Visakhapatnam.

To
Dr. V.Ananda Babu,
Associate Professor,
Department of Mechanical Engineering,
Vignan's Institute of Engineering for Women,
Visakhapatnam,
Andhra Pradesh.

Dear Sir,

Sub: Research work for renewable energy systems - Reg.,

We are the manufacturers and service providers of Renewable Energy systems like solar, LED, bio-gas, mobile toilets, E-vehicles and energy savers etc. In recent times we are facing some difficulties in replacing few components in renewable energy systems to fulfill the requirements of our customers with no delay. To address these issues we want to take services from your expertise on 3D printing technology through a research work. I hope you will accept our offer and come up with a proposal which includes project duration, budget and other necessary documents. Feel free to contact us for any discussions for smooth functioning of research work.

Regards

(Mr. Chadaram Ganesh)

Director

for Surya Renewable Energy Systems.

9948125843

I am glad to inform you that we are satisfied with your proposal and willing to provide an opportunity to do research work titled "3D printing for Renewable Energy Systems" for our establishment. Your services are retained on temporary basis for a period of 12 months and you are not having any right to claim any permanent employment or the final products from the project. This is the agreement between yourself Dr. V. Ananda Babu and Surya Renewable Energy Systems. This agreement cannot be shared to any third party and the both the parties should follow the following terms and conditions:

Terms of Business:

Surya Renewable Energy Systems, is a Manufacturing Company situated at Visakhapatnam in the state of Andhra Pradesh and is focusing on the specific technological expertise in the development of renewable energy systems. We are technically strong in design and manufacturing of above mentioned systems to fulfill the requirements of customers in eco-friendly environment.

We always try to reduce the time and efforts of customers by developing customized designs, & products and also provide internship trainings in various latest sustainable technologies to satisfy our loyal customers.

SURYA RENEWABLE ENERGY SYSTEMS

GST: 37AUHPC3501B1ZE

- for a Better Living Environment

The research work will be delivered on the following agreed terms and time lines:

1. You are requested to adhere to the terms, conditions and schedules of Surya Renewable Energy Systems and to complete the assigned work in time.
2. On regular basis you are requested to share the status reports with the Surya Renewable Energy Systems from the commencement of work to the completion.
3. You are requested to share the designs or prototypes to Surya Renewable Energy Systems and need to be kept confidential.
4. You agree not to approach any of our client directly or indirectly without our concern.
5. The duration of this project will be only for 12 months and the total remuneration for this part of the project will be at max. Rs. 3, 00,000/- (INR Three Lakhs) only. All the payments will be done for the above mentioned amount once after the successful completion and submission of all the documents as per terms of Surya Renewable Energy Systems.
6. The deliverables of the project will be shared with us before ending of the project duration.
7. You are requested to be available with us on prior information whenever necessary during or after the completion of project.
8. For any clarifications related to the assigned work you are free to contact Surya Renewable Energy Systems for smooth completion of project.
9. Data shared with you and the application being developed should strictly maintain confidentiality and no details should be shared to anyone under any
10. We shall also request you to provide the complete details of your institutional bank account, mailing address and submit before the commencement of work.

8143665300

We are excited to provide the chance to develop the research project titled “Design of Cache Memory for Wearable Health Devices” to transfer the Project to our company.

You are conscious that your services are only required for the aforementioned period and that you are not eligible to request a permanent position or the completed project.

This agreement is private and is only to be used by Dr. R. Manoj Kumar and Electro Pro Technologies Pvt. Ltd. The following terms and conditions apply to your services.

Terms of Business:

Electro Pro Technologies Pvt. Ltd. is a software development Pvt Ltd Company located at Visakhapatnam in the state of Andhra Pradesh and is skilled in outsourcing, development, and training using the relevant technological knowledge. The team at Electro Pro Technologies Pvt. Ltd. is cordial and professional, and they work hard to find every way to meet their client's needs at the appropriate time with the appropriate resources.

At Electro Pro Technologies Pvt. Ltd., by creating products, and projects, as well as by offering training in the newest technologies, we constantly try to save clients time and effort. This not only benefits the clients, but also enables us to stay on schedule with our resourcing. To carve out a space for ourselves in the market by offering the facilities listed above and continually enhancing client satisfaction.

