Program Report on "Mother-A Goddess" on occasion of International Mothers' Day conducted on 11th May, 2018 at Yadava Jaggarajupet.

Mother is the one who is probably endowed with all the power. No creature in this Universe can be as powerful as a mother!! She can manage and control everything in any situation. In other words, God has given her the power to take up all the affairs of the world. Celebrating Mother's day for a day is not enough to thank every single mother in this world. No one can replace her at any cost. Everyone should shower lots of love and care to her for their sacrifices.

Plastic pollution is a problem that the whole world is facing together. Plastic waste does not degrade at a sustainable rate. We are finding micro plastic pieces in our waterways, the food we eat, and the water we drink. Collectively, we need to take action and say no to plastic.

In this regard, an awareness rally is organized by the NSS unit of Vignan's Institute of Engineering for Women, Visakhapatnam on 05th May, 2018. Totally 41 students have participated in the rally. NSS volunteers and students have prepared placards on the importance of biodegradable bags and exhibited in the rally among the Amrutapuram Village, Visakhapatnam by rising slogans. Finally, they distributed cloth bags to the villagers and requested them to use the distributed cloth bags instead of non-biodegradable plastic bags.

Prof. A. Sessa Rao, Academic director, Dr. J. Sudhakar, Principal and various departmental HODs had commenced the program and Dr. K P Suhasini, NSS PO and few faculty members have organized the rally.

Program Report on "Feed the birds" conducted on 30th April, 2018 at Jaggayyapeta, Sheela Nager.

Birds have to migrate every year. The bad thing when you feed them is when they migrate they will have forgotten how to find food for themselves. That is because they have depended on the human to feed them for so long. "Vignan's Institute of Engineering for Women" students have distributed feed bottles made from used water pet bottles. They requested the residents of Jaggayyapalem to feed foodgrains to the birds using that distributed bottles by filling them with food grains and placing them in their balconies.
