## About the Institute

Vignan's Institute of Engineering For Women, established in the year 2008, has been in the forefront of technical education services especially for women engineering aspirants. It is offering Graduate and Post Graduate courses in Engineering in the streams of EEE, ECE, IT, CSE & ME. MBA is too offered. Over the years the institution has registered impressive growth rate in academics and R&D. Since the beginning the students of the college have

made it a regular habit to top the performance charts of JNTUK examinations. Through several extension activities the institution is reaching out to the society nearby. The institution is having sophisticated laboratories, well ventilated class rooms, play grounds and hygienically maintained canteen facilities. Located in a lush green ambience the campus offers serene environment for studies.

## Vision

To be a leading institution of women empowerment producing internationally accepted professionals with psychological strength, emotional balance and ethical values.

## Mission

- M1** : To empower women engineers through innovative teaching-learning practices.
- M2** : To encourage for higher education and research with well-equipped laboratories.
- M3** : To promote entrepreneurship through creativity and innovation.
- M4** : To promote environmental sustainability and inculcate ethical, emotional and social consciousness.

## About the Department

The Department of Basic Sciences & Humanities, established in the year 2008, has been the backbone of the engineering college by offering courses in Mathematics, Physics, Chemistry, Statistics, English and Environmental Science to the first year as well as second year students depending curriculum generated by the affiliating University. Apart from delivering the curricular content, the Department takes active role in imparting the necessary life skills and technical skills required for a budding engineer by including some short term courses as well. This will expand the scope and horizon of the young students. The department boasts of well qualified and experienced faculty and efficient infrastructure. The students in the first year have topped the University exams consecutively. Students regularly participate in the social service activities and co-curricular activities.

## About the Course

We will learn the ways that women struggled to loosen the constraints of family by proclaiming that they, like men, possessed individual rights.

## Objectives

By the end of this course, students should be able to;

- Relationship between race, class, and gender has impacted the kinds of work that different women do.
- The ways in which women shaped and participated in the revolution, and what it meant for women.

## Outcomes

The student shall be able to

- How women began their involvement in political activity and moral reform campaigns and how the rise of an independent movement for women's rights in the modern era came about.
