	1
5	Seminar Hall	1

### 9.6.4 Effectiveness of Entrepreneurship Development Cell

Entrepreneurship Development Cell has conducted listed events to motivate, guide and develop students to create their own ventures. Such startups and outcomes of ED Cell were listed below in table 9.6.4.

**Table 9.6.4: List of Entrepreneurs in the tenure 2017-2020**

S No.	Name of the Student	Branch	Type of Business	Name of the Company and Place
1.	P.Sravani & K.Mani Harika	EEE	Startup	A prototype on Women Safety using Alarm buzzer system using GPS, Visakhapatnam
2.	Lakshmi Durga	ECE	Dance School	Dance Academy, Visakhapatnam
3	A Alekhya and G Keerthi	IT	Dance Academy	Dance Academy
4	T. Bindu Sai	CSE	Freelancer Business	Bindu Health and Wellness Centre, Visakhapatnam
5	Majji Swetha	EEE	Start-up	Key Chain Hangers with 3D Printer
6	Ponnada Srikavya	EEE	Start-up	Designed Slates with Multi-CNC machine.
7	Pasem Harshitha	CSE	Start-up App	V-Aahar

Fig. 9.6.2: Various Entrepreneurs

### 9.7. Co-curricular and Extra-curricular Activities (10)

(The institution may specify the co-curricular and extra-curricular activities) (Quantify activities such as NCC, NSS, etc.)

#### 9.7. Co-curricular and Extra-curricular Activities (10):

As per our vision, institute constantly believes to produce not only the knowledgeable students but professionals of all round personality by providing various co-curricular and extracurricular activities. We believe that it helps not only getting placements but also helps them to grow their leadership qualities.

Co-curricular activities are attempted alongside with academic studies. Most commonly, outside the normal classrooms co-curricular activities are performed and they augment academic curriculum and lend a hand for learning by doing. These activities help students to enhance their problem-solving, critical thinking, reasoning, creative thinking, communication, and collaborative abilities. Involvement in any co-curricular activities helps students in emotional development, social skill development, and overall personality development.

Students who involve themselves in extra-curricular activities learn how to commit in a specific thing they get involved in. Extracurricular activities are supremely important in a student's life. Students who engage in extracurricular activities meet new individuals and can enlarge their sphere which is also advantageous in finding better career opportunities. Skills like collaboration, time management, activity management, group leading and many more additional abilities can be enhanced. Students who participate in sports and other group activities possess better leadership skills and learn how to grow relations with each other.

A. Availability of sports and cultural facilities (3)

B. NCC, NSS and other clubs (3)

C. Annual student's activities (4)

#### Procedure for looking of girl health at the time of admission:

It is astonishing to note 70% of the girls are having deficiency of blood in physical body which in turns hampers their learning abilities for which we have taken measures like student was asked to run 1 km at playground and provided ground nuts with jaggary in order to improve the iron percentage in blood thereby it improves strength to the muscle and also asked them to participate in co-curricular activities.

**Table 9.7.A: List of Indoor and Outdoor game facilities available in the Campus.**

### Co-curricular Activities:

Under co-curricular activities -Engineers day, Mathematics day, Education day, and Teachers day, professional society activities under SAE, ISTE and annual day. Along with the above-mentioned events, various co-curricular activities like debate and discussion, Quiz, paper presentations, seminars and group discussion sessions, Industrial visits, workshops, Co-Curricular Club Activities, Project Expo, Online Courses (MOOCs) are conducted.

- ✓ Each and every department has organized seminars, workshops, technical events such as Tech Fest to enhance communication skills in students.
- ✓ All departments conducted guest lecturers to gain more knowledge on the subject.
- ✓ Every year institutional level fests are conducted to enhance technical and nontechnical skills of the students. Here they conduct PPTs, poster presentations, quizzes, seminars, sports (indoor and outdoor games), etc.

**Table 9.7: Glimpse of events organized in view for the 2017-2018,2018-2019, 2019-2020.**

FOR ACEDMIC YEAR 2019-2020		
S No	NAME OF THE EVENT	DATE
1	Workshop on skill first job follows by Mr.suresh Kumar mobility solution architect and head consultant -Wipro	29-01-2019
2	College level throw ball tournament	09-02-2019
3	A seminar on best practices in research by Dr. ajith kumar panda	15-02-2019
4	Awareness program on ambedkar overseas vidyanidhi and NTR videshi vidya	14-02-2019
5	Yuvatarang 2k19	16&17 -02-2019
6	National science day celebrations competitions	28-02-2019
7	Workshop on hour to avail passport	1-03-2019

8	International women's day –ceo ,head operations-hotel p l grand Visakhapatnam, assistant professor-gitam college, one lady doctor	08-03-2019
9	Awareness program on cyber crime assistant commissioner of police crime k.prabhakar babu zone-2 vskp	08-03-2019
10	Unnath bharath abhiyan rural development scheme	
11	Awareness sessions on postal life insurance	13-03-2019
12	Alumni-2k19	22-06-2019
13	World blood donation camp	14-06-2019
14	International yoga day	21-06-2019
15	Essay writing competition on the occasion of 125th anniversary of swami Vivekananda Chicago addressed	4-07-2019
16	Awareness program on environmental protection with IRDA integrated rural development authority	18-07-2019
17	IRDA integrated rural development authority-poster presentation	18-07-2019
18	Seminar environment sustainability	18-07-2019
19	Interactive session of faculty with ap medtech zone	2-08-2019
20	National sports day	29-08-2019
21	Engineers day	15-09-2019
22	Seminar on “positive thinking “by sri.b.k.mohan singal	7-09-2019
23	Essay writing competition on the occasion of 150th birth anniversary of mahatma Gandhi	2-10-2019
24	Workshop on ‘women entrepreneurship-IT as enabler-Digital India’	25-11-2019
25		
26	Placement success meet	7-12-2019
27	Yuvatarang 2k20	11&12-01-2020
28	Awareness program on “human rights in association with human right council”	07-02-2020
29	Google Hash Code 2020-Techkruthi club	20-02-2020
30	Awareness program on Tier-2 NBA Accreditation by Dr.Shik Rafi Ahemand	03-03-2020
31	Technical fest-2k20(Techritz)	6-03-2020 7-03-2020
<b>FOR ACEDEMIC YEAR 2018-2019</b>		
1	Graduation Day	01-06-2018
2	Yuvatarang 2k18	06-06-2018 07-06-2018
3	Alumni Meet	01-07-2018
4	Throw ball tournament(Srividya)	
5	Learners licence by Ap Transport Department	02-12-2018
6	National Science Day Celebrations	28-02-2018
7	Open house Exhibition display	
8	Essay Writing on has technology made the world smaller or bigger	
9	Institute of Engineers, India college level committee	
10	APSSDC-MSDQE,GOI-National skill Competition	28-02-2018
11	R3 Project reduce recycle and reuse(by Akshayaptra)	28-02-2018
12	International Women's day guest lecture on “gynic issue among women's” by Dr.Geetha vandhana	03-07-2018
13	Electron Zonal level Competition	03-8-2018
14	International women's day celebration	03-10-2018

15	Formation of Cm's skill excellence center	28-03-2018
16	Workshop on cyber security systems by Apita	13-04-2018
17	APSSDC FDP	05-07-2018
18	World Blood Donation day By ICI	14-06-2018
19	Learner license mela	30-07-2018
20	English language Club launch	07-04-2018
21	Seminar On outcome Based education	17-07-2018
22	Engineers day celebrations	15-09-2018
23	IUCEE Cluster	
24	FDP on NBA Accreditation procedure,NITTR	12-11-2018 To 16-11-2018
25	Vizag Navy marathon	18-11-2018
26	Conference on transforming education conference for Humanity	15-11-2018 to 17-11-2018
27	Vignan picnic	02-12-2018
28	APSSDC Awareness on game development for 12 days	12-12-2018
<b>FOR ACEDEMIC YEAR 2017-2018</b>		
1	Yuvtarang 2K17	07-01-2017 08-01-2017
2	Positive thinking-Pathway to success ASDKPAL.COM	24-01-2017
3	Interactive sessions on Tax Benefits of Demat Account	25-01-2017
4	Dr.J.Sudhakar Major project	01-03-2017
5	Motivational Seminar by Sri Venugopal,Visakhapatnam Awardee	07-03-2017
6	International Womens day-SAC, VIEW	08-03-2017
7	Earth Hour-SAC, VIEW	24-03-2017
8	International Yoga Day	21-06-2017
9	Free Health Camp	29-06-2017
10	Speacial Drive For Electoral poll for the first time voter	05-07-2017
11	Seminar On preparedness for NAAC	08-07-2017
12	Seminar on "manifest your dreams" by MS.Manedna mishra, senior system engineer,Infosys limited	16-08-2017
13	National sports day	29-08-2017
14	Seminar On "Every end has new beginning"- A Light by MS.Madhuri Sunkara, JBM	26-08-2017
15	Workshop on "Transformative Youth and Engineering Education Towards a Sustainable Future.	30-08-2017 to 01-09-2017
16	VISTA-2K17	14-09-2017
17	Elecution Competition on "My Vision-Corruption free India"	17-10-2017
18	A Master class acts as platform to have best motivation for all budding engineers	28-10-2017
19	Seminar on "NAAC-SRR-A case study" by KCB Rao	10-11-2017

24	Round table faculty interaction program for future scope	23-12-2017

Table 9.7.C: Details of the co-curricular activities

WORKSHOPS FOR ACADEMIC YEAR 2019-2020					
S No	NAME OF THE WORKSHOP	DATE OF EVENT	NO OF PARTICIPANTS	HOST OF THE EVENT	DEPARTMENT
1	MSTP workshop	20-08-2019 to 28-02-2020	60	By APSSDC	CSE
2	Android Biotics & Android Based Robotics.	24-12-2019 And 25-12-2019	98	Mr. Deepak Mourya, Mr. Jayesh Sharma	
3	Cyber security and ethical hacking	21-06-2019 to 15-06-2019	2	GITAM	
4	Workshop on Machine learning using python	13-05-2019 to 07-06-2019	1	JNTU HYDERABAD	
5	Web Development using python	19-08-2019 to 26-08-2019	1	VIIT	
6	Workshop on ethical hacking and cyber Security.	07-02-2019 to 08-02-2019	1	ANITS, VISAKHAPATNAM	
7	international workshop on AI and soft computing	06-12-2019 TO 08-12-2019	1	VIIT	
8	Techno philia Solutions under Microsoft Associate on IOT	02-03-2019 and 03-03-2019	1	IIT Hyderabad.	
9	Web development by Engineers hub	20-12-2019 and 21-12-2019	1	Andhra University, Vizag	
10	Mobile Application development by Engineers hub at Andhra University.	22-12-2019 and 23-12-2019	1	Andhra university, Vizag.	
11	INTERNET OF THINGS	20-07-2019 to 21-07-2019	1	Indian Institute of Technology(IIT), Hyderabad	
12	Internet of things	02-03-2019 to 03-03-2019	1	Indian Institute of Technology(IIT), Hyderabad	

13	Ethical Hacking and Cyber Security	07-02-2019 to 08-02-2019	1	ANITS		
14	MOBILE APPLICATION DEVELOPMENT WITH ANDROID	11-12-2019 to 12-12-2019	1	VIZAG		
15	CYBER SECURITY AND ETHICAL HACKING.	28-09-2019 to 29-09-2019	1	GITAM		
16	INTERNET OF THINGS	20-07-2019 to 21-07-2019	1	IIT HYD		
17	Block Chain Technology	04-01-2019 to 07-01-2019	1	GMRIT University		
18	Artificial Intelligence and Soft Computing	06-12-2018 to 07-12-2018	1	VIIT		
19	ETHICAL HACKING By Techobyte.	05-01-2019 to 06-01-2019	1	IIT Hyderabad		
20	Cloud Computing	25-08-2019 to 26-08-2019	1	BITS		
21	ETHICAL HACKING By Techobyte.	05-01-2019 to 06-01-2019	2	IIT Hyderabad		
22	Workshop On Developing Server less Applications	19-01-2019	2	SYMBIOSIS TECHNOLOGIES RUSHIKONDA		
23	DATA SCIENCE WORKSHOP	25-02-2019 TO 26-02-2019	2	JNTU VIZIANAGARAM		CSE
24	4G/5G LYTE	15-02-2019 TO 16-02-2019	1	VIIT		
25	Udacity, Nano Degree Program for Android Developer	18-01-2019 to 22-01-2019	7	Udacity		
26	Web Technologies Using Python	19-08-19 to 28-08-19	198	Mr.M.Prasanna Raju &Mr.M.V.Gopi		
27	Cyber security and Ethical	09-09-2019 to	100	Mr. Manish Yadav		

	hacking	10-09-2019			
28	Database Design And Programming With Sql (FDP)	21-10-2019 to 25-10-2019	35	Mr.V.T. LingeswaraRao	
29	Problem Solving Skills using C	03.09.2019 – 07.09.2019	54	APSSDC	IT
30	Game Development using Blue box	17.03.2020 – 19.03.2020	54	APSSDC	IT
31	Problem Solving using Python	18.03.2020 – 20.03.2020	54	APSSDC	IT
32	Machine Learning	27.05.2020 – 29.05.2020	99	Brain-o-Vision	IT
33	Mobile App. Development	12.08.2019	07	Student Solution Body	
34	Raspberry Pi	25.08.2019	02	HMI Services	
35	Starts for Entrepreneurs	4/4/2019	100	Smt.Sai Lakshmi	MBA
36	Women Empowerment IT as enabler: Digital India	26/11/19	250	Mr.M.P.Dubey Mr.R.L.Narayana Smt.Lakshmi Dr.K.Suseela	MBA
37.	Grid Connected Power system and its Applications	28.8.2019	100	Mr.Ajay R, NTPC	EEE
38.	Soft Computing Techniques	17-12-2019	80	Dr.Salma U	EEE
<b>WORKSHOPS FOR ACADEMIC YEAR 2018-2019</b>					
SL.NO	NAME OF THE WORKSHOP	DATE OF EVENT	NO OF PARTICIPANTS	HOST OF THE EVENT	DEPARTMENT
1	Google Android Fundamentals Phase - 2	21-09-2018 to 23-09-2018	74	Ms.Hema Mr.G.Srikanth	CSE
2	Android Development Certification (APSSDC+UDEMY)	08-05-2018 to 14-05-2018	21	Ms.Hema Mr.G.Srikanth	
3	Android Development Certification (APSSDC+UDEMY)	11-08-2018 to 16-08-2018	69	Ms.Hema Mr.G.Srikanth	