ELECTROPRO TECHNOLOGIES PVT. LTD.

The project will be produced according to the predetermined schedule and with the agreed-upon contents.

1. In accordance with the requirements of Electro Pro Technologies Pvt. Ltd., you are required to finish the project that has been allocated to you on time by adhering to the time schedules.
2. From the commencement of the project and every two weeks until it is finished, you must promptly share the reports with Electro Pro Technologies Pvt. Ltd.
3. You will be required to use the appropriate communication channels as indicated to distribute the link and hard copies of the designs, project prototypes, and models.
4. Any information relating to Electro Pro Technologies and/or our client will be kept completely private.
5. You acknowledge that without our express consent, you will not approach the client directly or indirectly to seek services.
6. All payments will be handled by Electro Pro Technologies Pvt. Ltd.
7. This Contract will last for **Three years** and the total cost of this project will be **5, 95,000/-** (Five Lakhs Ninety-Five Thousand) rupees only.
8. Full Payment as mentioned above will be paid on a one-time basis to the party strictly after completion and submission of all necessary documents and applications as per the terms of Electro Pro Technologies Pvt. Ltd.
9. After completing and submitting the required documents and application in accordance with Electro Pro Technologies Pvt. Ltd., the party will get the whole payment specified above in one lump sum.
10. At least one month before the project's completion, you must share the produced project with us for pre-testing. You must be available for one month whenever needed to assist us with post-test services after submitting the completed project.
11. Electro Pro Technologies Pvt. Ltd. welcomes your contact at any time as needed for questions regarding the work or given project.
12. All information provided to you and the application being created must be kept totally confidential; under no circumstances any information be made available to third parties.

We feel happy to inform you that the project proposal “Design & Implementation of Fractional-order Digital Filter for Denoising Ultrasound Medical Images” has been accepted as a research work to Dr. T. Sandhya Kumari, Associate Professor, Department of ECE. As a researcher, your services are retained for a period of 36 months on temporary basis and you are not entitled to claim the permanency of the employment or the developed project. This agreement will be between Dr. T. Sandhya Kumari & Teck Team Solutions and cannot be shared to other third party. Your services are taken on the following terms and conditions:

Business Terms:

Teck Team Solutions is a Training & Innovative Product development firm. The company is registered in India at Visakhapatnam, which provides training on Industry 4.0 technologies in the domain of Electronics, Student Entrepreneurs, Innovation Challenges and also Entrepreneurship skill development among youth. The company is a platform to explore their innovative ideas into reality. The Company focuses on the design, development and production of innovative products which are useful and identified as need for the society in different ways. TTS initiated product development and is continuously working in R & D with innovative thinking that involves Bio-medical applications.

A stylized logo consisting of a large, dark grey arrow pointing to the right, with a smaller, lighter grey arrow pointing to the left, creating a central star-like shape. A small circle with 'TM' is located at the top of the arrow.

Dear Madam,

Sub: Sanction of Research Project – Reg.

After reviewing your project proposal entitled "*In silico pharmacology studies and synthesis of 2-thio-4-(7-methoxy-3,4-dihydro-2,2-dimethyl-2H-benzopyran-6-yl)-6-(substituted phenyl)pyrimidines as novel anticancer apoptotic inducers*", submitted on 24th March, 2022, we are pleased to approve your project. We are proud to be a partner for several prominent generic Pharma companies and have helped to their drug synthesis and analysis in line with their requirements. In this connection, your proposal seems to be relevant. Hence, I wish to sanction the research project to your institute for a period of two years from 2022-24 with 4.85 L budget. If you are willing to accept and proceed further, I request you to come up with the necessary guidelines about the work.

