This is to bring to your kind attention about the discrepancy in the laboratory internal marks of our student
19525A0403

She got transferred from college (Code:52) to our college (Code:NM) after completing her two years of study at the other college.

In the recently conducted Semester Internal Exams her marks have been uploaded to you in the month of April 2021. Found a **discrepancy** is there. This matter we have pointed to you on 29th April through mail. Now again we **have found that the marks have not been updated in PDF proof**. Still it is showing Zero marks. We request you to kindly look into the matter and update the marks..