4	IOT Certification (coursera + APSSDC)	08-05-2018 to 14-05-2018	10	Ms.Hema Mr.G.Srikanth	CSE
5	Gamification With AR & VR – Build box	26-12-2018 daily 2 hours 2 weeks	23	Ms.Hema Mr.G.Srikanth	
6	SCALE	26-07-2018 to 28-07-2018	47	Shreya adabala,sanketDhadke,rafa eshaik, Hashmitha Rani	
7	Workshop on Web Development using React Native	20-12-2018 to 23-12-2018	1	Andhra University Platinum Jubilee Guest House	
8	Workshop on CII Partnership SUMMIT 2018	24-02-2018 to 26-01-2018	1	APIIC Ground, Harbor Park, Visakhapatnam	
9	Workshop on Cyber Security & Malware Analysis	17-09-2018 to 18-09-2018	1	Coastal Institute of Technology & Management	
10	Workshop on 4G/5G Workshop	14-09-2018 to 5-09-2018	2	Vignan's Institute of Information Technology	
11	Workshop on Mobile Application Development	22-12-2018 to 23-12-2018	5	Andhra University (Platinum Jubilee House Seminar Hall)	
12	Workshop on Web Application Development	20-12-2018 to 21-12-2018	3	Andhra University (Platinum Jubilee House Seminar Hall)

**10.1. ORGANIZATION, GOVERNANCE AND TRANSPARENCY (40)****10.1.1. State the Vision and Mission of the Institute (5)**

*(Vision statement typically indicates aspirations and Mission statement states the broad approach to achieve aspirations)*

**VISION OF THE INSTITUTE**

To be a leading institution of women empowerment producing internationally accepted professionals with psychological strength, emotional balance and ethical values.

**MISSION OF THE INSTITUTE**

**M1:** To empower women engineers through innovative teaching learning practices.

**M2:** To encourage higher education and research with well-equipped laboratories.

**M3:** To promote entrepreneurship through creativity and innovation.

**M4:** To promote environmental sustainability and inculcate ethical, emotional and social consciousness.

**Appropriateness/Relevance of the Statements:**

There has been an emerging need in the local society for providing an exclusive time and space for girls in technical education. Addressing this socio and economic concerns of the society, The Institute is established with total women empowerment as its chief motto. The aim is to provide competent women technical power keeping the demands of the industry along with providing a robust economic boost to the family in the form of a technically educated and trained woman professional. Apart from these aims the college has kept its vision on simultaneously equipping the girl students physically fit, psychologically strong to face the challenges in the society.

The activities are planned in such a way that the girl gets transformed into a competent and complete woman with technical expertise, self-reliance, psychological strength, emotional balance, ethical values and social consciousness. Setting highest ethical standards at all aspects of college activity the girl is imbued with right kind of moral attitude. Overall, the Vision and Mission statements are to transform the girl into a complete woman through the comprehensive cycle of change at the Institute.

**10.1.2. Governing Body, Administrative Setup, Functions of Various Bodies, Service Rules, Procedures, Recruitment and Promotional Policies (10)**

*(List the governing, senate, and all other academic and administrative bodies; their memberships, functions, and responsibilities; frequency of the meetings; and attendance therein, in a tabular form. A few sample minutes of the meetings and action-taken reports should be annexed. The published rules including service rules, policies and procedures; year of publication shall be listed. Also state the extent of awareness among the employees/students)*

**10.1.2 (A) GOVERNING BODY**

The institution has a well defined and structured governance system headed by the governing body which is an apex committee that oversees the overall development and continuous growth of the institution in lines with the established vision. The Governing body is comprised of 15 eminent people from industry and academia to bring in the necessary balance. The term of the members, except the ex-officio member, shall be three years.

**Functions of Governing Body:**

1. To monitor the academic, student, faculty development and other related activities of the college.
2. To approve the recommendations of the Staff Selection Committee.
3. To consider for implementation the important communications, policy decisions received from the University, Government, AICTE, etc.
4. To consider the recommendations of the Planning and Monitoring board of the college from implementation.
5. To prepare and approve the annual budget of the college.

**Frequency of Meeting and Quorum:**

The Governing Council shall meet at least twice a year. The quorum for the meeting shall be 2/3 of the total members of the Governing Council.

**Composition of the Governing Body:****Table 10.1 Composition of the Governing Body**

Sl. No.	Name of the Person	Designation	Category	Nature of Appointment
1	Dr V.Bhujanga Rao, ISRO Chair Professor, National Institute of Advances Studies, IISc Campus, Bangalore. Former DG-DRDO-New Delhi. **Minutes of the meetings and action-taken reports:****Minutes of the 19<sup>th</sup> meeting of Board of Governors**

Vignan's Institute of Engineering for Women

Held on June 6, 2017 at 10.00 a.m. at Board Room, VIEW, Visakhapatnam

**Members Present**

1	Dr. L. Rathaiah	Vice-Chairman
2	Padma Bhushan Sri.Dr. Y Lakshmi Prasad	Member
3	Sri K Pavan Krishna	Member
4	Dr. V. Vizia Saradhi	Member
5	Sri.Venkata Rayulu Bonam	Member
6	Prof. P. V. G. D. Prasad Reddy	Member
7	Mr.Srikanth Nandigam	Member
8	Dr. B.Subba Rao	Member
9	Dr. G.Madhavi	Member
10	Mr.B.K.Surya Prakash	Member
11	Dr.S.M.Murali Krishna, I/c Principal	Member Secretary
12	Prof.A.Sesha Rao	Member

The following members have requested for leave of absence expressed their inability to attend meeting.

1. Dr.CD Malleswar
2. Sri.R.Bala Marugan

At the outset Dr.L.Rathaiah, Vice-Chairman welcomed all the members of Governing Council to the Meeting. He expressed confidence in getting the cooperation and support from other members of the Governing Body in effective discharge of his duties. He gave the opening remarks and spoke about important developments that took place in the College, construction of new academic block, New Canteen, placement record, overall results of the college and appreciate the faculty members for their efforts in achieving the excellent results in UG and PG courses.

The Vice-Chairman requested **I/c Principal** to present the agenda notes for discussion. I/c Principal welcomed Sri.B.K.Surya Prakash, who has been recently nominated by the State Government as Govt. nominee to the Governing Body.

The following items are discussed and the corresponding resolutions are adopted:

**Item-1 Confirmation of the minutes of the earlier meeting held on 05.03.2016**

The minutes of the meeting of the Governing Body held on 05.03.2016 were circulated to all the members for their comments. As there were no comments, it was declared that the minutes were confirmed.

***Resolution No. VIEW/GBM/4/2017/1***

The Governing Body resolved to approve the minutes of the meeting held on 5th of March, 2016.

**Item-2 Report by the Principal on the progress of the College during the Academic Year 2016-17**

Principal gave a Power point presentation on various activities of the college since the last Governing Body meeting. Copy of the same was perused by the members and approved.

***Resolution No. VIEW/GBM/4/2017/2.1***

The Governing Body resolved to express its satisfaction upon the admissions into B.Tech., and M.B.A. for the academic year 2016-17 under the prevailing conditions, and suggested to take necessary steps for improvement of admissions in M.Tech.

***Resolution No. VIEW/GBM/4/2017/2.2***

The Governing Body reviewed the results of UG and PG programmes and expressed its happiness over the performance.

***Resolution No. VIEW/GBM/4/2017/2.3***

The Governing Body noted and placed on record its happiness about the University First Place in JNTUK first year results with 71.15 per cent. The Governing Body is pleased to note that 94 per cent of 365 students are achieved first class with distinction.

***Resolution No. VIEW/GBM/4/2017/2.4***

The Governing Body is pleased to note that 273 out of 315 eligible students are placed as on date in different organizations during the academic year 2016-17. The Governing Body noted with great satisfaction over the performance of two students excelled in Microsoft with annual package of 9.78Lakhs and one student excelled in Juspay with annual package of 12Lakhs.

***Resolution No. VIEW/GBM/4/2017/2.5***

The Governing Body is overwhelmed with happiness for achieving 3 Prathibha Awards from JNTUK which were presented in the academic year 2016-17 for the achievement of the academic year 2015-16

***Resolution No. VIEW/GBM/4/2017/2.6***

The Governing Body recognized the efforts of the faculty in getting research projects worth Rs.32.58 lakhs from Science and Engineering Research Board (SERB), Department of Science and Technology (DST) and expressed happiness over the progressive mind-set of the faculty.

***Resolution No. VIEW/GBM/4/2017/2.7***

The Governing Body noted with pleasure that 4 faculty are awarded Ph.D. It is also noted that 7 faculty members submitted their Ph.D. theses and 18 faculty members pursuing Ph.D. The governing Body congratulated their effort and promised continued support to faculty in such efforts.

***Resolution No. VIEW/GBM/4/2017/2.8***

The Governing Body while expressing its satisfaction about the publications by the faculty suggested the administration to encourage the faculty for more publications in reputed journals and conferences.

***Resolution No. VIEW/GBM/4/2017/2.9***

- I. The Governing Body complimented the staff for conducting Training Programmes, Workshops etc. for faculty and students.
- II. The Governing Body noted that nearly 30 faculty of the College attended short-term courses, training programmes, workshops, etc. organized by other Institutions which include IIITs/NITs/IITs.

***Resolution No. VIEW/GBM/4/2017/2.10***

The Governing Body expressed its happiness about revision of pay structure of faculty as per the recommendations of 6th Pay Commission of AICTE.

***Resolution No. VIEW/GBM/4/2017/2.11***

The governing Body expressed its satisfaction that the students are actively participating in co-curricular, sports, social, ethical, cultural and other activities. Also expressed their happiness for achieving first place in JNTUK Central Zone Kho-Kho completion.

**Resolution No. VIEW/GBM/4/2017/2.12**

The Governing Body was elated to know that a number of distinguished personalities visited the College and made delightful comments about the College.

**Item-3 Ratification of selected faculty and approval for fresh recruitment.**

A report on faculty selections made and requirement of faculty for the academic year 2016-17 is circulated to the members of the Governing Body. After perusal of the report by the members, the following resolutions are made:

**Resolution No. VIEW/GBM/4/2017/3.1**

i. The Governing Body noted with satisfaction that the services of 84 existing faculty are ratified, 5 faculty are selected for higher position and 12 new faculty are selected through the interviews conducted by JNTU-Kakinda.

ii. The Governing Body resolved to convey it's thanks to the JNT University-Kakinada for arranging faculty selections/ratification of services of existing faculty

**Resolution No. VIEW/GBM/4/2017/3.2**

The Governing Body noted that 18 new faculty joined during this period through University selections and College level selections.

**Resolution No. VIEW/GBM/4/2017/3.3**

The Governing Body authorized the Chairman, Governing Body to recruit the additional faculty required.

**Item-4 Income and expenditure status for the financial year 2016-17**

The Principal sought permission from the members of the Governing Body to circulate the income and expenditure for the financial year 2016-17 later as the accounts are to be finalized.

**Resolution No. VIEW/GBM/4/2017/4.1**

The Governing Body resolved to permit the Principal to circulate the income and expenditure under autonomous status for the financial year 2016-17 later as the accounts are to be finalized.

**Item-5 Budget for the financial year 2017-18**

The proposed budget for the financial year 2017-18 as prepared by the Finance Committee is circulated to the members.

**Resolution No. VIEW/GBM/4/2017/5.1**

The Governing Body approved the proposed budget for the Academic year 2017-18 as prepared by the Finance Committee.