Annexure-A

Acceptance-cum-Undertaking by start-up

I/We, the undersigned, authorised representative of **Vignan's Women Pvt.Ltd** have applied to CHUNAUTI 2.0 Start-up challenge Contest under Next Generation Incubation Scheme (NGIS) against registration no. **BA121601ZU**. Consequent upon confirmation of our selection, we hereby declare the following:

1. I/We have understood and accept the terms & conditions mentioned during CHUNAUTI2.0 contest and in all the related communications.
2. I/We shall undergo periodic "review" by designated officers/committees of STPI/STPINEXT and/or their authorised agencies/partners/individuals.
3. The startup is registered as **Not Yet Registered** having registration no. (if required, I/We shall register the start-up as Private Limited Company (PLC) within stipulated time period of 3 months).
4. The startup's DPIIT registration no. is **Not Applicable**(if required, I/We shall register the start-up with DPIIT within stipulated time period of 3 months).
5. As part of my/our association with CHUNAUTI2.0 & NGIS, I/We may be required to sign agreements (including SHAs) with STPI/STPINEXT and/or their authorized agency(ies)/party(ies) including Fund Manager and issue/transfer equity against seed funding assistance.
6. I/We understand that regular and active participation by founders/co-founders/representatives shall be required in bootcamp/mentoring/training sessions organized by STPI/STPINEXT and/or their authorized agencies/partners from time-to-time, and I/we shall be available for the same.
7. I/We shall submit all the required documents/information for due diligence by STPI/STPINEXT and/or their authorized agencies/partners including Fund Manager as and when required.
8. I/We confirm that we are women-led/associated start-up, and I/We shall provide relevant documentary evidence for the same.
9. I/We shall take Physical space at STPI/NGIS location **Vijayawada** and Virtual Association/Incubation at NGIS location **Not Applicable** and complete all the formalities for the same within ONE month from confirmation of selection. The duration of physical incubation shall be for minimum ONE year for which I/We shall pay the applicable usage/service charges.

Yours Sincerely,

CHUNAUTI-2.0 - NextGen Startup Challenge Contest

ABOUT

Next Generation Incubation Scheme (NGIS) is STPI's comprehensive incubation scheme which has a vision to drive the rise of India as a Software Product Nation so as to make India a global player in development, production and supply of *Innovative, Efficient and Secure Software Products* thus facilitating the growth across the entire spectrum of ICT sector as envisioned in the National Policy on Software Products (NPSP) – 2019.

NextGen Start-up Challenge Contest (*CHUNAUTI - Challenge Hunt Under NGIS for Advanced Uninhibited Technology Intervention*) is a series of online Challenges under NGIS. STPI has been strengthening the start-up eco system, through policies, initiatives, and creation of enabling networks. At present, there is a definite need for a higher percentage of women entrepreneurs in technology which will account for better innovation, increased economic gains and a gender equal society. Accordingly, to achieve a diversified & inclusive start-up ecosystem in India, and to recognize and celebrate the technical prowess of women-led start-ups who are creating cutting-edge technology that are solving some of the biggest problems facing people, our planet, and businesses, **STPI through CHUNAUTI 2.0 is looking to identify and support promising startups with a special focus on women-led start-ups** working on innovative technology products & solutions in focus sectors like Education, Healthcare & Wellness, Financed, SaaS, E-commerce, Agriculture and Environment, and give them access to networks, connects, learning and resources that are needed to build scalable, profitable and global businesses.

WHO CAN APPLY

The eligibility criteria for a start-up to apply in the CHUNAUTI 2.0 program are as follows:

- The challenge invites the proposals/applications from Indian Start-ups * who are working in domain related to software product development.
- Start-ups registered with DPIIT under start-up India programme are encouraged to participate in this programme.
- Individual Academicians, Researchers, Educators, Entrepreneurs, partnership firms, LLPs may also participate, however, if they are selected then they will have to register as private limited company in a stipulated time (preferably within 3 months).

*At least 51% shareholding with Indian citizen or person of Indian origin. The applicant's entity should not be a subsidiary company of any foreign corporation.

•To qualify as a "women-led start-up", the start-up must either be headed by a women entrepreneur OR have a woman as founder or co-founder OR have women as majority stakeholder (at least 33% of founders' equity).

Note:

The Start-ups submitting the proposals/applications can be in any of the following stages.

- **Ideation Stage Start-up:** An individual or team of individuals has an innovative product idea and wish to focus on developing that idea into a business.
- **Validation Stage Start-up:** A validated proof-of-concept exists in a way that the prototype is anticipated to be ready in the foreseeable future. Alternatively, the prototype is ready and awaiting testing and validation.
- **Early Traction Start-up:** The product has been validated and the start-up needs support in establishing itself as a business.
- **Scaling Stage Start-up:** The start-up has initial revenue from customers and needs support in scaling its business & product portfolio.