**Item-6 Proposals for the Approval of Governing Body**

**Resolution No. VIEW/GBM/4/2017/6.1**

The Governing Body resolved to approved the proposal of NAAC Accreditation application process followed by permanent affiliation and 2(f) and 12(b) and suggested to to take necessary steps to apply for NAAC Accreditation.

**Resolution No. VIEW/GBM/4/2017/6.2**

The Governing Body resolved to approved the proposal of Recruitment of Staff with Ph.D to maintain at least two doctorates in each Department.

**Resolution No. VIEW/GBM/4/2017/6.3**

Approval is accorded for Introduction of Merit Scholarship Scheme to meritorious students of outstanding performance.

**Resolution No. VIEW/GBM/4/2017/6.4**

The Governing Body approved the proposal of Implementation of R&D policy To create a conducive platform for encouraging the faculty to undertake cutting-edge research and to produce quality output.

**Resolution No. VIEW/GBM/4/2017/6.5**

Approval is accorded for adding the following amendments in Leave Policy from the academic year 2017-18 to all permanent employees.

- a) Medical leaves
- b) Paternity leaves
- c) Special casual leave

**10.1.2(B) ADMINISTRATIVE SETUP**

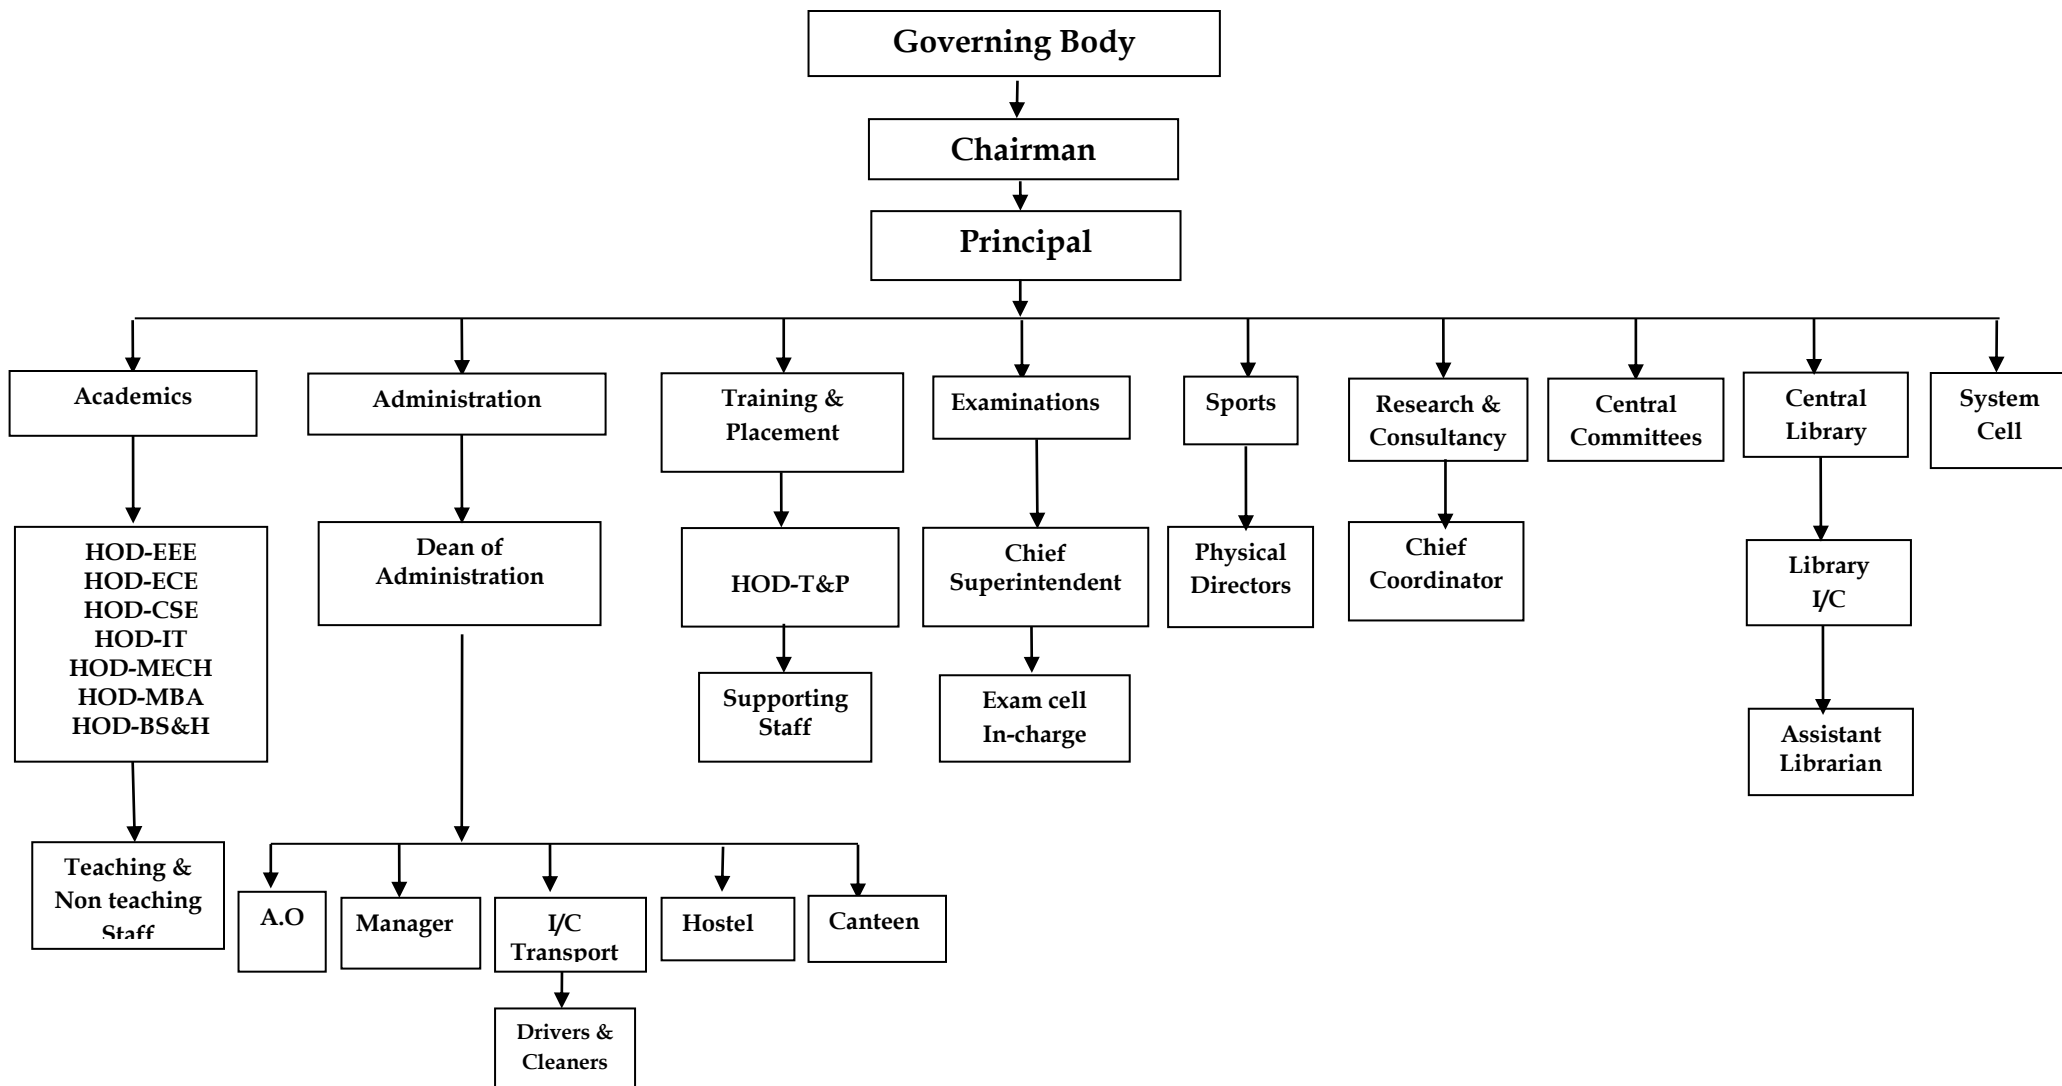

The Institute has a well marked administrative set up conforming to the norms of the AICTE and the UGC.

- ✓ The Principal wields the powers with regard to financial and to all the academic and administrative matters including the conduct of examinations.
- ✓ Each of the departments has a head of the department who, in turn, assigns various tasks to different members of faculty.
- ✓ For undertaking examination oriented tasks, Principal is the Chief superintendant of Examinations.
- ✓ As far as the administrative functions are concerned, the Dean of administration and the manager looks after the activities executed by clerical, programming, data entry and ministerial staff.
- ✓ The departments have their own respective department offices which function under the guidance of respective heads of departments.
- ✓ All the monetary transactions (both the receipts and payments) are processed through a nationalized bank.
- ✓ On the whole, the members of faculty and nonteaching staff of the college believe in the

dignity of labour, and all the functions of the college are meticulously planned, properly coordinated and perfectly executed.

The structure of the institutional management is shown below:

VIGNAN'S INSTITUTE OF ENGINEERING FOR WOMEN: ORGANIZATIONAL STRUCTURE

**10.1.2 (C) DUTIES AND RESPONSIBILITIES OF ADMINISTRATIVE AUTHORITIES****(i) Principal**

The Principal is the administrative head for all the activities of the Institution. He is responsible for implementation of all the policy decisions of the management with a view to achieve the set targets.

As the head of the Institution, the Principal is a leader who inspires the students and the staff and motivates them for cordial working atmosphere to make the institution excel well. The following are the important functions:

**Academic:**

1. The Principal shall make arrangements for planning the various courses to be offered and the preparation of course materials
2. The Principal shall supervise the course timetable, staff allocation, staff attendance and syllabus coverage.
3. He/She shall ensure the conduct of internal continuous assessment examinations at appropriate periods.
4. He/She shall monitor the student projects, progress and the University examinations (theory and practical).
5. He/She shall review the reports of the analysis of test marks of the students and arrange for special coaching etc for academically poor students.

**General Administration and Finance:**

1. The Principal shall convene the Governing council meeting at least once in every semester.
2. The Principal shall make recommendations regarding plans for the development of the institution in the years to come.
3. He shall help the creation of necessary infrastructure for a conducive atmosphere for education in the campus.
4. He shall ensure the appointment of qualified staff (both teaching and non -teaching)
5. All correspondences within the campus and to outside organizations and the University will be done through the Principal with the approval of the Chairman
6. The Principal shall convene the HODs meeting at least once in 15 days and maintain the Minutes book.

7. Principal is assisted by the Finance committee and purchase committee in financial administration.
8. The Principal or the officer delegated with such powers shall counter sign all kinds of scholarship bills in respect of students of the college.

**Student Affairs:**

1. The Principal shall plan for offering value-added courses, training and placement opportunities and educational tour to the students.
2. He shall provide avenues for co-curricular, extra-curricular activities, professional societies and counseling and guidance programmes to the students.
3. He shall arrange for the periodical monitoring of students attendance and their progress in studies and arrange for parent-teacher meetings as and when necessary.
4. He shall take appropriate action to ensure that the rules and regulations are strictly followed by the students.
5. The Management expects the Principal to be a coordinating point to ensure that all the policies of the management are implemented and promote the college as an excellent educational institution.

**Research and Extension Activities:**

1. The Principal shall encourage conducting of seminars and symposia and such research – oriented activities in the campus.
2. He shall encourage the staff to become members of professional bodies, carry out consultancy works, mini projects and other extension activities.

**(ii) Head of the Department**

An efficient Departmental head is a well disciplined and dedicated person with leadership qualities. He motivates the Students and Staff to perform their respective academic / administrative duties and responsibilities. His *duties* are as under:

1. Check the attendance register every week and sign after verification.
2. Preparation of (i) academic schedules and its implementation, (ii) academic time table, (iii) laboratory log books, manuals, registers, through the concerned faculty member.
3. Prepare the list of laboratory requirements as necessary and initiate procurement action to facilitate smooth conduction of the lab experiments.
4. Carryout the stock verification, maintenance of the lab and its equipment.

5. Recommend the leaves / permissions of the staff within the department only after ensuring the work adjustments and maintain the leave record.
6. Conduct regular staff meetings to monitor the progress and preserve the minutes of the meeting.
7. Students having shortage of attendance must be counseled and their parents are informed.
8. The overall distribution of the faculty work load should be unbiased.
9. Monitor the syllabus completion at regular interval and prepare fortnightly reports for submission to the Principal.
10. Conduct and maintain the record of the sessional and practical marks awarded is as per university regulations.
11. Participate in any additional activities entrusted by the Principal

**(iii) Dean-Administration**

The Dean of Administration is a person looking into all administrative matters prescribed by Principal/Management from time to time. His/Her duties are as under:

1. Overseeing all personnel matters involving academic and non academic employees including notification, recruiting, appointment, reappointment, termination and dismissal.
2. Maintain service records and supervise the process updating personal files of both teaching and Non-Teaching staff.
3. Co-ordinate to conduct Governing Body Meeting and Prepare the Governing Body Meeting Reports

	<b>ANNEXURES</b>	

The human recourse policies and administrative practices manual of the organization is published and kept for everyone's reference in College website. This allows for effective dissemination of the information to the concerned stakeholders. Few of the contents of hand book illustrated below.

#### **A. Service Conditions**

The employees in the institute are governed by the service rules and regulations stipulated hereunder.

- a) The employees at Vignan's Institute of Engineering for Women have been classified into two categories, namely Teaching and Non- Teaching.
- b) The teaching fraternity has an extraordinary role to play in the academic life of VIEW, merely as teachers, researchers, counselors, and contributors in various academic affairs.
- c) The Non-Teaching fraternity is responsible to support and enable the academics at the institution.
- d) VIEW has various Departments of Engineering, Sciences, and Humanities. Each of these faculties consists of various roles and run under the supervision of Principal.
- e) A person shall be deemed to have been appointed to the service when his appointment is made to a post in accordance with the existing AICTE norms.
- f) Initially the appointment of the selected candidate will be temporary and placed on probation for a period of two years, after which the performance of the appointee will be

reviewed to regularize the appointment. The period of probation can be extended by management in case of non- satisfactory performance

- g) If a person, having been appointed temporarily to a post is subsequently appointed regularly: he / she shall commence probation from the date of regular appointment.
- h) Any candidate appointed on temporary / ad- hoc basis, his / her services can be terminated without any notice and without giving any reason.
- i) The service conditions of the incumbent will be governed by the rules and regulations of the college issued from time to time.

**(i) Custody of Certificates**

The employee requires depositing the original certificates (SSC/ Intermediate / UG/ PG) (convocation) with the establishment section prior to or at the time of reporting duty, besides, the copies of experience certificate, relieving letter, salary certificate, PAN, Voter – ID and 4 passport size photographs require submitting.

**(ii) Withdrawal of Original Certificates**

- a. Withdrawal of educational certificates (all or part) for any purpose i.e. higher studies or any other purpose, a proof copy has to be enclosed along with the request letter.
- b. An undertaking letter should be submitted stating that she / he will return the certificates within the stipulated time or else salary will be held up for the concerned month till the submission of certificates.
- c. Those who are withdrawing certificates for higher studies should submit a copy of custodian within one week of date of issue of custodian.

**(iii) Working Hours**

- a. All employees are required to work for a minimum of 7 hours a day from Monday to Saturday.
- b. Working hours notified may be changed as per the requirement of the Institution from time to time and the employees shall comply accordingly.

**(iv) Attendance**

- a. All employees shall mark their attendance through biometrics and in respective Attendance Registers maintained in the office of the College.

- b. Employees reporting for duty more than 20 minutes late shall obtain permission from the Head of the Department / Principal. Without a formal permission they are deemed to be absent and will apply for leave.
- c. All employees are allowed to avail 2 hour permission in two days during a month. Exceed this liable to be treated as absent for the day.

**(v) Meeting with Heads of Departments**

Meeting with Heads of Departments is conducted once in a month to brief them about the latest developments in the college and also to get feedback from them regarding fulfillment of various targets set including the academic schedule. Minutes of the meeting shall be recorded and circulated among all the HOD's. Emergency meetings are organized whenever required.

**(vi) Faculty Meeting**

Total faculty meeting is conducted once in a semester. The agenda of the meeting is circulated among the faculty at least two days in advance to enable the participants to come prepared for a fruit full discussion without loss of time. The minutes of the meeting are recorded and circulated immediately after the meeting. Emergency meeting could be called for whenever required.

**(vii) National & Festival Holidays**

Institution will notify list of holidays at the beginning of calendar (year) as per the National and Festival Holidays Act.

**B. Leave Policy**

VIEW provides different kinds of leave to meet with the various eventualities of its employees. Availing of leave should be with proper notice so that the work of the organisation does not suffer. Leave shall not be claimed as a right. Leave sanctioning authorities have to use their discretion in sanctioning the leave so that the effect is minimum on the normal functioning of the college.

**General Information:**

- a) These rules shall be called the "Vignan's Institute of Engineering for Women, Leave Rules".
- c) A leave account shall be maintained for each employee in the appropriate form.
- d) Leave cannot be claimed as a matter of right. **The sanctioning authority has full discretion to refuse or revoke leave of any description when the exigencies of service so demand.**

- f) The sanctioning authority may recall an employee to duty before the expiry of his / her leave.
- g) Unauthorized absence from duty may be treated as misbehavior involving disciplinary action.
- h) For casual leaves, the HOD shall be the competent authority to grant leave to staff, the Principal shall be the competent authority to grant leave to all Heads. In the case of the Director and the Principal, the Secretary or the Chairman of the Governing Council will be the authority competent to sanction leave.

The following types of leaves are available for staff:

**(i) Casual Leave:**

- a) Every employee is eligible for 10 days of casual leave in a calendar year.
- b) Casual leave cannot be availed without obtaining prior approval. Sanction of casual leave shall be subject to work adjustment.
- c) The total period of absence on casual leave at a time, with or without combination of public holidays and compensatory casual leave shall not exceed 8 days.
- d) Casual leave can be combined with public holidays and compensatory casual leave, but not with any other kind of leave or vacation.
- e) Casual leave up to Two Days shall be sanctioned by the HOD subject to prior notice i.e. at least before one day.
- f) CL for more than Two Days shall be sanctioned by the HOD subject to prior intimation of at least one Week.
- g) Casual leave for more than Two Days where sufficient notice period of one week is not provided by the employee may only be sanctioned by the Principal under extraordinary situations subject to prior intimation of at least one day.
- h) Un-availed leave shall not be carried over to the next calendar year. It means that the casual leave may not be accumulated.
- i) In case of employees still serving the probation period, Casual Leave shall be sanctioned on pro-rata basis. It means that they shall be eligible for a maximum of one day of casual leave for every  $1\frac{1}{3}$  month of completed service subjected to a maximum of 10 days in a calendar year. This condition shall not be applied to permanent employees.

j) Casual leaves for half day can be granted to an employee for the Forenoon or Afternoon session.

**(ii) Earned Leave:**

- a) All the permanent employees are eligible for 6 days of earned leave per every calendar year of completed service
- b) EL for a given calendar year shall be credited on the 1<sup>st</sup> of January of the following year provided that the staff should have completed **Two years** of uninterrupted service at VIEW by that time.
- c) Earned Leaves can be accumulated up to 120 days.
- d) Earned leave cannot be combined with casual leave or compensatory casual leave, but can be combined with pre-vacation and all other kinds of leaves. The maximum availability of earned leave utilization at a continuous stretch is 50% of overall ELs or 15 leaves whichever is less subject to a minimum of 3 ELs sanctioned by the HOD subject to prior intimation of at least one week. There should be a minimum 1-month gap between one slot to another slot for usage of ELs.
- e) However, if such maximum exceeds the available EL count, then the eligibility is the total available EL count.
- f) Accumulated leaves cannot be encashed at the time of working but can be encashed at the time of leaving the Institution.
- g) Principal is the authority to sanction earned leave to all faculty members.

**(iii) Maternity Leave:**

- a) All the women permanent employees are eligible for 120 days of paid maternity leave provided that they have completed probation service by the date of application.
- b) A woman permanent employee is eligible for maternity leave only twice in her entire service.
- c) Principal shall sanction maternity leave to all the women employees provided that the staff should apply with the prior notice of at least one Month.
- d) The salary for the period of maternity will be paid out in six equal installments after six months uninterrupted service from the date of rejoining. The employee should submit the Birth Certificate of the child at the time of rejoining.

e) No leave beyond the expiry of maternity leave will be granted. However, in exceptional cases where the female employee is not in a position to join duty immediately on expiry of maternity leave due to weakness or other illness, leave without pay not exceeding 30 days may be granted on production of medical certificate. Further leave beyond 30 days may be considered at the discretion of the GC/Committee.

**(iv) Paternity Leave:**

- a) All the men permanent employees are eligible for 7 days of paid paternity leave provided that they have completed probation service by the date of application.
- b) A man permanent employee is eligible for paternity leave only twice in his entire service.
- c) Paternity leave may be utilized only within a month of the date of birth of the child.
- d) Principal shall sanction paternity leave to men employees provided that the staff should apply with the prior notice of at least one Month.
- e) The salary for the period of paternity leave will be paid out after submitting the Birth Certificate of the child.

**(v) Marriage Leave:**

- a) All the Permanent employees are eligible for 15 days of marriage leave.
- b) Principal shall be the sanctioning authority to all the employees provided that the staff should apply with the prior notice of at least one Month.
- c) The salary for the period of marriage leave will be paid out after submitting the Marriage Certificate.

**(vi) Academic Leave:**

- a) All teaching staff members are eligible to attend two reputed conferences per year.
- b) Academic leave may be sanctioned for attending conferences, seminars and workshops etc. which help the faculty to achieve professional growth.
- c) Principal shall sanction academic leave to all the faculty members. However, the staff should submit necessary proofs such as the event invitation along with the application.
- d) All permanent staff members, who are at the verge of submitting their Ph.D thesis, may apply for one month of academic leave after pre-talk. However, such candidates should submit a proof of pre-talk proceedings for availing leave and proof of submission of thesis

within three months from the date of application of the leave failing which the academic leave will be deducted from all other eligible leaves.

e) The salary for the period of such doctorate thesis submission based academic leave will be paid out after submitting the proof of thesis submission.

**(vii) On Duty:**

a) On duty for spot valuation shall be sanctioned only twice in a semester or a Maximum of 15 days per year whichever is applicable.

b) On duty for any other Examination related works like observer, Lab external duties should not exceed 5 days in a year. If, exceeds 5 days the approval of HOD/Principal is mandatory.

c) In addition to the above, “on duty” for any works assigned by HOD/Principal/Management may be approved by Principal. However, the staff should submit necessary proof of evidence along with the invitation/work/assignment.

**(viii) Emergency/Medical Leave:**

a) Every permanent employee is eligible for 8 days of Emergency/Medical leave in a calendar year.

b) Un-availed medical leave shall not be carried over to the next calendar year. It means the Medical leave shall not be accumulated.

c) Medical leave cannot be claimed as a matter of right and sanction of Medical leave shall be subjected to severity of Health condition. That means prior approval/sanction is required or Evidences can be submitted within one week of reporting to the institute post the illness.

d) Medical leave up to One Day shall be sanctioned by the HOD/Principal after completion of all casual leaves.

e) Medical leave for More than One Day shall be sanctioned by the Principal only. However, the staff should intimate in-advance to the HOD & Principal wherever possible and also submit the necessary proof of evidences for medical illness within one week of reporting to the institute post the illness.

f) Medical leave for a period exceeding 8 days shall be approved at the sole discretion of the principal in consultation with the management.

**(ix) Compensatory Casual Leave:**

- a) All the employees are eligible for compensatory casual leave if they have approved “OTs”.
- b) The staff who has worked at least 6 continuous stretch or cumulative hours assigned/authorized by HOD/Principal/Management in holidays shall be sanctioned “OT”. The approved OT shall be compensated with CCL during the same calendar year.
- c) Principal is the sole approving authority for OTs in consultation/approval of the HOD

**(x) Extra-ordinary Leave:**

- a) Extra-ordinary leave may be granted to the employees on the recommendation of the Governing body on private affairs or academic affairs like short / long term assignments in India or abroad/Higher studies/Fellowship etc. They will not be entitled for any pay or allowance during this period.

**(xi) Special Casual Leave:**

- a) All permanent employees are eligible for special casual leave not exceeding 6 days for the purpose of undergoing Family Planning Operation. He/she is required to produce proof of having undergone the operation for regularizing the leave availed.
- b) Any humanitarian grounds issues such as miscarriage/loss of immediate family members may be also considered for special casual leave.
- c) Principal, in consultation of the management, shall be the sole authority to sanction Special Casual Leave.

**(xii) Study Leave**

- a) An employee may be granted study leave to enable him to undergo part time higher studies or course work or specialized training in a professional or technical subject and close connection with the branches of study relevant to the College and has bearing on the candidates’ area of specialization.
- b) Study Leave shall not be granted to one, whose absence will cause cadre-difficulties, besides dislocation in the regular work of the college.
- c) In case candidate pursues Ph.D. on part – time basis, study leave will be granted to fulfill the mandatory course work as stipulated by the University. The candidate may be given half pay during the study leave.
- d) An employee availing himself of study leave for pursuing higher studies, shall furnish a bond in the prescribed form and on stamped paper to serve the College on return to duty

they must serve in the College for a minimum period of one year. Otherwise, they have to pay double of salary received during the study leave.

e) They should make alternative arrangements for their theory and lab classes with prior approval. SL permission will be granted only if they make alternative arrangement for their classes, through a teacher handling subject for the same class.