FOCUS AREAS

Startups having innovative Idea/Product/Solution focused including but not limited to the following:

1. FinTech - Financial inclusion, seamless & cost-effective financial transactions
2. Healthcare & Wellness
3. Education & Skill Enhancement
4. E-Commerce
5. Enterprise Software - SaaS
6. Environment
7. E-governance Solutions - last mile online delivery of services to citizenry.
8. Tourism & Hospitality
9. Agriculture
10. Cyber Security
11. Assistive Technology Solutions for Persons with Disabilities
12. Any other tech-aided product/solution which caters to one or more of the domains or focus areas mentioned above.

SELECTION PROCESS

Screening, Evaluation & Selection:

- √ Designated Committee(s) shall be formed for Screening, Evaluation & Selection.
- √ All the applications received shall be subject to a rigorous centralized multi-tier screening process with involvement of appropriate experts from respective domain and/or location as deemed fit.
- √ Decision of the designated Committee(s) shall be final & binding on all.

DURATION

- √ Duration of NGIS is 3 years.
- √ Selected individual beneficiary start-up can avail benefits of NGIS in three phases of Nurture, Develop & market extended over 2 years.

OFFERINGS

- Ready to work Plug-n-Play incubation space along with highspeed internet access within the constraint of lockdown & thereafter.
- Networking opportunities/Industry connect and Go-to market support for exhibiting/showcasing products/solutions through various National/International events/workshops/exhibitions.
- Full-fledged security & vulnerability testing of Software Products through the dedicated Software Product Security Testing (SPST) facility.
- Access to VCs for funding support.
- Advisory Services such as HR, Legal, Accounting, IPR/Patenting and other support services.
- Facilities and services including mentoring, networking/industry connects, marketing support, etc. of the pan-India domain specific CoEs of STPI may be leveraged.
- Mentor, experts, industry network of STPI and MSH.

FINANCIAL INCENTIVES

- A seed funding of upto Rs. 25.00 Lakhs will be provided through Financial Institution to each beneficiary/supported Start-ups selected through CHUNAUTI under NGIS based on innovative idea, novel solutions, strong team & sound business proposal.
 - √ Disbursal of seed fund to Start-ups will be based on milestones achieved, periodic review and recommendations.
 - √ Seed funding to Start-ups will be against equity participation by STPI or its affiliate.
- Start-ups who are in ideation stage may be selected under pre-incubation programme & mentored for upto six months to evolve their business plan & solution around the proposed idea. Each intern (start-up under pre-incubation) will be paid Rs. 10,000/- per month for a period of upto 6 months.
- Cloud Credits from leading third-party service providers.

WORK – ORDER FOR RESEARCH PROJECT

Project Title: Synthesis or design new molecules for the purpose of developing new drugs in Ayurraaksha Vedic Pharma R &D division

From

Ayurraaksha Vedic Pharma, Visakhapatnam

To

Vignan's Institute of Engineering for Women, Visakhapatnam

The Parties:

Vignan's Institute of Engineering for Women (herein after "VIEW") and Ayurraaksha Vedic Pharma (herein after "AVP") recognize the benefits to their respective institutions from the establishment of links, conclude this Work – Order (herein after "WO").

1. The Purpose of this, WO is to develop academic and industrial cooperation and promote mutual understanding between the two parties.
2. Each party agrees to develop the following collaborative activities in the research area of mutual interest, on a basis of equality and reciprocity.
 - 2.1. Exchange of ideas to develop R&D activities in AVP.
 - 2.2. Conducting collaborative research projects.
 - 2.3. Assist AVP R&D division to design new molecules or extract from herbs.
3. The development and implementation of specific activities based on this WO will be separately negotiated and agreed between institutes which carry out the specific projects and will be subject to a separate written agreement. Each party agrees to carry out these activities in accordance with the laws and regulations after full consultation and approval.