**(xiii) Summer Vacation:**

a) Principal will be the competent authority to fix/suffix the summer vacation schedule in accordance with JNTUK schedule wherever applicable.

b) Each department has to maintain a skeletal staff to attend department works like invigilation duties, class work and other works assigned by HOD/Principal during the vacation as determined by the Principal.

c) Schedule of vacation for all the employees in a department is to be approved by the HOD.

d) By the time of declaring vacation, the staff should have at least 1 year of uninterrupted service at VIEW to avail summer vacation.

e) If any faculty attend spot valuation or engaged with any other examination related duties during the vacation, all those days will be included in summer vacation. No extra days will be allowed.

f) Vacation Eligibility criteria for Permanent Teaching staff:

One-week Vacation	The staff members who have $\geq 1$ and $< 2$ years of service at Vignan Group.
Two-week Vacation	The staff members who have $\geq 2$ and $< 3$ years of service at Vignan Group.
Four-week vacation	The staff members who have $\geq 3$ years of service at Vignan Group.

**(xiv) Other terms & conditions:**

a) Permanent Employee: An employee is considered to be permanent on completion of one year of uninterrupted service in the institute.

b) Temporary employees are not eligible to avail any kind of extraordinary leaves except casual leaves, academic leaves and On-duty.

- c) The total number of staff availing “CL” of any department at any given point of time should not exceed 1/3<sup>rd</sup> of the total staff of the same department at such instance.
- d) If any employee would like to leave the organization by giving one-month notice, they will not be allowed to avail any type of leave except available CL as per pro-rata. If they use extra leaves, loss of pay will be implemented. They can compensate the extra leaves by working extra days to avoid loss of pay. One-month notice can be exempted by the Principal if staff resigned at the end of semester/academic year.
- e) Employees are advised to contact HR department to know the leave record and then apply for leave.
- f) Prefixing and Suffixing of Holidays: The leave under these rules (except casual leave) may be either prefixed or suffixed or both by Sundays/holidays but the intervening Sundays /holidays shall be included in such leave.
- g) Over Staying after Leave: An employee who remains absent after the expiry of his/her originally granted or subsequently extended leave is not entitled to salary for the period of absence including sanctioned leave period.

### **C. Recruitment Policy & Process**

#### **(i) Objective**

To have in place a competent staff selected on the principles and practices of equal opportunities with due representation to all sections of people represented by the organisation and with no discrimination on the basis of caste, creed, sex, race, or disability. All recruitment will be based on predetermined specific positions and competency.

#### **(ii) General Criteria Governing Recruitment**

- a. The minimum age for recruitment is 18 years. VIEW does not permit child labour in any of its establishments nor does it encourage child labour in any of its partner institutions.
- b. Age limit of up to 70 (Seventy) years for teaching staff and 65 (Sixty-Five) years for non-teaching staff is recommended. If service is required beyond the recommended age limit, it may be extended on an annual basis.
- c. VIEW reserves the right to do a background check on any person selected for employment.
- d. Persons selected for appointment should possess sound mental and physical health.

- e. Faculty Members are recruited based on the qualifications prescribed by AICTE Regulations, 2019 and subsequent amendments in these Regulations issued by AICTE from time to time.
- f. Non-teaching faculty/Administrative staff is recruited as per the state government's norms. At present the following criterion is being followed.

**(iii) Internal Appointments**

In order to avoid stagnation of the competent employees and encourage career growth, Management should develop mechanism for creating avenues for growth/promotion.

When a vacancy arises, internal appointment may be promoted as far as possible. But this is purely at the discretion of the E.D and Principal who may assess the situation objectively on the basis of the merits of the fresh requirements and actual staff position.

**(iv) Advertisement**

- a. The Dean of Administration will be responsible for initiating action such as advertising for the vacancy.
- b. For regular and contract posts, it is mandatory to advertise the vacancies in the newspaper or VIEW website ([www.view.edu.in](http://www.view.edu.in)).
- c. There should be a minimum of 10 days between the date of publication of the advertisement and interview.

**(v) Short listing**

- a. All applications are scrutinized to ensure that they conform to the minimum requirements of the position.
- b. Persons given as reference in the application may be contacted to further refine the short list.
- c. For a single post, from the suitable applications received, an appropriate number will be called for the interview process.
- d. Intimation for interview is sent thereafter.

**(vi) Assessment process**

The assessment process for teaching staff recruitment shall have all of the following assessments:

Round-1: Written Test

Round-2 Technical Round (Demo in front of Panel Members)

Round-3: HR Round (With Executive Director)

[It is only for shortlisted candidates from the above rounds].

**(vii) Interview Panel**

The interview panel must meet in advance in order to prepare and agree questions, tests etc. to be asked to candidates and to ensure that similar questions and the same range of topics will be covered for each candidate for the same position.

For the test and interview – the appropriate panel must be constituted which should have subject specialists. The final interview panel will comprise of the appointing authority and subject specialists.

**(viii) Proceedings of Interview**

Detailed proceedings of the interview will be recorded by the Chairperson of the Interview Board and will be attested by the Interview Board Members.

**(ix) The Offer Letter**

Upon satisfactory performance of the candidate, the Offer Letter is sent to the selected candidate. Candidates should confirm their acceptance in writing. A regret letter might be sent to candidates not found suitable during the interview.

**(x) Letter of Appointment**

The selected candidate must bring the relieving order from the previous organisation before joining duty. An appointment letter duly signed by the Appointing Authority is issued to the candidate at the time of joining.

**(xii) Joining Report**

On joining, the candidate should give the joining report and signed by the Principal and forwarded to the Main Office.

**D. Staff Appraisal Policy**

**(i) Purpose**

In an effort to recognize and reward the performance of employees, it is the organization's philosophy that the principal component to enhance compensation shall be through annual increment based on performance evaluation by APAC.

**(ii) Application of the Policy**

- a. The policy applies to all teachers, including the Head of the Departments, employed by the Institution except those who have less than one-year service.
- b. All regular employees are eligible for yearly increment based on the results of their Performance Appraisal conducted annually.
- c. All employees will be informed in writing about their annual increments after the Performance Appraisal.

**(iii) General Principles Underlying this Policy**

The performance of staff assessed through **3 criteria** for the purpose of annual increment.

<b>Criteria No.</b>	<b>Element of Criteria</b>	<b>Max. Score</b>	<b>% of Weightage</b>
I	Academic Results & Feedback	4 Marks	40%
II	Research & Development	3 Marks	30%
III	Supplementary Activities	3 Marks	30%
<b>Total</b>		<b>10 Marks</b>	<b>100%</b>

**Criterion -1** is mainly focused on the academic performance of staff which covers the teaching related activities, domain knowledge, semester results and students feed back in an academic year.

**Criterion -2** is mainly considered the faculty output in Research and Development activities in an academic year. Based on cadre of faculty, the expected output of R&D shall be categorized. R & D activities includes Research papers published in scholarly journals, Book publications, research projects, consultancy projects, organizing and attending conferences/seminars, workshops and FDPs.

**Criterion -3** covers curricular and extracurricular activities, counseling/mentoring of students, roles and contributions in Institutional Governance and administration, awards and achievements and Professional Development Activities.

The detailed evaluation procedure of each criterion is given in Institution manual.

**(iv) Grant/Award of Annual Increments:**

Increments shall be sanctioned by the Management as recommended by the Principal. The grant of number of increments is based on the score secured by the faculty out of the total score of 10.

<b>Secured Score</b>	<b>Grade</b>	<b>No. of Increments</b>
>= 7.5	A+	3 (Three)

<7.5 & >=6.5	A	2 (Two)
<6.5 & >=5	B	1 (One)
<5	C	No Increment

**(v) Special Allowance**

a. Teaching Staff with a cadre of Assistant Professor secured <6.5 & >=5 marks (1 increment) and secured full marks in results as per Criteria-1 (3 out of 3), the faculty will be given a onetime special allowance of Rs.5,000/-

**(vi) Termination/Serving Notice to Teaching Staff**

a) If a teaching staff falls in 'B' grade in 2 continuous years, the Management/Principal have right to terminate or service one month notice to staff for termination due to lack of improvement in performance.

b) If a teaching staff falls in 'C' grade, the Management/Principal have right to terminate the faculty immediately or service one month notice to staff for termination. In special cases, the Principal shall allow an opportunity to improve the performance with in one academic year.

**(vii) Letter of Annual Increment:**

All employees will be informed in writing about their annual increments after the Performance Appraisal.

**E. Staff Promotion Policy**

Any progressive institution should make sufficient provision for the satisfactory promotion of personnel to higher positions. Opportunity for promotion to higher positions within an organisation gives personnel an opportunity to fully utilize their abilities and therefore serves as a basis for motivation.

**General Principles underlying this Policy**

- ✓ The promotion of an employee is purely based on the merit cum seniority basis and vacancy position in the concerned department.
- ✓ All promotions shall be subject to completion of minimum qualifying period and other requirements such as employee's current academic performance, their research work, number of publications, commitment of the staff to the improvement of the institution etc.
- ✓ Promotion shall not be influenced by the employee's race, religion or gender.

- ✓ The promotion from Assistant professor to Associate Professor and Associate Professor to Professor post are purely vacancy based.
- ✓ Promotion are considered by a Committee consisting of the following:
  - Principal of the college concerned
  - Principal of another college within the group
  - HoD of the Department concerned
  - One Senior Professor of the Department and college concerned
  - HoD/Two Senior Faculty of concern Department of another college within the group
- ✓ The Screening Committee will review the performance appraisal, academic performance and other capabilities of each candidate and personally interview the candidates.
- ✓ The Committee, based on the above factors, shall prepare a list of candidates recommended for promotion in the order of merit and submit for approval. The list will be placed before the Governing Council along with the Service Register of the individuals for approval. The approved candidates shall be promoted from the rank of Assistant Professor to Associate Professor or Associate Professor to Professor.
- ✓ Those who are promoted shall be placed in the pay scale applicable to that category.
- ✓ All decisions on promotions shall be taken up in the month of June-July every year. However, the revised pay will be implemented with effect from the date of acquired Doctorate Degree/Submission of Provisional Certificate in case of Associate Professor and date of next increment due in case of Professor.
- ✓ Filling up of any post's consequent to retirement, resignation, termination, cessation of employment, transfer, demotion, promotion etc. of permanent incumbent shall not be automatic and will be done at the discretion of the Chairman/CEO/Principal.
- ✓ For Non-Teaching staff, time-bound Grade Promotions as stipulated in the Pay Revision will be granted.

**F. Welfare Facilities for Staff****(i) Provident Fund**

VIEW is committed to comply with statutory provisions of Employees Provident Fund Deduction will be made from the salary of employees and will be deposited to the designated provident fund accounts along with the contribution of the organisation as per the provisions of

the said Act. Employees must comply with the statutory requirements like nomination and can avail of such ensuing benefits as prescribed by law.

**(ii) Employees State Insurance (ESI)**

For Non-teaching Technical and Admin Staff - Employees State Insurance benefit (ESI) is covered for those employees who are coming under the purview of the ESI Act, 1948. The ESI benefits are Medical benefit, Sickness benefit, Maternity benefit, Disablement benefit, Dependents benefit, funeral expenses and other benefits.

**(iii) Group Medical Insurance**

To provide employee welfare through basic assurance of healthcare to employees and help them to meet unforeseen personal expenses arising from medical emergency. All regular and contractual employees of the Institute, including probationers will be covered. Annual entitlement of Group Medical Insurance is Rs.5,00,000/- (Rupees Five Lakh only). This can be used only by the individual or by the family members covered under this policy.

**(iv) Subsidized Transport Facility**

The institute buses are running on “No profit – No loss” basis.

- All the staff members who are drawing a salary of less than Rs.15,000 will be provided a free transport facility.
- The staff who are drawing a salary of above Rs.15,000 but less than Rs.20,000 will be given 50 per cent concession in transport charges.
- The staff who are drawing a salary of above Rs.20,000 will be given 40 per cent concession in transport charges.
- The applicable bus fees will be deducted from the salary of faculty.

**(v) Free boarding and Lodging**

Free boarding and lodging for certain faculties, Staff holding students hostel coordinator/student hostel sports coordinator/Assistant Warden Post.

**(vi) Free Tea / Coffee** is provided to the Teaching, Non-Teaching and Administrative staff during both the sessions.

**(vii) Non-Teaching staff, Maintenance Staff and the Drivers** are given free gifts, sweets and cloths during Deepavali festival.

**(viii) Travelling Allowance:**

Travelling allowance is in the nature of reimbursement of reasonable expenses incurred by the employee while travelling and halting at an outstation on official duty. All journeys shall be authorized by the competent authority i.e. Principal and necessary approval shall be obtained prior to proceeding on an official tour.

The Principal may sanction TA advance subject to the maximum of 75% of the expected expenditure. The mode of travel applicable, the daily allowance payable and the rates of local conveyance and accommodation charges reimbursable to various categories of employees are as follows.