e-mail: ayurakshapharma@gmail.com

4. It is understood that the implementations of any of the types of co-operation stated in clause 2 shall depend upon the availability of resources and financial support of the parties concerned. Fulfill the works stated in clause 2 by VIEW for this contract the total remuneration for this part of the project will be 4, 50, 000 (Four Lakh and Fifty Thousand) rupees only.
5. The payment of Rs. 4, 50, 000 /- will be disburse in two installments. First installment will be disbursed after the review meeting between two parties and depends on work progress by VIEW. Review meeting will be organized after the end of one year tenure. Second installment will be disbursed after end of the project tenure.
6. This WO may only be amended or modified by a written agreement signed by the representatives of each party. This WO is valid for a period of two years from the date of signing by the authorized signatories of each party.
7. Each party shall review the status of the WO at least three months before the end of the two – year period to determine whether it wishes the WO to continue and, if so any modifications that might be necessary.
8. The period of validity of this WO may only be extended by the mutual written consent of both parties.
9. This WO may, at any time during the period of validity, be terminated by one of the parties upon prior notice to the other in writing not later than six months before the termination date.

PREAMBLE

Robocoupler endeavours are to communicate science & technology (S&T), stimulates scientific and technological temper and coordinates & facilitates the initiatives at various levels. To create excitement and generate awareness about advances in science and technology to enable informed decision-making at grass root level. It takes S&T to among various target groups and encourages intelligent debates on topical & developmental issues, which need S&T based information.

We undertakes broad spectrum of activities concerning S&T communication. universities, academic institutions, science cities, science museums, research laboratories, science and technology councils in states and union territories, radio and television channels, science based non governmental agencies/organizations and a whole lot mosaic of S&T setups in the country are our partner and messengers in every nook and corner In the country.

It creates linkages and fosters cooperation and forges alliances at national as well as international level with appropriate organizations, groups, agencies, institutions, and so on. It has to package, articulate and popularizes strength of Indian S&T achievements, organizations and infrastructure within & outside country.

PART-A **(General Information of the Project)**

AIM of the Project:

The project titled as "Design of Real Time Electric Vehicle with economical battery charging " Apart from the potential to reduce emissions and reliance on petroleum, large-scale adoption of electric vehicles (EVs) presents an opportunity to provide electric energy storage (EES)-based ancillary services.

PART-B

(STANDARD TERMS & CONDITION OF SUPPORT)

1. The project has to be complete in 36 Months with 2 Months tolerance.

2. The Idea or problem statement should not be shared to anyone includes (Circuits, Algorithm, design, software etc i.e. any of which are relevant to project & company).

3. No part of the grant will be given by the grantee to another society/institute/body, except in cases where such payments have prior approval, within the scope of the sanctioned Proposal,
4. This Contract will be only for Three years and the total remuneration for this part of the project will be Rs. 8, 40,000/- (Eight Lakhs Fourty Thousand) rupees only.
5. The Grantee will receive payments in three instalments, First payment will be released as soon as possible once the MOU is signed and next payments will be released on completion of the project.
6. Grant under a major head shall not be utilized for a purpose other than that for which it is intended without prior approval.
7. Robocoupler reserves the right to terminate support to the project at any stage, if it is convinced that the grant is not being utilized properly or that appropriate Progress in the project work is not being made.
8. The grantee society/institute/body shall maintain separate audited accounts for the projects, to be furnished within the six months of the close of the last budgeted activity in the project or of the financial year in which the last instalment of the grant is sanctioned, which ever earlier.
9. The project completion report has to be submitted within two months of completion of actual work approved as per letter of sanction.
10. For all the software developed/produced under the project supported. unless approved specifically otherwise, the Robocoupler shall be the sole copyright holder and acknowledgment of the fact must be explicitly made in a manner to be specified/mutually agreed in all copies of the software. (Software here implies a manuscript, a script, or a publication, a film or a video programme, a slide-set. cassette, a disc or a floppy, or the like).
11. The project proposals should clearly focus on any of the areas under respective programmes listed in this document and should be in conformity with the scope of the scheme.
12. The proposal should be routed through the Head of the Institute and should be submitted in the prescribed format given in this document at any time during the year.
13. Further the project can be terminated in absence of relevant information to be provided by the organizing institution at any stage of processing.

ENCLOSURES TO BE SUBMITTED WITH THE PROPOSAL

The grantee need to submit authenticated copies of the following documents along with requisite certificates

1. College Registration Certificates.
2. Memorandum of Association with college.
3. Bio-data of the Members of the Executive Body of the society.
4. This project approves only for above two mentioned professors.
5. Declaration to the effect that Society/Agency or any of its functionaries is not and has never been involved/ implicated in any corrupt practices.
6. Aadhar card of the Professors.
7. Latest audited statement of accounts for the last three years.
8. Description of facilities available
9. List of names and addresses of experts/institutions to be involved with the project
10. Certificate from the coordinators / project investigator of the project
11. Endorsement from the Head of the proposer agency
12. Details of the proposal in brief for computerization
13. List of completed and ongoing projects at least for the last three years with details such as title, date of commencement supporting agencies (s), outcurve, whether ongoing or completed etc. please enclose copy/copies of sanction letter (s) / sanction order number for the last three Years.
14. Detailed Bio-Data of Project investigator/ Project coordinator, Coordinator and Associated Scientist(s)/Resource persons.

9885678557

We are pleased to provide an opportunity to develop project titled "Green Bus" for the purpose of imparting Project to our company.

You are aware that your services are retained for the aforesaid period on temporary basis and you are not entitled to claim any permanency of employment or the developed project.

This agreement will be between Dr.P.S.Ravindra & Brain O Vision Solutions Pvt Ltd., and cannot be shared to other third party. Your services are taken on the following terms and conditions:

Detailed Task Description:

1. Company Background

1.1 Brain O Vision Solutions Pvt Ltd is a software development and consultant Pvt Ltd company situated at Hyderabad in the state of Telangana and is well versed in the specific technological expertise in outsourcing, development and training. Brain O Vision Solutions India Pvt Ltd is a professional and friendly team which strives to find all the means to satisfy and fulfil the client needs in the right time with right resource. Our strength is our team and our smart work.

2. Duration of the Project

2.1 The duration of the project is 24 months from the date of work order. You are requested to complete the assigned task in time and maintain the time schedules as per the terms of Brain O Vision Solutions Pvt Ltd.

3. Reports

3.1 You are expected to submit the reports with the Brain O Vision Solutions Pvt Ltd in a timely manner from starting day and every two week till the completion of the project.

3.2 You will be required to share the link/hard copy of the designs or project prototypes and models through proper communication media as discussed.

By creating multiple projects and offering training in various engineering services, Mahadev Engineering & Services continuously tries to minimise the time and effort of clients. This not only benefits clients but also enables us to keep resourcing timetables on track. We also carve out a space for ourselves in the market by offering the majority of the aforementioned services and steadily boosting customer satisfaction.

The project will be provided according to the predetermined schedule and with the agreed-upon contents:

1. In accordance with the terms of Mahadev Engineering & Services, you are required to finish the assignment that has been allocated to you on time and to adhere to the time schedules.
2. From the commencement of the project and every week until it is finished, you must promptly share the reports with Mahadev Engineering & Services.
3. You have to maintain the confidentiality of all information belonging to Mahadev Engineering & Services and/or our customer. It will be necessary for you to use the appropriate communication channels as stated to distribute the physical copy and link of the designs, project prototypes, and models.
4. You acknowledge that without Mahadev Engineering & Services' express written consent, you may not approach the client directly or indirectly to solicit business without our consent.
5. The entire compensation for this portion of the project will be 7,20,000.00 /- (Seven Lakhs Twenty Thousand) rupees, and the contract will only last for two and a half years, from Mahadev Engineering & Services.
6. After completing and submitting all required documents and an application in accordance with Mahadev Engineering & Services' rules, the party will only receive the Full Payment as specified above on a one-time basis.
7. You must provide us with the developed project for pre-testing at least 4 weeks before the project's end.
8. For one month after the submission of your final project, you are available for post-test services with us whenever needed.
9. You can be in contact with Mahadev Engineering & Services whenever you need to for clarifications regarding your work or the allocated project.
10. The Research ID generated by Mahadev Engineering & Services is MES-362 and the progress of work is to be referred to this ID only.
11. The signed invoice in hard copy or electronic format is also required. In your invoice, please provide the bank name, account number, branch information, IFSC, postal address, contact phone number, work order number, Pan card, and service tax number if applicable.