***Mode of Travel:***

- |                                      |   |                   |
|--------------------------------------|---|-------------------|
| 1. Director/Principal/Vice Principal | - | Airfare/First A/c |
| 2. Professor/HOD                     | - | Second A/c        |
| 3. Associate Professor               | - | Third A/c         |
| 4. Assistant Professor               | - | Sleeper           |

Reservation charges, AC/Super fast surcharge, cancellation charges, bedroll charges are reimbursable. Normal service charges for booking of tickets by travel agent are admissible.

The institution may reserve and book to and fro air tickets through local travel agents. For rail and bus tickets, the person intending to travel may take necessary advance for booking such tickets.

<b>Director/Principal/ Vice Principal</b>	<b>Professor/HOD/Associate Professor</b>	<b>Assistant Professor</b>

Rs.1000 per day	Rs.500 per day	Rs.300 per day
-----------------	----------------	----------------

### G. Motivational Initiative Policies

It is a natural thing that nobody acts without a purpose behind. Therefore, a hope for a reward is a powerful incentive to motivate employees. Besides monetary incentive, there are some other stimuli which can drive a person to better. This will include job satisfaction, job security, job promotion, and pride for accomplishment. Therefore, incentives really can sometimes work to accomplish the goals of a concern. Therefore, management is offering the following categories of incentives to motivate employees:

#### (i) Faculty Awards

The institute shall offer incentives in the form of Cash awards, Mementos, Certificates to staff. The policy of incentives and the eligibility conditions should be made known to all the concerned and all announcements in this regard will be made public. The following incentives shall be operative.

##### 1. Pratibha Award:

“Academic Excellence Awards is a very commendable initiative”. It is very positive to have this common organization at VIEW at to award all-round efforts in academic excellence. Staff who makes an outstanding contribution to teaching & learning are awarded with “Pratibha (The Best Teacher) Award”. The award winners will be honored with a certificate and a cash award of Rs.5,000/- each.

#### Parameters considered for assessment:

- ✓ It will be rewarded subject wise i.e. the subject result during the academic year should be more than 5% of the last 3 years average result of the same subject (Or) the subject result must be 100% during the present academic year.
- ✓ Students feedback should be above 90%

##### 2. Sastra Award:

To encourage and appreciate research, Sastra Awards are presented to VIEW faculty who make a mark in research publications and presentations. Faculty research work is honored with cash awards for their outstanding contributions.

##### 3. Vishista Seva Award:

Employee's retention is one of the strengths of VIEW. All teaching and non teaching staff of VIEW who served the organization for about Ten years and more in Vignan Group are recognized for their service and are presented with Vishista Seva Award with a cash award of Rs.5000/-

#### 4. Vijetha Award:

Faculty at VIEW are recognized and honored for their individual academic and related achievements in their respective domains. Vijetha awards are presented to those faculties who have achieved awarded and recognitions in State/University/ /National/International Level are presented with Vijetha Award.

#### (ii) Research Incentives

At Vignan's Institute of Engineering for Women, Research is an integral part of the academic activity carried within various undergraduate and postgraduate programs. These different activities and initiatives over the last one decade are consolidated to prepare this Policy of VIEW on Promotion of Research & Innovation, Consultancy & Extension Services.

#### 1. Incentive for book publications

1. Full text book with single author : INR 20000
2. Full text book with two authors : INR 10000 each author
3. Full text book with multiple authors : INR 5000 each author
4. Chapter Contribution : INR 3000

*Note:* Published book or chapters or monographs must have 'VIEW' as the affiliation.

#### 2. Incentive for Research Publication

If a research paper is published based on his/her work in hard copy or in electronic form in a refereed journal, he / she will pay an incentive as indicated below.

SCI Journal	10000
Un paid Scopus Journal	7,500

The publications will be considered only if they are indexed in Web of Science or in Scopus. If the paper is contributed by more than one author the incentive will be shared among the faculty

#### (iii) Incentives for Presentation of Research Papers in Conferences/Seminars in India

- ✓ The International/ National conference must be of repute (viz. IEEE, Springer/Wiley etc.) and the hosting Institutions must be of Institutes of repute-IITs/IISc/NITs/IITs/ Universities/ Deemed Universities etc.
- ✓ The paper/article must be published in any National/International Journal/Conference proceedings.
- ✓ The faculty would be allowed OD + Registration fees on actual basis or Rs. 5,000/- whichever is less.
- ✓ TA/DA will be paid as per the Institute norms.
- ✓ In case of joint authorship only one faculty can avail the facility.
- ✓ Each faculty can present research papers in Conferences of repute twice in an academic year with financial assistance (limited to Rs. 10,000/- only).
- ✓ Maximum number of ODs is limited to one week during lean period. Number of ODs during the academic period is subject to prior approval of Principal.
- ✓ Only Oral presentation of research papers is acceptable.

**(iv) Incentives for Presentation of Research Papers in Conferences outside India/Abroad.**

- ✓ The faculty has to approach AICTE (which provides 100% funding subject to meeting their norms) for Travel Grant or other Funding Agencies of Govt. of India.
- ✓ It has been observed that some of the proposal may not meet AICTE norms besides paucity of funds with them because of their All India Scope. Therefore, VIEW may also consider funding for International Conferences on case to case basis, subject to 60% to be paid by the candidate and 40 % by VIEW with the candidate having at least 5 years service in VIEW. Also, the candidate should register for Ph.D after coming as soon as possible.
- ✓ The staff who wish to apply for incentives for paper presentation in the International conferences abroad need to get approval from Chairman/CEO at least one Month in advance.

**Note:**

1. The Incentive under the category of Presentation of Research Papers in Conferences in India/Abroad (6.3 & 6.4) will be paid only after submission of duly filled application and attaching copies of evidence countersigned by the HOD and R&D Coordinator.

2. However the faculty can apply for travel advance to the maximum of 75% of the expected expenditure subject to approval of the Principal.

**(v) Incentives for attending Workshops/FDPs**

- ✓ The Workshops/Symposium/FDPs hosting Institutions must be Institutes of repute-IITs/IISc/NITs/IITs/IIM/Universities/Deemed Universities etc.
- ✓ The faculty would be allowed OD+ Registration fees on actual basis or Rs. 5,000/- whichever is less, when the Workshops/Symposium/FDPs have minimum of 3 days duration.
- ✓ The faculty would be allowed OD+ Registration fees on actual basis or Rs. 3,000/- whichever is less, when the Workshops/Symposium/FDPs have less than 3 days duration.
- ✓ TA/DA will be paid as per the Institute norms.
- ✓ Each faculty can attend Workshops/ Symposium /FDPs of repute twice in an academic year with financial assistance. However, financial assistance is limited to Rs. 10,000/- only.
- ✓ Maximum number of ODs is limited to one week during lean period. Number of ODs during the academic period is subject to prior approval of Principal.
- ✓ Minimum service clause is not applicable to attend conference/symposium/FDP
- ✓ Faculties going for attending FDPs outside need to disseminate knowledge / information by organizing faculty Development Program (FDP)/ Student Development Program (SDP)/ Student Workshop/ Summer etc for the benefit of Faculty and Students in their respective departments.
- ✓ The OD and Registration claim under Research Incentive Schemes (RIS) of VIEW must be made within a month in the prescribed form.

**(vi) Incentive for Generation of Research Grants**

- ✓ Faculty members are expected to submit proposals for research grants from funding agencies. It is quite likely, that these projects may involve modernization of laboratories, acquiring of equipment required specific to the research study or conducting of surveys etc.
- ✓ The incentive will be linked to the total amount of research grant sanctioned by the sponsoring agency. The incentive will be 20% of the research grant received from the funding agency.

- ✓ Since the amount being released in phases, the incentive(s) paid is also proportional to the amount received by the Institute.

**(vii) Incentive for Consultancy work**

To encourage genuine consultancy work from the faculty, VIEW announces a policy whereby the faculty can claim 100% of the amount charged under the consultancy work. This is subject to the following conditions:

- ✓ Faculty should be the sole in-charge of the consultancy work
- ✓ The said consultancy work should be undertaken post the approval of the principal and the agreement should be undertaken between VIEW and the concerned third party
- ✓ The payment for the consultancy work should be credited to VIEW which will further be passed on to the faculty.

**(viii) Incentives for Professional Body Membership**

- ✓ All faculty members on roll of VIEW having more than Five SCI/ SCOPUS research papers, acquiring membership for National and International professional societies are eligible for reimbursement of 50% of cost of membership registration fee subject to Maximum of Rs.10,000.
- ✓ Maximum of Rupees Ten Thousand (Rs. 10,000) will be paid for International society membership and Rupees Five Thousand (Rs. 5,000) for National society membership and Rupees Two Thousand (Rs. 2,000) for State Level Membership.
- ✓ Incentive claim under Research Incentive Schemes (RIS) of VIEW must be made within a month of registration with the professional bodies.

**(ix) Incentives for Research Awards/Any recognition received by the faculty from reputed Professional Bodies and Agencies (For which Vignan has not provided any funding)**

Awards Received from Agencies	International Level	National Level	State level	University Level
Incentive (INR)	10000	5000	2000	1000

**(x) Incentive for Doctoral Research Guidance**

Description	Supervisor	Co-Supervisor
-------------	------------	---------------

Incentive	10000	5000
-----------	-------	------

### **H. Staff Exit Policy**

The purpose of this policy is to identify academic, organizational or human resource factors that have contributed to an employee's decision to leave the employment. This also helps to enable the management to identify any trends requiring attention or any opportunities for improving the management's ability to respond to employee issues. It enables the Institute to improve and continues to develop recruitment and retention strategies aimed at proper talent nurturing/management.

This policy covers the procedures to be adopted when any employee of the Institute leave employment for whatever reason.

#### **Scope:**

This policy applies in the case where in the employees who resign and get relived after serving or getting the notice period served.

#### **Objectives of the Policy:**

The purpose of conduction of the exit interview is to:

- a) Try and retain the employee by addressing his/her grievance and expectations
- b) Try and find out exact reasons for resignation and
- c) To suggest to Management remedial measures to reduce further attrition.

#### **Voluntary Participation and Confidentiality**

Employees are responsible for participating in the exit interview process on a voluntary basis. If an employee chooses to participate in an exit interview, he/she will be encouraged to be honest, candid, and contractive in their responses. The information received through Exit Interviews will be confidential. No specific information that could possibly be traced back to an ex-employee will be disseminated or discussed.

#### **Exit by Resignation**

- a) If any staff member wants to resign from the job, the concerned staff member shall give a minimum of one month / 30 days advance notice or as per the conditions specified in the appointment order about his / her intention of leaving job, only at the end of the academic year to the Principal in writing.

- b) In case, where the end of notice period falls during the course of a semester, he / she may be relieved only at the end of the semester.
- c) The un-availed leave at the credit of the staff member shall not be adjusted towards the notice period.
- d) In case if, he / she takes leave for a day, then the leave availed will be treated as on loss of pay with the cut in the salary for the day during the notice period.
- e) While getting relieved, files, materials and documents, etc., entrusted to him / her shall be handed over to the person nominated by the HOD under proper acknowledgement.
- f) The staff member can apply for his/her the relieving order from the Institution only after the submission of “No Dues Certificate” in the prescribed form along with a copy of handing over charge record in case if he/she happens to be in-charge of the laboratory.
- g) Any staff member may be relieved immediately if he / she gets a Government Job or the concerned individual’s spouse is transferred or he / she is getting married. But this is subject to the discretion of the management after assessing the merit of the request.
- h) The Principal reserves the right to waive – off / reduce the notice period.
- i) The Principal will arrange an Exit interview with the staff after the acceptance of his/her resignation with a view to obtain a candid feedback.

**Exit by Termination**

- a. The Institution may terminate the services of an employee under special circumstances, such as reduced workload, performance not satisfactory as seen from the feedback and report of HODs, or if found medically unfit, after giving one month notice or pay in lieu thereof.
- b. No such Notice shall be necessary, if the termination is as a result of proven misconduct after an enquiry conducted in accordance with the college Rules.

**Procedure and Reporting of Policy:**

1. A committee comprising of Academic Director, Principal and Dean of Administration should conduct the exit interview after the confirmed leaving date has been received by HR Department of any particular staff member.
2. The employee will be asked a standard set of question and given a chance to discuss additional information they feel would be beneficial for the Institute working.

3. Academic Director, Principal will fill the exit interview form in prescribed format (Annexure-II).
4. The information will be analyzed regularly by Human Resources Department to identify areas or determine trends that may need to be addressed. Periodically, human resources Department will share their analysis and recommendations with designated members of the Staff/Dean-Admin/Principal/Academic Director.
5. The analysis and review will include
  - Appropriate statistical information regarding the number and distribution of employee departures during the preceding year and her/his reasons for leaving;
  - An analysis and discussion of any trends or common themes which are suggested by the exit interview feedback.
  - A summary of any actions or interventions taken during the year on the basis of exit interview information.

**Issue of Service Certificate:**

Every permanent employee shall be entitled to a Service Certificate at the time of leaving the service of the Institution. Such Certificate shall be valid if it is issued and signed by the Principal.

**10.1.3. DECENTRALIZATION IN WORKING AND GRIEVANCE REDRESSAL MECHANISM (10)**

*(List the names of the faculty members who have been delegated powers for taking administrative decisions. Mention details in respect of decentralization in working. Specify the mechanism and composition of grievance redressal cell including Anti Ragging Committee & Sexual Harassment Committee)*

**10.1.3 (A) Decentralization in working:**

A core team of about 20 members owns and lead the major processes in the institute to see that all these processes are intact. The responsibilities of the decision makers are discussed in Table 10.9. In decentralization every member has freedom for their responsibilities, which helps in speedy completion of assigned tasks.

**Table 10.9 List of faculty members who are administrators/decision**

Sl. No	Name	Responsibility
--------	------	----------------

1.	Prof.A.Sesha Rao	Academic Director
2.	Dr.J.Sudhakar	Principal
3.	Dr.P.S.Ravindra	Dean of Administration
4.	Dr.B.Prakash	Head of Department-Information Technology
5.	Dr.K.Vijaya Kumar	Head of Department-Computer Science & Engineering
6.	Dr.K.Durga Syam Prasad	Head of Department-Electrical & Electronics Engineering
7.	Dr.Ch.Ramesh babu	Head of Department-Electronics & Communication Engg.
8.	Dr.M.Nagendrababu	Head of Department-Mechanical Engineering
9.	Dr.K.Chaitanya	Head of Department-Basic Sciences & Humanities
10.	Dr.M.Pardha Saradhi	Head of Department-Master of Business Administration
11.	Mr.A.Ganapathi Rao	In-charge: Examinations
12.	Dr.Akanksha Mishra	Coordinator-IQAC
13.	Dr.M.Nagendrababu	In-charge- Training and Placements & Coordinator-R&D
14.	Mr.I.Raju	In-charge- System Cell
15.	Dr.S.Ramesh	In-charge- Entrepreneurship Development Cell
16.	Dr.K.Kushal Kumar	In-charge- Discipline Cell, Library & Physical Education
17.	Dr.K.Jyothsna	In-charge- Women Grievance & Anti-Sexual Harassment Cell
18.	Mrs.S.Kalyani	In-charge- Grievance and Redressal Cell (GRC)
19.	Mr.K.Suryanarayana Rao	In-charge- Anti Ragging Cell
20.	Mr. Y.Sai Krishna	Campus Manager

**10.1.3 (B) Mechanism of Grievance Redressal Cell**

The Institution has set up the following cells to address any grievance received from students and staff and recommends appropriate action to the authorities.

- (i) Grievance and Redressal Cell (GRC)
- (ii) Anti Ragging Cell (ARC)
- (iii) Women Grievance & Anti-Sexual Harassment Cell

**(i) Grievances Redressal Cell (GRC)**

As per All India Council for Technical Education Establishment of Mechanism for Grievance Redressal Regulations, 2012, F. No. 37-3/Legal/2012, dated 25.05.2012. Vignan's Institute of Engineering for Women is committed to providing a harmonious & fair learning environment.

Students and Staff have access to processes that allow for appeals, complaints and grievances that are to be resolved. Student and staff grievance resolution process seeks to facilitate their formal resolution of grievances as close as possible to the source of the aggrieved person's dissatisfaction, though there will be instances when either students may choose to lodge a formal appeal or a grievance needs to go to a higher authority for resolution.

The institute has the following mechanism to analyze the grievances.

1. Suggestion boxes are placed on all corridors in the Institute to lodge the feedback/complaint/suggestion of all stakeholders.
2. The committee should meet once in a month to investigate the complaints raised by students and staff, if any.
3. The duty of Grievance Redressal Cell is to provide a fair representation for all the concerned parties.
3. During the course of the investigation, the investigator will maintain careful notes of interviews with the aggrieved member and relevant witnesses.
4. In addition to the written statements and testimony of the student and the faculty member, the committee may collect and consider any information it deems relevant and hear from anyone it deems to have relevant information. Both the student and faculty member may suggest the names of persons with relevant information, but the committee makes the final decision about whom to interview.
5. The proceedings and the committee's deliberations will be confidential and not to be open to the public.
6. After investigation upon grievances received, the committee members prepare a report and forwarded to Principal for further action.
7. Thereafter, the principal on reviewing and understanding the level of the problem forwards the same to the management committee for necessary action.

**Table 10.10** Composition of Grievances Redressal Cell

<b>Sl.No</b>	<b>Name of the Staff</b>	<b>Designation</b>	<b>Role</b>
1.	Dr.J.Sudhakar	Principal	Chairman

6.	Dr. G.V.Ramakrishna Rao	Assoc.Prof, MBA	Member	9642144268

**Duties & Responsibilities**

1. Should meets often to discuss the steps to be taken to prevent ragging in the campus.
2. Mandatorily, anti-ragging undertaking is taken from students and their parents at the time of admission.
3. Awareness programs are conducted to the students in association with AP legal Services Authority, Local Police, Progressive Psychologists Association and various NGOs about ragging act, punishments and consequences.
4. Posters depicting the anti-ragging act and its punishments are displayed on all notice boards, corridors and at the canteen.
5. Contact numbers of the anti-ragging committee members are displayed at various sensitive places across the campus.

**(iii) Women Grievance & Anti-Sexual Harassment Committee/Cell (WG & ASHC):**

A Women Grievance & Anti-sexual Harassment committee is established in the college to ensure safe and healthy working environment for the female students and staff. The cell plays dual role. The Cell is required to work in the direction of providing help to any female complaining of discrimination, either gender discrimination or otherwise, any kind of abuse, loneliness, peer pressure, groupism, home sickness, insecurity and/or inferiority complex in terms of physical appearance, hostel issues, harassment from room-mates, adjusting and adopting to the new environment etc.

The Cell also deals with issues relating to sexual harassment at the college as per the guidelines of Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal)

Act, 2013. It is applicable to all students, staff and faculty. The following is also sexual harassment and is covered by the committee:

- Eve-teasing, Unsavory remarks,
- Jokes causing or likely to cause awkwardness or embarrassment,
- Innuendos and taunts, Gender based insults or sexist remarks,
- Unwelcome sexual overtone in any manner such as over telephone (obnoxious telephone calls) and the like,
- Touching or brushing against any part of the body and the like,
- Displaying pornographic or other offensive or derogatory pictures, cartoons, pamphlets or sayings,
- Forcible physical touch or molestation and Physical confinement against one's will and any other act likely to violate one's privacy.

**Table 10.13** Composition of Women Grievance and Anti-Sexual Harassment Committee

Sl. No	Name	Designation	Position	Phone No.
1.	Dr.K.Jyothsna	Assoc.Prof-BS&H	President	8985367040
2.	Dr.Akanksha Mishra	Assoc.Prof-EEE	Vice-President	9704559874
3.	Mrs.K.Vahini	Asst.Prof-MECH	Secretary	9491992944
4.	Mrs.P.Rajya Lakshmi	Advocate	Adviser	9290442757
5.	Dr.P.Vijaya Bharathi	Assoc.Prof-CSE	Dept.Coordinator	9849819662
6.	Mrs.T.Sandhya Kumari	Assoc.Prof-ECE	Dept.Coordinator	9949873848
7.	Ms.B. M. Pushpa Latha	Assoc.Prof-EEE	Dept.Coordinator	9640782871
8.	Mrs.S.Kalyani	Assoc. Prof-IT	Dept.Coordinator	9491162578
9.	Mrs.K.Vahini	Asst.Prof- MECH	Dept.Coordinator	9491992944

11.	Dr.K.P.Suhasini	Assoc.Prof-BS&H	Dept.Coordinator	9885218954

**Mechanism for complaints on Sexual Harassment:**

A written complaint is required to be taken from the aggrieved person, necessary action to be taken, preferably to settle the matter through counselling and conciliation as soon as possible. In case the matter is not so sorted, inquiry to be conducted and matter to be sorted out within 10 days from the date of complaint. The members to be vigilant all the time and ensure that there is

no such incident taking place in campus by creating awareness and having an open dialogue with all the students. Following are the Guidelines to be strictly followed

- The complainant will have to submit a written and signed complaint addressed to the Presiding officer of the Cell
- The students/staff can give a complainant through e-mail to [viewfeminawing@gmail.com](mailto:viewfeminawing@gmail.com)
- The counselor will call the complainant for a personal meeting, usually within a week from the submission of the written complaint
- The members of the Cell will discuss the complaint
- If the case falls outside the purview of the Cell, the complainant will be informed to Director
- If the case comes under the purview of the Cell, an enquiry committee will be set up
- The Committee will submit a report and recommend the nature of action to be taken at the earliest by Director
- If any legal action is required with the help of advocate member of the cell complaint is forwarded to police.

#### 10.1.4 DELEGATION OF FINANCIAL POWERS (10)

*(Institution should explicitly mention financial powers delegated to the Principal, Heads of Departments and relevant in-charges. Demonstrate the utilization of financial powers for each year of the assessment years)*

Institution should explicitly mention financial powers delegated to the Principal, Dean-Admin and Heads of Departments. Demonstrate the utilization of financial powers for each year of the assessment years

#### **Finance Committee:**

Finance Committee of the institution shall be the key body which will monitor and manage the financial sustainability of the institution. Finance committee is an advisory body to the Governing Body and reports/recommends from time to time regarding the matters related to budget estimates, income from fees etc. The term of the members of the finance committee will be for the two years and shall be re-constitute by the Principal.

**Table 10.14** Composition of Finance Committee

Sl. No	Name of Committee Member	Designation	Position
--------	--------------------------	-------------	----------

1.	Dr.J.Sudhakar	Principal	Chairman
2.	Prof.A.Sesha Rao	Academic Director	Member
3.	Mr.N.Srikanth	Executive Director	Member
4.	Dr.P.S.Ravindra	Dean-Admin	Member
5.	Mr.Suresh	Head of Accounts-VIEW	Member
6.	Mr.I.Rama Rao	External Auditor	Member
7.	Mr.Suresh	Statutory Auditor, LES	Member

The functions of the finance Committee are as follows:

1. To monitor and manage the budget estimation relating to the Income from fees collected etc.,
2. To manage the annual budgets and utilization reports submitted by the individual departments
3. Audited account for the above and Department level Financial Delegation

**Financial powers delegated to the Principal, Dean-Admin, Heads of Departments and relevant in-charges**

1. The Principal of the institution have complete financial powers pertaining to the college.
2. The Principal acts as the joint signatory of all the college financial accounts.
3. The Principal is empowered to sanction the requisite amount of money after getting approval from the Finance committee.
4. Dean of Administration can spend up to Rs. 10,000. In addition to it all pre approved recurring expenses can be cleared by DoA.
5. The HODs are delegated to use Rs 5,000 contingency in emergency purchases and repairs for the smooth running of the department.
6. Annual Budget for the institution is prepared by the Finance committee at the beginning of the year, by considering the possible income and expenditure involved. It is approved in the GB meeting.
7. The HOD is the in-charge for the equipments and stores attached to the department concerned. HOD prepares the lists of items of stores to be replenished at periodical intervals and arrange for the purchase of stores.
8. As stated in table 10.9 above, Institution purchase committee carefully scrutinizes and allocates required funds to each department after acquiring proposals from all the departments regarding their requirements for the academic year.

9. The Purchase Committee will go through the quotes and recommendations of the user and advise the concerned HOD. The concerned HOD will forward the recommendations of the Purchase Committee along with remarks to the Principal.

10. The Dean-Admin will scrutinize the comparative statement and give his remarks and send the file back to the concerned department. The HOD shall take copies of the comparative statement and the quotations and send the originals to Purchase Department for further action.

11. The Dean-Admin will place order after taking approval of Principal & Executive Director.

12. Vouchers support all transactions. All bills/invoices/vouchers are scrutinized by account staff and approved by the Dean-Admin and Principal.

13. The bill payments are passed after ensuring proper verification/evaluation of the items. Only duly authorized persons to operate the transactions through the bank.

14. Audited financial statements including Income and Expenditure Account, Balance Sheet etc. are prepared by qualified auditors and submitted to banks and other regulatory agencies.

**Utilization of financial powers for each of the assessment years:**

The following table demonstrates the Financial Utilizations by Principal, Dean Admin, and HODs for the last 3 assessment year i.e.2017-18, 2018-19 and 2019-20.

**Table 10.15** Financial Utilizations by Principal, Dean Admin, and HOD

	<b>HOD</b>	<b>Dean-Admin</b>	<b>Principal</b>
<b>CAY (2019-20)</b>	Utilization: 1. Printers Cartridge Refilling cost 2. **10.1.5. TRANSPARENCY AND AVAILABILITY OF CORRECT/UNAMBIGUOUS INFORMATION IN PUBLIC DOMAIN (5)**

*(Information on policies, rules, processes and dissemination of this information to stakeholders is to be made available on the web site)*

Effective governance, leadership and management are evident from its long history of disturbance-free performance in imparting quality technical education. It is mainly because of the highly responsive compact management which gets constant inputs and feedback from the administrative and academic heads, experts, alumni, faculty, students, and supporting staff.

**Information on the policies, rules, processes:**

1. The Institution has its own HR policies, Service Rules and Processes that are disseminated to the stake holders through the institutional website <http://view.edu.in/admsrpp.php>
2. The Vision, Mission and objectives of the institution are displayed in the College campus at Notice boards, Department Notice boards, Canteen, Hostel building, library and other prime locations to engross the attention of all students, faculty, staff and visitors. The same is also communicated through college website and Newsletter to all the stakeholders for wide publicity.
3. The web-site ([www.view.edu.in](http://www.view.edu.in)) of the institution publishes the information pertaining to the institute and programs for circulation to stakeholders and the general public.
4. Annual audited reports are published and available to the stakeholders and public in the college website.
5. The student admissions are transparently filled through a separate single window system of the government of Andhra Pradesh. Admission to UG is done through APEAMCET and admission to PG programs is done through APPGCET & APICET.

**Dissemination of the information about student, faculty and staff**

1. Information such as Internal marks scored by students, Shortage of attendance, if any, examination schedule, availability of scholarships, opportunities for students etc. are promptly displayed on Notice Boards.
2. Criteria for student scholarships, faculty awards etc. are informed well in advance so that equal opportunity is given to all individuals concerned.
3. At the beginning of every academic year the college brings out a broucher, which contain all the information like departments profile, faculty details, students result, achievements, placement records and other information required by a student to carry out her studies in the college.

4. Notices or Circulars concerned to students are circulated in the class rooms and displayed on the notice boards.
5. Circulars or notifications from the university regarding academic matters are sent to all the Heads of the departments and circulated among the faculty members and students.
6. The institution is transparent in providing timely information to its staff enabling better connectivity and proficiency in day-to-day academic and administrative works.
7. An SMS alert is sent to parents/guardians if their ward fails to attend the classes.
8. Regularly we intimate to parents/ guardian regarding the attendance and academic progress of their wards through registered post with acknowledgement.

**10.2. Budget Allocation, Utilization, and Public Accounting at Institute level (30)**

*(Summary of current financial year's budget and actual expenditure incurred (for the institution exclusively) in the three previous financial years)*

Total Income at Institute level: for CFY, CFY<sub>m1</sub>, CFY<sub>m2</sub> and CFY<sub>m3</sub>

**10.2.1. Adequacy of budget allocation (10)**

*(The institution needs to justify that the budget allocated during assessment years was adequate)*

The yearly budget is prepared according to the needs & requirements of the departments taking into consideration of annual intake of students, laboratory & infrastructure developments. Components include Students, faculty & staff requirements and promotions and latest technologies etc. Formal budget estimates will be prepared by each department and will be reviewed in HODs meeting with the Principal. After deliberations, formal budget made altered in departments and forwarded to Principal for preparing the final budget at the college level. The final budget is sent to Management for approval and sanction. The Management is approving almost 100% which was proposed by the institute. The budget allocation and utilization for the last three years is adequate.

<b>Total Expenditure per student</b>	<b>64,541</b>	<b>58,801</b>	<b>54,196</b>	<b>50,952</b>

**Analysis on Adequacy:**

- The total budget allocation and utilization have followed established norms in terms of contribution to salaries, administrative expenditure and Non Recurring expenditure to the total expenditure.
- Total budget of the institution has increased by 38% in the past 4 years which is in lines with the increase in student strength
- Total salary expenditure is at a healthy range of 40.73% to 48.29% of the total recurring expenditure in the assessment years
- Total administrative and finance cost is within a range of 23.65% to 32.72% which is as per the accepted standards and it also indicates that the institute has been growing.
- Total nonrecurring expenditure is within a range of 17.91% to 21.94% of the total expenditure of the institution showcasing the commitment towards growth and preparations for the future.
- The average expenditure per student has been growing consistently at an average of 8.21% over the past 4 years which indicating a healthy growth and development in all parameters.

**10.2.2. Utilization of allocated funds (15)**

*(The institution needs to state how the budget was utilized during assessment years)*

2016-17	86,558,949	110,617,386	24,058,437	42,402	64,541

**Utilization:**

- Total utilization of allocated funds to majority elements has been at a healthy range of 92% to 106% of the budgeted expenditure in the past 4 years
- Salaries at the institution have increased by 31.04% from 2016-17 to 2019-20 indicating an average growth of 10% per annum indicating a healthy improvement in staff numbers and also healthy increments for the staff members.
- An appropriate utilization of allocated fund to Infrastructure Built-up has been taken place in all the assessment Years, which indicates the institute is able to accrue a significant portion of the nonrecurring expenditure from internal accruals indicating a healthy growth.
- Total nonrecurring expenditure has increased from 2.07 crores to 3.14 crores due to the focus of the institution on infrastructure improvement and establishing state of the facilities
- The expenditure over income of the institute stand for the cost incurred for infrastructure development which is adjusted from the other units of Lavu Educational society which indicates the commitment of the institution towards its vision to provide competent women technical power keeping the demands of the industry along with providing a robust economic boost to the family in the form of a technically educated and trained woman professional.

**10.2.3. Availability of the audited statements on the institute's website (5)**

<b>Total Expenditure</b>	<b>321,700</b>	<b>100.00</b>
--------------------------	----------------	---------------

Table 4 :: CFYm3 2016-2017

<b>Items</b>	<b>Budgeted</b>	<b>Percentage of Allocation</b>
Laboratory Equipment	12,000	7.50
Software	2,200	1.38
Laboratory Consumable	4,000	2.50
Maintenance and Spares	55,000	34.38
R&D	68,000	42.50
Training and Travel	16,000	10.00
Miscellaneous Expense	2,800	1.75
<b>Total Expenditure</b>	<b>160,000</b>	<b>100.00</b>

**Analysis on Adequacy:**

- The total budget allocated as per the requirements of the Department to meet the established norms of statutory bodies.
- Total budget of the department has increased by 70% in the past 3 years which is in lines with the increase in student strength.
- In order to develop effective teaching-learning process among the students and staff, allocated majority of department budget towards lab equipment and software during the last two years.
- To meet the curriculum requirements, established a new computer laboratory with necessary equipment.
- All the labs are well established and maintain the consistency of labs, allocated major budget for maintenance and spares followed by R&D.
- To develop employability as well as entrepreneurship skills including **Product Development Training** and also promote more research activities among the students and staff, faculty members are motivated to participate workshops and FDPs, so that spent more budget for R&D.

**10.3.2 Utilization of Allocated Funds (20)**

*(Program needs to state how the budget was utilized during the last three assessment years)*

**Table 1 :: CFY 2019-20**

<b>Item</b>	<b>Budgeted</b>	<b>Utilization</b>	
Laboratory Equipment	80,000	74,663	93.33

Miscellaneous Expense	2,800	2,683	95.82
<b>Total Expenditure</b>	<b>160,000</b>	<b>152,756</b>	<b>95.47</b>

**Utilization:**

- Proposed budget sanctioned by the management, we purchased the lab equipment and software and also given training to the students as well as faculty as per the vision and mission of the Department.
- Total utilization has been at a healthy range of 95.47% to 97.65% of the budgeted expenditure in the past 4 years.
- The department is able to accrue a significant portion of the nonrecurring expenditure from internal accruals indicating a healthy growth.
- Total expenditure of the department drastically increased in the last 4 years due to the focus of the department on infrastructure improvement and establishing state of the facilities.

**10.4. Library and Internet (20)**

*(Indicate whether zero deficiency report was received by the Institution for all the assessment years. Effective availability/ purchase records and utilization of facilities/equipment etc. to be documented and demonstrated)*

The Institute Central Library aims to providing access to its Printed resources as well as Electronic Resources for the use of faculty and Students at the college campus. The Staff and students have unlimited access to a wealth of Information found in resources like books,

magazines, Journals, Hand Books, Annual reports and the Internet. In addition, the library offers spacious seating arrangements and a calm ambience for learning.

**Zero Deficiency:****Table 10.16** Zero Deficiency report

#### 10.4.1. QUALITY OF LEARNING RESOURCES (HARD/SOFT) (10)

The central Library is a proud partner in the Institute's march towards its vision playing a vital role in acquisition, organization and dissemination of knowledge. The main thrust of the library continues to be the improvement of the quality of services and facilities, achieving higher degree of user's satisfaction and modernization of its activities and operations. The Central Library is totally Air Conditioned, presently covers a total user area of 571.91 sq. mtrs, with a seating capacity of 175 and caters to the information needs of the faculty, staff and students. The Central Library has Text book section, Circulation section, Reference books, Periodical Section with rich collection of Journals and books. The separate departmental libraries are establishment in each department for quick access purpose in addition to the central library.

##### Library Collection:

The Vignana Vahini Library has a huge collection of 27784 books with 5676 titles on various subjects including technical, managerial and humanities and reference books covering biographies, dictionaries, yearbooks etc. The library subscribes 108 National, International print journals and Magazines, 5230 e-journals, and holds over 1018 project reports. The Learning materials, Previous Question Papers, Project Reports of all departments are made available

##### Library e-Resources:

The Digital Library has 15 computers and several E- Resource of e-journals, e-books, video lectures (like NPTEL), audio lectures of various publisher are made available in the Digital Library for effective teaching learning process.

##### Library Automation and Security:

The Central Library employs Barcode technology for access control, automatic issue and return of library books. Automation of library services enables library staff to assist the students for more time in their search for quality learning resources.

**10.4.1.1 Relevance and availability of learning resources:**

The procurement of the books is decided based on the library advisory committee which consists of all the departments. Selected students from III and IV year of Engineering are also members of the library advisory committee. This committee recommends the titles and authors which are relevant for the courses, and of latest publications. The committee also recommends on the procurement of e-books and e-journals. We implement all the recommendations of the advisory committee.

The following table gives the number of titles and volumes available in central library.

<b>No of Titles and Volumes: 30-06-2020</b>		
<b>No. of Titles: 5676</b>		
<b>No. of Volumes: 27784</b>		
<b>Academic Year</b>	<b>No. of Titles added</b>	<b>No. of Volumes added</b>
2019-20	126	555
2018-19	124	1039
2017-18	183	1708
2016-17	181	1702

The below table gives the number of titles and volumes program wise in the central library.

**Table 10.19** Program Wise Number of Titles and Volumes

<b>S. No</b>	<b>Subject</b>	<b>No. of Titles</b>	<b>No. of Volumes</b>
1	Computer Science Engineering	927	4324
2	Information Technology	813	3312
3	Electronics and Communications Engineering	921	4314
4	Electrical and Electronics Engineering	826	3819
5	Mechanical Engineering	712	3013
6	Master of Business Administration	731	5027
7	Sciences & Humanities	318	2762
8	General Books	428	1213

	Total	5676	27784
9	E-Books	1784	1784
10	<u>Book Bank Books:</u>		
	i) SC BOOKS	93	165
	ii) ST BOOKS	25	25

**Scholarly Journal Subscription:**

Academic Year	No. of Total Technical Journals/Magazines subscribed (Hard Copy)	Internationally acclaimed titles in (Softcopy)
2019-20	108	<ul style="list-style-type: none"> <li>• IEEE</li> <li>• IEI</li> <li>• J-Gate</li> <li>• DELNET</li> <li>• N-Digital</li> </ul>
2018-19	104	<ul style="list-style-type: none"> <li>• IEEE</li> <li>• IEI</li> <li>• J-Gate</li> <li>• DELNET</li> <li>• N-Digital</li> </ul>
2017-18	101	<ul style="list-style-type: none"> <li>• IEEE</li> <li>• IEI</li> <li>• J-Gate</li> <li>• DELNET</li> <li>• N-Digital</li> </ul>

**Availability of Digital Library Contents:**

Following digital contents are made available

Content	Accessibility	
NPTEL Video Lecture	Access Provided to NPTEL Video Lecture Content	YES, through local Server
National Digital Library of India (NDL) IIT Kharagpur	Membership to NDL Digital Library of India	YES

Availability over Intranet /Internet	YES	
No. of users per day:	25 - 35 Per Day	

#### ***10.4.1.2 Accessibility to Students:***

1. The Library is open for all users from 7.30 am to 5.30 pm. The library hours are extended on the basis of need during examinations.
2. Regular class time tables of all programs allot one period a week for library study.
3. The students utilize the library study period. In addition, many students spend many more hours in the library studying on their own.
4. The use of library by students is generally more during examination period.
5. Digital Library is also available to the students with free internet Access.
6. The library provides IP enabled access to a large number of full texts online journal databases from the various publishers.
7. In the library the staff helps the students to register National Digital Library for self learning. The staff also helps the students to register with NDL.

#### ***10.4.1.3 Support to students for self learning activities***

1. A digital library is setup to facilitate online access of the information.
2. The search and download functions are free of cost for all the users.
3. Students can access digital resources through the systems and download the required books / publications.
